Because the vendor for nurse aide testing in N.C. suspended operations in the State until conditions were deemed safe to reopen, an emergency and temporary rule amendment were made effective April 20, 2020 and June 26, 2020, respectively. The N.C. Medical Care Commission is making this rule amendment permanent to assist the healthcare workforce and the citizens of N.C. who need medical care by allowing the requesting of reciprocity for out-of-state nurse aides who are active and in good standing on another State's Nurse Aide I Registry.

9B. Explain:

On March 10, 2020, the Governor of North Carolina, by issuing Executive Order No. 116, declared a state of emergency to coordinate a response and enact protective measures to help prevent the spread of COVID-19. COVID-19 is respiratory disease that can result in serious illness or death. COVID-19, previously unidentified in humans, spreads easily from person to person. Once an outbreak of COVID-19 begins, it is difficult to contain. The World Health Organization, the Center for Disease Control and Prevention, and the United States Department of Health and Human Services have declared COVID-19 a public health threat and emergency. The search for potential treatments for COVID-19 has caused shortages and threatens to cause further shortages in certain drugs. On March 24, 2020, the North Carolina State Health Director requested that the Medical Board, the Board of Nursing and the Board of Pharmacy adopt the COVID-19 Drug Preservation Rule in order to alleviate shortages and ensure that these drugs are available to patients who need them. This rule was adopted as an emergency and then a temporary rule. The State Health Director has requested that the rule be adopted as a permanent rule because the state of emergency and corresponding potential drug shortages now may potentially extend beyond the expiration of the temporary rule. The Board intends to repeal the rule upon the conclusion of the state of emergency. The State Health Director has determined that the State is unlikely to suffer future shortages of two of the drugs previously listed in the temporary and emergency rule, and that those drugs may be removed from the list, while the others should remain.

Note: The underlined and struck through text are changes from the temporary rule currently in effect, to the proposed permanent rule.

9B. Explain: The NC OAH electronic filing rules are patterned on the electronic filing rules of the North Carolina Business Court. At the time NC OAH adopted its electronic filing rules, the Business Court had Business Court Rule (BCR) 3.9(d), which provided that electronic service was treated the same as service by mail for purposes of Rule 6(e) of the Rules of Civil Procedure. To maintain consistency with the Business Court rules, NC OAH adopted 26 NCAC 03 .0502(h), which reads: "Electronic service shall be treated the same as service by mail for the purpose of adding three days to the prescribed period to respond under Rule 6(e) of the Rules of Civil Procedure as contained in G.S. 1A-1." (See attachment for continuation of Explanation for Action)

9B. Explain (continuation):

On October 13, 2020, the Supreme Court of North Carolina issued an Order repealing BCR 3.9(d), thereby eliminating the provision that electronic service through the Business Court's electronic filing system is treated the same as service by mail for purposes of Rule 6(e) of the North Carolina Rules of Civil Procedure. In order for the NC OAH electronic filing rules to maintain consistency with the rules of the Business Court, it is necessary to amend 26 NCAC 03 .0502 by deleting Paragraph (h).
