9B. Explain: Proposed amendments to the Rule are to align the rules for NC CPAs with changes occurring within the profession. Previously a CPA exam candidate had to complete all four required sections of the CPA exam within 18-months from the initial passed section. That timeframe has been moved nationally to 30 months. The amendments make those changes.

9B. Explain: Proposed amendments to the Rule are to replace a qualifying clause that was inadvertently removed during previous rulemaking. Candidates have multiple paths for gaining work experience per the NC general statutes; however, all experience that is under the direct supervision of a CPA should be under a CPA that is on active licensure status. The removal of the qualifying clause implied all experience had to be performed under the direct supervision of a licensed CPA. The amendment re-inserts the qualifying clause.
