

RRC STAFF OPINION

PLEASE NOTE: THIS COMMUNICATION IS EITHER 1) ONLY THE RECOMMENDATION OF AN RRC STAFF ATTORNEY AS TO ACTION THAT THE ATTORNEY BELIEVES THE COMMISSION SHOULD TAKE ON THE CITED RULE AT ITS NEXT MEETING, OR 2) AN OPINION OF THAT ATTORNEY AS TO SOME MATTER CONCERNING THAT RULE. THE AGENCY AND MEMBERS OF THE PUBLIC ARE INVITED TO SUBMIT THEIR OWN COMMENTS AND RECOMMENDATIONS (ACCORDING TO RRC RULES) TO THE COMMISSION.

AGENCY: Environmental Management Commission

RULE CITATION: 15A NCAC 02L .0202

RECOMMENDED ACTION:

X Approve, but note staff's comment

Object, based on:

Lack of statutory authority

Unclear or ambiguous

Unnecessary

Failure to comply with the APA

Extend the period of review

COMMENT:

At the December 2021 meeting, the Rules Review Commission extended the period of review for the above referenced Rule. This Rule is scheduled for review by the Commission at the February 2022 meeting. This Rule has received comments primarily regarding Paragraph (c) of this Rule. The intent of this Staff Opinion to explain Paragraph (c) and to provide the applicable statutes related to this issue.

Generally, it is staff's opinion that this Rule falls under the authority of the Environmental Management Commission pursuant to G.S. 143-214.1, 143-215.3(a)(1), and G.S. 143B-282(a)(2).

Paragraph (c) of this Rule requires that "substances that are not naturally occurring and for which no standard is specified in Paragraphs (h) or (i) of this Rule shall not be permitted in concentrations at or above the practical quantitation limit." It is staff's understanding that practical quantitation limits

(PQLs) are considered to be scientific standards and are not included in the definition of a rule under G.S. 150B-2(8a)h. G.S. 150B-2(8a)h. reads as follows:

- (8a) "Rule" means any agency regulation, standard, or statement of general applicability that implements or interprets an enactment of the General Assembly or Congress or a regulation adopted by a federal agency or that describes the procedure or practice requirements of an agency. The term includes the establishment of a fee and the amendment or repeal of a prior rule. The term does not include the following:
 - h. Scientific, architectural, or engineering standards, forms, or procedures, including design criteria and construction standards used to construct or maintain highways, bridges, or ferries.

Paragraph (c) further allows the Director upon request, under the delegation authority of G.S. 143-215.3(a)(4), to modify the PQL of these substances through the use of an Interim Maximum Allowable Concentration (IMAC.) In other words, the IMACs are a modification of the PQL. Pursuant to G.S. 150B-19(6), agencies may not “waive or modify a requirement set in a rule unless the rule establishes specific guidelines the agency must follow in determining whether to waive or modify the requirement.” Staff reads Paragraph (c) to provide guidelines regarding the request.

The Statutes included in this Staff Opinion are as follows:

<u>G.S. 143-214.1</u>	page 3
<u>G.S. 143-214.2</u>	page 5
<u>G.S. 143-215.3</u>	page 6
<u>G.S. 143B-282</u>	page 14
<u>G.S. 150B-2</u>	page 18
<u>G.S. 150B-19</u>	page 21
<u>G.S. 150B-21.2</u>	page 22

§ 143-214.1. Water; water quality standards and classifications; duties of Commission.

(a) Development and Adoption of Classifications and Standards. - The Commission is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article:

- (1) To develop and adopt, after proper study, a series of classifications and the standards applicable to each such classification, which will be appropriate for the purpose of classifying each of the waters of the State in such a way as to promote the policy and purposes of this Article most effectively;
- (2) To survey all the waters of the State and to separately identify all such waters as the Commission believes ought to be classified separately in order to promote the policy and purposes of this Article, omitting only such waters, as in the opinion of the Commission, are insufficiently important to justify classification or control under this Article; and
- (3) To assign to each identified water of the State such classification, from the series adopted as specified above, as the Commission deems proper in order to promote the policy and purposes of this Article most effectively.

(b) Criteria for Classification. - In developing and adopting classifications, and the standards applicable to each, the Commission shall recognize that a number of different classifications should be provided for (with different standards applicable to each) so as to give effect to the need for balancing conflicting considerations as to usage and other variable factors; that different classifications with different standards applicable thereto may frequently be appropriate for different segments of the same water; and that each classification and the standards applicable thereto should be adopted with primary reference to the best usage to be made of the waters to which such classification will be assigned.

(c) Criteria for Standards. - In establishing the standards applicable to each classification, the Commission shall consider and the standards when finally adopted and published shall state: the extent to which any physical, chemical, or biological properties should be prescribed as essential to the contemplated best usage.

(d) Criteria for Assignment of Classifications. - In assigning to each identified water the appropriate classifications (with its accompanying standards), the Commission shall consider, and the decision of the Commission when finally adopted and published shall contain its conclusions with respect to the following factors as related to such identified waters:

- (1) The size, depth, surface area covered, volume, direction and rate of flow, stream gradient and temperature of the water;
- (2) The character of the district bordering said water, including any peculiar suitability such district may have or any dominant economic interest or development which has become established in relation to or by reason of any particular use of such water;
- (3) The uses and extent thereof which have been made, are being made, or may in the future be made, of such water for domestic consumption, bathing, fish or wildlife and their culture, industrial consumption, transportation, fire prevention, power generation, scientific or research uses, the disposal of sewage, industrial wastes and other wastes, or any other uses;
- (4) In revising existing or adopting new water quality classifications or standards, the Commission shall consider the use and value of State waters for public water supply, propagation of fish and wildlife, recreation, agriculture, industrial and

other purposes, use and value for navigation, and shall take into consideration, among other things, an estimate as prepared under section 305(b)(1) of the Federal Water Pollution Control Act amendments of 1972 of the environmental impact, the economic and social costs necessary to achieve the proposed standards, the economic and social benefits of such achievement and an estimate of the date of such achievement;

- (5) With regard to the groundwaters, the factors to be considered shall include the natural quality of the water below land surface and the condition of occurrences, recharge, movement and discharge, the vulnerability to pollution from wastewaters and other substances, and the potential for improvement of the quality and quantity of the water.

(e) Chapter 150B of the General Statutes governs the adoption and publication of rules under this Article.

(f), (g) Repealed by Session Laws 1987, c. 827, s. 156.

(1951, c. 606; 1957, c. 1275, s. 2; 1967, c. 892, s. 1; 1969, c. 822, s. 1; 1973, c. 1262, s. 23; 1975, c. 19, s. 50; c. 583, s. 8; c. 655, s. 5; 1977, c. 771, s. 4; 1979, c. 633, s. 6; 1979, 2nd Sess., c. 1199; 1983, c. 296, s. 1; 1987, c. 827, ss. 154, 156.)

§ 143-214.2. Prohibited discharges.

(a) The discharge of any radiological, chemical or biological warfare agent or high-level radioactive waste to the waters of the State is prohibited.

(b) The discharge of any wastes to the subsurface or groundwaters of the State by means of wells is prohibited. This section shall not be construed to prohibit (i) the operation of closed-loop groundwater remediation systems in accordance with G.S. 143-215.1A or (ii) injection of hydraulic fracturing fluid for the exploration or development of natural gas resources.

(c) Unless permitted by a rule of the Commission, the discharge of wastes, including thermal discharges, to the open waters of the Atlantic Ocean over which the State has jurisdiction are prohibited. (1973, c. 698, s. 2; c. 1262, s. 23; 1987, c. 827, ss. 154, 157; 1991 (Reg. Sess., 1992), c. 786, s. 2; 2012-143, s. 3(b).)

§ 143-215.3. General powers of Commission and Department; auxiliary powers.

(a) Additional Powers. - In addition to the specific powers prescribed elsewhere in this Article, and for the purpose of carrying out its duties, the Commission shall have the power:

- (1) To make rules implementing Articles 21, 21A, 21B, or 38 of this Chapter.
- (1a) To adopt fee schedules and collect fees for the following:
 - a. Processing of applications for permits or registrations issued under Article 21, other than Parts 1 and 1A, Articles 21A, 21B, and 38 of this Chapter;
 - b. Administering permits or registrations issued under Article 21, other than Parts 1 and 1A, Articles 21A, 21B, and 38 of this Chapter including monitoring compliance with the terms of those permits; and
 - c. Reviewing, processing, and publicizing applications for construction grant awards under the Federal Water Pollution Control Act.

No fee may be charged under this provision, however, to a farmer who submits an application that pertains to his farming operations.

- (1b) The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.108 and G.S. 143-215.109 of Article 21B of this Chapter may not exceed five hundred dollars (\$500.00). The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing a registration under Part 2A of this Article or Article 38 of this Chapter may not exceed fifty dollars (\$50.00) for any single registration. An additional fee of twenty percent (20%) of the registration processing fee may be assessed for a late registration under Article 38 of this Chapter. The fee for administering and compliance monitoring under Article 21, other than Parts 1 and 1A, and G.S. 143-215.108 and G.S. 143-215.109 of Article 21B shall be charged on an annual basis for each year of the permit term and may not exceed one thousand five hundred dollars (\$1,500) per year. Fees for processing all permits under Article 21A and all other sections of Article 21B shall not exceed one hundred dollars (\$100.00) for any single permit. The total payment for fees that are set by the Commission under this subsection for all permits for any single facility shall not exceed seven thousand five hundred dollars (\$7,500) per year, which amount shall include all application fees and fees for administration and compliance monitoring. A single facility is defined to be any contiguous area under one ownership and in which permitted activities occur. For all permits issued under these Articles where a fee schedule is not specified in the statutes, the Commission, or other commission specified by statute shall adopt a fee schedule in a rule following the procedures established by the Administrative Procedure Act. Fee schedules shall be established to reflect the size of the emission or discharge, the potential impact on the environment, the staff costs involved, relative costs of the issuance of new permits and the reissuance of existing permits, and shall include adequate safeguards to prevent unusual fee assessments which would result in serious economic burden on an individual applicant. A system shall be considered to allow consolidated annual payments for persons with multiple permits. In its rulemaking to establish fee schedules, the Commission is also directed to consider a method of rewarding facilities which achieve full compliance with administrative and self-monitoring reporting requirements, and to consider, in those cases where the cost of renewal

or amendment of a permit is less than for the original permit, a lower fee for the renewal or amendment.

- (1c) Moneys collected pursuant to G.S. 143-215.3(a)(1a) shall be used to:
 - a. Eliminate, insofar as possible, backlogs of permit applications awaiting agency action;
 - b. Improve the quality of permits issued;
 - c. Improve the rate of compliance of permitted activities with environmental standards; and
 - d. Decrease the length of the processing period for permit applications.
- (1d) The Commission may adopt and implement a graduated fee schedule sufficient to cover all direct and indirect costs required for the State to develop and administer a permit program which meets the requirements of Title V. The provisions of subdivision (1b) of this subsection do not apply to the adoption of a fee schedule under this subdivision. In adopting and implementing a fee schedule, the Commission shall require that the owner or operator of all air contaminant sources subject to the requirement to obtain a permit under Title V to pay an annual fee, or the equivalent over some other period, sufficient to cover costs as provided in section 502(b)(3)(A) of Title V. The fee schedule shall be adopted according to the procedures set out in Chapter 150B of the General Statutes.
 - a. The total amount of fees collected under the fee schedule adopted pursuant to this subdivision shall conform to the requirements of section 502(b)(3)(B) of Title V. No fee shall be collected for more than 4,000 tons per year of any individual regulated pollutant, as defined in section 502(b)(3)(B)(ii) of Title V, emitted by any source. Fees collected pursuant to this subdivision shall be credited to the Title V Account.
 - b. The Commission may reduce any permit fee required under this section to take into account the financial resources of small business stationary sources as defined under Title V and regulations promulgated by the United States Environmental Protection Agency.
 - c. When funds in the Title V Account exceed the total amount necessary to cover the cost of the Title V program for the next fiscal year, the Secretary shall reduce the amount billed for the next fiscal year so that the excess funds are used to supplement the cost of administering the Title V permit program in that fiscal year.
- (1e) The Commission shall collect the application, annual, and project fees for processing and administering permits, certificates of coverage under general permits, and certifications issued under Parts 1 and 1A of this Article and for compliance monitoring under Parts 1 and 1A of this Article as provided in G.S. 143-215.3D and G.S. 143-215.10G.
- (2) To direct that such investigation be conducted as it may reasonably deem necessary to carry out its duties as prescribed by this Article or Article 21A or Article 21B of this Chapter, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste, or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions, or the installation and operation of

any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system, or treatment works. In the case of effluent or emission data, any records, reports, or information obtained under this Article or Article 21A or Article 21B of this Chapter shall be related to any applicable effluent or emission limitations or toxic, pretreatment, or new source performance standards. No person shall refuse entry or access to any authorized representative of the Commission or Department who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

- (3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article or by Article 21B of this Chapter.
- (4) To delegate such of the powers of the Commission as the Commission deems necessary to one or more of its members, to the Secretary or any other qualified employee of the Department. The Commission shall not delegate to persons other than its own members and the designated employees of the Department the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subdivision (12) of this subsection for the abatement of existing water or air pollution. Any employee of the Department to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission.
- (5) To institute such actions in the superior court of any county in which a violation of this Article, Article 21B of this Chapter, or the rules of the Commission has occurred, or, in the discretion of the Commission, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Commission may deem necessary for the enforcement of any of the provisions of this Article, Article 21B of this Chapter, or of any official action of the Commission, including proceedings to enforce subpoenas or for the punishment of contempt of the Commission.
- (6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.
- (7) To direct the investigation of any killing of fish and wildlife which, in the opinion of the Commission, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or willfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Commission, may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Department and the North Carolina Wildlife

Resources Commission, whichever has jurisdiction over the fish and wildlife destroyed to be the replacement cost thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Department shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as the Commission may deem proper and reasonable, and if no settlement is reached within a reasonable time, the Commission shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Commission on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery, less the cost of investigation, shall be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

- (8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S. 143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only upon determination by the Commission, after public hearing, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article or Article 21B of this Chapter. The Commission may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Commission shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence

of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Commission that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given in accordance with the provisions of G.S. 150B-21.2.

A person aggrieved by an order of the Commission under this subdivision may seek judicial review of the order under Article 4 of Chapter 150B of the General Statutes without first commencing a contested case. An order may not be stayed while it is being reviewed.

- (9) If an investigation conducted pursuant to this Article or Article 21B of this Chapter reveals a violation of any rules, standards, or limitations adopted by the Commission pursuant to this Article or Article 21B of this Chapter, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or 143-215.108, or special order or other document issued pursuant to G.S. 143-215.2 or G.S. 143-215.110, the Commission may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Commission may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed, the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the Commission's discretion, in the superior court of the county in which such person resides or has his or its principal place of business, to recover such sums.
- (10) To require a laboratory facility that performs any tests, analyses, measurements, or monitoring required under this Article or Article 21B of this Chapter to be certified annually by the Department, to establish standards that a laboratory facility and its employees must meet and maintain in order for the laboratory facility to be certified, and to charge a laboratory facility a fee for certification. Fees collected under this subdivision shall be credited to the Water and Air Account and used to administer this subdivision. These fees shall be applied to the cost of certifying commercial, industrial, and municipal laboratory facilities.
- (11) Repealed by Session Laws 1983, c. 296, s. 6.
- (12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the Department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish and wildlife, the Secretary of the Department with the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the chairman of the Commission shall fix a place and time for a hearing

before the Commission to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Commission shall either affirm, modify or set aside the order.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the Secretary finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article or Article 21B of this Chapter. In such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this subdivision shall apply.

- (13) Repealed by Session Laws 1983, c. 296, s. 6.
- (14) To certify and approve, by appropriate delegations and conditions in permits required by G.S. 143-215.1, requests by publicly owned treatment works to implement, administer and enforce a pretreatment program for the control of pollutants which pass through or interfere with treatment processes in such treatment works; and to require such programs to be developed where necessary to comply with the Federal Water Pollution Control Act and the Resource Conservation and Recovery Act, including the addition of conditions and compliance schedules in permits required by G.S. 143-215.1. Pretreatment programs submitted by publicly owned treatment works shall include, at a minimum, the adoption of pretreatment standards, a permit or equally effective system for the control of pollutants contributed to the treatment works, and the ability to effectively enforce compliance with the program.
- (15) To adopt rules for the prevention of pollution from underground tanks containing petroleum, petroleum products, or hazardous substances. Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.
- (16) To adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing phosphorus pursuant to G.S. 143-214.4(e), and to adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing nitrilotriacetic acid.
- (17) To adopt rules to implement Part 2A of Article 21A of Chapter 143.

(b) Research Functions. - The Department shall have the power to conduct scientific experiments, research, and investigations to discover economical and practical corrective methods for air pollution and waste disposal problems. To this end, the Department may cooperate with any public or private agency or agencies in the conduct of such experiments, research, and investigations, and may, when funds permit, establish research studies in any North Carolina educational institution, with the consent of such institution. In addition, the Department shall have the power to cooperate and enter into contracts with technical divisions of State agencies, institutions and with municipalities, industries, and other persons in the execution of such surveys, studies, and research

as it may deem necessary in fulfilling its functions under this Article or Article 21B of this Chapter. All State departments shall advise with and cooperate with the Department on matters of mutual interest.

(c) Relation with the Federal Government. - The Commission as official water and air pollution control agency for the State is delegated to act in local administration of all matters covered by any existing federal statutes and future legislation by Congress relating to water and air quality control. In order for the State of North Carolina to effectively participate in programs administered by federal agencies for the regulation and abatement of water and air pollution, the Department is authorized to accept and administer funds provided by federal agencies for water and air pollution programs and to enter into contracts with federal agencies regarding the use of such funds.

(d) Relations with Other States. - The Commission or the Department may, with the approval of the Governor, consult with qualified representatives of adjoining states relative to the establishment of regulations for the protection of waters and air of mutual interest, but the approval of the General Assembly shall be required to make any regulations binding.

(e) Variances. - Any person subject to the provisions of G.S. 143-215.1 or 143-215.108 may apply to the Commission for a variance from rules, standards, or limitations established pursuant to G.S. 143-214.1, 143-215, or 143-215.107. The Commission may grant such variance, for fixed or indefinite periods after public hearing on due notice, or where it is found that circumstances so require, for a period not to exceed 90 days without prior hearing and notice. Prior to granting a variance hereunder, the Commission shall find that:

- (1) The discharge of waste or the emission of air contaminants occurring or proposed to occur do not endanger human health or safety; and
- (2) Compliance with the rules, standards, or limitations from which variance is sought cannot be achieved by application of best available technology found to be economically reasonable at the time of application for such variances, and would produce serious hardship without equal or greater benefits to the public, provided that such variances shall be consistent with the provisions of the Federal Water Pollution Control Act as amended or the Clean Air Act as amended; and provided further, that any person who would otherwise be entitled to a variance or modification under the Federal Water Pollution Control Act as amended or the Clean Air Act as amended shall also be entitled to the same variance from or modification in rules, standards, or limitations established pursuant to G.S. 143-214.1, 143-215, and 143-215.107, respectively.

(f) Notification of Completed Remedial Action. - The definitions set out in G.S. 130A-310.31(b) apply to this subsection. Any person may submit a written request to the Department for a determination that groundwater has been remediated to meet the standards and classifications established under this Part. A request for a determination that groundwater has been remediated to meet the standards and classifications established under this Part shall be accompanied by the fee required by G.S. 130A-310.39(a)(2). If the Department determines that groundwater has been remediated to established standards and classifications, the Department shall issue a written notification that no further remediation of the groundwater will be required. The notification shall state that no further remediation of the groundwater will be required unless the Department later determines, based on new information or information not previously provided to the Department, that the groundwater has not been remediated to established standards and classifications or that the Department was provided with false or incomplete information. Under any of those circumstances,

the Department may withdraw the notification and require responsible parties to remediate the groundwater to established standards and classifications. (1951, c. 606; 1957, c. 1267, s. 3; 1959, c. 779, s. 8; 1963, c. 1086; 1967, c. 892, s. 1; 1969, c. 538; 1971, c. 1167, ss. 7, 8; 1973, c. 698, ss. 1-7, 9, 17; c. 712, s. 1; c. 1262, ss. 23, 86; c. 1331, s. 3; 1975, c. 583, ss. 5, 6; c. 655, s. 3; 1977, c. 771, s. 4; 1979, c. 633, ss. 6-8; 1979, 2nd Sess., c. 1158, ss. 1, 3, 4; 1983, c. 296, ss. 5-8; 1985, c. 551, s. 2; 1987, c. 111, s. 2; c. 767, s. 1; c. 827, ss. 1, 154, 161, 266; 1987 (Reg. Sess., 1988), c. 1035, s. 2; 1989, c. 500, s. 122; c. 652, s. 1; 1991, c. 552, ss. 2, 11; c. 712, s. 2; 1991 (Reg. Sess., 1992), c. 890, s. 16; c. 1039, ss. 14, 20.1; 1993, c. 344, s. 2; c. 400, ss. 1(c), 2, 3, 15; c. 496, s. 4; 1993 (Reg. Sess., 1994), c. 694, s. 1; 1995, c. 484, s. 5; 1997-357, s. 6; 1997-496, s. 4; 1998-212, s. 29A.11(b).)

§ 143B-282. Environmental Management Commission - creation; powers and duties.

(a) There is hereby created the Environmental Management Commission of the Department of Environmental Quality with the power and duty to promulgate rules to be followed in the protection, preservation, and enhancement of the water and air resources of the State.

(1) Within the limitations of G.S. 143-215.9 concerning industrial health and safety, the Environmental Management Commission shall have all of the following powers and duties:

- a. To grant a permit or temporary permit, to modify or revoke a permit, and to refuse to grant permits pursuant to G.S. 143-215.1 and G.S. 143-215.108 with regard to controlling sources of air and water pollution.
- b. To issue a special order pursuant to G.S. 143-215.2(b) and G.S. 143-215.110 to any person whom the Commission finds responsible for causing or contributing to any pollution of water within such watershed or pollution of the air within the area for which standards have been established.
- c. To conduct and direct that investigations be conducted pursuant to G.S. 143-215.3 and G.S. 143-215.108(c)(5).
- d. To conduct public hearings, institute actions in superior court, and agree upon or enter into settlements, all pursuant to G.S. 143-215.3.
- e. To direct the investigation of any killing of fish and wildlife pursuant to G.S. 143-215.3.
- f. To consult with any person proposing to construct, install, or acquire an air or water pollution source pursuant to G.S. 143-215.3 and G.S. 143-215.111.
- g. To encourage local government units to handle air pollution problems and to provide technical and consultative assistance pursuant to G.S. 143-215.3 and G.S. 143-215.112.
- h. To review and have general oversight and supervision over local air pollution control programs pursuant to G.S. 143-215.3 and G.S. 143-215.112.
- i. To declare an emergency when it finds a generalized dangerous condition of water or air pollution pursuant to G.S. 143-215.3.
- j. To render advice and assistance to local government regarding floodways pursuant to G.S. 143-215.56.
- k. To declare and delineate and modify capacity use areas pursuant to G.S. 143-215.13.
- l. To grant permits for water use within capacity use areas pursuant to G.S. 143-215.15.
- m. To direct that investigations be conducted when necessary to carry out duties regarding capacity use areas pursuant to G.S. 143-215.19.
- n. To approve, disapprove and approve subject to conditions all applications for dam construction pursuant to G.S. 143-215.28; to require construction progress reports pursuant to G.S. 143-215.29.
- o. To halt dam construction pursuant to G.S. 143-215.29.
- p. To grant final approval of dam construction work pursuant to G.S. 143-215.30.

- q. To have jurisdiction and supervision over the maintenance and operation of dams pursuant to G.S. 143-215.31.
 - r. To direct the inspection of dams pursuant to G.S. 143-215.32.
 - s. To modify or revoke any final action previously taken by the Commission pursuant to G.S. 143-214.1 and G.S. 143-215.107.
 - t. To have jurisdiction and supervision over oil pollution and dry-cleaning solvent use, contamination, and remediation pursuant to Article 21A of Chapter 143 of the General Statutes.
 - u. To administer the State's authority under 33 U.S.C. § 1341 of the federal Clean Water Act.
 - v. To approve Coastal Habitat Protection Plans as provided in G.S. 143B-279.8.
 - w. To identify, review, and assess reports prepared by the Department of Environmental Quality that are required by an act of the General Assembly and that the Commission finds would have a significant public interest and to include that assessment in its report to the Environmental Review Commission under subsection (b) of this section.
- (2) The Environmental Management Commission shall adopt rules:
- a. For air quality standards, emission control standards and classifications for air contaminant sources pursuant to G.S. 143-215.107.
 - b. For water quality standards and classifications pursuant to G.S. 143-214.1 and G.S. 143-215.
 - c. To implement water and air quality reporting pursuant to Part 7 of Article 21 of Chapter 143 of the General Statutes.
 - d. To be applied in capacity use areas pursuant to G.S. 143-215.14.
 - e. To implement the issuance of permits for water use within capacity use areas pursuant to G.S. 143-215.15 and G.S. 143-215.16.
 - f. Repealed by Session Laws 1983, c. 222, s. 3.
 - g. For the protection of the land and the waters over which this State has jurisdiction from pollution by oil, oil products and oil by-products pursuant to Article 21A of Chapter 143.
 - h. Governing underground tanks used for the storage of oil or hazardous substances pursuant to Articles 21, 21A, or 21B of Chapter 143 of the General Statutes, including inspection and testing of these tanks and certification of persons who inspect and test tanks.
 - i. To implement the provisions of Part 2A of Article 21 of Chapter 143 of the General Statutes.
 - j. To implement the provisions of Part 6 of Article 21A of Chapter 143 of the General Statutes.
 - k. To implement basinwide water quality management plans developed pursuant to G.S. 143-215.8B.
 - l. For matters within its jurisdiction that allow for and regulate horizontal drilling and hydraulic fracturing for the purpose of oil and gas exploration and development.
- (3) The Commission is authorized to make such rules, not inconsistent with the laws of this State, as may be required by the federal government for grants-in-aid for

water and air resources purposes which may be made available to the State by the federal government. This section is to be liberally construed in order that the State and its citizens may benefit from such grants-in-aid.

- (4) The Commission shall make rules consistent with the provisions of this Chapter. All rules adopted by the Commission shall be enforced by the Department of Environmental Quality.
- (5) The Environmental Management Commission shall have the power to adopt rules with respect to any State laws administered under its jurisdiction so as to accept evidence of compliance with corresponding federal law or regulation in lieu of a State permit, or otherwise modify a requirement for a State permit, upon findings by the Commission, and after public hearings, that there are:
 - a. Similar and corresponding or more restrictive federal laws or regulations which also require an applicant to obtain a federal permit based upon the same general standards or more restrictive standards as the State laws and rules require; and
 - b. That the enforcement of the State laws and rules would require the applicant to also obtain a State permit in addition to the required federal permit; and
 - c. That the enforcement of the State laws and rules would be a duplication of effort on the part of the applicant; and
 - d. Such duplication of State and federal permit requirements would result in an unreasonable burden not only on the applicant, but also on the citizens and resources of the State.
- (6) The Commission may establish a procedure for evaluating renewable energy technologies that are, or are proposed to be, employed as part of a renewable energy facility, as defined in G.S. 62-133.8; establish standards to ensure that renewable energy technologies do not harm the environment, natural resources, cultural resources, or public health, safety, or welfare of the State; and, to the extent that there is not an environmental regulatory program, establish an environmental regulatory program to implement these protective standards.

(b) The Environmental Management Commission shall submit written reports as to its operation, activities, programs, and progress to the Environmental Review Commission by January 1 of each year. The Environmental Management Commission shall supplement the written reports required by this subsection with additional written and oral reports as may be requested by the Environmental Review Commission.

(c) The Environmental Management Commission shall implement the provisions of subsections (d) and (e) of 33 U.S.C. § 1313 by identifying and prioritizing impaired waters and by developing appropriate total maximum daily loads of pollutants for those impaired waters. The Commission shall incorporate those total maximum daily loads approved by the United States Environmental Protection Agency into its continuing basinwide water quality planning process.

(d) The Environmental Management Commission may adopt rules setting out strategies necessary for assuring that water quality standards are met by any point or nonpoint source or by any category of point or nonpoint sources that is determined by the Commission to be contributing to the water quality impairment. These strategies may include, but are not limited to, additional monitoring, effluent limitations, supplemental standards or classifications, best management practices, protective

buffers, schedules of compliance, and the establishment of and delegations to intergovernmental basinwide groups.

(e) In appointing the members of the Commission, the appointing authorities shall make every effort to ensure fair geographic representation of the Commission. (1973, c. 1262, s. 19; 1975, c. 512; 1977, c. 771, s. 4; 1983, c. 222, s. 3; 1985, c. 551, s. 1; 1989, c. 652, s. 2; c. 727, s. 218(128); 1989 (Reg. Sess., 1990), c. 1036, s. 1; 1991 (Reg. Sess., 1992), c. 990, s. 1; 1993, c. 348, s. 3; 1996, 2nd Ex. Sess., c. 18, s. 27.4(b); 1997-392, s. 2(a), (b); 1997-400, s. 3.2; 1997-443, s. 11A.119(a); 1997-458, ss. 8.4, 8.5; 1997-496, s. 16; 1998-212, s. 14.9H(f); 1999-328, s. 4.13; 2001-424, s. 19.13(a); 2002-165, s. 1.9; 2007-397, s. 2(c); 2012-143, s. 2(h); 2015-241, s. 14.30(u); 2017-10, s. 4.13(a); 2017-211, s. 3.)

§ 150B-2. Definitions.

As used in this Chapter,

- (1) "Administrative law judge" means a person appointed under G.S. 7A-752, 7A-753, or 7A-757.
- (1a) "Agency" means an agency or an officer in the executive branch of the government of this State and includes the Council of State, the Governor's Office, a board, a commission, a department, a division, a council, and any other unit of government in the executive branch. A local unit of government is not an agency.
- (1b) "Adopt" means to take final action to create, amend, or repeal a rule.
- (1c) "Codifier of Rules" means the person appointed by the Chief Administrative Law Judge of the Office of Administrative Hearings pursuant to G.S. 7A-760(b).
- (1d) "Commission" means the Rules Review Commission.
- (2) "Contested case" means an administrative proceeding pursuant to this Chapter to resolve a dispute between an agency and another person that involves the person's rights, duties, or privileges, including licensing or the levy of a monetary penalty. "Contested case" does not include rulemaking, declaratory rulings, or the award or denial of a scholarship, a grant, or a loan.
- (2a) Repealed by Session Laws 1991, c. 418, s. 3.
- (2b) "Hearing officer" means a person or group of persons designated by an agency that is subject to Article 3A of this Chapter to preside in a contested case hearing conducted under that Article.
- (3) "License" means any certificate, permit or other evidence, by whatever name called, of a right or privilege to engage in any activity, except licenses issued under Chapter 20 and Subchapter I of Chapter 105 of the General Statutes, occupational licenses, and certifications of electronic poll books, ballot duplication systems, or voting systems under G.S. 163-165.7.
- (4) "Licensing" means any administrative action issuing, failing to issue, suspending, or revoking a license or occupational license. "Licensing" does not include controversies over whether an examination was fair or whether the applicant passed the examination.
- (4a) "Occupational license" means any certificate, permit, or other evidence, by whatever name called, of a right or privilege to engage in a profession, occupation, or field of endeavor that is issued by an occupational licensing agency.
- (4b) "Occupational licensing agency" means any board, commission, committee or other agency of the State of North Carolina which is established for the primary purpose of regulating the entry of persons into, and/or the conduct of persons within a particular profession, occupation or field of endeavor, and which is authorized to issue and revoke licenses. "Occupational licensing agency" does not include State agencies or departments which may as only a part of their regular function issue permits or licenses.
- (5) "Party" means any person or agency named or admitted as a party or properly seeking as of right to be admitted as a party and includes the agency as appropriate.

- (6) "Person aggrieved" means any person or group of persons of common interest directly or indirectly affected substantially in his or its person, property, or employment by an administrative decision.
- (7) "Person" means any natural person, partnership, corporation, body politic and any unincorporated association, organization, or society which may sue or be sued under a common name.
- (7a) "Policy" means any nonbinding interpretive statement within the delegated authority of an agency that merely defines, interprets, or explains the meaning of a statute or rule. The term includes any document issued by an agency which is intended and used purely to assist a person to comply with the law, such as a guidance document.
- (8) "Residence" means domicile or principal place of business.
- (8a) "Rule" means any agency regulation, standard, or statement of general applicability that implements or interprets an enactment of the General Assembly or Congress or a regulation adopted by a federal agency or that describes the procedure or practice requirements of an agency. The term includes the establishment of a fee and the amendment or repeal of a prior rule. The term does not include the following:
 - a. Statements concerning only the internal management of an agency or group of agencies within the same principal office or department enumerated in G.S. 143A-11 or 143B-6, including policies and procedures manuals, if the statement does not directly or substantially affect the procedural or substantive rights or duties of a person not employed by the agency or group of agencies.
 - b. Budgets and budget policies and procedures issued by the Director of the Budget, by the head of a department, as defined by G.S. 143A-2 or G.S. 143B-3, by an occupational licensing board, as defined by G.S. 93B-1.
 - c. Nonbinding interpretative statements within the delegated authority of an agency that merely define, interpret, or explain the meaning of a statute or rule.
 - d. A form, the contents or substantive requirements of which are prescribed by rule or statute.
 - e. Statements of agency policy made in the context of another proceeding, including:
 - 1. Declaratory rulings under G.S. 150B-4.
 - 2. Orders establishing or fixing rates or tariffs.
 - f. Requirements, communicated to the public by the use of signs or symbols, concerning the use of public roads, bridges, ferries, buildings, or facilities.
 - g. Statements that set forth criteria or guidelines to be used by the staff of an agency in performing audits, investigations, or inspections; in settling financial disputes or negotiating financial arrangements; or in the defense, prosecution, or settlement of cases.

- h. Scientific, architectural, or engineering standards, forms, or procedures, including design criteria and construction standards used to construct or maintain highways, bridges, or ferries.
 - i. Job classification standards, job qualifications, and salaries established for positions under the jurisdiction of the State Human Resources Commission.
 - j. Establishment of the interest rate that applies to tax assessments under G.S. 105-241.21.
 - k. The State Medical Facilities Plan, if the Plan has been prepared with public notice and hearing as provided in G.S. 131E-176(25), reviewed by the Commission for compliance with G.S. 131E-176(25), and approved by the Governor.
 - l. Standards adopted by the Department of Information Technology applied to information technology as defined by G.S. 147-33.81.
- (8b) Repealed by Session Laws 2011-398, s. 61.2, effective July 25, 2011.
- (8c) "Substantial evidence" means relevant evidence a reasonable mind might accept as adequate to support a conclusion.
- (9) Repealed by Session Laws 1991, c. 418, s. 3. (1973, c. 1331, s. 1; 1975, 2nd Sess., c. 983, ss. 61, 62; 1977, c. 915, s. 5; 1983, c. 641, s. 1; 1985, c. 746, s. 1; 1985 (Reg. Sess., 1986), c. 1022, s. 1(2)-1(5); 1987, c. 878, ss. 1, 2, 21; 1987 (Reg. Sess., 1988), c. 1111, s. 17; 1991, c. 418, s. 3; c. 477, ss. 3.1, 3.2, 9; 1995, c. 390, s. 29; 1996, 2nd Ex. Sess., c. 18, s. 7.10(g); 1997-456, s. 27; 2003-229, s. 12; 2007-491, s. 44(1)b; 2011-13, s. 2; 2011-398, ss. 15, 61.2; 2013-188, s. 7; 2013-382, s. 9.1(c); 2013-413, s. 1; 2015-2, s. 2.2(c); 2015-241, ss. 7A.3, 30.16(a); 2017-6, s. 3; 2018-13, s. 3.8(b); 2018-146, s. 4.5(b).)

§ 150B-19. Restrictions on what can be adopted as a rule.

An agency may not adopt a rule that does one or more of the following:

- (1) Implements or interprets a law unless that law or another law specifically authorizes the agency to do so.
- (2) Enlarges the scope of a profession, occupation, or field of endeavor for which an occupational license is required.
- (3) Imposes criminal liability or a civil penalty for an act or omission, including the violation of a rule, unless a law specifically authorizes the agency to do so or a law declares that violation of the rule is a criminal offense or is grounds for a civil penalty.
- (4) Repeats the content of a law, a rule, or a federal regulation. A brief statement that informs the public of a requirement imposed by law does not violate this subdivision and satisfies the "reasonably necessary" standard of review set in G.S. 150B-21.9(a)(3).
- (5) Establishes a fee or other charge for providing a service in fulfillment of a duty unless a law specifically authorizes the agency to do so or the fee or other charge is for one of the following:
 - a. A service to a State, federal, or local governmental unit.
 - b. A copy of part or all of a State publication or other document, the cost of mailing a document, or both.
 - c. A transcript of a public hearing.
 - d. A conference, workshop, or course.
 - e. Data processing services.
- (6) Allows the agency to waive or modify a requirement set in a rule unless a rule establishes specific guidelines the agency must follow in determining whether to waive or modify the requirement.
- (7) Repealed by Session Laws 2011-398, s. 61.2, effective July 25, 2011. (1973, c. 1331, s. 1; 1985, c. 746, s. 1; 1991, c. 418, s. 1; 1996, 2nd Ex. Sess., c. 18, s. 7.10(a); 2011-13, s. 1; 2011-398, s. 61.2.)

§ 150B-21.2. Procedure for adopting a permanent rule.

(a) Steps. - Before an agency adopts a permanent rule, the agency must comply with the requirements of G.S. 150B-19.1, and it must take the following actions:

- (1) Publish a notice of text in the North Carolina Register.
- (2) When required by G.S. 150B-21.4, prepare or obtain a fiscal note for the proposed rule.
- (3) Repealed by Session Laws 2003-229, s. 4, effective July 1, 2003.
- (4) When required by subsection (e) of this section, hold a public hearing on the proposed rule after publication of the proposed text of the rule.
- (5) Accept oral or written comments on the proposed rule as required by subsection (f) of this section.

(b) Repealed by Session Laws 2003-229, s. 4, effective July 1, 2003.

(c) Notice of Text. - A notice of the proposed text of a rule must include all of the following:

- (1) The text of the proposed rule, unless the rule is a readoption without substantive changes to the existing rule proposed in accordance with G.S. 150B-21.3A.
- (2) A short explanation of the reason for the proposed rule.
- (2a) A link to the agency's Web site containing the information required by G.S. 150B-19.1(c).
- (3) A citation to the law that gives the agency the authority to adopt the rule.
- (4) The proposed effective date of the rule.
- (5) The date, time, and place of any public hearing scheduled on the rule.
- (6) Instructions on how a person may demand a public hearing on a proposed rule if the notice does not schedule a public hearing on the proposed rule and subsection (e) of this section requires the agency to hold a public hearing on the proposed rule when requested to do so.
- (7) The period of time during which and the person within the agency to whom written comments may be submitted on the proposed rule.
- (8) If a fiscal note has been prepared for the rule, a statement that a copy of the fiscal note can be obtained from the agency.
- (9) Repealed by Session Laws 2013-143, s. 1, effective June 19, 2013.

(d) Mailing List. - An agency must maintain a mailing list of persons who have requested notice of rule making. When an agency publishes in the North Carolina Register a notice of text of a proposed rule, it must mail a copy of the notice or text to each person on the mailing list who has requested notice on the subject matter described in the notice or the rule affected. An agency may charge an annual fee to each person on the agency's mailing list to cover copying and mailing costs.

(e) Hearing. - An agency must hold a public hearing on a rule it proposes to adopt if the agency publishes the text of the proposed rule in the North Carolina Register and the agency receives a written request for a public hearing on the proposed rule within 15 days after the notice of text is published. The agency must accept comments at the public hearing on both the proposed rule and any fiscal note that has been prepared in connection with the proposed rule.

An agency may hold a public hearing on a proposed rule and fiscal note in other circumstances. When an agency is required to hold a public hearing on a proposed rule or decides to hold a public hearing on a proposed rule when it is not required to do so, the agency must publish in the North Carolina Register a notice of the date, time, and place of the public hearing. The hearing date of a public hearing held after the agency publishes notice of the hearing in the North Carolina Register must be at least 15 days after the date the notice is published. If notice of a public hearing has been

published in the North Carolina Register and that public hearing has been cancelled, the agency shall publish notice in the North Carolina Register at least 15 days prior to the date of any rescheduled hearing.

(f) Comments. - An agency must accept comments on the text of a proposed rule that is published in the North Carolina Register and any fiscal note that has been prepared in connection with the proposed rule for at least 60 days after the text is published or until the date of any public hearing held on the proposed rule, whichever is longer. An agency must consider fully all written and oral comments received.

(g) Adoption. - An agency shall not adopt a rule until the time for commenting on the proposed text of the rule has elapsed and shall not adopt a rule if more than 12 months have elapsed since the end of the time for commenting on the proposed text of the rule. Prior to adoption, an agency shall review any fiscal note that has been prepared for the proposed rule and consider any public comments received in connection with the proposed rule or the fiscal note. An agency shall not adopt a rule that differs substantially from the text of a proposed rule published in the North Carolina Register unless the agency publishes the text of the proposed different rule in the North Carolina Register and accepts comments on the proposed different rule for the time set in subsection (f) of this section.

An adopted rule differs substantially from a proposed rule if it does one or more of the following:

- (1) Affects the interests of persons who, based on the proposed text of the rule published in the North Carolina Register, could not reasonably have determined that the rule would affect their interests.
- (2) Addresses a subject matter or an issue that is not addressed in the proposed text of the rule.
- (3) Produces an effect that could not reasonably have been expected based on the proposed text of the rule.

When an agency adopts a rule, it shall not take subsequent action on the rule without following the procedures in this Part. An agency must submit an adopted rule to the Rules Review Commission within 30 days of the agency's adoption of the rule.

(h) Explanation. - An agency must issue a concise written statement explaining why the agency adopted a rule if, within 15 days after the agency adopts the rule, a person asks the agency to do so. The explanation must state the principal reasons for and against adopting the rule and must discuss why the agency rejected any arguments made or considerations urged against the adoption of the rule. The agency must issue the explanation within 15 days after receipt of the request for an explanation.

(i) Record. - An agency must keep a record of a rule-making proceeding. The record must include all written comments received, a transcript or recording of any public hearing held on the rule, any fiscal note that has been prepared for the rule, and any written explanation made by the agency for adopting the rule. (1973, c. 1331, s. 1; 1975, 2nd Sess., c. 983, s. 63; 1977, c. 915, s. 2; 1983, c. 927, ss. 3, 7; 1985, c. 746, s. 1; 1985 (Reg. Sess., 1986), c. 1022, s. 1(1), (7); 1987, c. 285, ss. 7-9; 1989, c. 5, s. 1; 1991, c. 418, s. 1; 1995, c. 507, s. 27.8(d); 1996, 2nd Ex. Sess., c. 18, s. 7.10(e); 2003-229, s. 4; 2011-398, s. 5; 2013-143, s. 1; 2013-413, s. 3(a).)
