Re: Objection to Rule 02 NCAC 09L .1913 and Extension of the Period of Review for Rules 02 NCAC 09L .0101-.0103; .0308, .0310, .0317, .0318; .0402; .0502-.0505, .0509, .0515, .0516, .0519, .0520, .0522-.0527, .0529; .0602, .0603; .0701-.0703, .0705, .0707; .0810; .1001-.1003, .1005, .1006, .1009; .1102-.1105, .1107-.1109, .1111; .1201, .1202; .1302, .1303, .1305, .1306; .1401, .1402, .1404; .1805, .1806; .1901, .1902, .1905-.1909; .1914; .2001-.2004; and .2201-.2203

Dear Ms. Waggett:

At its May meeting, the Rules Review Commission objected to 02 NCAC 09L .1913 in accordance with G.S. 150B-21.10.

The Commission objected to Rule 02 NCAC 09L .1913 for lack of clarity and lack of necessity. The Rule is repetitive of the effective date contained in the history note and is therefore unnecessary. The Rule also does not specify whether the term “these Rules” refers to the rules of this Section or the rules of this Subchapter, making it unclear.

Please respond to this objection in accordance with the provisions of G.S. 150B-21.12.

At its meeting, the Rules Review Commission also extended the period of review for Rules 02 NCAC 09L .0101-.0103; .0308, .0310, .0317, .0318; .0402; .0502-.0505, .0509, .0515, .0516, .0519, .0520, .0522-.0527, .0529; .0602, .0603; .0701-.0703, .0705, .0707; .0810; .1001-.1003, .1005, .1006, .1009; .1102-.1105, .1107-.1109, .1111; .1201, .1202; .1302, .1303, .1305, .1306; .1401, .1402, .1404; .1805, .1806; .1901, .1902, .1905-.1909; .1914; .2001-.2004; and .2201-.2203. The Commission did so in response to a request from the agency to extend the period in order to allow the agency to address the requested technical changes and submit the revised rules at a later meeting.

Subject: FW: Pesticide Board - Request to Extend the Period of Review

From: Waggett, Christina <Christina.Waggett@ncagr.gov>
Sent: Friday, May 8, 2020 5:19 PM
To: Snyder, Ashley B <ashley.snyder@oah.nc.gov>
Subject: Pesticide Board - Request to Extend the Period of Review

Ashley,

The Pesticide Board requests to extend the period of review for all of the Pesticide Board rules except 02 NCAC 09L .0913. With over 70 pages of technical changes, we need additional time to adequately respond to the requests.

Thank you for your consideration.

Chrissy

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: All Rules

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

The earliest effective date for rules approved at the May 2020 RRC meeting is June 1, 2020. Please review and revise the effective date in all history notes.

If a rule has more than one page, please insert page numbers in accordance with 26 NCAC 02C .0108(h).

Throughout these Rules, you refer to either the "North Carolina Department of Agriculture" or the "North Carolina Department of Agriculture and Consumer Services." Please use the agency's current name and be consistent.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0101

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Why is this Rule necessary? Are you delegating powers of the Board pursuant to 143-461(5)? If so, that is not clear.

Why is G.S. 106-65.23 listed in your history note?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0101 is readopted as published in 34:11 NCR 903 as follows:

SUBCHAPTER 9L - PESTICIDE SECTION

SECTION .0100 - ORGANIZATIONAL RULES

02 NCAC 09L .0101 DUTIES OF THE PESTICIDE SECTION

The primary duties of the pesticide section of the ~~food and drug protection division~~ Structural Pest Control and Pesticides Division are the administration and enforcement of the North Carolina Pesticide Law of 1971, G.S. Chapter 143.

*History Note: Authority G.S. 106-65.23; 143-461(5);
 Eff. February 1, 1976;
 Amended Eff. August 1, 1982; January 27, 1978.
 Readopted Eff. May 1, 2020.*

REQUEST FOR TECHNICAL CHANGE

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Where is your statutory authority for this Rule? The statute in the history note grants authority to the Commissioner of Agriculture.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L is readopted as published in 34:11 NCR 903 as follows:

02 NCAC 09L .0103 ASSIGNMENT OF DUTIES

The Commissioner of Agriculture has assigned the administrative and enforcement duties and functions assigned to him in the North Carolina Pesticide Law of 1971 to the ~~food and drug protection division~~ Structural Pest Control and Pesticides Division of the North Carolina Department of ~~Agriculture~~. Agriculture and Consumer Services.

History Note: Authority G.S. 143-438;
Eff. February 1, 1976;
Amended Eff. August 1, 1982; January 27, 1978.
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0308

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 5, what does it mean for a pesticide's status to remain "unchanged" with the EPA? Does the pesticide also have to keep the same label as the previous year?

At line 5, by "review," I take it you mean "review by the Board?"

At lines 5-6, how does the Board determine whether a pesticide's continued use is in the best interest of the public? What factors are considered?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0308 is readopted as published in 34:11 NCR 903 as follows:

02 NCAC 09L .0308 REGISTRATION FOR THE FOLLOWING YEAR

Registration of a pesticide registered the previous year will be renewed provided its registration status with the Environmental Protection Agency remains unchanged at the time of review and its continued use in North Carolina is in the best interest of the public.

History Note: Authority G.S. 143-442;
Eff. February 1, 1976.
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, consider deleting either "revised" or "amended" if they have the same meaning here.

At line 4, please define "interim period."

At line 5, please change "will" to "shall."

In 7, are you using the term "special local needs" as defined in 40 CFR 162.151?

In (2), please change "will" to "shall."

At line 8, please define "unreasonable adverse effects."

At lines 8-9, please define "hazards to humans, domestic animals, and wildlife." How does the board determine whether a pesticide poses a hazard? What factors are considered?

In (3), how does the Board determine whether continued registration is "desirable?" What factors are considered?

In (3), please change "will" to "shall."

In (3), define "best public interest." How is this determination made? What factors are considered?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0310 is readopted as published in 34:11 NCR 903 as follows:

02 NCAC 09L .0310 REREGISTRATION

Reregistration of a pesticide registered the previous year with the label or labeling revised and amended in the interim period will be accepted provided the following conditions are met:

- (1) The revision and amendment have been accepted by the Environmental Protection Agency or approved for special local needs;
- (2) The revision and amendment will cause no unreasonable adverse effects on the environment or hazards to humans, domestic animals, and wildlife; and
- (3) Its continued registration is desirable and will be in the best public interest.

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

What is the purpose of this Rule? Are these the standards used by the Board to determine whether to approve a new pesticide? If so, please make that clear.

At lines 5 and 23, what do you mean by "guidelines?" Are these requirements?

In (1), please consider deleting "that" at the beginning of the sentence. Please compare (1)-(3) and either make sentences beginning with capitalized words or make them all part of a list without the first word being capitalized.

At line 6, the rule says "in general." Are there exceptions to (1)? If so, are the exceptions (2) and (3)? If yes, please make that clear. If no, what are the exceptions?

At line 17, what is the purpose of the language "additional considerations?"

At line 23, please format (2) so it is aligned with (1) and (3).

At line 24, consider deleting "be expected to."

In (3), please consider deleting "that."

At line 30, what are "overages?" The other words in this rule in quotations are "passed" and "deficient," which I took to be the decision on whether to allow or approve a pesticide. Why is "overage" in quotations?

In (3)(b) and (c), please delete or define "significant."

At line 36, do you mean "and" or "or?"

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0402 is readopted as published in 34:11 NCR 904 as follows:

02 NCAC 09L .0402 TOLERANCES

In regards to establishing tolerances providing for ~~reasonable~~ deviations from the guaranteed analysis statement, the following guidelines are adopted:

- (1) that, in general, a "passed" judgment on a pesticide formulation be made if the analytical results are within the following guidelines:

Pesticide Active Ingredient Guarantee, Percent	Allowable Deviation Below Guarantee
<1.00	15 percent of Guarantee
1.00 - 19.99	0.1 plus 5 percent of Guarantee
20.00 - 49.99	0.5 plus 3 percent of Guarantee
50.00 - 100.00	1.0 plus 2 percent of Guarantee

Additional considerations:

~~(a) If a sufficient number of samples as determined by the food and drug protection division of a given product indicate that the manufacturer is not formulating the product to achieve the level of the guarantee, an administrative judgment may be made to warn the formulator against the practice of formulating products in a manner only to stay within the allowable deviation from the guarantee.~~

~~(b)(2)~~ A sample result falling outside of the guidelines ~~may not necessarily~~ shall not be "deficient" if one of the following factors could ~~reasonably~~ be expected to have contributed ~~significantly~~ to the off-limits analysis:

~~(i)(a)~~ special sampling problems, such as fertilizer-pesticide mixtures and certain granular products; or

~~(ii)(b)~~ accuracy, specificity, ~~reproducibility, etc., and reproducibility~~ of the methods used when applied to the particular formulation;

~~(2)(3)~~ that, allowable deviations, similar to those for "deficiencies," ~~are not~~ shall not be applicable to "overages." Each sample analysis ~~will~~ shall be judged individually as to whether or not the overage is excessive by using the following criteria:

- (a) no illegal residues resulting from use according to directions;
- (b) no significant additional hazard to applicator or user;
- (c) no significant damage to non-target organisms or the environment;
- (d) stability of ingredients and the need for "over-formulating"; or

(e) accuracy, specificity, reproducibility, etc., of the methods used when applied to the particular formulation.

History Note: Authority G.S. 143-437(1); 143-446;
Eff. February 1, 1976;
Amended Eff. November 1, 1988; August 1, 1982; January 27, 1978.
Readopted Eff. May 1, 2020.

RULE CITATION: 02 NCAC 09L .0502

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, did you intend to refer to "this Section" or "this Subchapter" instead of "this Rule?"

At line 5, please capitalize "Environmental Protection Agency."

In (3), is the reference to .0318 correct? .0318 says it sets forth the "criteria for determining the conditions under which an emergency exists" and "the procedures for obtaining an exemption," not criteria for approval of pesticides.

In (3), if you keep the reference to .0318, please refer to "Rule .0318 of this Subchapter."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0502 is readopted as published in 34:11 NCR 904 as follows:

02 NCAC 09L .0502 LIST OF RESTRICTED USE PESTICIDES

For the purpose of this ~~Regulation~~ Rule a ~~restricted use pesticide~~ is: “restricted use pesticide” shall be:

- (1) any pesticide required by the environmental protection agency to bear the designation on its labeling
"Restricted Use ~~Pesticide~~"; Pesticide;"
- (2) ~~arsenic trioxide, all formulations of which must be sold and/or purchased in accordance with additional regulations (2 NCAC 9L .1200) adopted by the North Carolina Pesticide Board; trioxide; and~~
- (3) any pesticide approved under 2 NCAC 9L .0318.

History Note: Filed as an Emergency Amendment [(e)] Eff. July 8, 1977, for a Period of 176 Days to Expire on December 31, 1977;
Authority G.S. 143-440(a),(b); 143-441; 143-458;
Eff. February 1, 1976;
Amended Eff. April 21, 1977;
Emergency Amendment [(e)] Expired Eff. December 31, 1977;
Amended Eff. January 1, 1990; August 1, 1982; January 1, 1979; June 30, 1978.
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0503

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

What type of license are you requiring in (a)? Please remember rule titles are not used when interpreting a rule.

In (a), does the Commissioner or the Board set this requirement? Since you are using the language "the Commissioner shall require" is the Board delegating this authority?

In (a), please define "place of business." For example, if a business has multiple locations, does each location require at least one licensed person?

At line 6, please use "he or she."

At line 6, please define "personally" and "directly."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0503 is readopted as published in 34:11 NCR 904 as follows:

02 NCAC 09L .0503 PESTICIDE APPLICATORS

(a) The Commissioner shall require the licensing of at least one person at each place of business ~~location~~ who ~~must~~ shall be responsible for the application of pesticides for routine pest control situations.

(b) The person licensed as the pesticide applicator, if he personally is not directly involved in use of pesticides, shall supervise and guide the activities of all personnel applying pesticides from the business location of the licensee.

History Note: Authority G.S. 143-452; 143-453; 143-458; 143-460(30);

Eff. February 1, 1976.

Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0504

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At lines 7 and 11, are you using the language "without limiting the foregoing" to reflect the language in 40 CFR 171.3?

At lines 13-15, where is your statutory authority to regulate veterinarians?

In (2), what are "forest seed-producing areas?" Does your regulated public understand this term?

At line 23, please delete or define "purposefully."

At lines 28 and 31, please capitalize "State" if you are referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

At line 35, why is there a semicolon followed by a capitalized word? Consider replacing this with "...demonstration, including extension specialists. . ."

On page 2, line 2, please capitalize "State" if you are referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0504 is readopted as published in 34:11 NCR 504 as follows:

02 NCAC 09L .0504 DEFINITIONS

The following definitions apply to Rules .0505, .0506, and .0507 of this Section:

(1) "Agricultural pest control":

(a) Plant. Includes pesticide applicators using or supervising the use of pesticides in production of agricultural crops, including without limiting the foregoing, tobacco, peanuts, cotton, feed grains, soybeans and forage; vegetables; small fruits; tree fruits and nuts; as well as on grasslands and non-crop agricultural lands; and

(b) Animal. Includes pesticide applicators using or supervising the use of pesticides on animals, including without limiting the foregoing, beef cattle, dairy cattle, swine, sheep, horses, goats, poultry, and livestock, and to places where animals are confined. Doctors of veterinary medicine engaged in the business of applying pesticides for hire, publicly holding themselves out as pesticide applicators, or engaged in large-scale use of pesticides are included in this category.

(2) "Forest pest control" includes pesticide applicators using or supervising the use of pesticides in forests, forest nurseries, and forest seed-producing areas.

(3) "Ornamental and turf pest control" includes pesticide applicators using or supervising the use of pesticides to control pests in the maintenance and production of ornamental trees, shrubs, flowers, and turf.

(4) "Seed treatment" includes pesticide applicators using or supervising the use of pesticides on seeds.

(5) "Aquatic pest control" includes pesticide applicators using or supervising the use of any pesticide purposefully applied to standing or running water, excluding applicators engaged in public health related activities included in Item (7) of this Rule.

(6) "Right-of-way pest control" includes pesticide applicators using or supervising the use of pesticides in the maintenance of public roads, electric powerlines, pipelines, railway rights-of-way, or other similar areas.

(7) "Public health pest control" includes primarily, but is not limited to, state, federal, or other governmental employees using or supervising the use of pesticides in public health programs for the management and control of pests having medical and public health importance.

(8) "Regulatory pest control" includes state, federal, or other governmental employees who use or supervise the use of pesticides in the control of regulated pests.

(9) "Demonstration and research pest control" includes the following:

(a) persons who demonstrate to the public the use and techniques of application of pesticides or supervise such demonstration; This includes extension specialists and county agents, commercial representatives demonstrating pesticide products, and those persons demonstrating methods used in public programs; and

- 1 (b) persons who use or supervise the use of pesticides while conducting field research with
2 pesticides. This includes state, federal, commercial, and other persons conducting field
3 research on or utilizing pesticides.
- 4 (10) "Wood treatment" includes pesticide applicators using or supervising the use of restricted use
5 pesticides in wood preservation and wood products treatment.
- 6 (11) "Soil and growing media fumigation pest control" includes individuals using or supervising the
7 use of any fumigant pesticide injected or applied to soils or growing media. This category
8 excludes fumigation of raw agricultural commodities and all structural fumigation such as:
- 9 (a) boxcars;
10 (b) warehouses;
11 (c) tractor trailers; and
12 (d) grain bins.
- 13 (12) "Growing media" includes a substance or substances through which roots grow and extract water
14 and nutrients.

15
16 *History Note:* Authority G.S. 143-452(d); 143-460(29); 40 C.F.R. 171.3;
17 Eff. February 1, 1976;
18 Amended Eff. June 1, 2016; November 1, 1984; August 1, 1982; October 27, 1979.
19 Readopted Eff. May 1, 2020.
20

02 NCAC 09L .0505 is readopted as published in 34:11 NCR 904 as follows:

02 NCAC 09L .0505 CLASSIFICATIONS

The following classifications and subclassifications shall apply to the licensing of pesticide applicators:

(1) pesticide applicators and public operators utilizing ground equipment:

(a) agricultural pest control:

(i) plant; and

(ii) animal;

(b) forest pest control;

(c) ornamental and turf pest control;

(d) aquatic pest control;

(e) right-of-way pest control;

(f) public health pest control;

(g) regulatory pest control;

(h) demonstration and research pest control:

(i) agricultural pest control:

(A) plant; and

(B) animal;

(ii) forest pest control;

(iii) ornamental and turf pest control;

(iv) aquatic pest control;

(v) right-of-way pest control;

(vi) public health pest control;

(vii) regulatory pest control;

(viii) seed treatment;

(ix) wood treatment; and

(x) soil and growing media fumigation pest control;

(i) seed treatment;

(j) wood treatment; and

(k) soil and growing media fumigation pest control;

(2) pesticide applicators and public operators utilizing aerial equipment:

(a) agricultural pest control: plant;

(b) forest pest control;

(c) ornamental and turf pest control;

(d) aquatic pest control;

(e) right-of-way pest control;

(f) public health pest control;

- (g) regulatory pest control; and
- (h) demonstration and research pest control:
 - (i) agricultural pest control: plant;
 - (ii) forest pest control;
 - (iii) ornamental and turf pest control;
 - (iv) aquatic pest control;
 - (v) right-of-way pest control;
 - (vi) public health pest control; and
 - (vii) regulatory pest control.

Eff. February 1, 1976;
Amended Eff. June 1, 2016; November 1, 1984; August 26, 1976.
Readopted Eff. May 1, 2020.*

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0509

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 6, which subject areas are "pertinent to the category in which the applicant seeks to obtain a license?" Who makes this determination? What factors are considered?

At line 6, what are the categories of pest control consultant licenses? I do not see classifications for pest control consultants in .0505.

At line 7, who determines whether an emphasis of study is "applicable to the category?" How is this determination made?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0509 is readopted as published in 34:11 NCR 904 as follows:

02 NCAC 09L .0509 CONSULTANT EDUCATION REQUIREMENTS

(a) An applicant for a pest control consultant license ~~must~~ shall possess a Ph.D., master's, or bachelor's degree in an agricultural or biological science from an accredited college or university with ~~a minimum of~~ 30 semester hours or 45 quarter hours of credit in subject areas pertinent to the category in which the applicant seeks to obtain a license. Emphasis of study ~~must~~ shall include insect, plant, bacterial, and fungal pests, as applicable to the category, and integrated pest management. As used in this Rule, "accredited college or university" means an institution that is accredited by an accrediting commission recognized by the Council on Post-Secondary Accreditation.

(b) The provisions of this Section shall not apply to anyone holding a valid North Carolina pest control consultant license on or before July 1, 1992.

*History Note: Authority G.S. 143-455; 143-460(27);
Eff. February 1, 1976;
Amended Eff. July 1, 1992; November 1, 1988.

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0516

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, please define "outlet."

In (1), who is the "designated individual?"

In (1), is the "request for examination appointment" simply a request or is it a form? If the former, does it have to be in writing? If the latter, are the contents or substantive requirements of the form in rule in accordance with G.S. 150B-2(8a)(d)?

In (2), who is the "qualified person?" Is this a different person than the "designated individual" at line 10?

In (3), please change "will" to "shall."

How does this Rule comply with G.S. 143-448(a)?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0520

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At lines 4 and 7, what are "commercial pesticide applicators?" Are you using this term to follow the language in 40 CFR 171.4? In the previous Rules, the term "pesticide applicators" is used. Is this a type of pesticide applicator? Please clarify and be consistent with terms.

Why is (a) necessary? What are you requiring of your regulated public?

If you keep (a), please define "safe and effective."

In (b), to be clear, are you saying the renewal of a license is automatic for either five years or two years, depending on the type of equipment used?

In (b), please consider: "The license of a certified pesticide applicator, public applicator, or pest control consultant shall not be renewed annually for more than five years..."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel

02 NCAC 09L .0522 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .0522 RECERTIFICATION OPTIONS

(a) Commercial pesticide applicators, public operators, and pest control consultants may be recertified by completion of approved continuing certification credit requirements in the pest control category in which the individual is certified and desires to retain certification. A "continuing certification credit" is defined as one hour of approved continuing certification training. Continuing certification training shall be approved by the Board based upon the US Environmental Protection Agency "Standards for certification of commercial applicators," as contained in 40 CFR 171.4, and such training may consist of grower meetings, seminars, short courses, or other presentations taught by extension pesticide personnel, or other privately or publicly sponsored training organizations approved by the Board. Continuing certification requirements for each pest control category are as follows:

- | | | |
|------|----------------------------|------------------------------|
| (1) | aquatic | 6 credits per 5-year period |
| (2) | public health | 6 credits per 5-year period |
| (3) | forest | 6 credits per 5-year period |
| (4) | right-of-way | 4 credits per 5-year period |
| (5) | regulatory | 6 credits per 5-year period |
| (6) | ag pest-animal | 6 credits per 5-year period |
| (7) | ornamental and turf | 10 credits per 5-year period |
| (8) | seed treatment | 3 credits per 5-year period |
| (9) | ag pest-plant | 10 credits per 5-year period |
| (10) | demonstration and research | 10 credits per 5-year period |

The continuing certification credits required for demonstration and research may consist of any combination of credits divided between training in the primary categories set forth in Subparagraph (a)(1) through (a)(9) of this Rule and training in demonstration and research.

- | | | |
|------|--------|-----------------------------|
| (11) | aerial | 4 credits per 2-year period |
|------|--------|-----------------------------|

The Continuing Certification Credits required for aerial applicators shall include one credit obtained through training in aerial methods.

- | | | |
|------|-----------------------------------|-----------------------------|
| (12) | wood treatment | 4 credits per 5-year period |
| (13) | soil and growing media fumigation | 3 credits per 5-year period |

The Continuing Certification Credits established for each ground application pest control category shall be obtained in at least two years of the five-year period.

(b) Commercial pesticide applicators, public operators, and pest control consultants may be recertified by passing a written comprehensive examination administered by North Carolina Department of Agriculture and Consumer Services personnel and based on training materials that have been approved by the Board.

*History Note: Authority G.S. 143-437(1); 143-440(b); 143-453(c)(2); 143-455(d);
Eff. September 10, 1980;*

1 *Amended Eff. June 1, 2016; November 1, 1984.*
2 *Readopted Eff. May 1, 2020.*

Date submitted to agency: May 1, 2020

02 NCAC 09L .0523 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .0523 RECERTIFICATION IN ADDITIONAL CATEGORIES

(a) Individuals desiring to retain certification in more than one pest control category ~~must~~ shall complete for each category any one of the recertification options described in Rule .0522 of this Section.

(b) Individuals desiring to retain certification through Continuing Certification Training in more than one ground pest control category may do so upon completion of total Continuing Certification Credit Requirements in the category carrying the highest credit requirements, by completing three Continuing Certification Credits in each additional category.

(c) Individuals desiring to retain certification through Continuing Certification Training in more than one aerial pest control category may do so upon completion of total Continuing Certification Credit Requirements in any one category, by completing one Continuing Certification Credit in each additional category.

*History Note: Authority G.S. 143-437(1); 143-440(b); 143-453(c)(2); 143-455(d);
Eff. September 10, 1980;
Amended Eff. October 22, 1981.
Readopted Eff. May 1, 2020.*

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .0524

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (b), what do you mean by "at the direction of the Board?" Under what circumstances does this occur?

At line 5, please change "will" to "shall."

At line 6, do you mean "and" instead of "of?"

At line 8, please consider deleting "be required to" since you already say "shall."

At line 8, please delete or define "satisfactorily."

At line 9, please delete or define "updated materials."

At line 10, what is the Board's approval process? Is this specified in another Rule?

In (d), please change "will" to "shall."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .0524 is readopted a published in 34:11 NCR 905 as follows:

02 NCAC 09L .0524 EXPIRATION OF CERTIFICATION

(a) The recertification period shall expire on June 30th.

(b) At the direction of the Board, each certified individual will be notified 6-9 months prior to the recertification expiration date of the individual's remaining requirements for recertification.

(c) A certified individual who has completed none of the recertification options in Rule .0522 of this Section prior to the recertification expiration date shall be required to retake and satisfactorily pass a comprehensive license examination defined in G.S. 143-453 or 143-455 before a license will be reissued in any category. This examination will be based on updated training materials approved by the Board.

(d) No individual will be allowed to carry over any Continuing Certification Credits from one recertification period to another.

*History Note: Authority G.S. 143-437(1); 143-440(b); 143-453(c)(2); 143-455(d);
Eff. September 10, 1980;
Amended Eff. February 4, 1993; November 1, 1988.
Readopted Eff. May 1, 2020.*

REQUEST FOR TECHNICAL CHANGE

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Please consider revising (a) to say who shall do what. Please use active voice.

In (a), what do you mean by "in considering disposal techniques?"

In (a), what "procedures" are you referring to?

At lines 4 and 5, how do you determine whether a procedure is "designed to recover some useful value from excess pesticides?"

For the "Note" at lines 7-10, is the Pesticide Board setting the requirement that pesticides be disposed of in accordance with the rules in 15A NCAC 13A and B or are you informing your regulated public that these other rules may apply? If it is the latter, does this meet the definition of a "rule" in 150B-2(8a)?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 7, please consider deleting "or" and ending the sentence with "requires."

Throughout this Rule, please consider setting off terms with quotation marks. For example, "Agricultural Aircraft Operation" means the operation of..." Also, please end each definition with a period instead of a semicolon.

At line 11, please add a comma after "environment."

At line 13, please consider separating this definition into two sentences instead of using a semicolon.

In (4), is saying both "case law" and "opinions" repetitive?

At lines 15-16, please refer to "~~Federal Aviation Regulations (F.A.R.)~~ 14 CFR Subchapter G Part 137"

At lines 15-16, are you just referring to 14 CFR Part 137, Subpart C?

At line 22, please consider replacing the comma after "health" with an "or."

At line 23, please define "immediate."

Please consider making (8) into two sentences.

In (9), consider revising the list to remove the extra use of the word "and" as follows: "Water, air, land, plants, man, and animals. . ."

In (10), are you incorporating this CFR by reference? If so, please use the standard incorporation language: "[Title] is incorporated by reference, including subsequent amendments and editions. This document may be accessed at [website link] at [cost]."

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

In (12), please replace the comma after “kept” with an “and” since there are only two items in the list.

In (16), please delete or define “prominently.”

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1001 is readopted as published in 34:11 NCR 905 as follows:

SECTION .1000 - AERIAL APPLICATION OF PESTICIDES

02 NCAC 09L .1001 DEFINITIONS

All specific words or terms used in this Section shall have the same definitions as shown in the North Carolina Pesticide Law of 1971, G.S. 143-460, or unless the context otherwise requires, other definitions shall be:

- (1) Agricultural Aircraft Operation. The operation of an aircraft for the purpose of dispensing any pesticide directly affecting agriculture, horticulture, forest preservation, or for any other pest control operation;
- (2) Adverse Effect. Personal injury, damage to personal property, damage to real property, damage to the environment or any combination of these;
- (3) Aircraft. A weight-carrying structure for navigation of the air that is supported either by its own buoyancy or by the dynamic action of the air against its surfaces; This shall include either fixed-wing or rotary-wing aircraft;
- (4) Congested Areas. The same meaning as described in case law opinions interpreting Federal Aviation Regulations (F.A.R.), 14 CFR Subchapter G Part 137;
- (5) Contractor. Any person who owns or manages an aerial application business ~~which~~ that is engaged in the custom application of pesticides;
- (6) Custom Application. Any application of pesticides by aircraft for which service a payment is made;
- (7) Drift. The airborne movement of pesticides resulting from the application of pesticides such as to carry the pesticides beyond the target area;
- (8) Emergency. An occurrence ~~which~~ that can impair public health, safety or result in injury, damage, or loss of life ~~which~~ that calls for immediate action; An emergency may be minor or of such magnitude as to create a disaster;
- (9) Environment. Water, air, ~~land~~ land, and all plants and man and other animals living therein and the interrelationships which exist among these;
- (10) F.A.R.-137. ~~Federal Aviation Regulations Volume VII, 14 CFR Subchapter G Part 137, and subsequent amendments and editions, as amended through September 10, 1980,~~ relating to agricultural aircraft operations;
- (11) Pilot. The person in control of the aircraft during the application of a pesticide;
- (12) Registered Apiary--~~an apiary~~ any place where one or more colonies of bees are kept, registered with the North Carolina Department of Agriculture; Agriculture and Consumer Services;
- (13) Respirator. A respirator or mask of a type that has been tested by the National Institute of Occupational Safety and Health and found to be satisfactory for protection against the particular pesticide being used;
- (14) Spray Equipment. The equipment used for spraying liquid mixtures of pesticides in an agricultural aircraft operation;
- (15) Target Area. Intended site of pesticide application;

1 (16) Toxicity Category I Pesticides. Any pesticide products ~~which~~ that are required to display the signal word
2 "Danger" prominently on the label.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1002

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a), please provide citations to the referenced laws.

At line 5, do you mean "rules and regulations?"

At line 6, please provide the full citation and capitalize "Part."

At line 9, do you mean "rules" instead of "regulations?"

At line 10, please delete or define "specifically."

At line 10, by "these Rules," which rules are you referring to? The Rules of this Section?

In (c), please consider removing parentheses and incorporating the language into the text of the Rule.

What requirement are you referring to at line 12?

Please review and clarify the language at lines 12-13. At line 11, the Rule says the record has to be completed within 72 hours.

Please review the citation at line 14. Many of the rules in 02 NCAC 09L .1800 have been repealed.

At line 15, the cited Rule expired. Please review and update.

In (c)(8), please consider removing parentheses and incorporating this language into the text of the Rule.

At lines 32-33, consider: ". . . using the same pesticide, or another pesticide compatible with the previous pesticide according to the manufacturer's recommendations . . ."

At lines 35-36, please define "environmental or human hazard."

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

In (i), please delete or define “reasonably.”

In (l), please delete or define “immediately.”

In (l), who is the “designated alternate?”

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1002 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1002 GENERAL REQUIREMENTS

(a) All agricultural aircraft operations in North Carolina shall comply with the Federal Occupational Safety and Health Act of 1971 (OSHA), the North Carolina Occupational Safety and Health Law, all regulations promulgated thereunder and the Federal Aviation Regulations part 137. In any case of conflict, a provision of the aforementioned authorities takes precedence over any of these Rules.

(b) Each aerial application business shall have a licensed contractor. The contractor shall be responsible for the compliance of the business with the North Carolina Pesticide Law of 1971 and all regulations promulgated thereunder except where the responsibility is specifically designated to another person(s) by these Rules.

(c) All agricultural aircraft operations (pilot or contractor) shall keep a written record to be completed within 72 hours after each application. This requirement ~~must~~ shall be fulfilled as soon as requested by an employee of the Pesticide Section for the purposes of a pesticide incident investigation. For pesticides covered under the Worker Protection Standards for Agricultural Pesticides, 02 NCAC 09L .1800, such records ~~must~~ shall be completed in accordance with 02 NCAC 09L .1807(b). The record shall show the following:

- (1) name of contractor;
- (2) name and address of the person for whom the pesticide was applied;
- (3) identification of farm or land sites treated with pesticide(s);
- (4) name of crop which was treated;
- (5) total number of acres treated;
- (6) the year, month, date, and the specific time of day when each pesticide application was completed;
- (7) the brand name of the pesticide(s) and EPA registration number;
- (8) amount of formulated product or active material applied per acre (~~must~~ shall specify);
- (9) total gallons or pounds per acre of the final tank mix applied per acre;
- (10) name of pilot; and
- (11) signature of person completing this record.

(d) Each day of application shall be recorded as a separate record.

(e) The pilot shall, prior to application, learn and confirm:

- (1) the boundaries and exact location of the target area(s); and
- (2) the identity of nontarget areas and safety hazards located on or adjacent to the target areas.

(f) Spray and spreading equipment shall be rinsed after each agricultural aircraft operation except when the next agricultural aircraft operation will be made using the same pesticide, or if another pesticide, one which by its manufacturer's recommendations is compatible with that previously in the equipment, and will not result in any adverse effects or illegal residues. Rinsing shall be conducted in an area where an environmental hazard will not be created by the drainage or disposal of waste materials and conducted with methods which will not create an environmental or human hazard.

1 (g) During application, the flow and mixture of the pesticide(s) shall be uniform. Pilots and contractors shall utilize
2 equipment which will maintain a uniform mixture and flow during application.

3 (h) Pilots and contractors shall use and operate, in any agricultural aircraft operation, aircraft equipped with spray or
4 spreading equipment suited, according to its manufacturer's recommendations for the pesticide(s) to be applied. All
5 aerial spray or spreading equipment shall be free of leaks and shall have a positive shutoff system to prevent leaking and
6 dissemination of pesticides on any nontarget areas over which the flight is made. Such equipment shall not allow
7 spillage, dripping and backflow or create a hazard from vapors or drift.

8 (i) The loading area shall be kept reasonably free of pesticide contamination.

9 (j) No pesticide(s) shall be applied by an aerial applicator while any persons other than those assisting in the application
10 are in the target area.

11 (k) The shape of the tank or hopper of the spray or spreading equipment shall be such as to allow complete drainage
12 during flight and on ground.

13 (l) The contractor or pilot shall immediately notify the Secretary of the Board, or designated alternate, of any emergency
14 or accidental release of pesticide(s) from the application or auxiliary equipment. They shall provide the following
15 information:

- 16 (1) the name of the pilot;
- 17 (2) the contractor involved;
- 18 (3) the name of the property owner or operator;
- 19 (4) the location of the incident;
- 20 (5) the name of the pesticide;
- 21 (6) the estimated amount of pesticide involved;
- 22 (7) the estimated size of the area that received the spill;
- 23 (8) the description of what is located within 300 feet from the edge of the spill in all directions;
- 24 (9) the number of humans or animals known to have been contaminated; and
- 25 (10) the weather conditions at the site of the emergency or accidental release of pesticide(s).

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1003

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 5, please consider deleting "as a minimum." Rules always set minimum requirements.

At lines 10 and 12, who determines whether the pilot's safety would be endangered? Is it the pilot?

At line 18, do you mean "may" or "shall?"

In (5), please refer to "Item (4) of this Rule."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1003 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1003 DRIFT CONTROL

No person shall apply a pesticide(s) aerially under such conditions that drift from pesticide(s) particles or vapors results in adverse effect. As a minimum, the following precautions shall be taken:

- (1) Fixed nozzles shall be spaced on the boom to afford a uniform spray pattern at the height the aircraft will be flown.
- (2) All pesticides applied aerially as liquids, in liquid carriers, or as dusts shall be released within 15 feet above the canopy of the target, except where obstructions in or adjacent to the target would endanger the safety of the pilot while applying pesticides at that altitude.
- (3) All pesticides applied aerially as dry granules or pellets shall be released within 40 feet above the canopy of the target, except where obstructions in or adjacent to the target would endanger the safety of the pilot while applying pesticides at that altitude.
- (4) All applications of the following liquid pesticide formulations shall be made using a D4 or larger disk with a 46 whirlplate with the discharge directed with the airstream or not more than 10 degrees below the horizontal, and operated at a maximum pressure of 40 pounds per square inch, or a system producing a droplet size range not smaller than the above system, except for rotary-wing aircraft flying at speeds of 60 mph or less, in which case the nozzles may be directed downward:
 - (a) phenoxy herbicides,
 - (b) paraquat,
 - (c) picloram (Tordon), and
 - (d) dicamba.
- (5) Restricted use pesticides other than those specified in (4) of this Rule shall be applied as follows:
 - (a) use a D4 or larger disk with a 45 whirlplate with the discharge directed with the airstream or not more than 10 degrees below the horizontal, and operated at a maximum pressure of 40 pounds per square inch; or
 - (b) a system producing a droplet size range not smaller than the above system, except for rotary-wing aircraft flying at speeds of 60 mph or less, in which case the nozzles may be directed downward; or
 - (c) use a boom with outside nozzles placed no closer to the wingtips than 12-1/2 percent of the total wingspan distance. If the length of the boom of the spraying equipment exceeds the nozzle span, a bleeder line shall be provided from the end of the boom to the last nozzle on the boom.

02 NCAC 09L .1005 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1005 RESTRICTED AREAS

(a) No pesticide shall be applied by aircraft within the limits of any congested area except when permission is granted under

~~F.A.R. 137.~~ 14 CFR Subchapter G Part 137.

(b) No pesticide shall be deposited by aircraft within 300 feet of the premises of schools, hospitals, nursing homes, churches, or any building (other than a residence) which is used for business or social activities if either the premises or the building is occupied by people.

(c) No pesticide shall be deposited by aircraft on the right-of-way of a public road or within 25 feet of the road, whichever is the greater distance.

(d) No pesticide labeled toxic or harmful to aquatic life shall be deposited in or near any body of water in such a manner as to be hazardous to aquatic life unless such aquatic life is the intended target of the pesticide.

(e) No pesticide shall be deposited within 100 feet of any residence.

(f) No pesticide shall be deposited onto any nontarget area in such a manner that it is more likely than not that adverse effect will occur.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1006

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, consider: "There shall be no exemptions from this Section except under the following conditions:"

In (1), please consider adding the statute under which the Commissioner would make the emergency proclamation.

In (2), do you mean "may" or "shall?" If you mean "may" under what circumstances would these exceptions be granted?

In (2)(a) and (b) do you mean "rules" instead of "regulation?"

In (2)(a), under what circumstances is this "deemed appropriate?" How is this determination made? What factors are considered?

In (3), when referring to a Rule in the same Section, please refer to "Rule .xxxx of this Section."

At line 11, define "public agency."

At lines 13 and 27, please capitalize "State" if you are referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

At line 13, please add a comma after "federal."

At line 14, do you mean "may" or "shall?" If you mean "may," under what circumstances is this exception granted?

At line 17, define "complete." Is it complete if it meets the standards in (a)-(e)?

In (3)(a)(v), please consider "proposed date range of application."

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

In (d)(i), please define “sensitive areas.”

On page 2, lines 5 and 9, please consider replacing the parentheses with commas.

At line 7, please replace “should” with “shall.”

Throughout (e)(i), please remove the parentheses and incorporate the language in the text of the Rule.

At line 14, do you mean “may” or “shall?”

At line 16, do you mean “may” or “shall?”

At line 17, define “preliminary notification.”

At line 23, do you mean “shall” instead of “should?”

At line 24, do you mean “may” or “shall?”

At line 25, is news media an “appropriate” form or notification or the required type of notification?

At line 28, do you mean “shall” instead of “should?”

At line 34, define “pest of public health significance.”

At line 34, please refer to “Rule 1002(j) of this Section.”

On page 3, line 7, which “approved pesticides” are you referring to?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1006 is adopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1006 EXEMPTIONS

No person or procedure or spraying and spreading system for aerial application of pesticides shall be exempt from any of the provisions of this Section except under ~~these~~ the following conditions:

- (1) During an emergency proclaimed by the ~~commissioner~~, Commissioner, specific aerial applicators may, on a temporary basis, be exempted from all, or from specific regulations by the ~~commissioner~~, Commissioner.
- (2) The North Carolina Pesticide Board may authorize exemptions:
 - (a) from specific regulations for specific aerial applications when deemed appropriate,
 - (b) from specific regulations for an aerial applicator applying pesticides while engaged in experimental work for or under the direct supervision of a public agency or while engaged in experimental work for a private individual or person.
- (3) Any state, federal or public agency or aerial applicator under contractual agreement with and under supervision of such an agency when conducting a pest control operation may be exempted from ~~2 02~~ 02 NCAC 9L ~~.1002(i), .1002(j)~~, General Requirements, and ~~2 02~~ 02 NCAC 9L .1005(b) through (e), Restricted Areas, provided that, at least 30 days prior to the proposed initiation of the subject operation they present to the Pesticide Section, a complete description of the operation ~~which~~ that meets or exceeds the following standards:
 - (a) Project Description. The application shall include all of the following:
 - (i) explanation of why the project is needed;
 - (ii) identification of target pest or pests;
 - (iii) map showing treatment area;
 - (iv) total acreage to be treated; and
 - (v) proposed dates of application (range).
 - (b) Description of the Pesticide. The application shall contain a description of the pesticide(s) proposed for use under the exemption. Such information shall include:
 - (i) a statement that the pesticide product(s) proposed for use carries current state and federal registration and are ~~currently~~ labeled for the proposed use. Include The EPA registration number for each pesticide; pesticide shall be included in the statement;
 - (ii) ~~Material~~ Safety Data Sheet (~~MSDS~~). (SDS) Include an ~~MSDS~~ SDS for each pesticide proposed for use;
 - (iii) a statement specifying the composition of the final spray mixture to be applied to the target area. Identify any diluent(s), adjuvant(s), or other materials to be used with the pesticide(s) in the final spray mixture.
 - (c) Aircraft Information. The description shall include the following:
 - (i) identification of type(s) of aircraft proposed for use (fixed wing, helicopter, etc.); and
 - (ii) identification of equipment specifications.

- (d) Environmental Evaluation. The description shall include the following:
- (i) identify or map any hospitals, schools, nursing homes, watersheds, and any other sensitive areas in or near the proposed treatment area;
 - (ii) list any rare, threatened, or endangered species in the proposed treatment area and describe measures (if any) to lessen adverse environmental impacts to such species or their habitat from the proposed treatment(s);
 - (iii) describe alternative methods of pest control (options). A no treatment alternative should be included. Describe probable environmental consequences of each alternative; and
 - (iv) describe measures (if any) to mitigate the adverse environmental impacts of the proposed project.
- (e) Notification and Public Input Plan. The application shall contain the following:
- (i) Preliminary Notification:
 - (A) For small projects (less than 50 acres or fewer than 20 landowners) individual notification (personal contact or mailings) may be used. This notification shall include the information in criteria (a) through (c);
 - (B) For larger projects, the news media (radio, TV, newspapers) may be used for preliminary notification. A public meeting may also be used as a preliminary notification tool. This notification shall include the information in criteria (a) through (c);
 - (ii) Input Plan. There should be a plan for allowing public input about the project prior to the final choice of the course of action to be taken;
 - (iii) Operational Notification. After a decision is made on the course of action to be taken on the project, the people affected by the project should be informed of the decision. On small projects this may be done on an individual basis. On larger projects the news media ~~would~~ shall be an appropriate avenue of notification;
 - (iv) A contact person and telephone number shall be listed in the public notice; and
 - (v) Evacuation Plan. For persons concerned about the project because of health reasons, there should be a notification procedure so they may leave the treatment area while the project is underway.

The Pesticide Section shall either approve, disapprove, or refer to the North Carolina Pesticide Board all applications for exemption.

- (4) Any local health director or aerial applicator licensed under the subcategory of public health pest control, under supervision of such local health director when conducting a control operation for disease vectors or other pest of public health significance shall be exempted from 2 NCAC 9L .1002(i), .1002(j) General Requirements; .1003, Drift Control; and .1005(b) through (e), Restricted Areas, provided such local health director or his authorized designee notifies the secretary of the Board prior to initiation of subject operation and submits the following information:

- 1 (a) name of aerial applicator or contractor,
2 (b) location and general description of operation area(s),
3 (c) identity of target pest(s),
4 (d) brand name(s) and EPA registration number(s) of the pesticide(s) to be used,
5 (e) scheduled date(s) of application(s), and
6 (f) outline of nature of operation.

7 Approved pesticide(s) shall be applied in compliance with label requirements.
8

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1009

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, please remove the comma after "bees."

At line 7, is notification required based upon establishment of the seasonal spray schedule or scheduled days where pesticide will be sprayed?

In (c), just to be sure, is the list of registrations still sent via U.S. mail instead of email?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1009 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1009 NOTIFICATION OF APIARIES

(a) Any person who hires the services of an aerial applicator to apply a pesticide labeled as toxic to bees, shall notify, based on available listings of registered apiaries, the owner or operator of any registered apiary located within one mile of the target area not less than 48 hours nor more than 10 days prior to the beginning of a single application or a seasonal spray schedule, giving the approximate time of day of application and type of pesticide to be used.

(b) "Notification" for the purposes of this Paragraph is defined as follows:

(1) written communication by:

(a) U.S. mail,

(b) Notification left at residence, or

(c) Notification left at alternate address as designated on the honeybee registration list.

(2) oral communication by:

(a) telephone,

(b) personal communication, or

(c) verbal communication with an alternate person as designated on the honeybee registration list.

(3) digital communication by:

(a) electronic mail or

(b) instant cellular text messaging.

(c) The Pesticide Section shall distribute new registrations of beekeepers and their alternates by U.S. mail on the first of each quarter (January 1, April 1, July 1, and October 1) to all farmers growing crops within one mile of the apiaries that are identified on the "Apiary Registration Form" of the Plant Industry Division. The list of revised registered apiaries shall become effective on the fifth day of the first month in the quarter stated in this Rule. The registration of apiaries shall be effective for the calendar year that they are registered.

Eff. January 1, 1985;

Amended Eff. January 1, ~~2016~~-2016;

Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1102

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

When do the definitions in this Rule apply? In this Section? If so, please make that clear.

Throughout this Rule, please consider putting defined terms in quotation marks. For example: "Certified applicator" means any individual. . ."

At line 8, which "person" are you referring to? The applicator?

In (c)(7), please capitalize "State" if you are referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

In (c)(7), do you mean "laws, rules, and regulations?"

In (c)(9), what sources of advice and guidance are "necessary?"

At line 28, what are the criteria for Board approval? Is this in another Rule?

At line 30, do you mean "may" or "shall?"

On page 2, what is the purpose of the language at line 3? Why is it on a separate line? If you need it, please consider incorporating it elsewhere in the Rule.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1102 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1102 DEFINITIONS

(a) Certified applicator - any individual who is certified to use or supervise the use of any restricted use pesticide.

(b) Private pesticide applicator - a person who uses or supervises the use of any restricted use pesticide under the following conditions:

(1) for the purpose of producing any agricultural commodity on property owned or rented by the person or the person's employer; or

(2) if the pesticide is applied without compensation other than the trading of personal services between producers of agricultural commodities on the property of another person.

(c) Private pesticide applicator certification standards review - a training session designed by the North Carolina State University Pesticide Safety Extension Specialist to advance a private pesticide applicator's practical knowledge in areas such as:

(1) the pest problems and pest control practices associated with agricultural operations;

(2) storage, use, handling, and disposal of pesticides and their containers;

(3) labels and labeling information;

(4) local environmental situations to consider during application to avoid contamination;

(5) recognition of poisoning symptoms and procedures to follow in case of a pesticide accident;

(6) protective clothing, equipment, and other worker protection standards;

(7) federal and state pesticide laws and regulations and the applicator's related legal responsibility;

(8) current agricultural production-related pesticide technology; and

(9) sources of advice and guidance necessary for the safe and proper use of each pesticide related to his or her certification.

These training sessions shall be taught by Cooperative Extension Service pesticide training agents or other individuals approved by the Board on a case-by-case basis, based upon the individual's education, experience, and knowledge of Subparagraph (c)(1) through (9) of this Rule.

(d) Continuing certification credit - one hour of continuing certification training. Continuing certification training shall be approved by the Board. Such training may be offered during grower meetings, seminars, short courses, or other Board-approved presentations taught by Cooperative Extension Service pesticide training agents, or other privately or publicly sponsored training organizations. Private applicators may also earn continuing certification credits by attending approved training sessions for which credit has been assigned in the following commercial categories:

(1) aquatic;

(2) agricultural pest - animal;

(3) agricultural pest - plant;

(4) ornamental and turf;

(5) forest;

- 1 (6) seed treatment; and
2 (7) soil and growing media fumigation
3 set forth in 02 NCAC 09L .0505(1)(a) through (1)(k).

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1103

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (b), what are the subclasses for private pesticide operators? Consider cross-referencing Rule .1109 of this Section.

At line 9, do you still need the sentence beginning with "prior to January 1, 2017?"

In (c), please consider deleting "beginning January 1, 2017."

In (d), do you mean "may" or "shall?"

In (d), do applicants register by filling out a form? If so, are its contents or substantive requirements in rule in accordance with G.S. 150B-2(8a)(d)?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1103 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1103 CERTIFICATION EXAMINATION

(a) An applicant for an initial private pesticide applicator's certification shall demonstrate by written examination his or her knowledge of pesticides and their usefulness and hazards; his or her competence to act as a private pesticide applicator; and his or her knowledge of the laws and rules governing the use and application of pesticides by private pesticide applicators. Passing grade shall be 70 percent or more.

(b) Any applicant for initial certification in any private applicator certification subclass shall first become certified as a private pesticide applicator. Prior to January 1, 2017, any certified private applicator who applies for the soil and growing media certification and has completed the EPA-sponsored soil fumigation training and examination or the North Carolina In-State Soil Fumigation Training option and examination shall be eligible to receive the soil and growing media certification without having to pass the State's written soil and growing media fumigation examination.

(c) Beginning on January 1, 2017, the passing grade on the soil and growing media fumigation examination, and the agricultural commodity fumigation examination shall be 70 percent or more.

(d) Applicants may register for an examination at <http://www.ncagr.gov/SPCAP/pesticides/index.htm>.

History Note: Authority G.S. 143-440;

Eff. December 1, 1976;

Amended Eff. August 1, 2015; October 1, 2002; July 1, 1987; February 5, ~~1978~~; 1978;

Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1104

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, do you need to insert a "the" before "need?"

At line 8, please define "sufficient."

At line 11, please consider removing the parentheses and incorporating this language into the text of the Rule. Alternatively, you could define this term in your definitions rule.

At line 11, do you mean "may" or "shall?" If you mean "may," under what circumstances will a general use pesticide be used?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1104 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1104 SINGLE PURCHASE EMERGENCY CERTIFICATION PERMIT

(a) For emergency certification of any applicant who has not previously been certified and did not anticipate need for a restricted use pesticide, a 10-day Single Purchase Emergency Certification Permit may be issued by his or her resident county agricultural extension service pesticide coordinator authorizing the purchase and use of one restricted use pesticide for one application to a crop or site. Permits shall not be issued if:

- (1) there is sufficient time prior to the needed use for the individual to become certified;
- (2) an individual had been previously certified, but let the certification lapse; or
- (3) after discussion with the Cooperative Extension Agent, it is determined that a general use pesticide (one available to the general public and not requiring certification to purchase and apply) may be used.

(b) Prior to issuance of the permit, the resident county agricultural extension service pesticide coordinator shall:

- (1) provide the applicant with a training manual and information relative to obtaining full private pesticide applicator certification; and
- (2) discuss with the applicant proper use of the restricted use pesticide.

(c) If the individual requires further use of restricted use pesticides, he or she shall complete one of the certification options set forth in Rule .1103 of this Section.

(d) The agricultural extension service pesticide coordinator shall keep a copy of the permit provided by the North Carolina Department of Agriculture and Consumer Services that contains the following information:

- (1) the name and address of the applicant;
- (2) the name and amount of restricted use pesticide;
- (3) the crop or site to be treated; and
- (4) the date the permit was issued.

Copies of the permits shall be available for review by the North Carolina Department of Agriculture and Consumer Services.

(e) A Single Purchase Emergency Certification Permit shall not be issued for fumigation of soil, growing media, or agricultural commodities.

History Note: Authority G.S. 143-440;
Eff. December 1, 1976;
Amended Eff. June 1, 2016; August 26, 1977.
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1105

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a), if you are defining "direct supervision," consider moving this to your definitions rule.

In (b), please define "competent person."

In (c), line 11 says the certified applicator shall "be available to the non-certified applicator" but like 5 says the certified applicator provides "direct supervision." Please clarify.

At line 12, please delete or define "fully."

At line 13, which directions and cautions are "necessary?"

At line 13, please use "he or she."

At lines 18, 20, and 23, please delete or define "detailed."

Throughout (d), please consider removing the parentheses and incorporating the language into the text of the Rule.

In (d)(1) and (2), under what circumstances will the label suffice? How is this determination made? What factors are considered?

At line 21, please delete or define "unreasonable."

At line 25, please define "direct communication."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1105 is readopted as published in 34:11 NCR 905 as follows:

02 NCAC 09L .1105 APPLICATIONS UNDER SUPERVISION OF CERTIFIED APPLICATOR

(a) "Under the direct supervision of" shall include the receipt by the non-certified applicator of verifiable specific and individual job or work assignments and instructions from the certified applicator under whose direct supervision and control the non-certified applicator is functioning prior to the use and application of a restricted use pesticide. In other situations as required by the label, the actual physical presence of a certified applicator may be required when application is made by a non-certified applicator.

(b) Application of restricted use pesticide may be made by non-certified applicators provided such applicator is a competent person(s) acting under the direct supervision of a certified applicator whose certification permits such application.

(c) The certified applicator acting in a supervisory role shall be available to the non-certified applicator in the event he is needed. It shall be the responsibility of the certified applicator to keep the non-certified applicator fully aware of all directions for use and cautions necessary for safe use and application of any restricted use pesticide he may be directed to apply.

(d) All non-certified applicators applying any restricted use pesticide under the direct supervision of a certified applicator shall have available at the application site or at the loading and mixing site, if different from the application site, the following:

- (1) detailed written or printed directions for applying the restricted use pesticide (pesticide product label may suffice);
- (2) detailed written or printed instructions describing procedures to be followed in order to prevent injury to the applicator, other persons ~~and/or~~ and unreasonable adverse effects on the environment (pesticide product label may suffice); and
- (3) detailed instructions for contacting the certified applicator under whose supervision the non-certified applicator is working (i.e., name, location, telephone number, radio contact, etc.); Such instructions, when followed, shall result in direct communication with the certified applicator.

History Note: Authority G.S. 143-440;
Eff. December 1, 1976;
Amended Eff. February 5, ~~1978~~ 1978;
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1401

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Please consider formatting definitions rules with the defined term in quotations. For example: "Adverse effect" means...

Since this is not a list, please consider ending each definition with a period instead of a semicolon.

At line 9, please add a comma after "environment."

In (3), consider revising the list to remove the extra use of the word "and" as follows: "Water, air, land, plants, man, and animals. . ."

At line 14, should there be a "the" before "ASCS?" Also, what does "ASCS" stand for?

In (4), please consider making this a list separated by commas instead of using "or" between each awesome.

At line 15, what other means of identification are "practical?"

At line 15, do you need an "a" before "farm?"

At line 16, please capitalize "State" if you are referring to North Carolina. If you are referring to any state, please do not capitalize "state."

At line 16, please add a comma after "state."

At line 16, define "public agencies."

At line 17, by "such an agency," what agencies are you referring to?

Please review the sentence at lines 16-19. Please use commas to separate lists. What are you referring to by the term "statewide?" The state's name?

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

In (6), please consider saying “. . . occurring on a site, including a structure, animal, tree . . . “

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1401 is readopted as published in 34:11 NCR 906 as follows:

SECTION .1400 - GROUND APPLICATION OF PESTICIDES

02 NCAC 09L .1401 DEFINITIONS

All specific words or terms used in this Section other than those defined below shall have the same definitions as shown in the North Carolina Pesticide Law of 1971, G.S. 143-460:

- (1) Adverse Effect. Personal injury, damage to personal property, damage to real property, damage to the environment or any combination of these;
- (2) Drift. The airborne movement of pesticides resulting from the application of pesticides such as to carry the pesticides beyond the target area;
- (3) Environment. Water, air, land, and all plants and man and other animals living therein and the interrelationships which exist among these;
- (4) Identification of Farm. For record keeping purposes, licensed pesticide applicators shall use ASCS farm number or common name of farm or address of farm or other practical means of identification of farm;
- (5) Identification of Site. For record keeping purposes, federal, state or public agencies or licensed pesticide applicators under ~~contractual~~ agreement with or under supervision of such an agency shall use statewide or name(s) of county(s) or name(s) of city(s) or name(s) of body(s) of water or other practical means of identification of site. All other licensed pesticide applicators shall use name of specific right-of-way or name and address of golf course or specific address of site or other more definitive practical means of identification of site;
- (6) Object. A physical or living thing occurring on a site; e.g., a structure, animal, tree, ornamental plant, or material.

Amended Eff. November 1, 1988; August 1, 1985; February 5, ~~1978~~; 1978;
Readopted Eff. May 1, 2020.*

02 NCAC 09L .1042 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1402 RECORD KEEPING REQUIREMENTS

All ~~licensed~~ pesticide applicators, as defined in G.S. 143-460 ~~which includes public operators~~, utilizing ground equipment shall keep for three years ~~and make available to the commissioner for like period~~ records of all applications of restricted use ~~pesticides showing the following:~~ pesticides. The records shall show the following:

- (1) name of licensed pesticide applicator or licensed public operator;
- (2) name and address of the person for whom the pesticide was applied;
- (3) identification of farm or site(s) treated with pesticide(s);
- (4) name of crop, commodity, or object(s) ~~which that~~ was treated with pesticide(s);
- (5) approximate ~~number of acres or size~~ acres, size, or number of other object(s) treated;
- (6) the year, month, ~~date~~ date, and the specific time of day when each pesticide application was completed and each day of application shall be recorded as a separate record;
- (7) the brand name of the pesticide(s) and EPA registration number(s);
- (8) amount (volume or weight) of pesticide formulation(s) or active ingredient(s) applied per unit of measure; and
- (9) name(s) of person(s) applying pesticide(s).

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1901

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

For definitions rules, please consider using quotation marks around the defined term and ending each definition with a period.

At line 7, please capitalize "Rules."

At line 8, is it necessary to say these are the minimum requirements for storage? All rules set minimum requirements.

At line 11, what is considered "equivalent?" Does your regulated public know? Also, please consider removing the parentheses.

At line 12, please change "which" to "that."

At line 27, under what circumstances is a plan "deemed adequate?"

At line 28, define "reasonable assurances."

At lines 29-30, please define "adverse effects." Under what circumstances are adverse effects "unreasonable?"

At lines 33-34, please replace "subject to the regulations in this Rule" with "subject to this Rule."

In (7)(a), please consider removing the parentheses and incorporating the language into the text of the Rule.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1901 is readopted as published in 34:11 NCR 906 as follows:

SECTION .1900 - PESTICIDE STORAGE

02 NCAC 09L .1901 DEFINITIONS

All specific words or terms used in this Section other than those defined in this Rule shall have the same definitions as shown in the North Carolina Pesticide Law of 1971, G.S. 143-460. The rules contained in this Section shall be deemed to be minimum for storage.

- (1) Storage. The act of storing a pesticide or pesticide container unless the pesticide or pesticide container is being transported or used. It does not include:
 - (a) pesticide containers which are empty and triple-rinsed (or equivalent);
 - (b) pesticides which meet the requirements of a Resource Conservation and Recovery Act (RCRA) hazardous waste (40 CFR 261.33) and are in the possession of a person possessing a valid EPA RCRA identification number as a generator (40 CFR 261.12) or transporter (40 CFR 263.11) of hazardous waste or who owns or operates a facility for the treatment, storage, or disposal of hazardous waste (40 CFR 264.11);
- (2) Commercial Storage. Storage of a pesticide by any person from the time of manufacture, prior to possession by the end user;
- (3) Storage Facility. Any property or contiguous properties under the same ownership used for commercial storage of pesticides. Multiple storage areas in or on single or contiguous properties under the same ownership are considered to be in the same storage facility;
- (4) Large Storage Facility. Any storage facility that stores 10,000 pounds or more of restricted use pesticides at any time;
- (5) Storage Area. That portion of a storage facility actually used to store pesticides;
- (6) Contingency Plan. "Contingency Plan" shall be a description of a facility's plans and capabilities to deal with a pesticide emergency resulting from operational procedures, accidental releases, fires, or other emergencies. A contingency plan shall be deemed adequate by the North Carolina Pesticide Board if in the opinion of the Board such plan presents reasonable assurances that the facility will be able to contain or otherwise prevent the release of pesticides so as to minimize unreasonable adverse effects on public health or the environment.
- (7) Bulk Storage. Commercial Storage of any pesticide held in stationary pesticide containers designed to hold undivided quantities equal to or greater than 500 gallons (1,890 liters) of liquid pesticide or equal to or greater than 4,000 pounds (1,818 kilograms) of dry pesticide are subject to the regulations in this Rule unless any of the following conditions exists:
 - (a) The container is empty, that is, all pesticide that can be removed by the methods such as draining, pumping, or aspirating has been removed (whether or not the container has been rinsed or washed).

- 1 (b) The container holds only pesticide rinsates or wash waters, and is labeled accordingly.
- 2 (c) The container holds only pesticides which would be gaseous when released at atmospheric
- 3 temperature and pressure.
- 4 (d) The container is dedicated to non-pesticide use, and is labeled accordingly.
- 5

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1902

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 6, is it necessary to say "minimum information?" All rules set minimum requirements.

At line 7, please define "clearly" and "prominently."

In (c)(4), what is a "signal word?" Does your regulated public know?

At line 14, do you mean "rules and regulations?"

At line 17, please delete or define "specifically."

At line 19, under what circumstances is storage "likely to result in accidental ingestion?" Specifically, what are you prohibiting?

In (g), define "unauthorized access?" Are you requiring anything specific to prevent unauthorized access such as locked containers?

In (h), please consider removing the parentheses.

At line 29, please define "appropriate care."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1902 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1902 STORAGE REQUIREMENTS FOR ALL PESTICIDES

(a) The requirements of this Rule shall apply to all pesticides.

(b) Pesticides shall be stored to prevent leaking and to facilitate inspection.

(c) Formulated pesticide products shall not be stored in unlabeled containers. The following minimum information shall be shown clearly and prominently on any containers of formulated pesticide:

- (1) Common chemical name;
- (2) Percentage of each active ingredient;
- (3) EPA registration number;
- (4) Signal word;
- (5) Use classification (restricted use or general use).

Pesticide products which are labeled in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), the North Carolina Pesticide Law of 1971, and regulations promulgated thereunder shall be deemed to have met the requirements of Paragraph (c) of this Rule.

(d) Pesticides (formulated products or dilutions) shall not be stored in any food, feed, beverage, or medicine container that has previously been used for such purposes, or that is specifically designed to contain only those products.

(e) Pesticides shall not be stored in a manner that could cause the contamination of foods, feeds, beverages, eating utensils, tobacco, tobacco products, other pesticides, seeds, or fertilizers, or otherwise likely to result in accidental ingestion by humans or domestic animals.

(f) Pesticides shall be stored in accordance with the following:

- (1) storage recommendations, if any, on their labeling; and
- (2) labeling on all other products, including non-pesticide products, held in the same storage area.

(g) When unattended, pesticides shall be stored to prevent unauthorized access.

(h) Pesticides shall be stored in an area that is dry (does not accumulate water) and ventilated.

(i) Pesticide storage areas shall be free of combustible materials such as gasoline, kerosene, or petroleum solvents other than those associated with pesticide application and debris such as waste paper, rags, or used cardboard boxes which may provide an ignition source, and shall be separated from other operations which present a fire hazard such as welding or burning. Appropriate care shall be taken to minimize fire hazard potential when providing supplemental heating to storage during winter months.

*History Note: Authority G.S. 143-437; 143-441; 143-461; 143-466;
Eff. January 1, 1984;
Amended Eff. November 1, 1989, 1989;
Readopted Eff. May 1, 2020.*

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1905

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a), why are "Storage Requirements" and "All Pesticides" capitalized?

At line 6, is it necessary to say "as a minimum?" All rules set minimum requirements.

At line 10, please define "immediately."

At line 10, what do you mean by "with regard to personnel safety?" What are you requiring?

At lines 11-12, what are "safe disposal techniques?"

At line 16, please refer to "this Paragraph" instead of "this part" if that was your intent.

At line 16, do you mean "may" or "shall?" If you mean "may," under what circumstances will an exemption be granted?

At line 17, what is considered a "special written request?"

At line 17, please replace "must" with "shall."

In (f)(1), please delete or define "appropriate."

In (f)(1), please capitalize "State" if you are only referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

At line 21, do you mean "rules" instead of "regulations."

At line 22, please consider replacing "Such" with "The."

At lines 23-25, is this a suggestion or a requirement? Please review the definition of a "rule" in G.S. 150B-2(8a).

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

At lines 26, 28, and 30, please replace “and/or” with either “and” or “or.”

At line 33, define “immediately.”

At lines 33-34, who is the “designated alternate?”

At line 34, please define “hazard” and “imminent danger.”

At line 34, please define “substantial damage.”

At line 36, please capitalize “State” if you are only referring to North Carolina. Please do not capitalize “state” if you are referring to any state.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

02 NCAC 09L .1905 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1905 STORAGE FACILITY REQUIREMENTS: RUP

(a) In addition to the Storage Requirements for All Pesticides as set forth in Rule .1902 of this Subchapter, the requirements of this Rule shall apply to any quantity of restricted use pesticides in commercial storage.

(b) Storage areas shall utilize security precautions that prevent unauthorized access to pesticides. As a minimum, non-display pesticide storage areas shall be locked when unattended. A warning sign shall be posted beside all entrances to non-display pesticide storage areas stating "PESTICIDE STORAGE," "AUTHORIZED PERSONNEL ONLY," "IN CASE OF EMERGENCY CALL_____."

(c) Pesticide spills shall be cleaned up immediately with regard to personnel safety. Floor-sweeping compounds such as adsorptive clay, sand, sawdust, lime, or similar suitable materials shall be kept on hand to absorb spills or leaks. Safe disposal techniques shall be employed when disposing of pesticide contaminated adsorptive materials.

(d) Pesticides shall be stored to prevent contact with water resulting from area cleanup, the intrusion of storm waters, leaks, or impounded or flowing waters, or any other source which represents a likely potential for flooding.

(e) Pesticides shall not be stored within 100 feet horizontally of a public water supply. Pesticides shall not be stored within 50 feet horizontally of a private water supply. An exemption from the requirements of this part may be granted by the Board upon receipt of special written request for such exemption from the owner or operator of a storage facility. Each request must describe existing conditions requiring such exemption.

(f) The person responsible for each pesticide storage facility shall also be responsible for the following:

(1) compliance with all appropriate state and local fire codes and building codes and with all applicable state environmental laws and regulations;

(2) development of a prefire plan for the storage facility. Such plan shall be a description of the facility's plans and procedures for management of fires involving pesticides. A suggested prefire plan format is the publication, "Pre-Planning and Guidelines for Handling Agricultural Fires," reprinted by the National Agricultural Chemicals Association:

(A) one copy of the plan approved by the fire department and/or emergency services office having jurisdiction shall be maintained in the office of the storage facility for inspection by the Board;

(B) one copy of the plan shall be filed with the fire department and/or emergency services office having jurisdiction;

(C) a request shall be made in writing to the local fire department and/or emergency services office having jurisdiction for no less than an annual inspection of the facility.

(g) The person responsible for the storage facility shall upon discovery of any emergency such as a fire, spill, or unintended release of pesticides into the environment from the facility, immediately notify the secretary of the Board or designated alternate if such emergency poses a hazard or imminent danger to man, animals, aquatic life, or threat of substantial damage to property. Such notification of the secretary does not preclude notification being given to the appropriate local fire department, emergency services office, or other state or federal agencies requiring such notification.

1 (h) Any person operating a storage facility shall maintain a current inventory list of the kinds of stored pesticides by brand
2 name and formulation. An inventory list shall be considered current if it is updated every 30 days. A copy of this list shall be
3 maintained in a separate location from the storage facility. This list shall be made available to the Board or its agents upon
4 request.

5 (i) Pesticide applicators storing restricted use pesticides shall be subject to the same requirements as set forth in this Rule.

6

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1906

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, when referring to another rule, do not repeat the rule's title. Here, please refer to "Rule .1905 of this Section."

At line 7, please define "institutional facilities."

At line 8, should "Board" be capitalized?

In (c), how does the Board approve a contingency plan? What factors are considered?

In (c), what is FORM PC-417? Are the contents or substantive requirements of this form in rule in accordance with G.S. 150B-2(8a)(d)?

At line 9, please define "sufficient detail."

At line 10, define "adequate."

Why is (d) necessary? See .1901(4).

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1908

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 5, is it necessary to say "sudden or non-sudden?"

In (b), please delete or define "Where appropriate."

At line 8, please capitalize "State" if you are referring to North Carolina. Please do not capitalize "state" if you are referring to any state.

At line, please consider removing the parentheses and incorporating this language into the text of the Rule.

At line 9, who is "qualified?"

At line 10, please define "thoroughly knowledgeable."

In (d), what information may be "deemed necessary" by the Board? How is this determination made? What factors are considered?

At line 14, is this form in rule in accordance with 150B-2(8a)(d)?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1908 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1908 CONTENT OF CONTINGENCY PLAN

(a) The contingency plan shall describe the actions facility personnel shall take to respond to fires, explosions, spills, or any other sudden or non-sudden release of pesticides or pesticide contaminated materials to air, soil, or surface water at the facility.

(b) Where appropriate, the plan shall describe arrangements agreed to by local police departments, fire departments, hospitals, contractors, and state and local emergency response teams to coordinate emergency services.

(c) The plan shall list names, addresses, and phone numbers (office and home) of all persons qualified to act as alternates who can be reached at any time of the day, seven days a week, and who are thoroughly knowledgeable of the facility, including operational and emergency procedures. Where more than one person is listed, one shall be named as primary alternate, and others shall be listed in the order in which they will assume responsibility as alternates.

(d) The plan shall include any additional information deemed necessary by the Board and specified on Contingency Plan for Pesticide Storage FORM PC-417.

*History Note: Authority G.S. 143-437; 143-440; 143-441; 143-461; 143-466;
Eff. January 1, ~~1984~~. 1984;
Readopted Eff. May 1, 2020.*

02 NCAC 09L .1909 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1909 COPIES OF CONTINGENCY PLAN

A copy of the contingency plan and all revisions to the plan shall be:

- (1) maintained at the facility; and
- (2) submitted to the North Carolina Pesticide Board in care of the North Carolina Department of Agriculture,
Pesticide Section.

History Note: Authority G.S. 143-437; 143-440; 143-441; 143-461; 143-466;
Eff. January 1, ~~1984~~. 1984;
Readopted Eff. May 1, 2020.

RRC STAFF OPINION

PLEASE NOTE: THIS COMMUNICATION IS EITHER 1) ONLY THE RECOMMENDATION OF AN RRC STAFF ATTORNEY AS TO ACTION THAT THE ATTORNEY BELIEVES THE COMMISSION SHOULD TAKE ON THE CITED RULE AT ITS NEXT MEETING, OR 2) AN OPINION OF THAT ATTORNEY AS TO SOME MATTER CONCERNING THAT RULE. THE AGENCY AND MEMBERS OF THE PUBLIC ARE INVITED TO SUBMIT THEIR OWN COMMENTS AND RECOMMENDATIONS (ACCORDING TO RRC RULES) TO THE COMMISSION.

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1913

RECOMMENDED ACTION:

- ☐ Approve, but note staff's comment
- ☒ Object, based on:
 - ☐ Lack of statutory authority
 - ☒ Unclear or ambiguous
 - ☒ Unnecessary
 - ☐ Failure to comply with the APA
- ☐ Extend the period of review

COMMENT:

Staff recommends objection for lack of necessity and clarity. This Rule states "These Rules shall be effective January 1, 1984." This is repetitive of the effective date contained in the history note and is therefore unnecessary. The Rule also does not specify whether "these Rules" refers to the Rules of this Section or the Rules of this Subchapter, making it unclear.

02 NCAC 09L .1913 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .1913 EFFECTIVE DATE OF STORAGE REGULATION

These Rules shall become effective January 1, 1984. These Rules shall be in force and binding on all existing or future pesticide storage facilities.

History Note: Authority G.S. 143-441; 143-461;

Eff. January 1, ~~1984-1984~~;

Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .1914

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 4, please add a comma after "filler" in both places.

At line 5, who are the "authorized employees?" Is this determined by their employer?

At line 6, what "security precautions" are you requiring?

At line 8, please change "must" to "shall."

At line 8, what is the "appropriate signal word?" How is the appropriate word determined?

At line 9, please define "directly."

At line 10, please delete or define "firmly."

At line 12, please delete or define "readily."

In (d), who does this Rule apply to otherwise? Please remember rule titles are not considered when interpreting rules.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .1914 is readopted as published in 34:11 NCR 906:

02 NCAC 09L .1914 BULK STORAGE REQUIREMENTS

(a) Outlets, filler and access ports shall be locked at all times when not in use. Keys to the outlet, filler and access ports shall be in the possession of the purchaser and authorized employees only. Locks on ports are not required if bulk tanks are stored inside a facility utilizing security precautions that prevent unauthorized access to the bulk pesticide storage area.

(b) All bulk pesticide storage tanks must display the appropriate signal word as shown on the label on all sides exposed to view. The words shall be either stenciled directly on the containers or storage tanks or placed on a sign of durable construction which is firmly attached to the containers and storage tanks. All letters of said words shall be a minimum of four inches in height and one inch in width, and shall be printed in contrasting colors to the containers and storage tanks which are readily visible.

(c) All bulk storage areas shall be posted with a durable sign stating "PESTICIDE STORAGE," "AUTHORIZED PERSONNEL ONLY," "IN CASE OF EMERGENCY CALL _____"

(d) Pesticide applicators utilizing bulk storage containers shall be subject to the same requirements as set forth in this Rule.

History Note: Authority G.S. 143-441; 143-461;

Eff. April 1, 2009. ~~2009~~;

Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .2001

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Please consider using quotations to set off defined terms in definitions rules.

At line 12, please delete or define "potentially."

At line 15, please delete or define "effectively."

At line 17, please replace "and/or" with either "and" or "or."

At line 29, please add a comma after "pipe."

At line 31, define "automatically."

At line 34, define "regularly."

On page 2, line 2, please define "primarily."

At line 5, please define "regularly."

At line 8, define "automatically."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

02 NCAC 09L .2001 is readopted as published in 34:11 NCR 906 as follows:

SECTION .2000 - CHEMIGATION

02 NCAC 09L .2001 DEFINITIONS

All specific words or terms used in this Section shall have the same definitions as shown in the North Carolina Pesticide Law of 1971, G.S. 143-460, or unless the context otherwise requires, other definitions shall be:

- (1) Antisiphon Device. Any equipment that prevents the backflow of a pesticide into any water supply or the backflow of water into a pesticide supply. Antisiphon devices include automatic low pressure drain, check valve, flow interrupter, and vacuum relief valve.
- (2) Automatic Low Pressure Drain. A self-activating device to drain that portion of an irrigation pipeline whose contents could potentially enter the water supply when operation of the irrigation system pumping plant fails or is shut down.
- (3) Check Valve. A device to provide a positive closure of an irrigation pipeline or pesticide injection line that effectively prohibits the flow of pesticide or water in the opposite direction of that desired when operation of the irrigation system pumping plant or pesticide injection unit fails or is shut down.
- (4) Chemigation. Any process whereby pesticides are applied to land, crops, and/or plants utilizing an irrigation system. Some examples are agricultural, nursery, turf, lawn, golf course, and greenhouse sites.
- (5) Chemigation and/or Irrigation Water Supplies. Any source of water that is used for chemigation and/or irrigation to include private wells, public water systems, ground or surface water sources.
- (6) Flow Interrupter. A device that provides positive interruption or cessation of pesticide or water flow in either direction upon pesticide injection unit shutdown or failure.
- (7) Functional Systems Interlock. A system used to link irrigation pumps and pesticide injection units, other pumps or supply tanks so designed that in the event of irrigation pump malfunction or failure, shutdown of the pesticide injection units will occur.
- (8) Inspection Port. A place on the irrigation pipeline that can be utilized to determine visually if the check valve leaks.
- (9) Irrigation. The act of mechanically supplying water to land, crops and/or plants.
- (10) Irrigation System. Any device or combination of devices having hose, pipe or other conduit which connects directly to any water supply. The term does not include any handheld hose-end sprayer which is constructed so that an interruption in water flow automatically prevents any backflow to the water supply.
- (11) Public Water System
 - (a) a system for the provision to the public of piped water for human consumption if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year. Such term includes:
 - (i) any collection, treatment, storage, and distribution facility under control of the operator of such system and used primarily in connection with such system; and

- 1 (ii) any collection or pre-treatment storage facility not under such control which is used
2 primarily in connection with such system.
- 3 (b) It is either a "community water system" or a "non-community water system":
4 (i) Community Water System. A public water system which serves at least 15 service
5 connections or regularly serves at least 25 year-round residents.
6 (ii) Non-Community Water System. A public water system which is not a community
7 water system.
- 8 (12) Vacuum Relief Valve. A device to automatically relieve or break vacuum in an irrigation pipeline.
9

10 *History Note:* *Authority G.S. 143-463; 143-466;*
11 *Eff. January 1, ~~1987~~. 1987;*

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .2002

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a) what "systems" are you referring to? Please remember titles are not used when interpreting rules.

At line 4, please define "effective."

At line 7, define "directly."

Why is the language at lines 6-8 necessary? It repeats .2003(a).

In (c), please either delete "such" or define which safety devices you are referring to here if you are referring to specific types of safety devices.

In (d), please delete or define "effectively."

In (d), please either make each item in the list a complete sentence beginning with a capital letter or end each sentence with a semicolon and add an "and" at the end of (6).

At line 32, please define "normally."

At line 33, please define "positively."

On page 2, line 4, consider replacing "could" with "may."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .2002 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .2002 APPLICATION OF PESTICIDES THROUGH IRRIGATION SYSTEMS

(a) These systems shall be fitted with effective antisiphon devices and a functional systems interlock that will prevent the backflow of pesticide or pesticide-water mixtures into water supplies or the backflow of water or pesticide-water mixtures into pesticide supplies during times of irrigation system failure or equipment shutdown. If a public water system is being utilized as the water source, the chemigation system shall not be connected directly to it. See requirements in Rule .2003 of this Section.

(b) Pesticides shall not be injected into an irrigation system on the suction side of the irrigation pump.

(c) Such safety devices or valves shall be installed between:

- (1) the irrigation system pump discharge and the point of pesticide injection into the irrigation system, and
- (2) the point of pesticide injection into the irrigation system and the pesticide tank or container in accordance with Rule .2002(d).

(d) Such systems shall effectively meet the following criteria:

- (1) double check valves shall be located between the irrigation pump discharge and the point of pesticide injection into the irrigation pipeline. These valves, when installed, shall be on a horizontal plane and level. A deviation of not more than 10 degrees from the horizontal shall be set.
- (2) an inspection port shall be located between the irrigation pump discharge and the mainline check valves. In many cases, the vacuum relief valve connection can serve as the inspection port.
- (3) a vacuum relief valve shall be located on the top of the horizontal irrigation pipeline between the discharge side of the irrigation pump and the inlet side of the double check valves. The vacuum relief valve shall have an orifice size of at least 3/4 inch for a 4-inch diameter irrigation pipe. The orifice size shall increase proportionally to an increase in irrigation pipe diameter.
- (4) an automatic low pressure drain shall be located on the bottom of the horizontal irrigation pipeline between the discharge side of the irrigation pump and the inlet side of the double check valves. Such device shall be level and have an orifice size of at least 3/4 inch for a 4-inch diameter irrigation pipe. The orifice size shall increase proportionally to an increase in irrigation pipe diameter. The drain shall not extend beyond the inside surface of the bottom of the irrigation pipeline and shall be at least two inches above grade. The automatic low pressure drain shall discharge at least 20 feet from any water supply. The discharge from the drain shall be controlled to prevent the drainage from reentering the water supply.
- (5) a flow interrupter device shall be located in the pesticide supply line between the pesticide injection unit and the pesticide supply tank or container. A normally closed solenoid-operated valve or other similar device is an acceptable method to positively prevent flow of pesticide or water in either direction during pesticide injection system failure or shutdown.
- (6) a check valve shall be located on the pesticide injection line between the point of pesticide injection into the irrigation system and the pesticide injection unit to prevent the overflow of the pesticide supply tank or container.

(7) a functional systems interlock shall be provided. If interruption of the irrigation water flow occurs, the interlock must, at a minimum, cause the shutdown of the pesticide injection unit. If the irrigation pump and pesticide injection unit are at different sites, a low pressure cutoff, located near the point of pesticide injection into the irrigation system, could be electrically connected to the pesticide injection unit to provide for its shutdown in the event of low water pressure.

History Note: Authority G.S. 143-463; 143-466;
Eff. January 1, ~~1987~~. 1987;
Readopted Eff. May 1, 2020.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Pesticide Board

RULE CITATION: 02 NCAC 09L .2004

DEADLINE FOR RECEIPT: May 15, 2020

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

At line 5, please define "proper function." Do you mean "shall be installed and maintained in accordance with manufacturer's instructions during chemigation?"

At line 7, please delete or define "properly."

In (c), line 8, please add a comma after "practices."

At line 8, what other "similar reasons" are you referring to?

Under what circumstances does a modification or change in design warrant "the use or placement of equipment in lieu of that specified herein?" How does the Board make this determination? What factors are considered?

At line 9, by "in lieu of that specified herein" what equipment are you referring to? Is it the equipment in Paragraphs (a) and (b)? If so, please make that clear.

At line 9, do you mean "may" or "shall?" If you mean "may," under what circumstances does the Board allow these changes? What factors are considered?

At line 11, please refer to "this Rule."

At line 12, do you mean "may" or "shall?"

At line 15, please change "and/or" to either "and" or "or."

At lines 14-16, I take it the stop use order will specify the types of repairs required?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Ashley Snyder
Commission Counsel
Date submitted to agency: May 1, 2020

02 NCAC 09L .2004 is readopted as published in 34:11 NCR 906 as follows:

02 NCAC 09L .2004 INSPECTION: INSTALLATION: MAINTENANCE AND MODIFICATIONS

(a) Antisiphon devices and a functional systems interlock, used for chemigation purposes, shall be installed and maintained to ensure proper function during chemigation.

(b) During periods of chemigation, the system operator shall inspect the antisiphon devices and the functional systems interlock to ensure that they are functioning properly.

(c) If modifications or changes in design, technology, irrigation practices or other similar reasons warrant the use or placement of equipment in lieu of that specified herein, the Pesticide Board may allow for such changes in advance of use, provided protection to the water supply is at least equal to that provided by the equipment, or placement thereof, required in this regulation.

(d) Inspections of an irrigation system utilized for chemigation may be made at any time by a representative of the Pesticide Section, North Carolina Department of Agriculture. Whenever any such equipment is determined not to be in compliance with this Section, the owner or operator shall be issued a stop use order, and the equipment shall not be used for the purpose of applying pesticide(s) until such time as proper repairs and/or alterations are made and the stop use order is released by official notice from the North Carolina Department of Agriculture.

02 NCAC 09L .2203 is readopted as published in 34:11 NCR 907 as follows:

02 NCAC 09L .2203 PESTICIDES WITH ADDITIONAL USE LIMITATIONS

Effective March 1, 2010, the application of any of the following pesticides in the vicinity of the areas identified in 02 NCAC 09L .2202 must not occur within the areas identified by the codes in the following table:

Pesticide Active Ingredient	Code
Azinphos-methyl	2x
Benomyl	1x
Captan	1x
Carbaryl	2x
Carbofuran	1x
Chlorpyrifos	3z
Diazinon	2x
Dicofol	2x
Dimethoate	2x
Endosulfan	2x
Esfenvalerate	1x
Ethion	2x
Ethoprop	1x
Fenamiphos	2x
Fonofos	2x
Malathion	2x
Methidathion	2x
Methomyl	1x
Mevinphos	2x
Naled	1x
Parathion (ethyl)	2x
Pendimethalin	2x
Permethrin	1x
Phorate	1x
Phosmet	1x
Phosphamidon	1x
Propiconazole	1x
Pyrethrins	2x
Terbufos	2x
Trichlorfon	2x

Code/Limitations:

- (1) 1x - Within the area described in 02 NCAC 09L .2202 and one-half mile up all streams that join the area, this pesticide shall not be applied within 20 yards from the edge of water for ground applications and within 100 yards for aerial applications;
- (2) 2x - Within the area described in 02 NCAC 09L .2202 and one-half mile up all streams that join the area, this pesticide shall not be applied within 40 yards from the edge of water for ground applications and within 200 yards for aerial applications;
- (3) 3z - Within the area described in 02 NCAC 09L .2202, this pesticide shall not be applied within 100 yards from the edge of water for ground applications and within one-fourth mile for aerial applications.
