# SUBMISSION FOR PERMANENT RULE

## 9.B. Explanation:

*Under existing rules of the Board of Pharmacy, the Board may grant limited service permits to pharmacies that operate on limited hours in an institutional setting (i.e., pharmacies in health care facilities). The only current distinction in the rules between a limited service permit and a regular permit is that a pharmacist may serve on an ongoing basis as the pharmacist-manager of multiple pharmacy permits only if those permits are limited service permits. As a practical matter, there has been an ad hoc development of the use of limited service permits in other settings where limited pharmaceutical services are provided.*

*The adoption of Rule .1616 codifies a more expansive view of limited service permits that include those pharmacies rendering services where the Board believes that services may be safely provided by pharmacist-managers who serve multiple pharmacies. Rule .1616 further allows for the pharmacist-manager to be present at the limited service permit for less time than required at regular pharmacy permits, with the amount of time depending upon the amount necessary to safely supervise each type of permit. It further allows the pharmacist-manager to designate an assistant pharmacist-manager to help exercise supervision due to the unique nature of these limited service permits.*

*Changes to other rules (Rules .1317, .1703, .1706, and .2502) are principally to conform those rules to the new Rule .1616. In addition: (1) Rule .1317 has been generally updated to remove definitions that are no longer used elsewhere in the rules and, in some cases, to substitute similar terms that are used elsewhere in the rules; (2) Rule .1703 has been updated to provide that the pharmacist-manager does not need to personally package drugs to be dispensed by nurse practitioners and physician assistants; (3) Rule .2502 clarifies some pharmacist-manager duties already provided in the rules; and (4) Rule .2502(o) has also been removed as contrary to current pharmacy laws.*

# SUBMISSION FOR PERMANENT RULE

## 9.B. Explanation:

*Under existing rules of the Board of Pharmacy, the Board may grant limited service permits to pharmacies that operate on limited hours in an institutional setting (i.e., pharmacies in health care facilities). The only current distinction in the rules between a limited service permit and a regular permit is that a pharmacist may serve on an ongoing basis as the pharmacist-manager of multiple pharmacy permits only if those permits are limited service permits. As a practical matter, there has been an ad hoc development of the use of limited service permits in other settings where limited pharmaceutical services are provided.*

*The adoption of Rule .1616 codifies a more expansive view of limited service permits that include those pharmacies rendering services where the Board believes that services may be safely provided by pharmacist-managers who serve multiple pharmacies. Rule .1616 further allows for the pharmacist-manager to be present at the limited service permit for less time than required at regular pharmacy permits, with the amount of time depending upon the amount necessary to safely supervise each type of permit. It further allows the pharmacist-manager to designate an assistant pharmacist-manager to help exercise supervision due to the unique nature of these limited service permits.*

*Changes to other rules (Rules .1317, .1703, .1706, and .2502) are principally to conform those rules to the new Rule .1616. In addition: (1) Rule .1317 has been generally updated to remove definitions that are no longer used elsewhere in the rules and, in some cases, to substitute similar terms that are used elsewhere in the rules; (2) Rule .1703 has been updated to provide that the pharmacist-manager does not need to personally package drugs to be dispensed by nurse practitioners and physician assistants; (3) Rule .2502 clarifies some pharmacist-manager duties already provided in the rules; and (4) Rule .2502(o) has also been removed as contrary to current pharmacy laws.*
