You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (c), can you provide some examples of teaching training techniques? Here, do you mean something like "...license renewal relates to teacher training techniques, such as the ability to communicate."?

In (d), what requirements above? I don't understand how those are applicable to the approval of a continuing education course.

In (e), delete or define "completed"

In (e), there is no Subparagraph (j)(3) of this Rule. Do you mean (i)(3)?

In (i)(1), are the contents of the renewal application set forth elsewhere in rule or statute? If not, please provide them here.

In (i)(2), please provide the cross-reference to the license renewal fee.

Please move "October 1, 2019" to the end of your History Note. So, "Amended Eff. October 1, 2019" should be below "Pursuant to G.S. 150B..."

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

REQUEST FOR TECHNICAL CHANGE

RULE CITATION: 21 NCAC 14T .0502

DEADLINE FOR RECEIPT: Friday, September 6, 2019

PLEASE NOTE: This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a)(2), delete the "and" in between "student contract" and "the Board..." and add a comma after "student contract" and "Subchapter H" (but note my next comment as this will likely change.)

In (a)(2), please provide the specific cross-reference for the sanitation/infection control rules. All of Subchapter H is not applicable. Also, please note the statutory use of "sanitation" as opposed to "infection control."

In (a)(2), consider deleting "felony" since this is not the title of the Rule and just provide the Rule citation.

In (a)(3), what are the "applicable board withdrawal forms"?

In (a)(6), should "pass performances" be "past performances"?

Please add some sort of introductory language at the end of (b) to tie in (b)(1) through (4). Perhaps something like "as follows"?

Change the second (b)(3) to (4).

In (h), should "hour" be plural?

In (n), please say either "model or mannequin" or "model and mannequin" rather than "model/mannequin"

In (o), what are the "Board felony policies"? Do you mean Rule 14I .0401? If so, say that. Also, are they also required to provide the "sanitation/infection control rule"? It appears from this and other Rules that they are.

In (o), depending on whether and where you add the reference to the sanitation rule, please change the comma to "and" in between "school policies" and "Board felony"

In reviewing this Rule, the staff recommends the following technical changes be made:

In (a) and (g), Rule .0403 is titled "Disinfection Procedures", not "infection control" (which is not the statutory terminology) and Rule .0404 is titled "First Aid", not "blood exposure." Please use consistent terminology throughout your Rules.

In (a), I don't understand the reference to Paragraph (b). Here, is (a) covering the required theory course and (b) is addressing the required performance requirements? If so, one solution is to delete the reference to (b) here, and in (b) say "In addition to the requirements set forth in Paragraph (a) of this Rule, all students shall be trained on the following performance requirements" (or whatever the actual requirement is.)

Please be consistent in your capitalization in (a)(1) through (33). Specifically, (a)(30) and (31) are lower-case. The rest are capitalized.

In (a)(2), why have you changed "sanitation", which is the statutory term, to "infection control"?

Please move the "and" at the end of (a)(31) to (a)(32)

In (a)(33), change "regulations" to "Rules."

Please review and revise (b) for clarity. As written, it's not clear what the actual requirement is. Also, with the deletion of the hours required, is the amount of time spent on each performance up to the schools? Perhaps it would be more clear to delete your current (b) and move and combine (g) and (b). I think that (g) adds some clarity to the intent here.

Why was (b)(33) added after publication? Is this an entirely new requirement? I'm concerned about a substantial change here if your regulated public was unaware that they were required to address this topic.

If you keep "lash lifting", end it with a period and add "and" after (b)(32).

Commission Counsel

Date submitted to agency: August 29, 2019

In (g), add an "s" to "evaluation plan" on line 13.

In (g), change "section b" to "Paragraph (b)" of this Rule. If you combine (b) and (g), you may end up deleting this.

In (g), how are plans to be submitted and what criteria will the Board use to approve these plans? Please provide this information in rule.

Please move "October 1, 2019" to the end of your History Note. So, "Amended Eff. October 1, 2019" should be below "Readopted Eff. January 1, 2016;"

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

Throughout this Rule, please change "program(s)" to either "program" or "programs". Same for "course(s)"

Overall, I'm not sure that I understand what is going on in this Rule. Are these requirements for the school or requirements for the online tracking system as stated in Paragraph (a)? I think it's the former, but that's not what (a) says. Please review and clarify.

In (a), what is the approval process? By (a), do you mean something like "Prior to offering online instruction, a cosmetic art school shall make a written request for approval from the Board. The Board shall approve online instruction and course hours if the cosmetic art school meets the requirements set forth in this Rule"? If so, say that. I will say that I'm not sure that all of this Rule really are approval criteria.

In (a), what is meant by "through a licensed cosmetic art school that demonstrates an online tracking system that can comply with Paragraphs (b)-(j) (note the parenthesis) of this Rule"? some of this Rule doesn't appear to be applicable to this statement (for example, (b) and (c).) Instead do you mean something like "In order to be approved to offer online instruction, a school shall have an online tracking system that meets the following requirements: (then put whatever the actual requirements in list form.)"

In (a), how are they to submit the request? Online? Mail? Is there a form? If so, what's included in the form?

What is meant by (e)? How are they to ensure this?

In (f), is this the mid-point of the semester?

Amber May
Commission Counsel
Date submitted to agency: August 29, 2019

In (h), please change this to say “The school shall provide access to technical support for the online educational course or program to students and instructors.” This tracks the language of (j).

What is the intent of (i)? Please review and clarify.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following technical changes be made:

In (b), change "will" to "shall" in "will be considered..."

In (c), what is "regular maintenance"? Can you provide some examples?

In (d), why are you changing "sanitation" to "infection control"? "Sanitation" is the statutory term.

In (d), change "regulations" to "rules"

Also in (d), 14H has more than just Infection Control Rules, do you mean .0403?

In (f), what is meant by "as a minimum"? Do the schools have the option of using some other number? I don't understand how "a minimum" would be applicable here.

Please consider writing (g) to be in the positive. Perhaps something like "in order to graduate, all students shall meet the minimum school and Board requirements as set forth in Rules .0602 - .0610 of this Subchapter."

In (i), does the cosmetic art teacher required to be in the room at the time of the guest lecturer have to be affiliated with the school (either by employment or under contract)?

In (j)(3), should the "or" at the end of line 29 be something like "as follows"? I don't understand "or" here.

In (k), is there a maximum?

How do (k) and (l) go together? They appear to have the potential to conflict. Please review and clarify. Also, note that you've hyphenated "teacher-student" in (k), but not in (l). Please be consistent.
