Re: 04 NCAC 15 .0119, .0121, .0123, .0124, .0127, and .0128

Dear Mr. Harriss:

At its meeting this morning, the Rules Review Commission objected to the above-captioned rules in accordance with G.S. 150B-21.10.

The Commission objected to Rule .0119 because it is unclear and ambiguous. In line 7 it is unclear whether the word "can" is permissive or mandatory. In addition, in the same line the phrase "at any time" seems to obscure the appropriate averaging period. Finally, the use of the word "may" in line 12 arrogates to the Commission the power to issue or not issue temporary licenses in its absolute, unguided discretion.

The Commission objected to Rule .0121 because it is unclear and ambiguous and is not within the statutory authority delegated to the agency. In line 28 it is unclear what "the various vessels traversing the same" means. Similarly, the sentence on lines 36-37 is ambiguous: is it intended to allow the association to act or to require that a termination recommendation by the association be supported by a majority vote of its members? Finally, there appears to be no statutory authority for the nepotism restriction in Subparagraph (g)(6).

The Commission objected to Rule .0123 because it is unclear and ambiguous. On line 7 the word "immediately" is not defined. In addition, on lines 7-8 the phrase "appropriate sketches and diagrams" is ambiguous.

The Commission objected to Rule .0124 because it is unclear and ambiguous. The use of the word "may" in lines 13 and 15 arrogates to the Commission the power to act in its absolute, unguided discretion.

The Commission objected to Rule .0127 because it is unclear and ambiguous. It is unclear whether the use of the word "will" is a statement of fact or a regulatory requirement.

The Commission objected to Rule .0128 because it is not within the statutory authority delegated to the agency. G.S. 76A-24 unambiguously authorizes the Commission to receive payments from the pilots' association and is silent regarding payments directly from "each pilot," as required by this Rule

Please respond to this letter in accordance with the provisions of G.S. 150B-21.12. If you have any questions regarding the Commission's action, please let me know.

Sincerely,

Subject: RE: 04 NCAC 15 - Extended Period of Review

Last month, the Rules Review Commission (RRC) granted an extension of the period of review for rules submitted by the Commission of Navigation and Pilotage for the Cape Fear River and Bar (Commission). Pursuant to G.S. 150B-21.13, the RRC must approve, object to, or call a public hearing on these rules within 70 days after granting the extension. As a practical matter, this means that the RRC must act on the Commission's rules during its meeting on May 17, 2018, or June 14, 2018.

On March 23, 2018, I provided Mr. Harriss with Requests for Technical Changes, which included both simple grammatical suggestions and more serious questions regarding statutory authority. Mr. Harriss confirmed receipt of those Requests the following day. I had asked for responses to the Requests by April 6, 2018, but to date have not received any substantive responses. I understand that both of you have traveled extensively during this time.

Given the extent of the Requests, it appears unlikely that the responses to the Requests will be submitted in time for me to review them and prepare to present them to the RRC at its May meeting. Assuming I do not receive responses this week, I will advise the RRC that, pursuant to the extension, it need take no action on these rules at the May meeting. However, it is possible that RRC commissioners may have questions concerning the status of the work on these rules and may wish to take other action regarding them.

In order to prepare to present the rules for review by the RRC at its June 14, 2018, meeting, I must have responses to the Requests no later than June 6, 2018. If I do not have responses by that date, I will prepare staff opinions advising the RRC to object to the rules. I will provide you with copies of all such staff opinions as soon as I have prepared them.

Please contact me to inform me of the status of the responses to the Requests and do not hesitate to ask me questions you may have concerning the Requests or your rules. I will be happy to assist you in any way that I can.

Re: Rules pending on Log of Permanent Rule Filings in 04 NCAC 15

Dear Messrs. Stiller and Harriss:

At its April 19, 2018 meeting, the Rules Review Commission extended the period of review on the rules referenced above in accordance with G.S. 150B-21.10 and G.S. 150B-21.13. The Commission extended the period of review to allow the Commission of Navigation and Pilotage for the Cape Fear River and Bar additional time to revise the rules in response to the technical change requests.

If you have any questions regarding the Commission's action, please do not hesitate to contact me directly at (919) 431-3081.

Mr. Thomas,

I am requesting that a review period extension be granted to the Cape Fear River Navigation and Pilotage Commission due to commission member travel and work schedules. Several of our members, including our Chairman, are currently traveling or will be traveling over the next few weeks and with the detail needed to address some of the requested changes and clarifications to the rules we would be unable to meet the current deadline. Our Commission plans to meet on the 17th of April and we can begin the review process at that time.

Please feel free to call me if there is any question concerning the proposed extension.

REQUEST FOR TECHNICAL CHANGE

AGENCY: Cape Fear River Navigation and Pilotage Commission

RULE CITATION: 04 NCAC 15 - Submission for Permanent Rule forms

DEADLINE FOR RECEIPT: Friday, April 6, 2018

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may call our office to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends that the following technical changes be made:

In box 6 of the form for each of the rules, www.cfpilots.com is cited as the link to agency notice. This web site does not appear to exist. Do you mean www.cfpilot.com, without the "s"?

Does www.cfpilot.com serve as the commission's website? Who maintains this website? I can find no reference to the commission on the website. Do you have copies of the rulemaking notice that was required to be posted on the commission's website pursuant to G.S. 150B-19.1(c) and 150B-21.2(c)(1)?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

RRC STAFF OPINION

PLEASE NOTE: THIS COMMUNICATION IS EITHER 1) ONLY THE RECOMMENDATION OF AN RRC STAFF ATTORNEY AS TO ACTION THAT THE ATTORNEY BELIEVES THE COMMISSION SHOULD TAKE ON THE CITED RULE AT ITS NEXT MEETING, OR 2) AN OPINION OF THAT ATTORNEY AS TO SOME MATTER CONCERNING THAT RULE. THE AGENCY AND MEMBERS OF THE PUBLIC ARE INVITED TO SUBMIT THEIR OWN COMMENTS AND RECOMMENDATIONS (ACCORDING TO RRC RULES) TO THE COMMISSION.

AGENCY: Commission on Navigation and Pilotage of the Cape Fear River and Bar

RULE CITATION: 04 NCAC 15 .0119

RECOMMENDED ACTION:

- ☐ Approve, but note staff's comment
- ☒ Object, based on:
 - ☐ Lack of statutory authority
 - ☒ Unclear or ambiguous
 - ☐ Unnecessary
 - ☐ Failure to comply with the APA
- ☐ Extend the period of review

COMMENT: Staff recommends that the Rules Review Commission object to the Rule because it is unclear and ambiguous. In Paragraph (a), lines 6-7 the Rule states:

Piloted vessel arrivals annually shall be determined by a five consecutive calendar year average and **can be calculated at any time** using the five previous calendar years.

This sentence is ambiguous in at least one respect: it is unclear whether the word “can” is permissive or mandatory. In addition, the phrase “at any time” seems to obscure the appropriate averaging period because it is unclear whether the phrase refers to the moment the calculation is made or to some other time chosen as the basis for the calculation. (For instance, could the calculation be performed on June 14, 2018, based on the five-year average ending June 1, 2008?)

In Paragraph (b), lines 11-13 the rule also states:

In such emergency, the Commission **may issue**, upon recommendation of a majority vote of the association, one or more limited licenses for such term as may be necessary.

Jason Thomas
Commission Counsel
Issued June 7, 2018

This sentence arrogates to the Commission the power to issue or not issue temporary licenses in its absolute, unguided discretion. It is unclear if any standards, factors, or circumstances govern whether the commission will issue limited licenses.

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule “is clear and unambiguous.” G.S. 150B-21.9(a)(2). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not clear and unambiguous.

In reviewing this Rule, the staff recommends that the following technical changes be made:

Lines 4-5 – delete everything to “following:” and begin Paragraph (a) with “The commission shall...”

Line 6 – add “subject to G.S. 76A-14” after “thereof”

Line 7 – what does “can be calculated at any time” mean? Could this sentence read: “Piloted vessel arrivals annually shall be determined by a five consecutive calendar year average using the five previous calendar years”?

Lines 7-9 – delete the sentence that begins “The then current...”

Line 11 – delete “extreme”

Line 11 – add “the” before “incapacity”

- ☒ Object, based on:
 - ☒ Lack of statutory authority
 - ☒ Unclear or ambiguous
 - ☐ Unnecessary
 - ☐ Failure to comply with the APA
 - ☐ Extend the period of review

COMMENT: Staff recommends that the Rules Review Commission object to the Rule because it is unclear and ambiguous and is not within the statutory authority delegated to the agency. In Paragraphs (e) and (f), lines 29-37, the Rule repeatedly states that the Commission "may" act:

(e) A limited license **may** be issued to an apprentice pilot by the commission upon a determination by a majority of the association that the applicant has demonstrated the knowledge and skill necessary to obtain a limited license. Prior to advancing from one limited license to the next, a majority of the association must sign the limited license, thus certifying progressive development of the knowledge and skill necessary for a limited license. The commission **may** issue the next limited license upon a determination by a majority of the association that the applicant has demonstrated the knowledge and skill necessary to obtain that limited license.

(f) An apprenticeship **may** be terminated at any time there is a finding by the commission that progress is not being made or any of the requirements set forth in Paragraph (a) have been violated. A majority of the association **may** recommend termination of an apprenticeship.

Jason Thomas
Commission Counsel
Issued June 7, 2018

The use of “may” arrogates to the Commission the power to act in its absolute, unguided discretion. It is unclear if any standards, factors, or circumstances govern whether the commission will act as described in these paragraphs.

In Paragraph (e), line 28 the Commission refers to “the various vessels traversing the same”:

(d) An apprentice pilot shall make such boarding and trips and perform such duties as directed by a pilot in order to master the waters of the river and bar to master the handling of the various vessels traversing the same.

This sentence is ambiguous because the phrase is neither defined nor described and no examples are provided to give meaning to the phrase.

In Paragraph (f), lines 36-37, the Rule states:

A majority of the association may recommend termination of an apprenticeship.

It is not clear whether this sentence is intended to allow the association to act or to require that a termination recommendation by the association be supported by a majority vote of its members.

In Subparagraph (g)(6), page 2, line 8 the Rule states:

In order to be considered for an appointment as a pilot ... the applicant shall not be a child, sibling, or grandchild of a pilot.

Counsel could find no authority for this sweeping restriction, and the Commission has not responded to Counsel's question regarding that authority.

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule “is within the authority delegated to the agency by the General Assembly” and “is clear and unambiguous.” G.S. 150B-21.9(a)(1), (2). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not clear and unambiguous and is not within the authority delegated to the agency by the General Assembly.

Within one hundred twenty hours of the pilot reaching his destination (the port inbound sea buoy outbound), the pilot shall submit to the commission a written narrative report including appropriate sketches and diagrams.

This sentence is ambiguous because the phrase "appropriate sketches and diagrams" is not defined or described and no example is provided to give the phrase meaning.

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule "is clear and unambiguous." G.S. 150B-21.9(a)(2). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not clear and unambiguous.

RRC STAFF OPINION

PLEASE NOTE: THIS COMMUNICATION IS EITHER 1) ONLY THE RECOMMENDATION OF AN RRC STAFF ATTORNEY AS TO ACTION THAT THE ATTORNEY BELIEVES THE COMMISSION SHOULD TAKE ON THE CITED RULE AT ITS NEXT MEETING, OR 2) AN OPINION OF THAT ATTORNEY AS TO SOME MATTER CONCERNING THAT RULE. THE AGENCY AND MEMBERS OF THE PUBLIC ARE INVITED TO SUBMIT THEIR OWN COMMENTS AND RECOMMENDATIONS (ACCORDING TO RRC RULES) TO THE COMMISSION.

AGENCY: Commission on Navigation and Pilotage of the Cape Fear River and Bar

RULE CITATION: 04 NCAC 15 .0124

RECOMMENDED ACTION:

- ☐ Approve, but note staff's comment
- ☒ Object, based on:
 - ☐ Lack of statutory authority
 - ☒ Unclear or ambiguous
 - ☐ Unnecessary
 - ☐ Failure to comply with the APA
- ☐ Extend the period of review

COMMENT: Staff recommends that the Rules Review Commission object to the Rule because it is unclear and ambiguous. In Subparagraph (a)(4), lines 13 and 15, the Rule twice states that the Commission "may" act:

- (a) All vessels carrying ammunition, liquified gas, or other explosive material designated class "A" by federal law or regulation:
 - (4) **may** be permitted in case of emergency to sail during nighttime hours with the approval of the commission or its designated agent. Such a request with the emergency reasons shall be made immediately in writing to the commission. The commission or its designated agent **may** prescribe special conditions for such movement.

The use of "may" arrogates to the Commission the power to act in its absolute, unguided discretion. It is unclear if any standards, factors, or circumstances govern whether or how the commission will act as described in this subparagraph.

In Paragraph (b), lines 18-19, the Rule states:

Jason Thomas
Commission Counsel
Issued June 7, 2018

(b) All vessels not subject to Paragraph (a) may sail when ready at all hours, weather and tide conditions permitting, **in the sole discretion of the pilot.**

The phrase “in the sole discretion of the pilot” arrogates to the pilot the power to act in his or her absolute, unguided discretion. It is unclear if any standards, factors, or circumstances govern whether or how the pilot will act as described in this Paragraph.

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule “is clear and unambiguous.” G.S. 150B-21.9(a)(2). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not clear and unambiguous.

COMMENT: Staff recommends that the Rules Review Commission object to the Rule because it is unclear and ambiguous. In Paragraph (b), line 6, the Rule states:

(b) Proposed rate revisions **will** be considered by the commission at the first regular meeting after March 1 of the year in which the rate revision is requested.

It is unclear whether this is a statement of fact or a regulatory requirement that the Commission has imposed on itself. Replacing "will" with "shall" will make it clear that this Paragraph is a requirement.

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule "is clear and unambiguous." G.S. 150B-21.9(a)(2). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not clear and unambiguous.

AGENCY: Commission on Navigation and Pilotage of the Cape Fear River and Bar

RULE CITATION: 04 NCAC 15 .0128

RECOMMENDED ACTION:

- Approve, but note staff's comment
- X Object, based on:
 - X Lack of statutory authority
 - Unclear or ambiguous
 - Unnecessary
 - Failure to comply with the APA
- Extend the period of review

COMMENT: Staff recommends that the Rules Review Commission object to the Rule because it is not within the statutory authority delegated to the agency. This Rule requires each pilot to pay a percentage of his or her pilotage fees to the Commission:

Each pilot shall pay to the commission one-fourth of one percent of every pilotage fee received. Such payment shall be made on the 10th day of each quarter for the pilotage fees received the preceding quarter.

However, the statute authorizes the Commission to collect these fees from the pilots association:

§ 76A-24. Expenses of the Commission. **The pilots association shall pay to the Commission** according to rules prescribed by the Commission a percentage of pilotage fees not to exceed two percent (2%) per annum for the purpose of providing funds to defray the necessary expense of the Commission. The appropriate percentage shall be set on an annual basis by the Commission. The fees paid shall be deposited to a special account with the State Treasurer in the name of the Commission and shall be administered by the Secretary of Commerce. Surpluses in the account in excess of three thousand dollars (\$3,000) at the end of the fiscal year shall be returned to the pilot association on a prorated basis determined and distributed by the Commission. The Commission, in carrying out its duties, may incur

necessary legal and auditing expenses and expenses for its travel and investigation which in addition to the one hundred dollars (\$100.00) per meeting fee and other allowances provided by law shall be paid from the foregoing funds. (1981, c. 910, s. 1; 1983 (Reg. Sess., 1984), c. 1081, s. 4.)

The statute unambiguously authorizes the Commission to receive these payments from the pilots association and is silent regarding payments directly from “each pilot.”

The Administrative Procedures Act (APA) requires that the RRC determine whether a rule “is within the authority delegated to the agency by the General Assembly.” G.S. 150B-21.9(a)(1). Staff recommends that the Rules Review Commission object to the Rule because the Rule is not within the authority delegated to the agency by the General Assembly.
