Explain:

A no wake zone, shore to shore, within 85 yards north and south of the NC Hwy 24/27/73 bridge eastbound and westbound spans, otherwise known as the James B. Garrison Bridge, is needed to mitigate water safety hazards during a NCDOT bridge construction project. Additionally, the temporary rule includes a no wake zone surrounding a boathouse and marina at 712 Berry Hill Drive in Norwood, NC. Increased boater activity surrounding newer commercial activities at this marina necessitates this amendment.

The WRC has statutory authority (G.S. 150B-21.1(a)(7)) to establish no wake zones through temporary rulemaking procedures.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required?

A no wake zone is needed to mitigate water safety hazards during a NCDOT bridge construction project. This project includes the use of cranes, barges, construction curtains and other materials that pose a hazard to boaters. The no wake zone at the marina is needed to mitigate safety hazards due to increased boater activity at the marina.

8. Rule establishes or increases a fee? (See G.S. 12-3.1)
