Explain:

Reason for Proposed Temporary Action: A serious and unforeseen threat to the public health, safety or welfare. The effective date of a recent act of the General Assembly or of the U.S. Congress, Cite Families First Coronavirus Response Act, Pub. L. No. 116-127, Division D, 1402 (2020). A recent change in federal or state budgetary policy Effective date of change March 17, 2020. Executive Order No. 118, Governor Roy Cooper, 2020. On March 10, 2020 the Governor of North Carolina Issued Executive Order No. 116 and declared a state of emergency to coordinate a response and enact protective measures to help prevent the spread of Coronavirus Disease 2019 (COVID-19), a respiratory disease that results from the coronavirus. COVID-19 can result in serious illness or death. On March 11, 2020, the World Health Organization declared the coronavirus an international pandemic. The World Health Organization, the Centers for Disease Control and Prevention, and the United States Department of Health and Human Services have declared COVID-19 a public health threat and emergency. On March 17, 2020, the Governor of North Carolina issued Executive Order No. 118 and directed the Secretary of Commerce and Assistant Secretary for the Division of Employment Security to ensure that individuals who are separated from employment, had hours reduced, or are prevented from working due to a medical condition caused by COVID-19 or due to communicable disease control measures are eligible for unemployment benefits to the maximum amount permitted by federal law.

On March 18, 2020 the President of the United States signed the Families First Coronavirus Response Act (Pub. L. 116-127). The legislation makes emergency supplemental appropriations in response to the spread of COVID19 and includes the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA) at Division D. EUISAA sets forth the requirements for emergency administrative grants to states and authorizes emergency flexibility allowing states to temporarily modify certain aspects of their unemployment compensation laws, a short-term waiver of interest on state trust fund advances, and full federal funding during extended benefit periods through December 31, 2020.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required?

The Families First Coronavirus Response Act (Pub. L. 116-127) and the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA) require North Carolina to meet certain requirements in order to be eligible to receive EUISAA funds. Since March 15, 2020, 1,084,700 individuals have filed claims for unemployment benefits and the amount of \$4,517,051,519 has been paid in unemployment benefits for claims effective as of March 15, 2020.

In addition to the federal legislation and the North Carolina Governor's Executive Order No. 118, USDOL has issued guidance and recommendations to assist states in meeting the requirements to qualify for funding. These recommendations are found in Unemployment Insurance Program Letter (UIPL) Nos. 16-20 (issued April 5, 2020), 13-20 (issued March 22, 2020) and 10-20 (issued March 12, 2020). For purposes of administering unemployment assistance, except where contrary to law, operating instructions or guidance, the State must administer the program in accordance with the Disaster Unemployment Assistance regulations at 20 CFR Part 625, including following the provisions for fraud and overpayments. The emergency rule is necessary to ensure that North Carolina is compliant with federal requirements for receiving funds needed to administer the State's unemployment insurance in the face of the COVID-19 pandemic.
