

1 21 NCAC 12A .0202 is amended with changes as published in 37:04 NCR 329-334 as follows:

2
3 **21 NCAC 12A .0202 CLASSIFICATION**

4 (a) A general contractor shall be certified in one of the following five classifications:

- 5 (1) Building Contractor. This classification covers all building construction and demolition activity
6 including: commercial, industrial, institutional, and all residential building construction. It includes
7 installation of solar panels; parking decks; all site work, grading and paving of parking lots,
8 driveways, sidewalks, and gutters; storm drainage, retaining or screen walls, and hardware and
9 accessory structures; and indoor and outdoor recreational facilities including natural and artificial
10 surface athletic fields, running tracks, bleachers, and seating. It also covers work done under the
11 specialty classifications of S(Concrete Construction), S(Insulation), S(Interior Construction),
12 ~~S(Marine Construction)~~, S(Marine and Freshwater Construction), S(Masonry Construction),
13 S(Roofing), S(Metal Erection), S(Swimming Pools), and S(Asbestos), and S(Wind Turbine).
- 14 (2) Residential Contractor. This classification covers all construction and demolition activity pertaining
15 to the construction of residential units that are required to conform to the residential building code
16 Residential Building Code adopted by the Building Code Council pursuant to G.S. 143-138; all site
17 work, driveways, sidewalks, and water and wastewater systems ancillary to the aforementioned
18 structures and improvements; and the work done as part of such residential units under the specialty
19 classifications of S(Insulation), S(Interior Construction), S(Masonry Construction), S(Roofing),
20 S(Swimming Pools), and S(Asbestos). This classification also covers the installation of solar panels
21 on residential units that are required to conform to the residential building code.
- 22 (3) Highway Contractor. This classification covers all highway construction activity including:
23 demolition, grading, paving of all types, installation of exterior artificial athletic surfaces, relocation
24 of public and private utility lines ancillary to a principal project, bridge construction and repair,
25 culvert construction and repair, parking decks, sidewalks, curbs, gutters and storm drainage. It also
26 includes installation and erection of guard rails, fencing, signage signage, and ancillary highway
27 hardware; covers paving and grading of airport and airfield runways, taxiways, and aprons,
28 including the installation of fencing, signage, runway lighting and marking; and work done under
29 the specialty classifications of S(Boring and Tunneling), S(Concrete Construction), ~~S(Marine~~
30 ~~Construction)~~, S(Marine and Freshwater Construction), S(Railroad Construction), and H(Grading
31 and Excavating).
- 32 (4) Public Utilities Contractor. This classification includes demolition and operations that are the
33 performance of construction work on water and wastewater systems and on the subclassifications
34 of facilities set forth in G.S. 87-10(b)(3). The Board shall issue a license to a public utilities
35 contractor that is limited to any of the subclassifications set forth in G.S. 87-10(b)(3) for which the
36 contractor qualifies. A public utilities contractor license covers work done under the specialty
37 classifications of S(Boring and Tunneling), PU(Communications), PU(Fuel Distribution),

1 PU(Electrical-Ahead of Point of Delivery), PU(Water Lines and Sewer Lines), PU(Water
2 Purification and Sewage Disposal), and S(Swimming Pools).

3 (5) Specialty Contractor. This classification covers all construction operation and performance of
4 contract work outlined as follows:

5 (A) H(Grading and Excavating). This classification covers the digging, moving, and placing of
6 materials forming the surface of the earth, excluding air and water, in such a manner that
7 the cut, fill, excavation, grade, trench, backfill, or any similar operation may be executed
8 with the use of hand and power tools and machines used for these types of digging, moving,
9 and material placing. It covers work on earthen dams and the use of explosives used in
10 connection with all or any part of the activities described in this Subparagraph. It also
11 includes clearing and grubbing, and erosion control activities.

12 (B) S(Boring and Tunneling). This classification covers the construction of underground or
13 underwater passageways by digging or boring through and under the earth's surface,
14 including the bracing and compacting of such passageways to make them safe for the
15 purpose intended. It includes preparation of the ground surfaces at points of ingress and
16 egress.

17 (C) PU (Communications). This classification covers the demolition and installation of the
18 following:

19 (i) all types of pole lines, and aerial and underground distribution cable for telephone
20 systems;

21 (ii) aerial and underground distribution cable for cable TV and master antenna TV
22 systems capable of transmitting R.F. signals;

23 (iii) underground conduit and communication **eable cable**, including fiber optic cable;
24 and

25 (iv) microwave systems and towers, including foundations and excavations where
26 required, when the microwave systems are being used for the purpose of
27 transmitting R.F. signals; and installation of PCS or cellular telephone towers and
28 sites.

29 (D) S(Concrete Construction). This classification covers the construction, demolition, and
30 installation of foundations, pre-cast silos, and other concrete tanks or receptacles,
31 prestressed components, and gunite applications, but excludes bridges, streets, sidewalks,
32 curbs, gutters, driveways, parking lots, and highways.

33 (E) PU(Electrical-Ahead of Point of Delivery). This classification covers the construction,
34 installation, alteration, maintenance, or repair of an electrical wiring system, including sub-
35 stations or components thereof, which is or is intended to be owned, operated, and
36 maintained by an electric power supplier, such as a public or private utility, a utility
37 cooperative, or any other properly franchised electric power supplier, for the purpose of

1 furnishing electrical services to one or more customers. This classification includes the
2 construction of solar arrays.

3 (F) PU(Fuel Distribution). This classification covers the construction, installation, alteration,
4 maintenance, or repair of systems for distribution of petroleum fuels, petroleum distillates,
5 natural gas, chemicals, and slurries through pipeline from one station to another. It includes
6 all excavating, trenching, and backfilling in connection therewith. It covers the installation,
7 replacement, and removal of above ground and below ground fuel storage tanks.

8 (G) PU(Water Lines and Sewer Lines). This classification covers demolition and construction
9 work on water and sewer mains, water service lines, and house and building sewer lines,
10 as defined in the North Carolina State Building Code, and covers water storage tanks, lift
11 stations, pumping stations, and appurtenances to water storage tanks, lift stations stations,
12 and pumping stations. It includes pavement patching, backfill, and erosion control as part
13 of construction.

14 (H) PU(Water Purification and Sewage Disposal). This classification covers the demolition and
15 performance of construction work on water and wastewater systems; water and wastewater
16 treatment facilities; and all site work, grading, and paving of parking lots, driveways,
17 sidewalks, and curbs curbs, and gutters that are ancillary to such construction of water and
18 wastewater treatment facilities. It covers the work done under the specialty classifications
19 of S(Concrete Construction), S(Insulation), S(Interior Construction), S(Masonry
20 Construction), S(Roofing), and S(Metal Erection) as part of the work on water and
21 wastewater treatment facilities.

22 (I) S(Insulation). This classification covers the installation, alteration, or repair of materials
23 classified as insulating media used for the non-mechanical control of temperatures in the
24 construction of residential and commercial buildings. It does not include the insulation of
25 mechanical equipment, and ancillary lines and pipng- pipng that are ancillary to the
26 building.

27 (J) S(Interior Construction). This classification covers the installation and demolition of
28 acoustical ceiling systems and panels, load bearing and non-load bearing partitions, lathing
29 and plastering, flooring and finishing, interior recreational surfaces, window and door
30 installation, and installation of fixtures, cabinets, and millwork. It includes the removal of
31 asbestos and replacement with non-toxic substances.

32 (K) S(Marine and Freshwater Construction). This classification covers all marine and
33 freshwater demolition and construction and repair activities and all types of marine and
34 freshwater construction and demolition in deep-water installations and in harbors, inlets,
35 sounds, bays, channels, canals, rivers, lakes, ponds, or any navigable waterway; it covers
36 dredging, construction, and installation of pilings, piers, decks, slips, docks, and bulkheads.
37 It does not include other structures that may be constructed on docks, slips, and piers.

- 1 (L) S(Masonry Construction). This classification covers the demolition and installation, with
2 or without the use of mortar or adhesives, of the following:
- 3 (i) brick, concrete block, gypsum partition tile, pumice block, or other lightweight
4 and facsimile units and products common to the masonry industry;
 - 5 (ii) installation of fire clay products and refractory construction; and
 - 6 (iii) installation of rough cut and dressed stone, marble panels and slate units, and
7 installation of structural glazed tile or block, glass brick or block, and solar screen
8 tile or block.
- 9 (M) S(Railroad Construction). This classification covers the demolition, building, construction,
10 and repair of railroad lines including:
- 11 (i) the clearing and filling of rights-of-way;
 - 12 (ii) shaping, compacting, setting, and stabilizing of road beds;
 - 13 (iii) setting ties, tie plates, rails, rail connectors, frogs, switch plates, switches, signal
14 markers, retaining walls, dikes, fences, and gates; and
 - 15 (iv) construction and repair of tool sheds and platforms.
- 16 (N) S(Roofing). This classification covers the installation, demolition, and repair of roofs and
17 decks on residential, commercial, industrial, and institutional structures requiring materials
18 that form a water-tight and weather-resistant surface. The term "materials" for purposes of
19 this Subparagraph includes cedar, cement, asbestos, clay tile and composition shingles, all
20 types of metal coverings, wood shakes, single ply and built-up roofing, protective and
21 reflective roof and deck coatings, sheet metal valleys, flashings, gravel stops, gutters and
22 downspouts, and bituminous waterproofing.
- 23 (O) S(Metal Erection). This classification covers:
- 24 (i) the field fabrication, demolition, erection, repair, and alteration of architectural
25 and structural shapes, plates, tubing, pipe and bars, not limited to steel or
26 aluminum, that are or may be used as structural members for buildings,
27 equipment, and structure; and
 - 28 (ii) the layout, assembly and erection by welding, bolting, riveting, or fastening in any
29 manner metal products as curtain walls, tanks of all types, hoppers, structural
30 members for buildings, towers, stairs, conveyor frames, cranes and crane
31 runways, canopies, carports, guard rails, signs, steel scaffolding as a permanent
32 structure, rigging, flagpoles, fences, steel and aluminum siding, bleachers, fire
33 escapes, and seating for stadiums, arenas, and auditoriums.
- 34 (P) S(Swimming Pools). This classification covers the construction, demolition, service, and
35 repair of all swimming pools. It includes:
- 36 (i) excavation and grading;

1 (ii) construction of concrete, gunite, fiberglass, metal-walled with liner, steel-walled
2 with liner, and plastic-type pools, pool decks, and walkways, and tiling and
3 coping; and

4 (iii) installation of all equipment including pumps, filters, and chemical feeders. It
5 does not include direct connections to a sanitary sewer system or to portable water
6 lines, nor the grounding and bonding of any metal surfaces or the making of any
7 electrical connections.

8 (Q) S(Asbestos). This classification covers renovation or demolition activities involving the
9 repair, maintenance, removal, isolation, encapsulation, or enclosure of Regulated Asbestos
10 Containing Materials (RACM) for any commercial, industrial, or institutional building,
11 whether public or private. It also covers all types of residential building construction
12 involving RACM during renovation or demolition activities. This specialty is required only
13 when the cost of asbestos activities as described herein are equal to or exceed thirty
14 thousand dollars (\$30,000).

15 (R) S(Wind Turbine). This classification covers the construction, demolition, installation, and
16 repair of wind turbines, wind generators, and wind power units. It includes assembly of
17 blades, generator, turbine structures, and towers. It also includes ancillary foundation work,
18 field fabrication of metal equipment, and structural support components.

19 (b) An applicant may be licensed in more than one classification of general contracting provided the applicant meets
20 the qualifications for the classifications, which includes passing the examinations for the classification requested by
21 the applicant. The license granted to an applicant who meets the qualifications for all of the classifications set forth in
22 the rules of this Section shall be designated "unclassified."

21 NCAC 12A .0303 is amended with changes as published in 37:04 NCR 329-334 as follows:

21 NCAC 12A .0303 APPLICATION FOR LICENSURE

(a) General. Applications for licensure shall contain the following:

- (1) the Social Security Number of examinee(s) examinees and qualifier(s) qualifiers and tax identification numbers for corporate applicants;
- (2) the applicant's contact information;
- (3) the name of business under which the licensee will be operating, if any;
- (4) requested designation of license limitation and classifications;
- (5) information statements and supporting documentation about all crimes of which the applicant has been convicted;
- (6) certified copies of court records reflecting information regarding all crimes of which the applicant and qualifier(s) qualifiers have been convicted;
- (7) information statements and supporting documentation indicating whether the applicant or qualifier(s) qualifiers has any disciplinary history with the Board or any other occupational licensing, registration, or certification agency;
- (8) information statements and supporting documentation establishing financial responsibility as required by G.S. 87-10(a) and Rule .0204 of this Subchapter;
- (9) letters of reference as prescribed in Rule .0308 of this Subchapter; and
- (10) the application fee as set forth in Rule .0304 of this Subchapter.

(b) Criminal Background Check. In addition to the requirements set forth above, all new applicants shall consent to criminal background checks to be performed by a third-party vendor identified by the Board. The cost of the background check shall be paid directly to the vendor. The qualifiers of all new applicants shall submit to the background check. ~~For the purposes of the criminal background check,~~ Additionally, the following individuals shall submit to the background check, based upon the entity or person applying for the license:

- (1) Sole proprietor license: The sole proprietor;
- (2) Corporation: The president;
- (3) Limited liability company: All managers and members;
- (4) Partnerships (including limited liability partnerships): All partners.

(c) Reciprocity. Applicants based on reciprocity shall submit with the application form a copy of the applicant's license in the other state, certified by the other state licensing board as being a copy of a valid license. Applicants shall have taken and passed the exam offered in the state from which they are seeking reciprocity, or an examination offered by the National Association of State Contractors Licensing Agencies (NASCLA). Applicants shall also be required to take and pass the Board's North Carolina law, rule, and building code examination prior to licensure.

3 **SECTION .0200 – PROVIDERS**

4
5 **21 NCAC 12B .0201 APPLICATION FOR INITIAL APPROVAL OF CONTINUING EDUCATION**
6 **PROVIDER**

7 (a) Only continuing education providers approved by the Board shall be eligible to offer continuing education courses.
8 If a third party advertises or hosts an approved course, all materials advertising the course shall include the approved
9 provider's name.

10 (b) Prospective providers of all courses must shall obtain written approval from the Board to conduct such course
11 courses prior to conducting the course courses and prior to advertising or otherwise representing that the a course is
12 or may be approved for general contractor continuing education credit in North Carolina. No retroactive approval to
13 conduct a continuing education course courses will be granted.

14 (c) Any entity seeking initial approval to be a continuing education provider shall make application on apply using a
15 form available on the Board's website that requires the applicant to set forth:

- 16 (1) the legal name of applicant and any assumed business name;
- 17 (2) the applicant's mailing address, telephone number, and email address;
- 18 (3) the SOS ID number issued by the NC Secretary of State, if applicable;
- 19 (4) the legal name(s) names of the provider's owner(s), member(s), manager(s), or partner(s); owners,
20 members, managers or partners;
- 21 (5) the name of a continuing education coordinator who shall serve as the contact person for the
22 provider; and
- 23 (6) the signature of the applicant or its legal designee.

24 (d) The name of any course provider shall not be identical or similar so as to cause confusion to the name of any other
25 approved continuing education course provider.

26 (e) Continuing education providers shall notify the Board in writing within 10 days of any change in business name,
27 ownership interest, continuing education coordinator, address, business telephone number, or email address.
