

02 NCAC 52J .0101 is readopted with changes as published in 36:12 NCR 1001-1002 as follows:

**SUBCHAPTER 52J - ANIMAL WELFARE SECTION**

**SECTION .0100 - RECORD KEEPING AND LICENSING**

**02 NCAC 52J .0101 RECORDS; ANIMAL SHELTERS, ETC.**

Operators of all animal shelters, pet shops, public auctions, and dealers shall maintain records on all dogs and cats showing the following:

- (1) origin of animals (including names and addresses of consignors) and date animals were received;
- (2) description of animals including species, estimated age, sex, ~~breed~~, breed or breed type, and color markings;
- (3) location of ~~animal~~ animal, including complete address and contact information, if not kept at the licensed or registered facility;
- (4) disposition of animals including name and address of person to whom animal is sold, ~~traded~~ traded, transferred, or [adopted] adopted, and the date and time of such transaction; name and address of intermediary transporter if used; in the event of death, the record shall show the date, signs of illness, ~~or~~ and cause of death if identified; if euthanized, the record shall show date and type of euthanasia; ~~and~~
- (5) record of veterinary care including medications, treatments, procedures, and immunization immunizations, ~~and date, time, description of medication (including name and dosage), and initials of person administering any product or procedure.~~ The record shall include: diagnosis(es), diagnostic testing and results, date and time of administration or procedure, description of medication and initials of person administering any product, medication or procedure. The description of the medication shall include the name, strength or concentration, dosage, and dosing regimen. The dosage regimen shall include the frequency, duration to include the number of dosages or days to be given and the reason for the administration; and
- (6) all records shall be created and/or updated within 48 hours of the occurrence of procedures, including but not limited to intake, change of location, medication or treatment administration and/or disposition. The record shall be accurate; creation of a misleading record or deliberate or non-incident falsification of a record including medication administration documentation during or after an investigation or inspection shall be considered a violation of this regulation.

2  
3 **02 NCAC 52J .0102 RECORDS; BOARDING KENNELS**

4 Operators of boarding kennels shall maintain records of all dogs and cats showing the following:

- 5 (1) name and address of owner or person responsible for animal, the date of entry and signature of the  
6 person leaving the animal; and the date of release and signature and address of individual to whom  
7 animal is released; ~~released and the date of release~~;
- 8 (2) description of animal including ~~breed~~, breed or breed type, sex, age and color marking; ~~and~~
- 9 (3) veterinary care provided while boarded, which shall include date, ~~times~~, times of administration,  
10 description of medication (~~including name and dosage~~) and initials of person administering product  
11 or procedure. The description of the medication shall include the name, strength or concentration,  
12 dosage, and dosing regimen. The dosage regimen shall include the [frequency], [frequency and  
13 duration to include the number of dosages or days to be given and the reason for the administration;
- 14 (4) all records shall be created and/or updated at the time of the occurrence such as intake, medication  
15 or treatment administration and/or release. The record shall be accurate; creation of a misleading  
16 record or deliberate or non-incidentals falsification of a record including medication administration  
17 during or after an investigation or inspection shall be considered a violation of this regulation;
- 18 (5) an incident file shall be kept within each facility for animals sustaining injury or illness requiring  
19 veterinary care; animal death; and/or or any animal escape. Each report [must] shall include date of  
20 incident, pet's name, breed or breed type/species, age, owner's name and contact information,  
21 description of incident and course of action; and
- 22 (6) in the event of either an animal death or escape, the licensee [must] shall notify the Animal Welfare  
23 Section within 48 hours.

02 NCAC 52J .0104 is readopted with changes as published in 36:12 NCR 1003-1004 as follows:

### 02 NCAC 52J .0104 DEFINITIONS

As used in this Subchapter:

- (1) "Accessories" means any objects used in cleaning and sanitizing primary enclosures, exercise areas, or objects to which an animal may have access, including, but not limited to toys, blankets, food and water utensils, and bedding.
- (2) "Adequate" means a condition which, when met, does not jeopardize an animal's comfort, safety or health. Adequate veterinary care means provision of veterinary care sufficient to address the relief of pain and/or suffering experienced by the animal and sufficient to address the medical condition.
- ~~(3)~~ "Behavioral-control device" means any apparatus used to control a pet animal's behavior.
- ~~(3)(4)~~ "Cage" means a primary enclosure which is enclosed on all sides ~~and also on~~ including the top and bottom.
- (5) "Compatible group" means all animals in the group comingle peacefully without the presence of aggressive, harassing, and/or agitating behaviors toward any other member(s) of the group.
- ~~(6)~~ "Common area(s)" means areas of the facility in which multiple animals may have access such as walkway(s), facility lobby(ies), hallway(s), area(s) around primary enclosures and exercise areas, and other such similar areas.
- ~~(7)~~ "Disposition" means the adoption, death, euthanasia, release, sale, trade, or transfer from a facility.
- ~~(8)~~ "Enrichment" means providing objects or activities, appropriate to the needs of the species as well as the age, size, and condition of the animal, that stimulates the pet and promotes the pet's well-being.
- ~~(9)~~ Exercise area means an enclosed space in which an animal(s) is confined, and which is large enough for species-appropriate activity such as walking, running, climbing, jumping, socialization and/or play to occur.
- ~~(4)(10)~~ "Husbandry" means the practice of daily care administered to animals.
- ~~(11)~~ "Impervious to moisture" means a surface that prevents the absorption of fluids and that can be thoroughly and repeatedly sanitized, will not retain odors, and from which fluids bead up and run off or can be removed without being absorbed into the surface material.
- ~~(12)~~ "Infirm" means not physically or mentally strong, especially through age or illness.
- ~~(5)(13)~~ "Isolation" means the ~~setting apart of an animal from all other animals, food, and equipment in the facility for the sole purpose of preventing the spread of disease.~~ separation, for the period of communicability, of infected animals from others in such place and under such conditions to prevent the direct or indirect transmission of the infectious agent from those infected to those that are susceptible or that may spread the agent to others.

- 1           (14) “Isolation area” means a location where animals infected with disease may be placed to contain,  
2                           control, and limit the spread of the disease.
- 3           ~~(6)~~(15) "License period" means July 1 through June 30.
- 4           ~~(7)~~(16) "Long term care" means the housing of an animal for a period of more than 30 consecutive days.
- 5           (17) “Potable” means suitable for drinking.
- 6           (18) “Properly cleaned” means the removal of carcasses, debris, food waste, excrement, urine, dirty or  
7                           soiled accessories and ~~or~~ other organic material with adequate frequency.
- 8           (19) “Social interaction” means friendly physical contact or play between animals of the same species or  
9                           with a person. Physical contact or play with the caretaker during cage cleaning and/or sanitation is  
10                          not considered social interaction.
- 11          (20) ~~[Special provisions—]~~“Special provisions” means additional procedures, protocols, and/or  
12                          equipment used when caring for, housing and/or transporting animals with special needs. Examples  
13                          of animals with “special needs” include but are not limited to brachycephalic breeds, very young or  
14                          old animals, animals with a medical condition, infirm animals, and/or animals that are compromised  
15                          or debilitated.
- 16          ~~(10)~~(21) "Suitable method of drainage" means drainage that allows for the elimination of water and waste  
17                          products, prevents contamination of animals, allows animals to remain dry, and complies with  
18                          applicable building codes and local ordinances.
- 19          ~~(11)~~(22) "Supervision of animals" means at least one person (at least 16 years of age) present, at all times,  
20                          able to constantly, directly view all animals within the entirety of each enclosure or ~~common~~  
21                          exercise area.
- 22          (23) “Surgical procedure” for the purposes of this Subchapter 52J means any invasive procedure  
23                          performed on an animal to include but not be limited to: procedures to spay or neuter, any procedure  
24                          that invades a body cavity and/or requires suturing or repairing of tissues; and/or any treatment of  
25                          injuries or disorders of the body by incision, manipulation or alteration of organs or tissues with the  
26                          hands or with instruments. For the purposes of this [subchapter,] Subchapter, insertion of a microchip  
27                          is not considered to be a surgical procedure.
- 28          (24) “Veterinarian” means a veterinarian who is currently licensed by North Carolina and/or an adjacent  
29                          state. The license must be valid [and be in good standing with the respective state Board of  
30                          Veterinary Medicine.]with the appropriate state regulatory agency.

34 *Readopted Eff. September 1, 2022.*

1 02 NCAC 52J .0105 is adopted with changes as published in 36:12 NCR 1004 as follows:

2  
3 **02 NCAC 52J .0105 LICENSES AND REGISTRATIONS**

4 All operators of an animal shelter, pet shop, public auction, dealers, and boarding kennels ~~must~~ shall have a valid  
5 license/registration.

6 (1) Licenses and registrations are not transferable.

7 (2) In the event of a change of ownership or management of a regulated facility, the facility shall notify the  
8 director of [AWS] the Animal Welfare Section ('AWS') in writing within 10 days of the change. Submission  
9 of a new license or registration application and a facility inspection is required within 10 days. A facility  
10 inspection by the AWS is required in the event of such a change.

11 (3) In the event of a change of name, address, phone, email, or point of contact for the facility, the facility  
12 shall notify the director by the Change Form located on the AWS website or other written documentation  
13 within 10 days of change.

14 (4) Renewal applications for license or registration renewal shall be submitted yearly to the AWS office  
15 between April 1st and June 15th. Current application forms are located on the AWS website ~~and may change~~  
16 yearly. at <https://www.ncagr.gov/vet/aws>. The contents of the applications shall include the following:

17 (a) the name, physical address, phone number, email address and mailing address for the  
18 facility;

19 (b) the name, address, phone number, and email address for the owner of the facility;

20 (c) the hours and days the facility is open to the public;

21 (d) the cleaning hours of the facility;

22 (e) the number of enclosures and the maximum number of animals on site;

23 (f) the description of the facility's program of veterinary care ('PVC') including the  
24 disinfection protocols; vaccination protocols including rabies vaccination; the isolation of  
25 ill or injured animals; the sale/adoption/transfer of animals; and the provision of routine,  
26 emergency and after hours veterinary care;

27 (g) animal shelters shall have the PVC reviewed by a licensed veterinarian as described in 02  
28 NCAC 52J .0210(a) and the application for the animal shelter registration shall contain the  
29 veterinarian's signature and contact information;

30 (h) statement of presence of an emergency disaster plan for the facility; and,

31 (i) statement of agreement by the owner or authorized agent of the accuracy of the information  
32 contained in the application; of the willingness to comply with the rules of this Subchapter  
33 and to cooperate as required by law with the Animal Welfare Section inspections and  
34 investigations; acknowledgement of authority to execute the application; and agreement to  
35 notify the AWS of any significant change in the operation of the facility.

36  
37 *History Note: Authority G.S. 19A-24;*

02 NCAC 52J .0202 is readopted with changes as published in 36:12 NCR 1005-1006 as follows:

**02 NCAC 52J .0202 INDOOR FACILITIES**

(a) Heating and cooling of indoor facilities:

(1) ~~indoor housing~~ facilities for dogs and cats shall be adequately heated and cooled ~~when necessary to~~ protect the dogs and cats from cold and ~~excessive~~ heat and provide for their health and ~~comfort~~, comfort;

(2) the ambient temperature shall not be allowed to fall below 50 degrees F. or exceed 85 degrees ~~F. F.~~ F. and

(3) ~~[Special]~~ special provisions shall be provided to any animal that cannot maintain its normal body temperature. These special provisions shall be sufficient for the animal to maintain its normal body temperature and shall be documented in the animal's record.

(b) Ventilation of indoor facilities:

(1) ~~Indoor~~ indoor housing facilities for dogs and cats shall be adequately ventilated to provide for the health and comfort of the animals at all ~~times.~~ times; ~~The~~ the facilities shall be provided with fresh air either by means of windows, doors, vents and/or air conditioning and shall be ventilated so as to minimize ~~drafts.~~ drafts;

(2) air vents and/or air filters shall be cleaned and/or changed as often as necessary to minimize buildup of debris, dust and biological material and as often as necessary to prevent inhibition or restriction of air flow; and

(3) Air air flow shall be adequate ~~[adequate sufficient]~~ to minimize odors and moisture condensation.

(c) Indoor housing facilities for dogs and cats shall have ~~adequate sufficient~~ illumination to permit routine inspections, maintenance, cleaning and housekeeping of the facility and observation of the animals. Illumination shall provide regular diurnal lighting cycles of either natural or artificial light, uniformly diffused throughout the animal facilities.

(d) Interior building surfaces of indoor facilities with which animals come in contact shall be constructed and maintained so that they are impervious to moisture and can be readily sanitized.

(e) Drainage of indoor housing facility:

(1) ~~[A suitable method of drainage drainage]~~ a suitable method of drainage shall be provided to rapidly eliminate excess water from an indoor housing ~~facility.~~ facility;

(2) ~~If~~ if closed drain systems are used, they shall be equipped with traps and installed to prevent odors and backup of ~~sewage.~~ sewage; and

(3) ~~The~~ the drainage system shall be ~~constructed~~ be constructed with barriers ~~[sufficient]~~ adequate to ~~prevent protect the animals from~~ cross-contamination ~~among animals,~~ with urine and fecal material from animals housed in adjacent and/or nearby enclosures and/or exercise areas.

*History Note: Authority G.S. 19A-24; G.S. 19A-30(3);*

*Eff. April 1, 1984;*

*Amended Eff. January 1, 2005;*

*Readopted Eff. September 1, 2022.*

02 NCAC 52J .0203 is readopted with changes as published in 36:12 NCR 1106 as follows:

### 02 NCAC 52J .0203 OUTDOOR FACILITIES

(a) In outdoor facilities that are subject to the Animal Welfare Act, primary ~~enclosures~~ enclosures, common areas and walkways with which an animal comes ~~in~~in ~~contact~~ contact:

(1) shall ~~[have flooring or groundcover]~~ be constructed of sealed concrete or other surfaces impervious to moisture. [moisture; and/or] have groundcover constructed of sealed concrete or other surfaces so long as it is impervious to moisture, and/or;

(2) may ~~use Gravel~~ gravel may be used for groundcover so long as it is if maintained at a minimum depth of six inches and maintained in a sanitary manner as prescribed in Rule .0207 of this Subchapter. ~~[kept in a sanitary manner.]~~

(b) Exercise areas of outdoor facilities:

(1) shall have flooring or groundcover constructed of sealed concrete or other surfaces impervious to moisture; and/or

(2) use gravel for groundcover so long as it is maintained at a minimum depth of six inches and kept in a sanitary manner; and/or

(3) artificial turf may be allowed ~~[so long as it is maintained]~~ so long as it is adequately maintained in good repair, is replaced when damaged, and is cleaned and sanitized in accordance with [Section] 02 NCAC 52J .0207; and/or

(4) may contain established grass so long as the animal(s) do not have access to bare dirt and the grass covered area(s) must be kept ~~[clean]~~ properly cleaned and [sanitary,] sanitized as prescribed in Rule .0207 of this Subchapter. In the event of a contagious disease outbreak, the sanitation, ~~[management]~~ management, and use of the grass area shall be addressed in the veterinarian's written protocol required by 02 NCAC 52J .0210 (b) and (c).

(c) Sand and organic materials such as mulch, pine straw, or other similar non-approved material shall not be used as ground cover in primary enclosures, common areas, exercise areas and/or walkways.

~~(b)(d)~~ Dogs and cats ~~kept in outdoors~~ outdoor primary enclosures shall be provided housing to allow them to remain dry and comfortable during inclement weather.

(1) ~~Housing~~ housing shall be constructed of material which is impervious to moisture and which can be ~~disinfected,~~ cleaned and ~~[easily]~~ sanitized in accordance with [Section;] 02 NCAC 52J .0207;

(2) ~~One one~~ house shall be available for each animal within each primary enclosure. ~~enclosure except for a mother and its unweaned offspring.~~ The house(s) shall be of adequate size for the animal housed in the enclosure. In the case of a mother and her unweaned offspring, one house of adequate size to comfortably house the mother and all the offspring together [shall] must be provided;

(3) housing structures in outdoor facilities must contain clean, dry bedding or a heat source when the temperature falls below 32 degrees F;

1 (4) special provisions shall be provided to any animal that cannot maintain its normal body temperature when  
2 housed outside. These special provisions shall be ~~[sufficient]~~adequate for the animal to maintain its normal  
3 body temperature and shall be documented in the animal's record. If the animal cannot maintain its normal  
4 body temperature even with special provisions, then that animal ~~[may]~~shall not be housed outside. No infirm  
5 animal may be housed outdoors; and

6 (5) ~~In~~in addition to housing, the enclosure shall provide protection from excessive sun and inclement  
7 weather.

8 (e) Dogs and cats ~~[placed-]~~in outdoor ~~[exercise-]~~areas shall be ~~[protected from inclement weather and excessive~~  
9 ~~sun-]~~provided adequate protection from inclement weather and the Sun. This protection shall be sufficient to protect  
10 all animals simultaneously in the exercise area. If an animal cannot maintain its normal body temperature in an outdoor  
11 exercise area, the animal ~~[may]~~shall not be placed in an outside exercise area.

12 (f) Outdoor common areas used for play, enrichment and elimination shall be maintained in good repair and be  
13 properly cleaned and sanitized as set forth in ~~[Section]~~02 NCAC 52J .0207 to protect the animals from injury and/or  
14 illness.

15 ~~(d)~~(g) Animal owners shall be advised at the time of reservation and admission at a boarding kennel if the animal will  
16 be kept in outside facilities. This shall be documented in the animal's record.

17 ~~(e)~~(h) ~~A suitable method of Drainage~~A suitable method of drainage shall be ~~provided.~~ provided so that water is  
18 ~~[rapidly]~~adequately drained from the primary enclosures, common areas, exercise areas and walkways and so that the  
19 animal(s) does/do not have access to standing water.

20  
21 *History Note: Authority G.S. 19A-24;*  
22 *Eff. April 1, 1984;*  
23 *Amended Eff. March 23, 2009; January 1, 2005;*  
24 *Readopted Eff. September 1, 2022.*

1 02 NCAC 52J .0204 is readopted with changes as published in 36:12 NCR 1006-1007 as follows:

2  
3 **02 NCAC 52J .0204 PRIMARY ENCLOSURES**

4 (a) Primary enclosures and exercise areas shall be constructed so as to prevent contamination from waste and  
5 wastewater from animals in other enclosures. All surfaces with which an animal comes in contact shall be impervious  
6 to ~~moisture~~ moisture excluding the ground cover options of gravel and grass allowed for in Rule .0203 of this  
7 ~~section.~~ Section.

8 (b) For primary enclosures and exercise areas placed into service on or after January 1, 2005, no wood shall be within  
9 the animal's reach. For primary enclosures and exercise areas in use in a licensed or registered facility prior to January  
10 1, 2005, any damaged wood ~~must~~ shall be replaced in a manner that does not permit contact with wood by the animal.

11 ~~(b)(c)~~ (c) Primary enclosures and exercise areas for dogs and cats shall be structurally sound and maintained in good  
12 repair and in a manner to prevent injury to animals and keep other animals out.

13 (d) Primary enclosures shall be constructed so as to provide space to allow each dog or cat to walk, ~~turn~~ turn about  
14 freely, and to easily stand with their tails erect, sit, or lie in a natural ~~position~~ with their limbs extended without  
15 touching other animals within the enclosure or the sides or top covering of the enclosure.

16 (e) Exercise areas shall be constructed to provide adequate space to allow each dog or cat to run and express natural  
17 play behaviors typical of the species.

18 (f) The height of a primary enclosure or an exercise area other than a cage shall be no less than five feet ~~feet~~ tall.

19 (g) All primary enclosures and exercise areas shall be constructed to prevent the escape of animals.

20 ~~(e)(h)~~ (h) Each primary enclosure and exercise area shall be provided with a solid resting surface or surfaces adequate to  
21 comfortably hold all occupants of the primary enclosure and exercise area at the same time. All resting surfaces  
22 ~~must~~ shall be of a non-porous or easily sanitized material, such as a solid floor, towel, or a disposable material such as  
23 newspaper. The resting surface or surfaces shall be elevated in primary enclosures housing two or more cats.

24 ~~(d)(i)~~ (i) In addition to Paragraph (b) of this Rule, each dog shall be provided a minimum square footage of floor space  
25 equal to the mathematical square of the sum of the length of the dog in inches, as measured from the tip of its nose to  
26 the base of its tail, plus six inches, then divide the product by 144. The calculation is: (length of dog in inches + 6) x  
27 (length of dog in inches + 6) = required floor space in square inches. Required floor space in square inches ÷ 144 =  
28 required floor space in square feet. The calculation shall be expressed in square feet.

29 (j) Not more than four adult dogs shall be housed or confined in the same primary enclosure or exercise area without  
30 supervision. Dogs younger than six months of age ~~may~~ shall not be housed or confined or comingled with adult dogs  
31 other than their dams without supervision; this includes any animals owned by the staff or operator of the facility.

32 ~~(e)(k)~~ (k) If more than four dogs including animals owned by the staff or operator of the facility are housed or confined  
33 in an exercise area are housed in a common area or primary enclosure, then there ~~must~~ shall be at least one person  
34 constantly supervising each 10 dogs housed or confined within each primary enclosure or common exercise area. This  
35 supervision ~~must~~ shall be conducted from within the exercise area or primary enclosure such that the person(s)  
36 has/have immediate access to the animals in the event of an emergency, aggression or fight between animals.

37 (l) Pregnant dogs and cats shall be housed singly in a primary enclosure. Nursing dogs and cats shall be housed only

1 with their litter in a primary enclosure until the litter has been weaned. The primary enclosure shall be of sufficient  
2 size to allow the dam and all animals in the litter to walk, turn about freely, nurse, and to easily stand with their tails  
3 erect, sit, or lie in a natural position with their limbs extended without touching other animals within the enclosure the  
4 sides or top covering of the enclosure and to leave the whelping/queening area for exercise.

5 ~~(f)(m)~~ In addition to ~~Paragraph (b)~~ Paragraphs (d), (e) and (h) of this Rule, each feline older than six months housed  
6 in any primary enclosure or exercise area shall be provided a minimum of four square feet of floor space which may  
7 include elevated resting surfaces. Each feline younger than six months shall be provided 1.5 square feet.

8 ~~(n)~~ Not more than 12 cats shall be housed or confined in the same primary ~~enclosure-enclosure or exercise area.~~

9 ~~(g)(o)~~ In all cat primary enclosures and exercise areas, enclosures, a clean receptacle containing clean litter shall be  
10 provided for waste. A minimum of one receptacle per three cats is ~~required-required~~ required for each primary enclosure and  
11 exercise area.

12 ~~(p)~~ Pools in primary enclosures and/or exercise areas:

13 (1) Whenever water in a pool is deeper than the height at the shoulder of the shortest dog in the pool area, an  
14 ingress-egress area shall be provided;

15 (2) No dog ~~may~~ shall have access to the pool or pool area other than a typical kiddie wading pool without  
16 supervision;

17 (3) Facilities ~~must~~ shall be constructed, maintained, and managed to protect animals from illness, injury,  
18 and death resulting from access to pools or pool areas;

19 (4) Pools with a capacity of less than 100 gallons ~~must~~ shall have the water changed and be cleaned and  
20 sanitized daily. Pools with a capacity of 100 gallons or more shall have commercially manufactured filtration  
21 and cleaning systems installed and the manufacturer recommendations followed for cleaning, sanitation and  
22 water quality; and

23 (5) Typical kiddie wading pools are to be considered accessories for the purposes of cleaning, sanitation,  
24 repair and maintenance.

25

2  
3 **02 NCAC 52J .0206 WATERING**

4 (a) Animals shall have continuous access to ~~fresh~~ fresh, potable water, except as might otherwise be required to  
5 provide adequate veterinary care.

6 (b) Veterinary care for a specific animal that requires water to be withheld, given in intervals, or any variation other  
7 than continuous access by an animal can only be prescribed by a veterinarian and shall be documented in writing by  
8 the facility. The documentation shall include:

9 (1) the original veterinary directive signed by the veterinarian issuing it;

10 (2) the printed name of the veterinarian;

11 (3) the reason for the restriction;

12 (4) the specific watering directions;

13 (5) the origination and review dates of the directive;

14 (6) the facility shall have the veterinarian review and renew this directive every 30 days until it is no longer  
15 required;

16 (7) the date of the cessation of the directive; and

17 (8) documentation by the facility of each watering as prescribed by the veterinarian.

18 (c) Water in receptacles shall be changed daily and whenever visibly soiled.

19 (d) Watering receptacles shall be durable and kept clean and sanitized.

20 (e) Damaged receptacles shall be replaced.

1 02 NCAC 52J .0207 is readopted with changes as published in 36:12 NCR 1008-1009 as follows:

2  
3 **02 NCAC 52J .0207 SANITATION**

4 (a) Waste shall be removed from primary ~~enclosures~~ enclosures, and exercise areas and common areas to prevent  
5 contamination of the dogs or cats contained therein and to reduce disease hazards and odors. Enclosures and exercise  
6 areas for dogs and cats ~~must~~ shall be properly cleaned a minimum of two times per day. The animal must be able to  
7 walk or lie down without coming in contact with any waste or debris.

8 (b) When a hosing or flushing method is used for cleaning an enclosure, dogs or cats contained therein shall be  
9 removed during the cleaning process, and adequate measures shall be taken to protect the animals in ~~in other such~~  
10 clean enclosures from being contaminated with water and other wastes.

11 (c) Cross contamination barriers shall be in place in primary enclosures and be sufficient to prevent feces, urine and  
12 cleaning waste water from entering another occupied primary enclosure.

13 ~~(b)~~ (d) Sanitation shall be as follows:

14 (1) Prior to the introduction of dogs or cats into empty primary enclosures previously occupied,  
15 enclosures and accessories shall be sanitized in the manner provided in Subparagraph ~~(b)~~ (d)(3) of  
16 this Rule.

17 (2) In addition to primary enclosures being properly cleaned a minimum of two times per day,  
18 enclosures and accessories shall be sanitized a minimum of once every seven days in the manner  
19 provided in Subparagraph ~~(b)~~ (d)(3) of this Rule if the same animal is housed in the same enclosure  
20 ~~more than~~ for seven or more days.

21 (3) Primary enclosures, Cages, cages, rooms, rooms, and hard-surfaced or artificial turf exercise areas,  
22 pens or pens, and runs [and exercise areas with artificial turf flooring] shall be sanitized by:

23 (A) washing them with hot water (180 degrees F.) and soap or detergent as in a mechanical  
24 cage washer; or

25 (B) ~~washing all soiled surfaces with a detergent solution to remove all organic matter followed~~  
26 ~~by application of a safe and effective disinfectant; removal of visible organic matter,~~  
27 precleaning all soiled surfaces with a detergent or degreaser solution, followed by the  
28 application, at the correct concentration, of an animal-safe disinfectant labeled to be  
29 effective against common pathogens. The disinfectant is to be left on the surfaces for the  
30 time indicated by the manufacturer. After such time, all surfaces shall be thoroughly rinsed  
31 to remove all residual [chemical] chemicals and then the area dried prior to returning the  
32 animal(s) to this area; or

33 (C) cleaning all soiled surfaces with live steam, The area is to be cooled and dried prior to the  
34 return of the animal(s).

35 (4) Common areas, any area accessible to multiple animals and exercise areas not covered by 02 NCAC  
36 52J .0207 (d)(3) shall be kept clean and sanitary. These areas are to be properly cleaned a minimum  
37 of two times per day. Hard and/or impervious surfaces of these areas shall be sanitized a minimum

1 of once every seven days in the manner provided in Subparagraph (d)(3):

2 ~~(4)~~(5) Food and water receptacles shall be sanitized daily with hot water, detergent, and disinfectant. The  
3 disinfectant shall be used consistent with the manufacturer's directions:

4 ~~(5)~~(6) Soiled linens and cloth products shall be mechanically washed with detergent and ~~sanitized.~~  
5 sanitized:

6 ~~(6)~~(7) Any area accessible to multiple animals shall be kept clean and ~~sanitary,~~ sanitary; and

7 (8) Fans, including [but not limited to] floor fans, ceiling fans, wall fans, vent fans, etc. shall be [cleaned  
8 routinely in intervals sufficient to prevent the accumulation of] kept clean of accumulated debris,  
9 dust and [or] biological material.

10 ~~(e)~~(e) Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from  
11 injury and to facilitate the prescribed husbandry practices set forth in this Rule. Premises shall remain free of  
12 accumulations of trash, junk, waste products, and discarded matter. Weeds, grasses, and bushes must be controlled  
13 so as to facilitate cleaning of the premises and to improve pest control, and to protect the health and well-being of the  
14 animals.

15 ~~(4)~~(f) An effective program for the control of insects, ectoparasites, and avian and mammalian pests shall be  
16 established and maintained.

17

02 NCAC 52J .0209 is readopted with changes as published in 36:12 NCR 1009-1010 as follows:

**02 NCAC 52J .0209 CLASSIFICATION AND SEPARATION**

Animals housed in the same primary enclosure or and/or confined to an exercise area shall be maintained in compatible groups, with the following additional restrictions:

- (1) Females in season (estrus) shall not be housed in the same primary enclosure or exercise area with intact or neutered males, except for planned breeding purposes. Breeding shall not be allowed in animal shelters.
- (2) In boarding kennels, animals of different owners shall not have contact with other animals, unless written permission is obtained from the animal's owner. The documentation of this written permission shall be kept as part of the animal's record for one year and must be renewed yearly thereafter.
- (3) Any dog or cat exhibiting an aggressive disposition shall be housed individually in a primary enclosure. Housing of aggressive animals shall be such that the animals are prevented from biting or injuring another animal or human.
- ~~(3)~~(4) Puppies or kittens less than ~~four~~ six months of age shall not be housed in the same primary enclosure with adult dogs or cats other than their dams, except when permanently maintained in breeding colonies, or if requested in writing, by the animals' owner, as in a boarding kennel. Puppies or kittens between four and 16 weeks of age shall have daily access to human social interaction in addition to the human interaction during the cleaning and sanitation of the enclosures, excluding animals which pose a danger to humans or other animals.
- ~~(4)~~(5) Dogs shall not be housed in the same primary enclosure or exercise areas with cats, nor shall dogs or cats be housed in the same primary enclosure or exercise areas with any other species of animals. Exceptions are allowed at boarding kennels, if requested in writing by the animals' owner.
- ~~(5)~~(6) All facilities shall designate an isolation area for animals being treated or observed for communicable diseases. Dogs or cats in isolation that are being treated for a communicable disease shall be separated from other dogs or cats and other susceptible species of animals in such a manner as to minimize dissemination of such disease. A sign shall be posted at the cage or isolation area when in use, giving notice of a communicable ~~disease.~~ disease, including the identification of the disease. Accessories, cleaning equipment and supplies used in isolation areas shall not be used in other areas of the facility.
- ~~(6)~~(7) Animals in long term care ~~which are intended for adoption or sale~~ must be provided ~~the following:~~ with human interaction other than interaction for enclosure cleaning, same species social interaction, opportunity for play and exercise, and environmental enrichment daily. The provision of these daily interactions and enrichment shall be [appropriate]adequate for the animal's species, age, size and behavior needs. In addition:
  - (a) ~~Daily access to both human and same species social interaction.~~ The provision of the daily

1 social interactions and enrichment shall be documented in the animal's records and the  
2 records maintained for three years; and

3 (b) ~~Daily access to space other than the primary enclosure.~~Exemptions from these long-term care  
4 provisions are allowed only for safety or health reasons and must be approved by a  
5 veterinarian. This exemption must be reviewed and renewed every 30 days if the  
6 continuation is necessary. Documentation of the exemption must include the reason for the  
7 exemption, the name and contact information of the veterinarian authorizing the  
8 exemption, the original exemption date and the dates of review and renewal and  
9 alternative(s) offered if any.

10 ~~(c) A species and size appropriate toy, unless it poses a health threat.~~

11 (7)(8) All animals shall be confined in primary enclosures or exercise areas. Primary enclosures and  
12 exercise areas ~~must~~ shall be inspected by [AWS]the Animal Welfare Section and in compliance  
13 with the rules of 02 NCAC 52J before an animal can be confined in the enclosure or area.

14

02 NCAC 52J .0210 is readopted with changes as published in 36:12 NCR 1010-1011 as follows:

**02 NCAC 52J .0210 VETERINARY CARE**

(a) A written program of veterinary care [~~(PVC)~~](PVC) to include disease control and prevention, vaccination, euthanasia (animal shelters only), disposition of diseased, ill, injured, infirm or deformed [~~animals~~](animals), and provision of adequate routine and emergency veterinary care shall be established with the assistance of a licensed veterinarian by any person who is required to be licensed or registered under the Animal Welfare Act, Article 3 of Chapter 19A of the General Statutes. The following is required of each PVC:

(1) The PVC for animal shelters and pet stores shall be established with the assistance of a veterinarian and the veterinarian's information and signature shall be included in the appropriate section of the license/registration application/renewal application;

(2) The PVC for boarding kennels shall be submitted as part of the license/registration application/renewal and must be approved by the [AWS]Animal Welfare Section Inspector assigned to the facility;

(3) The facility shall implement and follow the [~~PVC. Failure to follow the PVC shall be considered a violation;~~](PVC); and

(4) Changes to the PVC shall be submitted for approval to the Animal Welfare Section within 10 days of the effective date.

(b) If there is [~~a~~](an) [~~disease problem~~](infectious disease outbreak) that persists for more than 7 days at the facility, the facility operator shall consult with a veterinarian for procedures to mitigate the problem. This consultation shall be documented by the facility.

(~~b~~)(c) If there is a disease problem that persists for more than 30 days at the facility, the facility operator shall obtain and follow a veterinarian's written recommendations for correcting the problem. These recommendations shall include, at a minimum: sanitation of primary enclosures, common areas, exercise areas and accessories, and protocols for animal intake, evaluation, isolation, disease recognition and treatment and euthanasia (in animal shelters).

(~~e~~)(d) Each dog and cat shall be observed daily by the animal caretaker [~~who has been adequately trained or is experienced in animal care or is under the direction supervision of a person who has such training or experience.~~](who has been adequately trained or is experienced in animal care or is under the direction supervision of a person who has such training or experience.)~~in~~ charge, or by someone under his direct supervision [~~who has training and/or experience in animal husbandry.~~] Sick or diseased, injured, lame, or blind dogs or cats shall be provided with adequate veterinary care in a timely manner or be euthanized, provided that ~~this~~ the euthanasia shall not affect compliance with any state or local law requiring the holding, for a specified period, of animals suspected of being diseased. If an animal cannot be euthanized due to a required holding period and does not meet the criteria of G. S. [~~§~~](§)19A-32.1(b)(2), then adequate veterinary care shall be provided to the animal.

(e) If euthanasia is performed at a ~~certified facility,~~ a list of personnel approved to perform euthanasia ~~facility~~ shall maintain a list of authorized personnel pursuant to 02 NCAC 52J .0402 and shall maintain this list ~~be maintained in~~ the Policy and Procedure Manual as described in 02 NCAC 52J ~~pursuant to 02 NCAC 52J~~ .0800.

(f) ~~Diseased~~ Diseased, injured, infirm or deformed animals shall be sold or adopted only under the policy set forth in the "Program of Veterinary Care." ~~PVC.~~

1 (g) Full written disclosure of the medical condition of the animal shall be provided to the new owner, and all veterinary  
2 medical treatments provided to the animal shall be provided to the person or organization receiving, adopting,  
3 purchasing or otherwise acquiring the animal. Proof of written disclosure signed by the person or organization  
4 receiving the animal shall be maintained as part of the animal's record.

5 ~~(d)~~(h) All animals in a licensed or registered facility shall be in compliance with the North Carolina rabies law, G.S.  
6 130A, Article 6, Part 6. However, no shelter shall be disapproved following inspection or otherwise cited for failure  
7 to inoculate any dog or cat known to be less than 12 weeks old or until such animals have been in the shelter at least  
8 15 days. This subsection shall not apply to animals which have been in the facility less than 15 days.

9 (i) If surgical procedures are performed at the registered/licensed facility, the facility shall:

10 (1) only perform surgical procedures on animals owned by the facility. The facility shall ~~may~~ not perform  
11 surgery on animals owned by the public unless the practice of veterinary medicine at that facility falls under  
12 the jurisdiction of the ~~NC~~ North Carolina Board of Veterinary Medicine;

13 (2) appoint a ~~NC~~ North Carolina ('NC') licensed veterinarian to be the supervising veterinarian to direct,  
14 oversee and be responsible for the performance of all surgical procedures and for the condition of the surgical  
15 facility;

16 (3) ensure all surgical procedures are performed by a NC licensed veterinarian and performed within the  
17 designated surgical area;

18 (4) ensure that the designated surgical area meets the minimum standards for surgery in 21 NCAC 66  
19 .0207(b)(9), the drug procedures meet the minimum standards in 21 NCAC 66 .0207(b)(11) and the  
20 recordkeeping procedures meet the minimum standards in 21 NCAC 66 .0207(b)(12);

21 (5) ensure that the minimum standards for after-hours emergency service in 21 NCAC 66 .0207(b)(19) for  
22 the provision of after-hours emergency veterinary care for an animal receiving surgical procedure(s) are met;  
23 and

24 (6) ensure that surgical procedures are not performed until the inspection of the surgical facility and  
25 supporting procedures noted in this section has occurred and all deficiencies have been corrected.

26 (j) Boarding ~~facilities may not administer prescription medications or tranquilizers, sedatives, or any pharmaceutical~~  
27 drug designed to calm an animal unless the medication or drug is administered under the direction of the animal's  
28 veterinarian, with a written prescription from the animal's veterinarian, and with written permission from the animal's  
29 owner. In the event a boarding facility agrees to administer such medications or substances, the medications must be  
30 in the original container issued by a veterinarian or pharmacy and administered according to label directions. The label  
31 must include: client name/pet name, dosage, drug name, veterinarian's name, and date issued. The administration of  
32 these medications or substances shall be documented as required by 02 NCAC 52J .0102.] ~~kennels shall not administer~~  
33 a prescription medication, tranquilizer, sedative, or any pharmaceutical drug designed to calm an animal unless the  
34 medication or drug is administered under the direction of or by prescription from the animal's veterinarian, and written  
35 permission from the animal's owner. In the event a boarding kennel agrees to administer such medications or  
36 substances, the medications shall be in the original container issued by the veterinarian or pharmacy and administered

1 according to label directions. The administration of these medications or substances shall be documented as required  
2 by 02 NCAC 52J .0102.

3 (k) Nothing in these rules allows the practice of veterinary medicine in North Carolina beyond what is otherwise  
4 authorized by the NC Veterinary Medical Board pursuant to the NC Veterinary Practice Act.

**02 NCAC 52J .0302 PRIMARY ENCLOSURES USED IN TRANSPORTING DOGS AND CATS**

(a) Primary enclosures such as compartments or transport cages, cartons, or crates used by persons subject to the Animal Welfare Act to transport cats and dogs shall be constructed, ventilated and designed to protect the health and ~~insure~~ensure the safety of the animals. Such enclosures shall be constructed or positioned in the vehicle in such a manner that:

- (1) Each animal in the vehicle has ~~sufficient~~adequate fresh air for normal breathing.
- (2) The openings of such enclosures are always easily accessible for emergency ~~removals~~removals ~~at all times~~.
- (3) The animals are adequately protected from the elements.
- (4) The ~~ambient~~temperature [~~within the holding area~~]in any area of a vehicle holding an animal shall be maintained between 50 degrees F and 85 degrees F. A ~~shelter facility~~ shall be deemed as being in compliance if its vehicles' animal ~~containment units~~ holding areas are equipped with operable ~~heating and air-conditioning~~[~~air conditioning~~]air conditioning, or forced-air ~~heating and cooling, and heating~~ or other temperature control ~~mechanisms that are adequately utilized~~. A functional thermometer shall be present in the animal holding area of the vehicle.

(b) Animals transported in the same primary enclosure shall be of the same species. Puppies or kittens less than four months of age shall not be transported in the same primary enclosure with adult dogs and cats other than their dams.

(c) Primary enclosures used to transport dogs and cats shall be large enough for each animal to turn about freely, and to easily stand, sit, or lie down in a natural position. Primary enclosures used to transport dogs and cats shall be secured to the vehicle to prevent sliding or tipping of the enclosure during transit.

~~(d)~~ Special provisions during transport shall be provided to any animal that cannot maintain its normal body temperature during the transport. These special provisions shall be ~~sufficient~~adequate for the animal to maintain its normal body temperature and shall be documented in the animal's record.

~~(d)~~(e) Animals shall not be placed in primary enclosures over other animals in transit unless such enclosure is constructed ~~so as~~ to prevent animal excreta from entering lower enclosures.

~~(e)~~(f) All primary enclosures used to transport dogs and cats shall be sanitized between use for shipments.

2

3 **02 NCAC 52J .0303 FOOD AND WATER REQUIREMENTS**

4 If dogs and cats are transported for a period of more than ~~42~~ six hours:

5 (a) The transportation vehicle shall stop a minimum of once every six hours for a period of no less than one hour.

6 Dogs shall be removed from their respective primary enclosures and provided exercise, if it is safe to do so. The reason  
7 for the exclusion of any animal from this requirement during a transport shall be documented. During this one-hour  
8 period dogs and cats shall be continuously provided a supply of potable water.

9 (b) No dog or cat shall be subject to vehicular transport which has not been adequately fed within 24 hours of any time  
10 during transportation. No puppy or kitten less than six months of age shall be subject to vehicular transport which has  
11 not been adequately fed within six hours of any time during transportation.

12 (c) The primary enclosure used for transportation of cats shall be equipped with a properly cleaned litter box and clean  
13 litter.

14 ~~(1) The vehicle shall stop at least once every 12 [six ] hours for a period of one hour. During the one~~  
15 ~~hour stop, potable water shall be continuously provided for dogs and cats. [If the transport lasts for~~  
16 ~~six hours or more, the enclosures containing cats shall be equipped with a clean litter box with litter.]~~

17 ~~(2) Adult dogs and cats shall be fed at least once during each 24 hour period. Puppies and kittens less~~  
18 ~~than six months of age shall be fed every six hours.~~

19 ~~(3) Dogs shall be removed from the vehicle, given fresh water and given the opportunity for exercise if~~  
20 ~~they have been confined in the vehicle for 36 hours. [six hours or longer.]~~

02 NCAC 52J .0403 is readopted with changes as published in 36:12 NCR 1012 as follows:

### 02 NCAC 52J .0403 DEFINITIONS

As used in this Subchapter:

- (1) "Certified Euthanasia Technician" means a person employed by a certified facility who has been instructed in the proper methods of humane euthanasia, security and record keeping, who has:
  - (A) been instructed in the proper methods of human euthanasia, security and records keeping; and
  - (B) has passed the written examination and the practical examination pursuant to 02 NCAC 52J .0410; and
  - (C) has been issued a Euthanasia Technician Certificate pursuant to 02 NCAC 52J .0412; and
  - (D) is employed by a certified facility.
- (2) "Certified facility" means a ~~certified-registered animal shelter-shelter, kennel or pet shop~~ that employs at least one Certified Euthanasia Technician or North Carolina ('NC')[NC] licensed veterinarian to perform euthanasia on animals at that ~~certified~~ facility.
- (3) "Approved Certified Euthanasia Technician trainer" means ~~a person or organization that an individual~~ who has received permission from the Animal Welfare Section to provide training to applicants or individuals seeking to be Certified Euthanasia ~~Technicians, Technicians and has met the criteria pursuant to 02 NCAC 52J .0408.~~
- (4) "Chemical Agent" means any chemical approved by the American Veterinary Medical Association Association, and/or the Humane Society of the United States ~~or the American Humane Association~~<sup>2</sup> which is used to induce death.
- (5) "Applicant" means a person who has submitted an application to the Animal Welfare Section (AWS) seeking certification as a Certified Euthanasia Technician, Technician, pursuant to Rule .0412.
- ~~(6)~~ "Commercially manufactured chamber" means a chamber built with the intention for sale with the purpose of euthanizing animals, and which meets the requirements of 02 NCAC 52J .0600.
- ~~(7)~~(6) "Conviction of a criminal offense" means being found guilty, convicted, placed on probation or entering a guilty plea that is accepted by the court, forfeiture of bail, bond or collateral deposited to secure one's own appearance in a criminal proceeding or having received a withheld judgment, prayer for judgment continued or suspended sentence by a court of competent jurisdiction in this state, in a federal court or another state of any felony, as described by federal or state law, or any criminal act that in any way is related to practicing as a Certified Euthanasia Technician, having been convicted or entered a plea of guilty or nolo contendere to any offense described in G.S.19A-24(b)(7).
- ~~(7)~~ Euthanasia by injection [~~EBI~~]('EBI') means the injection of an approved commercially-manufactured euthanasia medication via an intravenous, intraperitoneal or intracardiac (subject to additional conditions) injection into an animal to cause the death of that animal.

*History Note: Authority G.S. 19A-24;*

2

3 **02 NCAC 52J .0404 CERTIFICATION REQUIREMENTS FOR EUTHANASIA TECHNICIANS**

4 (a) Individuals who perform euthanasia ~~must~~shall be trained and qualified as a Certified Euthanasia Technician as set  
5 forth in this Section.

6 (b) Individuals seeking certification as a Euthanasia Technician shall submit a written application documenting their  
7 qualifications to the Animal Welfare Section, North Carolina Department of Agriculture and Consumer Services, 1030  
8 Mail Service Center, Raleigh, NC 27699-1030, on the form provided by the Animal Welfare Section.

9 (c) The Animal Welfare Section shall receive and review all applications and examination results for Euthanasia  
10 Technician certification and determine whether or not to issue the individual applicant proof of certification in the  
11 form of a printed ~~certificate~~certificate, pursuant to 02 NCAC 52J .0412.

2  
3 **02 NCAC 52J .0406 APPLICATION REQUIREMENTS**

4 An applicant for certification shall:

- 5 (1) submit a completed and signed application ~~form,~~ which can be obtained by calling the Animal  
6 Welfare Section ('AWS') office at (919) 707-3280; and  
7 (2) The contents of the applications shall include the following:  
8 (a) the name, phone number, email address and mailing address for the applicant;  
9 (b) the name, registration number, and address of the shelter employing the applicant;  
10 (c) a checkbox to be filled in if the applicant has been convicted of a criminal offense as  
11 defined in 02 NCAC 52J .0403(6); and  
12 (d) a notarized signature of the applicant.  
13 ~~(2)(3)~~ provide a document from an approved Certified Euthanasia Technician trainer establishing that the  
14 applicant has completed an Animal Welfare Section approved ~~course,~~ course pursuant to 02 NCAC  
15 52J .0407, passed the course written examination and passed a practical examination in the ~~specific~~  
16 euthanasia by injection (EBI) techniques, techniques for which the applicant is seeking certification,  
17 ~~or provide separate documentation of having taken an approved course and passed the written~~  
18 ~~examination and having passed a practical examination given by a different approved Certified~~  
19 ~~Euthanasia Technician~~ [trainer.] trainer,; and  
20 (3) ~~specify in the application form the specific euthanasia techniques the applicant is requesting~~  
21 ~~certification.~~

02 NCAC 52J .0407 is readopted with changes as published in 36:12 NCR 1013-1014 as follows:

### 02 NCAC 52J .0407 TRAINING AND EXAMINATIONS

(a) Training and examinations for euthanasia certification shall consist of:

- (1) Classroom lecture covering the entire list of subjects in Paragraph (b) of this Rule;
- (2) Earning a score of 80 percent correct on a written test provided by the Animal Welfare Section, demonstrating knowledge of the subjects listed in Paragraph (b) of this Rule; A written test provided by the Animal Welfare Section, demonstrating knowledge of the subjects listed in Paragraph (b) of this Rule; and
- (3) Passing a practical examination in each of the euthanasia [by injection techniques.] methods for which the applicant is seeking certification. A pass/fail practical examination in Euthanasia by Injection ('EBI') techniques and the subjects in Paragraph (e) of this Rule.

(b) The Animal Welfare Section shall develop Certified Euthanasia Technician training programs and materials or accredit training programs and materials to be offered by other individuals, schools, agencies or veterinary practices. The programs and materials shall conform to the processes set forth by the American Veterinary Medical Association ~~Association, and/or the Humane Society of the United States or the American Humane Association~~ and shall include the following topics:

- (1) The theory and history of euthanasia methods and practice;
- (2) Relevant ~~Animal~~ animal anatomy;
- (3) Proper animal restraint, handling and methods for controlling animal stress;
- (4) Proper chemical agent dosages, record keeping and usage documentation, chemical agent, instrument and equipment storage, handling and disposal in accordance with rules and the Code of Federal Regulations;
- (5) Proper injection techniques;
- (6) Proper dosing for the specific route of administration for the [EBI]; Euthanasia by Injection;
- (7) Proper and accurate verification of lack of pain perception;
- ~~(6)~~ Proper euthanasia techniques not utilizing injected chemical agents;
- ~~(7)~~(8) Proper and accurate verification of animal death;
- ~~(8)~~(9) Proper record keeping including documentation of justification for intracardiac and for early euthanasia;
- ~~(9)~~(10) Proper disposal of euthanized animals;
- ~~(10)~~(11) Stress management for euthanasia personnel;
- ~~(11)~~(12) Proper methods and techniques of euthanasia under extraordinary circumstances;
- ~~(12)~~(13) Proper methods, techniques and chemicals inducing anesthesia and sedation in animals prior to euthanasia; and
- ~~(13)~~(14) Proper methods, techniques and chemicals used in the practical examination section for Certified Euthanasia Technician.

1 (c) The Animal Welfare Section shall prepare written examinations to be given to applicants. Following the classroom  
2 training detailed in Paragraph (b) of this Rule, the applicant shall take a written examination provided by the Animal  
3 Welfare ~~Section that will be used by the approved trainer.~~Section. Notes or other assistance are not allowed during  
4 ~~the taking of the written examination. The applicant must achieve a score of at least 80 percent correct to pass the~~  
5 ~~written examination.~~ Those passing the written examination for that classroom training session are eligible to take for  
6 ~~the practical examination of the methods of euthanasia for which the applicant seeks certification. on the EBI~~  
7 ~~techniques. Those failing this written examination shall attend another classroom training session and [must]shall pass~~  
8 ~~a different version of the written examination provided by the Animal Welfare Section before they are eligible to take~~  
9 ~~the practical examination.~~

10 (d) The applicant must pass a practical examination on ~~each method of euthanasia for which he or she seeks~~  
11 ~~certification. the EBI techniques.~~

12 (e) Applicants for certification in Euthanasia by Injection shall demonstrate the following knowledge and  
13 ~~competencies:competencies to pass the practical examination:~~

- 14 (1) Correctly calculate chemical agent dosage based upon the species, age, weight and condition of the  
15 ~~animal; animal and the route of administration;~~
- 16 (2) Correctly complete all required ~~documentation; documentation and demonstrate proper technique~~  
17 ~~for scanning an animal for a microchip;~~
- 18 (3) Correctly draw the properly calculated chemical dosage into a syringe and needle of a type and size  
19 appropriate for the ~~animal; animal and for the route of administration;~~
- 20 (4) Correctly administer the chemical agent to the animal;
- 21 (5) Properly perform intravenous ~~and intraperitoneal~~ injections on dogs and intravenous or  
22 intraperitoneal injections on cats;
- 23 (6) Knowledge of the current euthanasia guidelines, medical procedures including lack of pain  
24 perception verification and drugs necessary for an animal to be euthanized by cardiac injection;
- 25 (7) Demonstrate ability to verify death ~~by:~~ by a combination of the following:
  - 26 (A) lack of respiration;
  - 27 (B) lack of ocular reflexes;
  - 28 (C) ~~lack of a heartbeat; heartbeat verified by the use of a stethoscope;~~
  - 29 (D) ~~greying of mucous membranes;~~
  - 30 (E) ~~lack of response to firm toe pinch;~~
  - 31 (F) ~~rigor mortis.~~
- 32 (8) Knowledge about the human health risks associated with the use of chemical agents used for  
33 euthanasia including signs and symptoms associated with accidental exposure of the Certified  
34 Euthanasia Technician; and
- 35 (9) Proper first aid for a person accidentally exposed to chemical agents used for euthanasia.

36 (f) ~~Applicants for certification in Euthanasia by Gas Inhalation shall meet the standards set forth in this Paragraph:~~

- 1           (1) ~~Demonstrate knowledge of the dangers and human health effects of exposure to carbon monoxide~~
- 2                     ~~gas;~~
- 3           (2) ~~Demonstrate knowledge about which animals Euthanasia by Gas Inhalation is approved and which~~
- 4                     ~~species, age, medical or physical conditions make it improper to use Euthanasia by Gas Inhalation;~~
- 5           (3) ~~Demonstrate proper techniques in placing animals into the chamber;~~
- 6           (4) ~~Demonstrate knowledge about the maintenance, operation and cleaning of the chamber, fittings, gas~~
- 7                     ~~cylinder, valves, and other parts of the equipment;~~
- 8           (5) ~~Demonstrate proper operation of the chamber;~~
- 9           (6) ~~Demonstrate ability to verify death by:~~
- 10                    ~~(A) ~~lack of respiration;~~~~
- 11                    ~~(B) ~~lack of ocular reflexes;~~~~
- 12                    ~~(C) ~~lack of a heartbeat;~~~~
- 13           (7) ~~Demonstrate knowledge about the human health risks associated with the use of carbon monoxide~~
- 14                     ~~when used for euthanasia. Such knowledge shall also include signs and symptoms associated with~~
- 15                     ~~accidental exposure of the Certified Euthanasia Technician;~~
- 16           (8) ~~Demonstrate knowledge of proper first aid for a person accidentally exposed to carbon monoxide~~
- 17                     ~~used for euthanasia.~~

2  
3 **02 NCAC 52J .0417 CERTIFICATION RENEWAL**

4 (a) Certifications may be renewed every five years provided that:

- 5 (1) within the 12 months immediately preceding the application for certification renewal the Certified  
6 Euthanasia Technician has taken and passed a practical examination ~~for each method of euthanasia~~  
7 ~~for which they are seeking certification renewal; in current [EBI] Euthanasia by Injection~~  
8 ~~[techniques]; ('EBI') techniques pursuant to 02 NCAC 52J .0407;~~  
9 (2) the applicant attends a euthanasia re-certification course which reviews the current standards and  
10 guidelines on EBI; receives up to date information about the method of euthanasia for which the  
11 applicant is seeking certification; [the current standards and guidelines on EBI]; and  
12 (3) the applicant receives training in stress management; attends a training about stress management.

13 (b) The applicant shall submit an application for certification renewal to the Animal Welfare Section. The application  
14 shall be on a form created by the Animal Welfare Section ~~can be obtained by calling the Animal Welfare Section~~  
15 ('AWS') office at (919) 707-3280 and shall include a document from an approved Certified Euthanasia Technician  
16 trainer establishing that the applicant has passed a practical examination in the ~~specific euthanasia techniques for~~  
17 ~~which he or she is seeking certification; techniques of EBI.~~

18 (c) The contents of the application shall include the following:

- 19 (1) the name, phone number, email address, and mailing address for the applicant;  
20 (2) the name, registration number, and address of the shelter employing the applicant;  
21 (3) a checkbox to be filled in if the applicant has been convicted of a criminal offense as defined in the  
22 02 NCAC 52J .0401(6); and  
23 (4) a notarized signature of the applicant.

3 **SECTION .0500 – EUTHANASIA BY INJECTION**

4  
5 **02 NCAC 52J .0501 INTRACARDIAC INJECTION**

6 ~~Intracardiac injection shall only be used on animals that have been anesthetized or heavily sedated.~~

7 Intracardiac injection for euthanasia [may]shall only be administered under the following conditions:

8 (1) due to injury or other medical condition, the animal is unconscious, or the animal has been rendered  
9 unconscious by administration of a general anesthetic;

10 (2) due to medical condition of the animal and/or size of the animal, intravenous or intraperitoneal  
11 administration is not practical or humane;

12 (3) the absence of a pain response has been verified prior to the administration of the intracardiac injection  
13 and this verification is documented in the animal's record; and

14 (4) the justification for an intracardiac injection rather than an intravenous or intraperitoneal route of  
15 administration has been documented in the animal's record.

**02 NCAC 52J .0803      ADDITIONAL CONTENTS**

A certified facility's policy and procedure manual shall be kept consistent with the publications listed below and reflect the current information for each. The manual shall include:

- (1) A copy of the current North Carolina Animal Welfare Act and the rules in this Subchapter;
- (2) A copy of the ~~2000 Report of the American Veterinary Medical Association Panel on Euthanasia~~ most recent AVMA American Veterinary Medical Association ('AVMA') Guidelines for the Euthanasia of Animals and any future revisions, replacements, supplements or changes thereto issued by that organization;
- (3) A ~~current~~ copy of the most recent Euthanasia Training Reference Manual of the Humane Society of the United States;
- ~~(4) A copy of the publication on euthanasia by the American Humane Association;~~
- ~~(5)~~(4) A list of methods of euthanasia allowed at the shelter and the policy and procedures for each method; A copy of the facility's policies and/or procedures for euthanasia by injection;
- ~~(6)~~(5) A list of Certified Euthanasia Technicians-Technicians, the methods of euthanasia in which they have received training; and the date of training certification;
- ~~(7)~~(6) The name, address and contact information for the veterinarian responsible for the Annual Program of Veterinary Care;written program of veterinary care as described in 02 NCAC 52J .0210(a);
- ~~(8)~~(7) The name, address and contact information for veterinarians responsible for the veterinary medical care of the animals. The contact information shall include telephone numbers for working hours, weekends, nights and holidays;
- ~~(9)~~(8) Euthanasia procedure to use in emergencies, after hours, holidays and weekends;
- ~~(10)~~(9) Procedures to follow if no Certified Euthanasia Technician is present and euthanasia of an animal is necessary;
- ~~(10)~~ Procedures to follow including the names(s) of shelter manager designee(s) when the shelter manager is not available to make the decisions necessary and complete the required paperwork when an animal is to be euthanized prior to the end of the 72-hour holding period;
- (11) Methods of verifying death of an animal after a euthanasia process is performed;
- (12) The name and contact information of the supplier of materials. It shall include:suppliers of:
  - ~~(a)~~ Bottled gas (if applicable);
  - ~~(b)~~ Manufacturer of the chamber used to euthanize animals by inhalant gas (if applicable);
  - ~~(c)~~(a) Injectable euthanasia solution;
  - ~~(d)~~(b) Tranquilizer, sedation, ~~or and~~ anesthetic ~~solution~~ medications;
- (13) Original of U.S. Drug Enforcement Administration certification permitting the use of controlled substances;

- 1 (14) ~~A material safety data sheet for any chemical or gas used for euthanasia in that shelter.~~Original of  
2 the [NC]North Carolina Health and Human Services certificate permitting the storage and use of  
3 controlled substances;
- 4 (15) ~~A material~~Material safety data sheets ~~sheet~~ for ~~any~~all chemical, anesthetic, or tranquilizing,  
5 tranquilizing, sedation and euthanasia medications used in that facility;
- 6 (16) ~~Notice of~~Information detailing the signs and symptoms associated with human exposure to the  
7 agents used for euthanasia at the facility;
- 8 (17) Information detailing First Aid for people accidentally exposed to the agents used for euthanasia at  
9 the facility; and
- 10 (18) Contact information of the physician or medical facility providing medical treatment to employees  
11 of the facility. The information shall include the name of the medical facility, the telephone number  
12 for both working and after-hours contact and directions to the medical facility from the certified  
13 facility including a map. If the medical facility does not provide service after-hours, on weekends  
14 or on holidays, there must be contact information as described in this item for the nearest medical  
15 facility, urgent care clinic or emergency room that does provide care during that time.

3

**SECTION .0900 – ANIMAL SHELTER SUPPORT FUND**

4 **02 NCAC 52J .0901 ELIGIBLE EXPENSES**

5 Eligible expenses include:

6 (1) Veterinary costs – Reimbursement may be requested for veterinary expenditures incurred for the  
7 assessment, diagnostic and triage evaluation, medical treatment, minor surgical treatment,  
8 medications, first aid and minor medical supplies, vaccinations, parasite control/treatment, or  
9 euthanasia of animals housed at the shelter at the time of the event or impounded during the interim  
10 or transition period.

11 (2) Sanitation costs – Reimbursement may be requested for expenditures related to sanitation of the  
12 affected shelter, including detergent/disinfectant supplies, cleaning supplies, labor costs for the  
13 sanitation of the shelter, and waste and carcass disposal costs.

14 (3) Animal sustenance and supplies – Reimbursement may be requested for expenditures for animal  
15 food, provision of water to the shelter, and food and water bowls or buckets, as well as labor costs  
16 for the feeding and watering of the shelter animals.

17 (4) Temporary housing and sheltering of animals – Reimbursement may be requested for expenditures  
18 for animal cages and kennels, animal transport carriers, fencing panels for runs, tarps, fencing, dog  
19 or cat houses and other construction supplies, as well as labor costs or equipment or facility leasing  
20 expenses incurred during the construction or repair of temporary animal housing.

3 **02 NCAC 52J .0902 APPLICATION GUIDELINES**

4 (a) A local government applying for reimbursement from the Fund shall submit the request for reimbursement to the  
5 Animal Welfare Section (AWS) of the North Carolina Department of Agriculture and Consumer Services.

6 (b) The request shall:

7 (1) be received by AWS by mail, email, or fax within 60 days of the date the eligible expense was  
8 incurred;

9 (2) include a completed "Animal Shelter Support Fund Reimbursement Application" with the county  
10 name, tier of county, facility name, facility license number, and contact information. This  
11 application can be found on the AWS website (<http://www.ncagr.gov/vet/AWS/>);

12 (3) include an itemized listing of eligible expenses for which reimbursement is sought;

13 (4) include proof that matching funds have been provided; and

14 (5) include proof of payment of the eligible expense. If the payment of expense occurs after the  
15 application was submitted, proof of payment shall be submitted to AWS within 30 days of payment  
16 of the expense.
