

REQUEST FOR CHANGES PURSUANT TO G.S. 150B-21.10

AGENCY: Board of Dental Examiners

RULE CITATION: 21 NCAC 16Q .0105

DEADLINE FOR RECEIPT: November 7, 2025

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

(a), line 11: Your refresher training requirement will apply to “all auxiliaries dedicated to patient monitoring for these sedation procedures.” Could you please point me to the specific statute(s) that provides the Board with the authority to impose continuing education requirements on non-dentist, non-permit holders?

(b), line 20: Can a “simulation” include virtual training? Or does it have to be hands-on, in-person? The current language used is broad.

(c): Consider referencing the specific rule(s) that contain the CE requirements for permit renewals, if possible.

(d): Does this statement mean that these regulated persons must comply with the refresher training requirement by January 1, 2028? Or does it mean that they will have until January 1, 2031, to complete it? This sentence is not clear. It also conflicts with the effective date set forth in your History Note.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.
