Subject: 2024 NC Building Code Request for Changes - May 2024 RRC
Attachments: 05.2024 - BCC - NC Building Code - Request for Changes.docx

Good afternoon, all,

Attached, please find my requests for changes for the 2024 NC Building Code. I have also reviewed the separate amendments to the Building Code you submitted last month. Where I had requests on the separate amendments, I added them to this document, and made it clear they applied to the separate amendment.

Please let me know if you have any questions or concerns. Given the proximity of the May meeting, your responses are due as soon as possible, however, as we've discussed, you can also take this to the June meeting if you'd like.

I am also working on the Existing Building Code. It was my intention to get the EBC to you this month—and I will continue working on it with that goal in mind—but I think its likely that we will have to take that Code to June with the Fire Code.

Thanks for your patience, and thank you for all the hard work on these Codes.

Best,
Brian

Brian,
Good morning. I hope you are well.
What are the chances of any of these three codes being considered by the RRC at the May meeting?
I am trying to coordinate a publishing schedule.
Thank you for any information you can provide and your work on this.
