Explain: Pursuant to GS 150B-21.3A, Periodic Review and Expiration of Existing Rules, all rules are reviewed at least every 10 years, or they shall expire. As a result of the periodic review of Subchapter 10A NCAC 14C, Certificate of Need Regulations, this rule was determined as “Necessary With Substantive Public Interest,” requiring readoption. Substantive changes have been made to this rule to revise and clarify Certificate of Need applicant performance standards criteria for acquiring fixed, shared fixed, or mobile cardiac catheterization equipment pursuant to a need determination in the State Medical Facilities Plan in effect as of the first day of the review period.</p>

As a result of the periodic review of Subchapter 10A NCAC 14C, Certificate of Need (CON) Regulations, these rules were determined as “Necessary With Substantive Public Interest,” requiring readoption. These rules are no longer necessary because the CON applicant performance standards are obsolete. A new performance standard for CT scanners would not serve the residents of NC due to the varied performance standard needs of providers. The performance standards for psychiatric beds, and substance use disorder unnecessarily limited applicants’ ability to apply or be approved for a CON. Without the need for these performance standards rules, there is no need for definitions rules.

SUBMISSION FOR PERMANENT RULE

9.B. Explanation:

The rule changes consolidated two existing rules (21 NCAC 46 .1417 and 21 NCAC .1816) into one rule that governs situations where two pharmacies provide services with respect to a prescription. The principal substantive changes are: (1) to expand remote medication order processing services from their existing use with health care facility pharmacies so that remote medication order processing services can be used by any pharmacy permitted by the state; (2) to expand the pharmacy personnel who may provide remote medication order processing services so that they may be provided by registered technicians in addition to licensed pharmacists; (3) to provide that pharmacies involved in remote medication order processing services may decide which of those pharmacies provide the required patient counseling for mail-order or other delivered prescriptions; and (4) to allow prescriptions being filled through centralized prescription filling services to be delivered by either pharmacy, upon direction of the patient.

Following notice and comment, the Board made a number of technical corrections to 21 NCAC .1816 in order to respond to burdens and concerns raised by the regulated persons. Those corrections either reduced burdens on those persons or allowed them additional methods of complying with their obligations.
