15A NCAC 12K .0108	Karla Hammer Knotts	taxpayer	Yes		Yes	An objection to the rule	Enter a comment	section (a) is too broad. Needs to add: "PARTF grants are awarded to grantees for projects that are for the sole purpose of providing local park and recreation opportunities to the public, THAT ARE NOT CURRENTLY BEING PROVIDED" section (a) (2) (b) is too broad. limitations need to be placed on these 'non-recreational' costs not to exceed 5% of the grant Section (b) (3) is so broad as to open the door for corruption of the grant process. All costs listed need too be followed or proceeded by the word 'reasonable'. All costs eligible need to be paid to 3-rd party non-governmental units not to applicants. Item (c) needs to be deleted in whole. The cost of the grant writing should never be a reimbursable item.

15A NCAC 12K .0103			Yes		Yes	An objection to the rule	Enter a comment	there is no reason to announce annually the 'funding' opportunity. using a specific date annually is sufficient and saves notification with out a required 'letter'

15A NCAC 12K .0101 PURPOSE

Comment - (Karla Hammer Knotts):

Just because DENR is authorized to offer matching grants does not mean it has to. Rule should be re-written to remove the word 'will' and replace with 'may' or completely re-word: Annually, 30 percent of funds received from PARTF will be set aside to provide periodically grants to local governmental units for local construction of park and recreation facilities on a dollar-for-dollar basis. in addition a full and honest accounting of all PRTF funds received, funds held in reserve and funds expended should be readily & transparently available to the public - since it is not currently.

Comment - (Dr. M.A. Megalo):

Please consider specifying in Park definition that linear parks, greenways and other rail-to trail like projects are welcome and included in Grant request process.

Agency Response:

We will consider these comments during the readoption process.

15A NCAC 12K .0103 FUNDING CYCLE

There is no reason to announce annually the 'funding' opportunity. Using a specific date annually is sufficient and saves notification without a required 'letter'

Section (a) is too broad. Needs to add: "PARTF grants are awarded to grantees for projects that are for the sole purpose of providing local park and recreation opportunities to the public, THAT ARE NOT CURRENTLY BEING PROVIDED" section (a) (2) (b) is too broad. limitations need to be placed on these 'non-recreational' costs not to exceed 5% of the grant Section (b) (3) is so broad as to open the door for corruption of the grant process. All costs listed need too be followed or proceeded by the word 'reasonable'. All costs eligible need to be paid to 3-rd party non-governmental units not to applicants. Item (c) needs to be deleted in whole. The cost of the grant writing should never be a reimbursable item.

Agency Response:

We will consider this comment during the readoption process.

15A NCAC 12K .0109 SITE CONTROL AND DEDICATION
