Dear Members of the Commission:

I request that the proposed changes to the above rule 15A NCAC 10D.0103 "Hunting on Game Lands" be reviewed in the upcoming legislative session as set out in NCGS 150B 21.3.

I further request that the rule(s) be subject to a delayed effective date as set out in that same provision.

Thank you for your consideration.

I thought of you today...

just wanted you to know.

I had to think of you because hearing about the threat to equestrians being able to use The William Silver Gameland. Horses are big business in NC and we need trails to ride on.

Please don't shut us out. We spend a lot of money in this state. We are important to NC economy. Trail riding is an important interest of ours

Please ensure that equestrian trails are preserved in NC! Our horse community is very strong and the reason I moved to NC and I am relocating **within** the state because of equestrian activities in the state!

Thank you for your consideration.

PS - As land across North Carolina is being consumed by development equestrians of all ranges are being shoved away. The equestrian industry in Moore County alone brings in over 8 million dollars annually. In 2017 an economic study said NC horse owners and related business' brought 2 billion dollars to NC. When tourism, horse shows, clinics etc are accounted for the increase in NC income is another 1.4 billion dollars. NC is 10th in the country for horse ownership, with over 30% of our households having at least 1 active horse enthusiast. To lose even one riding venue is so detrimental to our activities. To lose whole ranges of land even more so. Thank you for considering our request.
