Explain: In accordance with G.S. 150B-21.3A and Session Law 2019-37, proposed amendments to three rules in 15A NCAC 03O .0200 aim to reduce user conflict issues while supporting a productive shellfish aquaculture industry. Specifically, the amendments proposed would increase setback limits from developed shorelines for new shellfish leases, limit the allowable number of corners for demarcating shellfish leases to simplify polygon shape, set new criteria for shellfish lease stakes and signage to alleviate navigation concerns, and initiate a new leaseholder training program that emphasizes user conflict reduction strategies. Session Law 2019-37 was passed with the explicit goal of providing increased support to the state's shellfish aquaculture industry. Central to this was the goal of understanding user conflict issues of shellfish leasing and amending state regulations based on these findings. Section 9 of the law required the N.C. Department of Environmental Quality, N.C. Division of Marine Fisheries, and the N.C. Marine Fisheries Commission to study how to reduce user conflict related to shellfish cultivation leases, and to adopt rules and reform internal operating procedures consistent with the findings of the study. Proposed rule amendments are based on the results of the study.</p>

Explain: In accordance with G.S. 150B-21.3A (15A NCAC 03R .0105) and the N.C. Shrimp Fishery Management Plan (FMP) Amendment 1 (03R .0104 and .0105), proposed amendments to these two rules reclassify nine Special Secondary Nursery Areas (SSNAs) as Secondary Nursery Areas (SNAs). In 2015, the N.C. Marine Fisheries Commission adopted the Shrimp FMP Amendment 1. One of the final management measures to implement after adoption of Amendment 1 was to evaluate changing the designation of nine SSNAs that have not been opened to trawling since at least 2004 to SNAs. The evaluation was undertaken and shows these nine sites have all been functioning as SNAs for nearly 30 years. None of these sites has been opened for trawling since 1991 at the latest, except for one site (Newport River), which was opened by proclamation in 2004. These changes would convert approximately 8,670 acres of current SSNA waters to SNAs, making them subject to all standard SNA gill net attendance requirements under 03R .0112(b)(1). The two practical differences between SNAs and SSNAs relates to trawling and small mesh gill net attendance. In SNAs, it is unlawful to use trawl nets for any purpose, but since none of the proposed SSNAs has been opened to trawling since at least 2004, the only impactful management change is the new requirements related to small mesh gill net attendance in all but one of these waters. (Scranton Creek would see no changes in its small mesh gill net attendance requirements.) Appendix III of the fiscal analysis of the proposed rules contains tables and figures for the nine areas that shows the gill net attendance requirements that would be in place once the rule changes become effective.</p>

Explain: This rule is proposed for amendment consistent with the N.C. Oyster Fishery Management Plan. Rule amendments are proposed to add the boundaries of the five most recently developed oyster sanctuaries (i.e., Long Shoal, Little Creek, Pea Island, Raccoon Island, and Swan Island) and update boundaries for three existing sanctuaries (i.e., Neuse River, West Bluff, and Gibbs Shoal). Boundaries delineating the area for two existing sanctuaries (i.e., Ocracoke and Clam Shoal) are proposed to be removed from rule as they no longer function as biologically productive oyster sanctuaries. The term “sanctuary” refers to reefs protected from oyster harvest in N.C. Marine Fisheries Commission (MFC) rule or by proclamation issued by the Fisheries Director under the authority of MFC rule.</p>

Explain: The Commission is authorized by G.S. 113-264 to regulate, prohibit or restrict public use of property by rule. 15A NCAC 10E .0103 has been used in the past to temporarily restrict access to specific Commission infrastructure as needed. However, as a result of COVID-19, it became necessary for the Commission to limit access to a variety of other properties (buildings, BAAs, PFAs and game land areas) for public health concerns, not because they could not meet their intended use (as is the case with hurricane damage, flooding, etc.). Additionally, as a result of COVID-19, the Commission found that it may be useful under certain circumstances, to have the ability to temporarily waive requirements of rule. While this flexibility was not available to the Commission during this particular emergency, the Commission would like to have the flexibility to exercise this ability in the future should it be needed in order to protect public health, safety, or wildlife resources.

Check all that apply: <div style="display: flex; justify-content: space-between;"> <div style="width: 45%;"> <input checked="" type="checkbox"/> Agency <input type="checkbox"/> Court order / cite: <input type="checkbox"/> Federal statute / cite: <input type="checkbox"/> Federal regulation / cite: </div> <div style="width: 45%;"> <input checked="" type="checkbox"/> Legislation enacted by the General Assembly Cite Session Law: <u>G.S. 113-273</u> <input type="checkbox"/> Petition for rule-making <input type="checkbox"/> Other: </div> </div> 9B. Explain: Session Law 2019-204 established the Wildlife Control Agent (WCA) License and Alligator Control Agent (ACA) Certification in statute. The rules proposed for adoption in this Section will replace current agency rules for the Wildlife Damage Control Agent (WDCA) program found in 15A NCAC 10B .0106. Because of the Wildlife and Alligator Control Agent rules proposed for Section 10H .1500, Rule 10B .0106 required updates to remove the Wildlife Damage Control Agent Certification and requirements.

9B. Explain: The Town of Ocean Isle Beach submitted an application and Resolution requesting rulemaking for a no-wake zone in the waters of the Intracoastal Waterway (ICW) shore to shore from a point 100 yards east of the NC Hwy 904 Odell Williamson Bridge to a point 100 yards west of the bridge. The no-wake zone is necessary to mitigate boater safety hazards in the narrow channel with heavy vessel traffic on both sides of the bridge and obstructions caused by the bridge fender system, as well as a boating access area that is adjacent to the bridge. WRC obtained concurrence from the US Army Corps of Engineers Wilmington District on July 2, 2020 to place a no-wake zone within the waters of the ICW. A Fiscal Note was submitted to OSBM for the Town of Ocean Isle Beach to incur the expense for a CAMA permit, as well as the markers required at the no-wake zone. The Fiscal Note was approved by the WRC on 10-22-2020.

Explain: Due to the serious and unforeseen threat to the public health and safety caused by COVID-19, the Governor of North Carolina issued Executive Order No. 116, declaring a state of emergency to coordinate a response and enact protective measures to help prevent the spread of COVID-19. Additional Executive Orders throughout the year have prohibited mass gatherings. COVID-19, a respiratory disease, spreads easily from person to person, can result in serious illness or death. The Board seeks to contribute towards social isolation efforts directed by the Federal and State Government and assist registrants who are unable to complete required training within the timelines outlined in 21 NCAC 62 .0411.

9. REASON FOR ACTION 9A. What prompted this action? Check all that apply: <div style="display: flex; justify-content: space-between;"> <div style="width: 45%;"> <input checked="" type="checkbox"/> Agency <input type="checkbox"/> Court order / cite: <input type="checkbox"/> Federal statute / cite: <input type="checkbox"/> Federal regulation / cite: </div> <div style="width: 45%;"> <input type="checkbox"/> Legislation enacted by the General Assembly Cite Session Law: <input type="checkbox"/> Petition for rule-making <input type="checkbox"/> Other: </div> </div> 9B. Explain: The Rule was updated to include inmates, interns, and externs as exceptions to the mandatory break in-service requirement for temporary employment. These three categories of temporary employees are already exempted in the Temporary Employment Policy and in practice. The updated Rule also more clearly defines each of the excepted categories. It also clarifies that the Rule applies to all temporaries employed by the state.
