DEADLINE FOR RECEIPT: January 12, 2022

<u>PLEASE NOTE:</u> This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a), line 9, add a space between the newly added words "Intentionally" and "shining" as it appears that the space between the words was deleted.

For the list of counties in (a) and (b), please add a semicolon after each county in the list with an "and" after (a)(27) and (b)(53).

In (c)(2), line 26, what is the "necessary" shining of lights? Does the regulated public know what is necessary?

In (c)(4), line 28, what does "legitimately" mean in this context? Also, what are "such areas"? Please avoid the use of the word "such" if possible. Finally, what are "other reasons"? Are you referring to people who are not attempting to hunt?

Finally, in the History Note, is it necessary to cite to two 40-year-old session laws? Would it be better to cite to the statutory provisions amended or adopted by those session laws instead?

Please consider revising the title, as it seems inaccurate. While the title refers to prohibiting "hunting" the text of the rule prohibits the possession and use of a loaded firearm in a restricted zone.

On line (5), please revise without the word "such." I would suggest mirroring the language from the prior clause: "...<u>discharging</u> a firearm into or across <u>such</u> a <u>posted</u> restricted zone <u>on any</u> <u>State-owned fish hatchery</u> is prohibited."

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In the introductory statement, since Rule .1601 is new, please state "...is proposed for adoption..." rather than "is amended with changes." Please also update the Register information to "36:07."

Please move the title of the new Section .1600 below the introductory statement. Please delete "The agency proposes a new Section of the NCAC..." and simply show the new title underlined like this: "<u>SECTION .1600 CONTROLLED RABBIT HUNTING PRESERVES</u>."

In (a), line 8, is "or preserve" necessary following "controlled rabbit hunting preserve"?

In (a), line 9, what do "completely" and "permanently" mean?

In (a), what kind of fence is "designed to prevent the escape or entry of wild rabbits?" Will your regulated public know?

In (a), line 10, are the rabbits only pursued by dogs? Or are they taken by other means as well?

In (b), line 11, does "Appalachian" need to be capitalized?

In (b), line 12, what species are "indistinguishable" from the eastern cottontail, Appalachian cottontail, and marsh rabbits? Does your regulated public know? If they're indistinguishable, how does anyone know they're a separate species?

In (c)(2), line 15, please add an "and" or "or" following the final semi-colon.

In (j), please refer to "15A NCAC 10B .0207."
