I'm sorry for the miscommunication. Perhaps, if you are amenable to changing the language to add your suggested language, I am otherwise satisfied with the submitted rules.

Can you add to .0103(a)(3): "A loose leaf version of the North Carolina State Building Code 2018 is available to International Code Council non-members at a cost of \$171.00; other prices are offered for digital versions, members, walk-in customers, and for other code sections."

The "walk-in customer" is my only suggestion, and not a necessity. If you can, please send an amended version of that rule, or just let me know if you are not going to amend.

Thanks,

Lawrence Duke

I am out of the office but will be back shortly and will respond.

Since you did not address the proposed language I was not sure it was acceptable so I am up with alternative language.

Is the submitted language not acceptable?

Ms. Cramer,

Thank you for amending these Rules. Before they are presented to the Rules Review Commission, I wanted to check with you about the fee language in 13 NCAC 13 .0103. In our correspondence you had suggested language regarding the price to obtain the NCDOL State Building Code. This language was not incorporated into the version sent in response to the tech changes. Did you intend to incorporate that language or no?

Otherwise, everything looked good.

Thank you,

Lawrence Duke
