15A NCAC 10B .0106 Wildlife taken for depredations is amended with changes under temporary procedures as
 follows:

3

4 15A NCAC 10B .0106 WILDLIFE TAKEN FOR DEPREDATIONS

- 5 (a) Depredation permits allow the <u>taking take</u> of undesirable or excess wildlife resources as described in
- 6 Subparagraphs (1) and (2) of this Paragraph. The taking of depredating coyotes in the counties of Dare, Hyde,
- 7 Washington, Tyrrell, and Beaufort, with or without a permit, is allowed only as described in Paragraph (g) of this
- 8 Rule. Only employees of the Wildlife Resources Commission and Wildlife Damage Control Agents may issue
- 9 depredation permits. Each permit shall must be written on a form supplied by the Commission. No permit is needed
- 10 for the owner or lessee of a property to take wildlife while committing depredations on the property; property;
- 11 however the manner of taking, disposition of dead <u>wildlife</u>, wildlife and reporting requirements as described in this
- 12 Rule still <u>apply. apply</u>
- 13 No permit shall be issued to take any endangered or threatened species of wildlife listed under 15A NCAC 10I,
- except alligators, by reason of depredations to property. Only the Executive Director may issue depredation permits
- 15 for Special Concern species listed in 15A NCAC <u>10I .0105</u> <u>10I .0103</u> and for alligators. An individual may take an

16 endangered or threatened species in immediate defense of his own life or of the lives of others without a permit.

17 Any endangered or threatened species that may constitute a demonstrable but non-immediate threat to human safety

18 shall be reported to a federal or state wildlife enforcement officer, who, upon verification of the report, may take or

remove the specimen as provided by 15A NCAC 10I .0102. Depredation permits for other species shall be issued

20 under the following conditions:

- (1) for taking wildlife that is or has been damaging or destroying property provided there is evidence of
 property damage. No permit may be issued for the taking of any migratory birds and other <u>federally-</u>
 protected federally protected animals unless a corresponding valid U.S. Fish and Wildlife Service
 depredation permit, if required, has been issued. The permit shall name the species allowed to be taken
 and may contain limitations as to age, <u>sex, sex</u> or any other condition within the species so named. The
 permit <u>shall must</u> be issued to a landholder or an authorized representative of a unit of local
 government for depredations on public property; and the <u>property. The</u>
- 28 (2) permit shall be used only by individuals named on the permit.
- (2) for taking of wildlife resources in circumstances of overabundance or when the wildlife resources
 present a danger to human safety. Cities as defined in G.S. 160A-1(2) seeking such a depredation
 permit must apply to the Executive Director using a form supplied by the Commission requesting
 the following information:
- 33

- (A) the name and location of the city;
- (B) the acreage of the affected property;
- 35 (C) a map of the affected property;
- 36 (D) the signature of an authorized city representative;
- 37 (E) the nature of the overabundance or the threat to public safety; and
- 38 (F) a description of previous actions taken by the city to ameliorate the problem.

1 (b) Wildlife Damage Control Agents: Upon completion of a training course designed for the purpose of reviewing 2 and updating information on wildlife laws and safe, humane wildlife handling techniques, techniques and 3 demonstration of a knowledge of wildlife laws and safe, humane wildlife handling techniques, an individual with no 4 record of wildlife law violations may apply to the Wildlife Resources Commission (Commission) to become a 5 Wildlife Damage Control Agent (WDCA). Those persons who demonstrate knowledge of wildlife laws and safe, 6 humane wildlife handling techniques by a passing score of at least 85 percent on a written examination provided by 7 a representative of the Wildlife Resources <u>Commission</u>, Commission in cooperation with the training course 8 provider, provider shall be approved. Those persons failing to obtain a passing score shall be given one chance for 9 re-testing without re-taking the course. Those persons approved as agents by the Commission may then issue 10 depredation permits for depredation as defined in Subparagraph (a)(1) of this Rule to landholders and be listed as a 11 second party to provide the control service. WDCAs may not issue depredation permits for covotes in the counties of Beaufort, Dare, Hyde, Tyrrell, Washington; Washington, Tyrrell, and Beaufort, big game animals; bats; animals, 12 13 bats, or species listed as endangered, threatened, threatened or special concern under 15A NCAC 10I .0103, .0104 14 and .0105 of this Chapter. WDCAs shall must report to the Wildlife Resources Commission the number and 15 disposition of animals taken, by county, annually. Records shall must be available for inspection by a Wildlife 16 Enforcement officer at any time during normal business hours. Wildlife Damage Control Agent status shall be 17 revoked at any time by the Executive Director when there is evidence of violations of wildlife laws, failure to report, 18 or inhumane treatment of animals by the WDCA. A WDCA may not charge for the permit, but may charge for his 19 or her investigations and control services. In order to maintain a knowledge of current laws, rules, and techniques, 20 each WDCA shall must renew his or her agent status every three years by showing proof of having attended at least 21 one training course provided for the purpose of reviewing and updating information on wildlife laws, laws and safe, 22 humane wildlife handling techniques within the previous 12 months. (c) Each depredation permit shall have an expiration date or time after which the depredation permit is no longer 23

valid. The depredation permit authorizes possession of any wildlife resources taken under the permit and shall-must

25 be retained as long as the wildlife resource is in the permittee's possession. All individuals taking wildlife resources

26 under the authority of a depredation permit are obligated to the conditions written on the permit and the

27 requirements specified in this Rule.

28 (d) Manner of Taking:

(1) Taking Without a Permit. Wildlife taken without a permit while committing depredations to
property may, during the open season on the species, be taken by the landholder by any lawful
method. During the closed <u>season</u>, <u>season</u> such depredating wildlife may be taken without a
permit only by the use of firearms or archery equipment as defined in 15A NCAC 10B .0116.
Taking With a Permit. Wildlife taken under a depredation permit may be taken only by the

method or methods authorized by the permit. When trapping is authorized, in order to limit the
 taking to the intended purpose, the permit may specify a reasonable distance from the property
 sought to be protected, according to the particular circumstances, within which the traps shall must
 be set. The Executive Director or agent may also state in a permit authorizing trapping whether or

1		not bait may be used and the type of bait, if any, that is authorized. In addition to any trapping
2		restrictions that may be contained in the permit, permit the method of trapping shall must be in
3		accordance with the requirements and restrictions imposed by G.S. 113-291.6 and other local laws
4		passed by the General Assembly. No depredation permit shall authorize the use of poisons or
5		pesticides in taking wildlife except in accordance with the provisions of the North Carolina
6		Pesticide Law of 1971, the Structural Pest Control Act of 1955, and G.S. 113, Article 22A. No
7		depredation permit shall authorize the taking of wildlife by any method by any landholder upon
8		the lands of another except when the individual is listed as a second party on a depredation permit.
9	(3)	Intentional Wounding. It is unlawful for any landholder, with or without a depredation permit,
10		intentionally to wound a wild animal in a manner so as not to cause its immediate death as
11		suddenly and humanely as the circumstances permit.
12	(e) Disposition of	of Wildlife Taken:
13	(1)	Generally. Except as provided by the succeeding Subparagraphs of this Paragraph, any wildlife
14		killed without a permit while committing depredations shall be buried or otherwise disposed of in
15		a safe and sanitary manner on the property. Wildlife killed under a depredation permit may be
16		transported to an alternate disposal site if desired. Anyone in possession of carcasses of animals
17		being transported under a depredation permit shall must have the depredation permit in his or her
18		possession. Except as provided by $\frac{1}{\text{the succeeding}}$ Subparagraphs of (d)(2) through (5) of this
19		Rule, all wildlife killed under a depredation permit shall must be buried or otherwise disposed of
20		as stated on the permit.
21	(2)	Deer and feral swine. The edible portions of feral swine and deer may be retained by the
22		landholder for consumption but shall must not be transported from the property where the
23		depredations took place without a valid depredation permit. The landholder may give a second
24		party the edible portions of the feral swine and deer taken under the depredation permit. The
25		receiver of the edible portions shall must hold a copy of the depredation permit. The nonedible
26		portions of any deer carcass, including head, hide, feet, and antlers, shall be disposed of as
27		specified in Subparagraph (1) of this Paragraph or turned over to a wildlife enforcement officer for
28		disposition.
29	(3)	Fox. Any fox killed under a depredation permit may be disposed of as described in Subparagraph
30		(1) of this Paragraph or, upon compliance with the fur tagging requirements of 15A NCAC 10B
31		.0400, the carcass or pelt thereof may be sold to a licensed fur dealer.
32	(4)	Furbearing Animals. The carcass or pelt of any furbearing animal killed during the open season
33		for taking such furbearing animal for control of depredations to property, whether with or without
34		a permit, may be sold to a licensed fur dealer provided that the person offering such carcass or pelt
35		for sale has a valid hunting or trapping license; license, provided further that, bobcats and otters
36		may only be sold upon compliance with any required fur tagging requirement set forth in 15A
37		NCAC 10B .0400.

1	(5)	Animals Taken Alive. Wild animals in the order Carnivora, armadillos, groundhogs, nutria, and						
2		beaver shall be humanely euthanized either at the site of capture or at a facility designed to						
3		humanely handle the euthanasia or released on the property where captured. Feral swine shall						
4	must be euthanized while still in the trap in accordance with G.S. 113-291.12. For all other							
5	animals taken alive, the animal <u>shall must be euthanized or else-released on property with</u>							
6	permission of the landowner. When the relocation site is public property, written permission must							
7		be obtained from an appropriate local, state, state or federal official before any animal may be						
8		released. Animals transported or held for euthanasia must be euthanized within 12 hours of						
9		capture. Anyone in possession of live animals being transported for relocation or euthanasia under						
10		a depredation permit <u>shall</u> must have the depredation permit in his or her possession.						
11	(f) Reporting R	equirements. Any landholder who kills an alligator, a coyote in the counties of Beaufort, Dare,						
12	Hyde, Tyrrell, o	<mark>r Washington, [-Dare, Washington, Beaufort, Tyrrell, and Hyde,] deer, Canada goose, <u>bear, bear</u> or</mark>						
13	wild turkey und	er a valid depredation permit shall report such kill on the form provided with the permit and mail the						
14	form upon the e	xpiration date to the Wildlife Resources CommissionAny landowner who kills a coyote in the						
15	counties of Beau	ifort, Dare, Hyde, Tyrrell and Washington [<mark>Dare, Washington, Beaufort, Tyrrell, and Hyde</mark>] shall						
16	report such kill as directed on the form provided with the depredation permit. [provided.] The killing and method of							
17	disposition of ev	rery alligator [alligator, alligator and bear, or coyote in the counties of Beaufort, Dare, Hyde,						
18	Tyrrell or Washington [Dare, Washington, Beaufort, Tyrrell, and Hyde,] and bear taken without a permit shall be							
19	reported to the Wildlife Resources Commission within 24 hours following the time of such killing.							
20	(g) In the counties of Dare, Hyde, Washington, Tyrrell, and Beaufort depredating coyotes may be taken subject to							
21	the following re	strictions:						
22	(1)	Taking coyotes without a permit. Depredating coyotes may be harassed by non-lethal means.						
23		Coyotes may be shot in defense of a person's safety or the safety of others, or if livestock or pets						
24		are threatened.						
25	(2)	Taking coyotes with a permit. Only employees of the Commission shall issue depredation permits						
26		for the taking of coyotes in these counties. Commission employees shall only authorize trapping						
27		or other non lethal manners of take in the permit.						
28	(3)	-Reporting and disposition. All coyotes taken under a depredation permit shall be reported to the						
29		Wildlife Resources Commission within 24 hours and disposed of as stated on the permit. All						
30		coyotes killed in accordance with Subparagraph (g)(1) of this Rule shall be reported to the						
31		Wildlife Resources Commission within 24 hours.						
32

1Temporary Amendment Eff. August 1, 2014 and shall remain in effect until amendments expire as2specified in G.S. 150B-21.1(d) or the United States District Court for the Eastern District of North3Carolina's court order number 2:13-CV-60-BOs signed on May 13, 2014 is rescinded, whichever4date is earlier. The court order is available at www.ncwildlife.org.

15A NCAC 10B .0118 Sale of wildlife is amended with changes under temporary procedures as follows:

3 15A NCAC 10B .0118 SALE OF WILDLIFE

4 (a) The carcasses or pelts of bobcats, opossums, and raccoon that have been lawfully taken by any hunting method,

- 5 upon compliance with applicable fur tagging requirements set forth in 15A NCAC 10B .0400, may be sold to
- 6 licensed fur dealers. The sale of carcasses or pelts of bobcats, opossums, and raccoon killed accidentally or taken by
- 7 hunting for control of depredations is permitted under the conditions set forth in 15A NCAC 10B.0106(e)(4) and
- 8 15A NCAC 10B .0127.
- 9 (b) Except as otherwise provided in Paragraphs (a), (d), $\frac{e}{e}$ and (f) (a), (d), and (e) of this Rule, the sale of game
- 10 birds and game animals or parts thereof is prohibited, except that processed products other than those made from
- 11 edible portions may be <u>sold</u>, sold provided that no label or advertisement identifies the product as a game bird, game
- 12 animal, or part thereof; thereof and provided further that the game bird or game animal was lawfully acquired
- 13 acquired. and the product is not readily identifiable as a game bird, bird or game animal, or part thereof.
- 14 (c) The sale of edible portions or products of game birds and game animals is prohibited, except as may be
- 15 otherwise provided by statute.
- 16 (d) The pelt or feathers of deer, elk, fox, pheasant, quail, rabbit, or squirrel (fox and gray) may be bought or sold for
- the purpose of making fishing flies provided that the source of these animals can be documented as being legally
- 18 obtained from out of state sources or from lawfully operated commercial breeding facilities. The buying and selling
- 19 of migratory game birds shall be in accordance with <u>50 C.F.R 20.91</u>. <u>50 C.F.R 20.91</u> which is hereby incorporated
- 20 by reference, including subsequent amendments and editions. 50 C.F.R. 20.91 is hereby incorporated by reference,
- 21 shall include any later amendments and editions of the incorporated material, and may be accessed free of cost at
- 22 http://www.gpo.gov/fdsys/pkg/CFR-2014-title50-vol9/pdf/CFR-2014-title50-vol9-sec20-91.pdf.
- 23 (e) The Executive Director or his designee may issue Trophy Wildlife Sale permits as authorized in G.S. 113-274
- for the sale of lawfully taken and possessed individual dead wildlife specimens or their parts that are mounted,
- stuffed, or otherwise permanently preserved that may be sold under G.S. 113-291.3. A copy of the permit shall must
- 26 be retained with the specimen.
- 27 (f) Antlers, antler velvet, [velvet] and hides from cervids held under a captivity license as authorized in 15A NCAC
- 28 <u>10H .0301 may be sold.</u>
- 29
- 30 History Note: Authority G.S. 113-134; 113-273; 113-274; 113-276.2; 113-291.3; 113-337; 50 C.F.R. 20.91;

1	15A NCAC 10E	3.0219 coyote is amended with changes under temporary procedures as follows:
2		
3	15A NCAC 10I	B.0219 COYOTE
4	(a) This Rule a	pplies to hunting coyotes. In all counties of the State, except those counties specified in Paragraph
5	(b) of this Rule,	the following apply:
6	(1)	There is no closed season for taking coyotes.
7	(2)	Coyotes may be taken on private lands anytime during the day or night.
8	(3)	Coyotes may be taken on public lands without a permit from the hours of one-half hour before
9		sunrise until one-half hour after sunset, and from one-half hour after sunset to one-half hour before
10		sunrise by permit only.
11	(b) In the count	ies of <mark>Beaufort, Dare, Hyde, Tyrrell, and Washington, Dare, Hyde, Washington, Tyrell and</mark>
12	Beaufort, the fo	llowing apply: coyote hunting is prohibited.
13	<u>(1)</u>	Coyote hunting on public lands is prohibited, except that coyotes may be taken on State-owned
14		game lands by the holder of a permit for a specific special hunt opportunity for coyotes authorized
15		by G.S 113-264(d). Any special hunt for coyotes pursuant to G.S. 113-264(d) shall only allow
16		hunting from the hours of one-half hour before sunrise until one-half hour after sunset. Contests or
17		competition coyote hunts on public lands are prohibited. If, within a calendar year, two or more
18		red wolves are shot by one or more hunters with a valid special hunt permit for coyotes on State
19		game lands within the five counties identified in this Paragraph, all special hunts for coyotes on
20		State game lands within those five counties shall be suspended for one calendar year.
21	(2)	There is no closed season for taking coyotes on private lands. Coyotes may be taken on private
22		lands from hours of one-half hour before sunrise until one-half hour after sunset only.
23	(3)	Coyotes may be taken on private lands by permit only, and any take shall be reported within 24
24		hours to the Commission.
25	(4)	Coyote hunting permits are in addition to hunting licenses. Individuals exempted form license
26		requirements under the provisions specified in G.S. 113-276 shall [muststill] acquire the coyote
27		hunting permits to hunt coyotes in the counties specified in this Paragraph. Coyote hunting
28		permits are valid for one calendar year and are subject to annual renewal. These permits are non-
29		transferable. Permit holders shall [must] submit their harvest reports in order to be eligible for
30		permit renewal.
31	(c) There are no	b bag limit restrictions on coyotes.
32	(d) Manner of T	Γake. Hunters may use electronic calls and artificial lights.
33		
34	History Note:	Authority G.S. 113-134; 113-264; 113-291.1; 113-291.2;
35		Eff. July 1, 1993;
36		Temporary Amendment Eff. October 1, 2011;
37		Amended Eff. January 1, 2012;

1	Temporary Amendment Eff. August 1, 2012.
2	Amended Eff. July 26, 2013;
3	Temporary Amendment Eff. August 1, 2014 and shall remain in effect until amendments expire as
4	specified in G.S. 150B-21.1(d) or the United States District Court for the Eastern District of North
5	Carolina's court order number 2:13-CV-60-BOs signed on May 13, 2014 is rescinded, whichever
6	date is earlier. The court order is available at www.ncwildlife.org.

1 15A NCAC 10H .0301 General requirements is amended with changes under temporary procedures as follows:

3 15A NCAC 10H .0301 GENERAL REQUIREMENTS

4 (a) Captivity Permit or License Required

2

5	(1)	Requirement. The possession of any species of wild animal that is or once was native to this State
6		or any species of wild bird, native or migratory, that naturally occurs or historically occurred in
7		this State or any member of the family Cervidae is unlawful unless the institution or individual in
8		possession obtains from the North Carolina Wildlife Resources Commission (Commission) a
9		captivity permit or a captivity license as provided by this Rule.

- 10
 (2)
 Injured, Crippled, Crippled or Orphaned Wildlife. When an individual has taken possession of an

 11
 injured, crippled, or orphaned wild animal or wild bird, that individual shall contact the
- 12Commission within 24 hours of taking possession in order to apply for a captivity permit,13provided, however, that under no circumstances shall an individual take possession of an injured,14crippled, or orphaned wild turkey, black bear, deer, elk, or any other member of the family
- 15 Cervidae except as described in Subparagraph (3) of this Paragraph.
- 16(3)Rehabilitation of white-tailed deer fawns. An individual may apply to the Commission to become17a permitted white-tailed deer fawn rehabilitator for the State of North Carolina. Individuals18deemed to be qualified according to this Section to rehabilitate injured or orphaned fawns may19receive a captivity permit to possess fawns only for such a period of time as may be required for20the rehabilitation and release of the fawns to the wild. These captivity permits apply only to wild21white-tailed deer fawns and are available only to individuals recognized by the Commission as22white-tailed deer fawn rehabilitators.

23 (b) Captivity Permit. A captivity permit shall be requested by mail, phone, facsimile, or electronic transmission,

24 **transmission** or in person. A captivity permit authorizes possession of the animal or bird only for such period of time

as may be required for the rehabilitation and release of the animal or bird to the wild; or to obtain a captivity license

as provided by Paragraph (c) of this Rule, if such a license is authorized; or to make a proper disposition of the

27 animal or bird if the application for such license is <u>denied</u>; denied, or when an existing captivity license is not

28 renewed or is terminated. Captivity permits shall not be issued for wild turkey or black bear.

29 (c) Captivity License.

30 The purpose of a captivity license is to provide humane treatment for wild animals or wild birds (1)31 that are unfit for release, or for possession of <u>cervids</u>, or for scientific, educational, exhibition or other purposes.[educational exhibition.] eervids. For purposes of this Rule, wild animals are 32 33 considered "unfit" if they are incapacitated by injury or otherwise; if they are a non-native species 34 that poses a risk to the habitat or to other species in that habitat; or if they have been rendered tame 35 by proximity to humans to the extent that they cannot feed or care for themselves without human 36 assistance. Persons interested in obtaining a captivity license shall complete an application for 37 wildlife captivity provided on the Commission's web site or can be requested by calling (919) 38 707-0050. contact the Commission for an application.

1	(2)	Denial of captivity license. Circumstances or purposes for which a captivity license shall not be		
2		issued in	nclude the following:	
3		(A)	for For the purpose of holding a wild animal or wild bird that was acquired unlawfully.	
4			unlawfully;	
5		(B)	for For the purpose of holding the wild animal or wild bird as a pet. For purposes of this	
6			Rule, the term "pet" means an animal kept for amusement or companionship. The term	
7			shall not be construed to include cervids held in captivity for breeding for sale to another	
8			licensed operator; operator.	
9		(C)	for For the purpose of holding wild animals or wild birds for hunting in North Carolina;	
10			Carolina.	
11		(D)	for For the purpose of holding wild turkey or black bear; or bear.	
12		(E)	for For the purpose of holding white-tailed deer (Odocoileus virginianus) or elk (Cervus	
13			elaphus or Cervus <u>canadensis), canadensis)</u> except licenses issued before December 1,	
14			2014 that may be renewed as specified in Subparagraph (6) of this Paragraph.	
15	(3)	Require	d Facilities. No captivity license shall be issued until the applicant has constructed or	
16		acquired	d a facility for keeping the animal or bird in captivity that complies with the standards set	
17		forth in	Rule .0302 of this Section and the adequacy of such facility has been verified on	
18		inspecti	on by a representative of the Commission.	
19	(4)	Term of	License	
20		(A)	Dependent Wildlife. If the wild animal or wild bird has been permanently rendered	
21			incapable of subsisting in the wild, the license authorizing its retention in captivity shall	
22			be an annual license terminating on December 31 of the year for which issued.	
23		(B)	Rehabilitable Wildlife. When the wild animal or wild bird is temporarily incapacitated,	
24			and may be rehabilitated for release to the wild, any captivity license that is issued shall	
25			be for a period less than one year as rehabilitation may require.	
26		(C)	Concurrent Federal Permit. No State captivity license for an endangered or threatened	
27			species or a migratory bird, regardless of the term specified, shall operate to authorize	
28			retention thereof for a longer period than is allowed by any concurrent federal permit that	
29			may be required for retention of the bird or animal.	
30	(5)	Holders	of Captivity License for cervids.	
31		(A)	Records. Each licensee shall maintain herd records as described in 9 CFR 55.23(b)(4).	
32			9 C.F.R. 55.23(b)(4) is hereby incorporated by reference, shall include any later	
33			amendments and editions of the incorporated material, and may be accessed free of cost	
34			at http://www.ecfr.gov/cgi-bin/text-	
35			idx?SID=940029f5dad7b72c54cd3985f1da490a&node=se9.1.55_123&rgn=div8. [9 CFR

37			idx?SID=940029f5dad7b72c54cd3985f1da490a&node=se9.1.55_123&rgn=div8]	

1	(<u>A)(B)</u>	Inspection of records. The licensee shall make all records pertaining to tags, licenses, or
2		permits issued by the Commission available for inspection by the Commission at any
3		time during normal business hours, or at any time an outbreak of Chronic Wasting
4		Disease (CWD) is suspected or confirmed within five miles of the facility or within the
5		facility itself. For purposes of this Rule, normal business hours are Monday through
6		Friday 8 a.m. to 5 p.m., excluding state holidays.
7	(<u>B)(C)</u>	Inspection. The licensee shall make all enclosures at each licensed facility and the herd
8		records record book(s) documenting required monitoring of the outer fence of the
9		enclosure(s) available for inspection by the Commission at any time during normal
10		business hours, or at any time an outbreak of CWD is suspected or confirmed within five
11		miles of the facility or within the facility itself.
12	(<u>C)(D)</u>	Fence Monitoring Requirement. The fence surrounding the enclosure shall be
13		[structurally sound] built and maintained in a condition that would prevent ingress and
14		egress of cervids. good repair. Any damage to the fence that [which] creates an
15		opportunity for cervid ingress or egress shall be repaired upon discovery inspected by
16		the licensee or licensee's agent once a week during normal weather conditions to verify
17		its stability and to detect the existence of any conditions or activities that threaten its
18		stability. In the event of severe weather or any other condition that presents potential for
19		damage to the fence, inspection shall occur every three hours until cessation of the
20		threatening condition, except that no inspection is required under circumstances that
21		threaten the safety of the person conducting the inspection.
22	(D)	A record book shall be maintained to record the time and date of the inspection, the name
23		of the person who performed the inspection, and the condition of the fence at time of
24		inspection. The person who performs the inspection shall enter the date and time of
25		detection and the location of any damage threatening the stability of the fence. If damage
26		has caused the fence to be breachable, the licensee shall enter a description of measures
27		taken to prevent ingress or egress by cervids. Each record book entry shall bear the
28		signature or initials of the licensee attesting to the veracity of the entry. The record book
29		shall be made available to inspection by a representative of the Commission upon request
30		during normal business operating hours.
31	(E)	Maintenance. Any opening or passage through the enclosure fence that results from
32		damage shall, within one hour of detection, be sealed or otherwise secured to prevent a
33		cervid from escape. Any damage to the enclosure fence that threatens its stability shall
34		be repaired within one week of detection.
35	(F) (E)	Escape. When a licensee discovers the escape of any cervid from the facility, the
36		licensee or designee shall report within 24 hours the escape to the by calling 1-800-662-
37		7137. Commission. If possible, the escaped cervid shall be recaptured alive. If live

1			n is not noosible, the lisences shall mensed a wildlife take normit under C.C. 112
1		-	re is not possible, the licensee shall request a wildlife take permit under G.S. 113-
2		•	contacting the Wildlife Management Division of the Commission at (919) 707-
3			d take the escaped cervid pursuant to the terms of the permit. A recaptured live
4			hall be submitted to the Commission for Chronic Wasting Disease (CWD) testing
5		•	test recognized by the Southeastern Cooperative Wildlife Disease Study, Study
6		unless t	he executive director determines that the risk of CWD transmission as a result of
7		this esca	ape is negligible based upon: upon the following:
8		(i)	amount of time the escaped cervid remained out of the facility;
9		(ii)	proximity of the escaped cervid to wild populations;
10		(iii)	known susceptibility of the escaped cervid species to CWD; and
11		(iv)	nature of the terrain in to which the cervid escaped.
12	(G)<u>(</u>F)	Chronic	wasting Disease (CWD)
13		(i)	Detection. Each licensee shall notify the Commission immediately,
14			[<mark>immeidately,] but within 24 <u>hours, hours</u> if any cervid within the facility</mark>
15			exhibits clinical symptoms of CWD, and may include symptoms as provided in
16			9 C.F.R. 81.1 9-C.F.R. 81.1, or if a quarantine is placed on the facility by the
17			State Veterinarian. All captive cervids that exhibit symptoms of CWD shall be
18			tested for CWD. 9 C.F.R. 81.1 is hereby incorporated by reference, shall
19			include any later amendments and editions of the incorporated material, and may
20			be accessed free of cost at http://www.gpo.gov/fdsys/pkg/CFR-2012-title9-
21			vol1/pdf/CFR-2012-title9-vol1-sec81-1.pdf. Cervids that exhibit clinical
22			symptoms of CWD shall not be transported. Regardless of age, cervids that
22			exhibit clinical symptoms of CWD shall be made available for testing upon
23			death.
24 25		(;;;)	<u>Cervid death</u> . Licensees shall inform the Commission at (919) 707-0050 during
		(ii)	
26			normal business hours and 1-800-662-7137 outside business hours of the death
27			of any cervids 12 months of age or older within 12 hours of the death. The
28			carcass of any captive cervid that was $12 - six$ months of age or older at time of
29			death shall be made available for testing. transported and submitted by the
30			licensee or his designee to a North Carolina Department of Agriculture
31			diagnostic lab for CWD evaluation within 48 hours of the cervid's death, or by
32			the end of the next business day, whichever is later. Ear tags distributed by the
33			Commission and subsequently affixed to the cervids as required by this Rule
34			Rule, may not be removed from the cervid's head prior to submitting the head
35			for CWD evaluation.

1		(iii) The Commission shall require testing or forfeiture of cervids from a facility
2		holding cervids in this State should the following circumstances or conditions
3		occur:
4		(I) The facility has transferred a cervid that is received by a facility in
5		which CWD is confirmed within five years of the cervid's transport
6		date and that transferred cervid has tested positive for CWD or the test
7		for CWD was inconclusive or the transferred cervid was no longer
8		available for testing.
9		(II) The facility has received a cervid that originated from a facility in
10		which CWD has been confirmed within five years of the cervid's
11		transport date and that received cervid has tested positive for CWD or
12		the test for CWD was inconclusive or the received cervid was no longer
13		available for testing.
14	<u>(G)</u>	Herd Status. The Commission and the N.C. Department of Agriculture and Consumer
15		Sciences shall designate herds as CWD-suspect, CWD-exposed, or CWD-positive as
16		defined in 9 CFR 55.1 when exposure to the disease is suspected. [as needed available] 9
17		CFR 55.1 is hereby incorporated by reference, shall include any later amendments and
18		editions of the incorporated material, and may be accessed free of cost at:
19		http://www.ecfr.gov/cgi-
20		bin/retrieveECFR?gp=&SID=940029f5dad7b72c54cd3985f1da490a&n=pt9.1.55&r=PA
21		RT&ty=HTML#se9.1.55_11 No cervids shall move out from or into herds designated as
22		CWD-suspect, CWD-exposed, or CWD-positive pending an epidemiological
23		investigation. If the investigation determines a herd to be CWD-exposed or CWD-
24		positive, movement shall resume only upon completion of a herd plan. The Commission
25		shall follow herd planning guidelines set forth in the May 2014 edition or subsequent
26		updates of the U.S. Department of Agriculture's Chronic Wasting Disease Program
27		Standards Part B. Movement of cervids out from or into herds designated as CWD-
28		suspect shall only resume after all suspected animals have been tested and no signs of
29		CWD were detected in the submitted samples.
30	(H)	Tagging Required. All cervids within a herd shall [must] be tagged with two separate tags
31		as provided by the Commission. Cervids born within a facility shall [must] be tagged
32		before 12 months of age. All cervids regardless of age shall [must] be tagged before
33		being transported. Effective upon receipt of tags from the Commission, each licensee
34		shall implement the tagging requirement using only the tags provided by the Commission
35		as follows:
36		(i) All cervids born within a facility shall be tagged by March 1 following the
37		birthing season each year.

1		(ii)	All cervids transferred to a facility shall be tagged within five days of the
2			cervid's arrival at the licensee's facility. However, no cervids shall be
3			transported from one facility to another unless both sending and receiving herds
4			are certified according to 15A NCAC 10H .0304, or the sending herd is a
5			Certified herd and the receiving herd is a licensed facility. However, no cervids
6			shall be transported from one facility to another unless both sending and
7			receiving herds are certified according to 15A NCAC 10H .0304.
8	(I)	Applica	tion for Tags.
9		(i)	Application for tags for calves and fawns. Application for tags for cervids born
10			within a facility shall be made by the licensee by December 1 following the
11			birthing season of each year. The licensee shall provide the following
12			information, along with a statement and licensee's signature verifying that the
13			information is accurate:
14			(I) applicant name, mailing address, and telephone number;
15			(II) facility name and site address;
16			(III) captivity license number;
17			(IV) species of each cervid; and
18			(V) birth year of each cervid.
19		(ii)	Application for tags for cervids that were not born at the facility site shall be
20			made by written request <u>to the Commission</u> for the appropriate number of tags
21			along with the licensee's application for transportation of the cervid, along with
22			a statement and licensee's signature verifying that the information is accurate.
23			These tag applications shall not be processed unless accompanied by a
24			completed application for transportation. However, no transportation permits
25			shall be issued nor shall cervids be transported from one facility to another
26			unless both sending and receiving herds are certified according to 15A NCAC
27			10H .0304, or the sending herd is a Certified Herd and the receiving herd is a
28			licensed facility.
29	(J)	Placem	ent of Tags.
30		(i)	A single button ear tag provided by the Commission shall be permanently
31			affixed by the licensee onto either the right or left ear of each cervid, provided
32			that the ear chosen to bear the button tag shall not also bear a bangle tag, so that
33			each ear of the cervid bears only one tag.
34		(ii)	A single bangle ear tag provided by the Commission shall be permanently
35			affixed by the licensee onto the right or left ear of each cervid except Muntjac
36			deer, provided that the ear bearing the bangle tag does not also bear the button

1				tag, so that each ear of the cervid bears only one tag. Muntjac deer shall not be
2				tagged with the bangle tag.
3			(iii)	Once a tag is affixed in the manner required by this Rule, it shall not be
4				removed.
5		(K)	Reporti	ng Tags Requirement. For all cervids, except calves and fawns, the licensee shall
6			submit-	a Cervidae Tagging Report within 30 days of receipt of the tags. Cervidae
7			Tagging	g Reports for calves and fawns shall be submitted by March 1 following the
8			birthing	season each year. A Cervidae Tagging Report shall provide the following
9			informa	tion and be accompanied by a statement and licensee's signature verifying that the
10			informa	tion is accurate:
11			(i)	licensee name, mailing address, and telephone number;
12			(ii)	facility name and site address, including the County in which the site is located;
13			(iii)	captivity license number;
14			(iv)	-species and sex of each cervid;
15			(v)	tag number(s) for each cervid; and
16			(vi)	birth year of each cervid.
17		(L)<u>(K)</u>	Replace	ement of Tags. The Commission shall replace tags that are lost or unusable and
18			shall ex	tend the time within which a licensee shall tag cervids consistent with time
19			required	d to issue a replacement.
20			(i)	Lost Tags. The loss of a tag shall be reported to the Commission by the
21				licensee, and an-licensee and application shall be made for a replacement upon
22				discovery of the loss. Application for a replacement tag shall include the
23				information required by Part (c)(5)(F) Part (c)(5)(I) of this Rule along with a
24				statement and applicant's signature verifying that the information is accurate.
25				The replacement tag shall be placed Lost tags shall be replaced on the animal
26				by the licensee within 30 days of receipt of the replacement tag.
27			(ii)	Unusable Tags. Tags that cannot be properly affixed to the ear of a cervid or
28				that cannot be read because of malformation or damage to the tags or
29				obscurement of the tag numbers shall be returned to the Commission along with
30				an application for a replacement tag with a statement and applicant's signature
31				verifying that the information in the application is accurate.
32	(6)	Renewa	al of capt	ivity license for cervids. Existing captivity licenses for the possession of cervids
33		at existi	ng facilit	ties shall be renewed as long as the applicant for renewal continues to meet the
34		requirer	nents of	this Section for the license. Only licensees with Certified Herds, as defined in
35		15A NO	CAC 10H	0.304, may request in their renewal applications to expand pen size or the
36		number	of pens	on the licensed facility to increase the holding capacity of that facility. A licensee

1		whose license has lapsed shall not be eligible to renew his or her license, but may apply for a new			
2		license. license as described in Paragraph c of this Rule.			
3	(7)	Provision for licensing the possession of cervids in an existing facility. A captivity license shall			
4		only be issued to an individual who is 18 years of age or older. If the licensee of an existing			
5		facility voluntarily surrenders his or her captivity license, becomes incapacitated or mentally			
6		incompetent, or dies, a person who has obtained lawful possession of the facility from the previous			
7		licensee or that licensee's estate, may request that the existing captivity license be transferred to			
8		him or her to operate the existing facility. Any license transferred under this provision shall be			
9		subject to the same terms and conditions imposed on the original licensee at the time of his or her			
10		surrender or death and shall be valid only for the purpose of holding the cervids of the existing			
11		facility within that existing facility. In addition, any actions pending from complaint,			
12		investigation, or other cause shall be continued notwithstanding the termination of the original			
13		license.			
14	(d) Nontransfera	ble. No license, permit, license or permit or tag issued pursuant to this Rule is transferable, either as			
15	to the holder or t	he site of a holding facility, except as provided in Subparagraph (c)(7) of this Rule.			
16	(e) Sale, <u>Transf</u> e	er, Transfer or Release of Captive Wildlife.			
17	(1)	It is unlawful for any person to transfer or receive any wild animal or wild bird that is being held			
18		under a captivity permit issued under Paragraph (b) of this Rule, except that any such animal or			
19		bird may be surrendered to an agent of the Commission. This Subparagraph does not apply to			
20		persons holding cervids under a captivity permit.			
21	(2)	It is unlawful for any person holding a captivity license issued under Paragraph (c) of this Rule to			
22		sell or transfer the animal or bird held under such license, except that such animal or bird may be			
23		surrendered to an agent of the Commission, and any such licensee may sell or transfer the animal			
24		or bird (except members of the family Cervidae) to another person who has obtained a license to			
25		hold it in captivity. For animals in the family Cervidae, sale or transfer of animals is allowed only			
26		between Certified Herds, as defined in15A NCAC 10H .0304, or from a Certified Herd to a			
27		licensed facility, except facilities licensed or permitted on or after December 1, 2014 shall not take			
28		possession of white-tailed deer (Odocoileus virginianus) or elk (Cervus elaphus or Cervus			
29		canadensis). Upon such a sale or transfer, the seller or transferor shall obtain a receipt for the			
30		animal or bird showing the name, address, and license number of the buyer or transferee, a copy of			
31		which shall be provided to the Commission.			
32	(3)	It is unlawful for any person to release into the wild for any purpose or allow to range free:			
33		(A) any species of deer, <u>elk, elk</u> or other <u>species members</u> of the family <u>Cervidae; Cervidae</u> ,			
34		or			
35		(B) any wolf, coyote, or other non-indigenous member of the family <u>Canidae</u> ; Canidae, or			
36		(C) any member of the family Suidae.			
37	(f) Transportation	on Permit.			

February 11, 2015

1	(1)	Except as otherwise provided herein, no transportation permit is required to move any lawfully
2		held wild animal or wild bird within the State.
3	(2)	No person shall transport black bear or Cervidae for any purpose without first obtaining a
4		transportation permit from the Commission.
5	(3)	Except as provided in Subparagraph (f)(4) of this Rule, no transportation permits shall be issued
6		for deer, elk, or other species in the family Cervidae except:
7		(A) into and between Certified Herds as defined in 15A NCAC 10H .0304; or
8		(B) from a Certified Herd to a licensed facility, except no transportation permits shall be
9		issued for white-tailed deer (Odocoileus virginianus) or elk (Cervus elaphus or Cervus
10		canadensis) if the receiving facility was licensed or permitted on or after December 1,
11		2014.
12	(4)	Cervid Transportation. A permit to transport deer, elk, or other species in the family Cervidae
13		may be issued by the Commission to an applicant for the purpose of transporting the animal or
14		animals for export out of state, to a slaughterhouse for slaughter, from a Certified Herd to another
15		Certified Herd as defined in 15A NCAC 10H .0304, from a Certified Herd to a licensed facility, or
16		to a veterinary medical facility for treatment provided that the animal for which the permit is
17		issued is not under movement restrictions as described in Part (c)(5)(H) of this Rule, is issued does
18		not exhibit clinical symptoms of Chronic Wasting Disease, except no transportation permits shall
19		be issued for white-tailed deer (Odocoileus virginianus) or elk (Cervus elaphus or Cervus
20		canadensis) if the receiving facility was licensed or permitted on or after December 1, 2014. No
21		person shall transport a cervid to slaughter or export out of state without bearing a copy of the
22		transportation permit issued by the Commission authorizing that transportation. No person shall
23		transport a cervid for veterinary treatment without having obtained approval from the Commission
24		as provided by Part (f)(4)(D) of this Rule. Any person transporting a cervid shall present the
25		transportation permit to any law enforcement officer or any representative of the Commission
26		upon request, except that a person transporting a cervid by verbal authorization for veterinary
27		treatment shall provide the name of the person who issued the approval to any law enforcement
28		officer or any representative of the Commission upon request. Transportation permits shall be
29		valid for 30 <mark>calendar</mark> days.
30		(A) Slaughter. Application for a transportation permit for purpose of slaughter shall be
31		submitted in writing to the Commission and shall include the following information along
32		with a statement and applicant's signature verifying that the information is accurate:
33		(i) applicant name, mailing address, and telephone number;
34		(ii) facility site address;
35		(iii) captivity license number;
36		(iv) name, address, <u>county, county</u> and phone number of the slaughter house to
37		which the cervid will be transported;

1		(v)	vehicle or trailer license plate number and state of issuance of the vehicle or
2			trailer used to transport the cervid;
3		(vi)	name and location of the North Carolina Department of Agriculture Diagnostic
4			lab where the head of the cervid is to be submitted for CWD testing;
5		(vii)	date of transportation;
6		(viii)	species and sex of each cervid; and
7		(ix)	tag number(s) for each cervid.
8	(B)	Export	ation. Only licensees with Certified herds may export cervids as defined in 9 CFR
9		<u>55.1 <mark>[(</mark></u>	available at: http://www.ecfr.gov/cgi-
10		<mark>bin/retı</mark>	ieveECFR?gp=&SID=940029f5dad7b72c54cd3985f1da490a&n=pt9.1.55&r=PA

15		RT&ty	<u>=HTML#se9.1.55_11</u> Nothing in this rule shall be construed to prohibit the
16		lawful	exportation of a member of the family Cervidae for sale out of state. Application
17		for a tra	ansportation permit for purpose of exportation out of state shall be submitted in
18		writing	to the Commission and shall include the following information along with a
19		stateme	ent and applicant's signature verifying that the information is accurate:
20		(i)	applicant's name, mailing address, address and telephone number;
21		(ii)	facility site address;
22		(iii)	captivity license number;
23		(iv)	vehicle or trailer license plate number and state of issuance of the vehicle or
24			trailer used to transport the cervid;
25		(v)	name, site address, county, state, state and phone number of the destination
26			facility to which the cervid is exported;
27		(vi)	a copy of the importation permit from the state of the destination facility that
28			names the destination facility to which the animal is to be exported;
29		(vii)	date of departure;
30		(viii)	species and sex of each cervid; and
31		(ix)	tag number(s) for each cervid.
32		<u>In addi</u>	tion to the state transportation permit, each cervid as defined in 9 CFR 55.1
33		exporte	ed shall have a federal certificate as described in 9 CFR 81.4 which is hereby
34		incorpo	prated by reference, shall include any later amendments and editions of the
35		incorpo	prated material, and may be accessed free of cost at: [and available at:]
36		http://w	www.ecfr.gov/cgi-bin/text-
37		idx?SII	D=72869bb3d0188a5a5f1e783845a988e5&node=se9.1.81_14&rgn=div8

1	(C)	Betweer	herds. Application for a transportation permit for purpose of moving a cervid
2		from on	e Certified Herd to another Certified Herd, as defined in 15A NCAC 10H .0304,
3		or from	a Certified Herd to a licensed facility, shall be submitted in writing to the
4		Commis	sion and shall include the following information along with a statement and
5		applican	t's signature verifying that the information is accurate:
6		(i)	applicant's name, mailing address, address and telephone number;
7		(ii)	facility site address;
8		(iii)	captivity license number;
9		(iv)	vehicle or trailer license plate number and state of issuance of the vehicle or
10			trailer used to transport the cervid;
11		(v)	name, site address, county, and phone number of the destination facility to
12			which the cervid is moved;
13		(vi)	date of departure;
14		(vii)	species and sex of each cervid; and
15		(viii)	tag number(s)for each cervid.
16	(D)	Veterina	ry treatment. No approval shall be issued for transportation of a cervid to a
17		veterina	ry clinic out of the state of North Carolina, or for transportation from a facility
18		out of th	e state of North Carolina to a veterinary clinic in North Carolina. An applicant
19		from a N	North Carolina facility seeking to transport a cervid for veterinary treatment to a
20		facility	within North Carolina shall contact the Wildlife Telecommunications Center at
21		(800) 66	2-7137 or the Wildlife Management Division of the Commission at (919) 707-
22		0050 to	obtain verbal authorization to transport the cervid to a specified veterinary clinic
23		and to re	eturn the cervid to the facility. Verbal approval to transport a cervid to a
24		veterina	ry clinic shall authorize transport only to the specified veterinary clinic and
25		directly	back to the facility, and shall not be construed to permit intervening destinations.
26		To obtai	n verbal authorization to transport, the applicant shall provide staff of the
27		Commis	sion the applicant's name and phone number, applicant's facility name, site
28		address	and phone number, the cervid species, sex and tag numbers, and the name,
29		address	and phone number of the veterinary facility to which the cervid shall be
30		transpor	ted. Within five <u>calendar</u> days of transporting the cervid to the veterinary facility
31		for treat	ment, the licensee shall provide the following information in writing to the
32		Commis	sion, along with a statement and applicant's signature verifying that the
33		information	tion is correct:
34		(i)	applicant's name, mailing address, address and telephone number;
35		(ii)	facility name and site address;
36		(iii)	captivity license number;

1		(iv)	vehicle or trailer license plate number and state of issuance of the vehicle or
2			trailer used to transport the cervid;
3		(v)	date of transportation;
4		(vi)	species and sex of each cervid;
5		(vii)	tag number(s) for each cervid;
6		(viii)	name, address, address and phone number of the veterinarian and clinic that
7			treated the cervid;
8		(ix)	symptoms for which cervid received treatment; and
9		(x)	diagnosis of the veterinarian who treated the cervid.
10	(g) Slaughter a	t cervid facility. A	pplication for a permit for purpose of slaughter at the cervid facility shall be
11	submitted in wr	iting to the Comm	ission and shall include the following information along with a statement and
12	applicant's signa	ature verifying that	t the information is accurate:
13	(1)	applicant name,	mailing address, and telephone number;
14	(2)	facility site addr	ess;
15	(3)	captivity license	number;
16	(4)	<u>name <mark>name,</mark> and</u>	location of the North Carolina Department of Agriculture Diagnostic lab where
17		the head of the c	ervid is to be submitted for CWD testing;
18	(5)	date of slaughter	r;
19	(6)	species and sex	of each cervid; and
20	(7)	tag number(s) fo	or each cervid.
21	Permits or author	prization may not l	be sold or traded by the licensee to any individual for the hunting or collection of
22	captive cervids.	Only the licensee	may kill a cervid within the cervid enclosure.
23	(h) As used in t	this Rule, "Certifie	d Herd" means a captive cervid herd certified in North Carolina according to the
24	procedure set fo	orth in 15A NCAC	10H .0304 available to North Carolina licensees only.

2

3 15A NCAC 10H .0302 MINIMUM STANDARDS

4 (a) Exemptions. Publicly financed zoos, scientific and biological research facilities, and institutions of higher

- 5 education that were granted an exemption by the Commission from the standards of this Rule prior to December 1,
- 6 2005 are exempt from the standards set forth in this Rule for all birds and animals except the black bear so long as

7 the captivity license in effect on that date has not expired or been revoked.

(b) With the exception of those entities named in Paragraph (a) of this Rule who have received exemption from the
 Commission, all holders of captivity licenses shall comply with the following requirements:

(1) Deer, Elk, Elk, and other species of the family Cervidae

- 11 (A) Enclosure. The enclosure shall be on a well-drained site containing natural or manmade 12 shelter for shade. The minimum size of the enclosure for all cervids except Muntjac deer 13 shall be not less than one-half acre for the first three animals and an additional one-fourth 14 acre for each additional animal held, held provided that no more than 25 percent shall be covered with water. At no time shall the number of cervids in the enclosure exceed the 15 16 number allowed by the captivity license, except that fawns and calves shall not count 17 towards the total number of cervids in a facility from the time they are born until March 1 18 of the following year. The enclosure shall be surrounded by a fence of sufficient strength 19 and design to prevent ingress or egress of cervids contain the animal under any 20 circumstances, and at least eight feet high. high, and dog proof to a height of at least six 21 feet. For enclosures exclusively holding Muntjac deer, the minimum pen size shall be 22 800 square feet for the first three animals and 200 square feet for each additional animal. 23 No exposed barbed wire, nails, or other protrusions that may cause injury to the animal 24 shall be permitted within the enclosure. Captive cervids shall not be contained within or 25 allowed to enter a place of residence.
 - (B) Sanitation and Care. Licensees shall provide an ample supply of clear water and salt at all times. Food shall be placed in the enclosure as needed, but not less than three times weekly. An effective program for the control of insects, ectoparasites, disease, and odor shall be established and maintained. The animal(s) shall be protected against fright or harm from other animals.

(2) Wild Boars

(A) Enclosure. The enclosure shall be on a site containing trees or brush for shade. The minimum size of the enclosure shall be not less than one-half acre for the first three animals and an additional one-fourth acre for each additional animal held. The enclosure shall be surrounded by a fence at least five feet high and of sufficient strength to contain the animals. No exposed barbed wire or protruding nails shall be permitted within the enclosure. A roofed building large enough to provide shelter for in both a standing or a

1			lying position for each boar <u>shall must be provided</u> . This building shall be closed on
2			three sides. A pool of water for wallowing or a sprinkler system shall be provided on
3			days when heat could cause physiological stress to the animal(s).
4		(B)	Sanitation and Care. Licensees shall provide an ample supply of clear water at all times.
5			Food shall be placed in the enclosure as needed, but in any case, not less than three times
6			weekly. An effective program for the control of insects, ectoparasites, disease, and odor
7			shall be established and maintained.
8	(3)	Wild H	Birds
9		(A)	Enclosure. The enclosure shall be large enough for the bird or birds to assume all natural
10			postures. The enclosure shall be designed in such a way that the birds cannot injure
11			themselves and are able to maintain a natural plumage. Protection from sun, weather,
12			and predators shall also be provided.
13		(B)	Sanitation and Care. The cage shall be kept clean, dry, and free from molded or damp
14			feed. Ample food and clean water shall be available at all times.
15	(4)	Alligat	tors
16		(A)	Enclosure. The enclosure shall be surrounded by a fence of sufficient strength to contain
17			the animals and that shall prevent contact between the observer and alligator. The
18			enclosure shall contain a pool of water large enough for the animal to completely
19			submerge itself. If more than one animal is kept, the pool must be large enough for all
20			animals to be able to submerge themselves at the same time. A land area with both
21			horizontal dimensions at least as long as the animal shall also be provided. In case of
22			more than one animal, the land area shall have both horizontal dimensions at least as long
23			as the longest animals to occupy the land area at the same time without overlap.
24		(B)	Sanitation and Care. The water area shall be kept clean and food adequate to maintain
25			good health provided. Protection shall be provided at all times from extremes in
26			temperature. temperature that could cause stress to the animal.
27	(5)	Black	Bear
28		(A)	Educational Institutions and Zoos Operated or Established by Governmental Agencies
29			(i) Enclosure. A permanent, stationary metal <u>cage shall be cage</u> , at least eight feet
30			wide by 12 feet long by six feet high and located in the shade or where shaded
31			during the afternoon hours of summer. summer, is required. The cage shall have
32			a concrete floor in which a drainable pool one and one-half feet deep and not
33			less than four by five feet has been constructed. The bars of the cage shall be of
34			iron or steel at least one-fourth inch in diameter, or heavy gauge steel chain link
35			fencing may be used. The gate shall be equipped with a lock or safety catch,
36			and guard rails shall be placed outside the cage so as to prevent contact between
37			the observer and the caged animal. The cage shall must contain a den at least

1			five feet long by five feet wide by four feet high and so constructed as to be
2			easily cleaned. A <u>scratching surface "scratch log"</u> shall be placed inside the
3			cage. The cage shall be equipped with a removable food trough. Running water
4			shall be provided for flushing the floor and changing the pool.
5		(ii)	Sanitation and Care. Food adequate to maintain good health shall be provided
6			daily; and clean, clear drinking water shall be available at all times. The floor of
7			the cage and the food trough shall be flushed with water and the water in the
8			pool changed daily. The den shall be flushed and cleaned at least once each
9			week in hot weather. An effective program for the control of insects,
10			ectoparasites, disease, and odor shall be established and maintained. Brush,
11			canvas, or other material shall be placed over the cage to provide additional
12			shade when necessary for the health of the animal. The use of collars, tethers,
13			tethers or stakes to restrain the bear is prohibited, except as a temporary safety
14			device.
15	(B)	Conditi	ons Simulating Natural Habitat. Black bears held in captivity by other than
16		educati	onal institutions or governmental zoos shall be held without caging under
17		condition	ons simulating a natural habitat. All of the following conditions shall must exist to
18		simulat	e a natural habitat in a holding facility:
19		(i)	The method of confinement is by chain link fence, wall, moat, or a combination
20			of such, without the use of chains or tethers.
21		(ii)	The area of confinement is at least one acre in extent for one or two bears and an
22			additional one-eighth acre for each additional bear.
23		(iii)	Bears are free, under normal conditions, to move throughout such area.
24		(iv)	At least one-half of the area of confinement is wooded with living trees, shrubs
25		. ,	and other perennial vegetation capable of providing shelter from sun and wind.
26		(v)	The area of confinement contains a pool not less than one and one-half feet deep
27			and not less than four by five feet in size.
28		(vi)	The area of confinement contains Provision is made for a den for each bear to
29			which the bear may retire for rest, shelter from the elements, or respite from
30			public observation.
31		(vii)	The area of confinement presents an overall appearance of a natural habitat and
32		()	affords the bears protection from harassment or annoyance.
33		(viii)	Provisions are made for food and water that are adequate to maintain good
34		(,,,,,)	health and for maintenance of sanitation.
35		(ix)	The applicant shall document that the applicant owns or has a lease of the real
36		(17)	property upon which the holding facility is located, provided that if the applicant
50			property upon which the nothing facility is located, provided that if the applicant

February 16, 2015

1			is a lessee, the lease shall be is for a duration of at least five years from the point
2			of stocking the facility.
3	(6) C	lougar	
4	(4	A) Educati	ional or scientific research institutions and zoos supported by public funds.
5		(i)	Enclosure. A permanent, stationary metal cage, at least nine feet wide by 18
6			feet long by nine feet high and located in the shade or where shaded during the
7			afternoon hours of summer, is required. The cage shall have a concrete floor.
8			The bars of the cage shall be of iron or steel at least one-fourth inch in diameter,
9			or heavy gauge steel chain link fencing may be used. The gate shall be equipped
10			with a lock or safety catch, and guard rails shall be placed outside the cage so as
11			to prevent contact between the observer and the caged animal. The cage shall
12			contain a den at least five feet long by five feet wide by four feet high and so
13			constructed as to be easily cleaned. A scratching surface "scratch log" shall be
14			placed inside the cage. The cage shall be equipped with a removable food
15			trough. Running water shall be provided for flushing the floor and changing the
16			pool.
17		(ii)	Sanitation and Care. Food adequate to maintain good health shall be provided
18			daily; and clean, clear drinking water shall be available at all times. The floor of
19			the cage and the food trough shall be flushed with water and the water in the
20			pool changed as necessary to maintain good health of the animal. The den shall
21			be flushed and cleaned at least once each week. An effective program for the
22			control of insects, ectoparasites, disease, and odor shall be established and
23			maintained. Brush, canvas, or other material shall be readily available to be
24			placed over the cage to provide additional shade when necessary. The use of
25			collars, <u>tethers, tethers</u> or stakes to restrain the cougar is prohibited, except as a
26			temporary safety device.
27	(1	B) Cougar	rs held in captivity by other than educational or scientific institutions or publicly
28		support	ted zoos shall be held without caging under conditions simulating a natural habitat.
29		Applica	ants for a captivity license to hold cougar shall apply to the Commission on forms
30		provide	ed by the Commission, and shall provide plans that describe how the applicant's
31		facility	will comply with the requirement to simulate a natural habitat. All of the
32		followi	ng conditions <u>shall</u> must exist to simulate a natural habitat in a holding facility.
33		(i)	The method of confinement is by chain link fence, without the use of chains or
34			tethers, provided that:
35			(I) Nine gauge chain link fencing shall be at least 12 feet in height with a
36			four foot fence overhang at a 45 degree angle on the inside of the pen to
37			prevent escape from climbing and jumping.

1				(II) Fence posts and at least six inches of the fence skirt shall be imbedded
2				in a six inch wide by one foot deep concrete footer to prevent escape by
3				digging.
4			(ii)	The area of confinement shall be at least one acre for two cougars with an
5				additional one-eighth acre for each additional cougar. If, following a site
6				evaluation, the Commission determines that terrain and topographical features
7				offer sufficient escape, <u>cover, cover</u> and refuge, and meet all other
8				specifications, and that the safety and health of the animal(s) will not
9				compromised, smaller areas shall be permitted.
10			(iii)	Cougars shall be free under normal conditions to move throughout the area of
11				confinement.
12			(iv)	At least one-half of the area of confinement shall be wooded with living trees,
13				shrubs, shrubs and other perennial vegetation capable of providing shelter from
14				sun and wind; and a 20 foot wide strip along the inside of the fence shall be
15				maintained free of trees, <mark>shrubs, shrubs</mark> and any other obstructions that which
16				could provide a base from which escape through leaping could occur.
17			(v)	The area of confinement shall contain a pool not less than one and one-half feet
18				deep and not less than four by five feet in size.
19			(vi)	Each cougar shall be provided a den to which the cougar may retire for rest,
20				shelter from the elements, or respite from public observation. Each den shall be
21				four feet wide by four feet high by four feet deep. Each den shall be enclosed
22				entirely within at least an eight feet wide by ten feet deep by 12 feet high
23				security cage. The security cage shall be completely within the confines of the
24				facility, cement-floored, shall have nine gauge fencing on all sides and <u>at</u> the
25				top, and shall have a four foot, 45 degree fence overhang around the outside top
26				edge to prevent cougar access to the top of the security cage.
27			(vii)	The area of confinement shall protect the cougar from harassment or annoyance.
28		(C)	Provisio	ons shall be made for maintenance of sanitation and for food and water adequate
29			to main	tain good health of the animal(s).
30		(D)	The app	blicant shall document that the applicant owns or has a lease of the real property
31			upon wl	hich the holding facility is located, provided that if the applicant is a lessee, the
32			lease <u>sh</u>	all be is for a duration of at least five years from the point of stocking the facility.
33	(7)	Other V	Vild Anin	nal Enclosures.
34		(A)	General	Enclosure Requirements.
35			(i)	The enclosure shall provide protection from free ranging animals and from sun
36				or weather. weather that could cause stress to the animals.

1	(ii) A	den area in which t	he animal can esc	cape from view and	l large enough for the
2	ani	imal to turn around	l and lie down sha	Ill be provided for	each animal within the
3	ene	closure.			
4	(iii) No	tethers or chains s	shall be used to re	strain the animal.	
5	(iv) Eit	her a tree limb, ex	ercise device, or s	helf large enough	to accommodate the
6	ani	imal shall be provi	ded to allow for e	xercise and climbi	ng.
7	(v) Sa	nitation and Care.	Fresh food shall b	be provided daily,	and clean water shall
8	be	available at all tim	les.		
9	(vi) <u>A</u> .	<mark>An effective</mark> progra	am for the control	of insects, ectopar	rasites, disease, and
10	od	or shall be establis	hed and maintaine	ed.	
11	(B) Single Anin	nal Enclosures for	certain animals.	The single-animal	enclosure for the
12	animals list	ed in this Subparag	graph shall be a ca	ge with the follow	ing minimum
13	dimensions	and horizontal are	as:		
14					
15		Dimensions	in Feet		
16					
17	Animal	Length	Width	Height	Per Animal
18					
19	Bobcat, Otter	10	5	5	50
20	Raccoon, Fox, Woodchuck	8	4	4	32
21	Opossum, Skunk, Rabbit	6	3	3	18
22	Squirrel	4	2	2	8
23					
24	(C) Single Encl	osure Requirement	ts for animals not	mentioned elsewh	ere in this Rule. For
25	animals not	listed above or me	entioned elsewher	e in this Rule, sing	le animal enclosures
26	shall be a ca	age with one horizo	ontal dimension b	eing at least four ti	mes the nose to rump
27	nose rump	length of the anima	al and the other ho	orizontal dimension	n being at least twice
28	the <u>nose to</u>	<mark>rump nose rump</mark> le	ength of the anima	l. The vertical din	nensions shall be at
29	least twice t	the <u>nose to rump ne</u>	ose rump length o	of the animal. Unde	er no circumstances
30	shall a cage	be less than four f	eet by two feet by	two feet.	
31	(D) Multiple Ar	nimal Enclosures.	The minimum are	a of horizontal spa	ace shall be determined
32	by multiply	ing the required sq	uare footage for a	single animal by a	a factor of 1.5 for one
33	additional a	nimal and the resu	lt by the same fac	tor, successively, f	for each additional
34	animal. The	vertical dimension	n for multiple anim	mal enclosures sha	ll remain the same as
35	for single a	nimal enclosures.			

1		(E) Young animals. The young of any animal may be kept with the parent in a single-animal
2		enclosure only until weaning. After weaning, if the animals are kept together, the
3		requirements for multiple-animal enclosures apply.

15A NCAC 10H .0304 Captive cervid herd certification program is amended <u>with changes</u> under temporary
 procedures as follows:

3

4 15A NCAC 10H .0304 CAPTIVE CERVID HERD CERTIFICATION PROGRAM

5 (a) The Wildlife Resources Commission has established this Captive Cervid Herd Certification Program in order to 6 prevent the introduction of Chronic Wasting Disease (CWD) into North Carolina and reduce the potential for spread 7 of CWD while allowing transportation of cervids from herds in which CWD has not been detected for at least five 8 years, in accordance with the requirements in this Section. Only licensees with Certified Herds as defined in 9 Paragraph (e) of this Rule may request to expand their pen size to accommodate additional cervids, cervids and 10 export cervids outside of North Carolina, and transport cervids within North Carolina for purposes other than those 11 specified in 15A NCAC10H .0301(f)(4). Licensees with Certified Herds may also import cervids from a herd in 12 which CWD has not been detected for at least five years and has been managed using standards equivalent to, or 13 more stringent than, the criteria specified in 15A NCAC 10H .0301 and 15A NCAC 10H .0302. The individual U.S. 14 or Mexican state or territory, Canadian province or other country of origin must have CWD monitoring requirements 15 that are at least as stringent as those described in this Section. The originating individual U.S. or Mexican state's or 16 territory's, Canadian province's or other country's CWD monitoring program must be jointly reviewed by Wildlife 17 Resources Commission and Department of Agriculture and Consumer Services personnel before approval of any 18 importation of cervids into North Carolina. There shall be no importation from individual U.S or Mexican states or 19 territories, Canadian provinces or other countries in which CWD has been detected, either in a wild or captive herd. 20 (b) Enrollment qualifications. Only captive cervid herds held under a valid captivity license are eligible for 21 enrollment in the Captive Cervid Herd Certification Program. Licensees shall comply with all captivity license 22 requirements outlined in this Section and the rules and laws regulating possession, transportation and importation of 23 cervids in order to remain in the Captive Cervid Herd Certification Program. 24 (c) Enrollment application. Each individual holding a current and valid Captivity License for cervids may apply to 25 be enrolled in the Captive Cervid Herd Certification Program. All applications shall be in writing on a form 26 supplied by the Commission. The Commission shall deny an application if: 27 (1)the licensee has not complied with all the requirements under the captivity license statutes and all 28 rules pertaining to the holding of cervids in captivity and the transportation or importation of 29 cervids resulting in a failed inspection report for the licensee's most recent inspection; or a pending 30 citation; 31 (2)the licensee has provided false information; or 32 (3)CWD has been confirmed in a cervid at the licensee's facility. 33 (d)(b) Enrollment dates. The enrollment date is: 34 the first date upon official inspection, documented by Wildlife Resources Commission and (1)35 Department of Agriculture and Consumer Services personnel, on which the licensee has complied 36 with all captivity rules and statutes that pertain to cervids, including tagging, provided that the 37 licensee has continued to comply with these regulations; or

1	(2) the date on which a waiver was issued by the Wildlife Resources Commission Executive Director
2	under the conditions set forth in 15A NCAC 10A .1101(a) that brought the licensee into
3	compliance assuming that there were no other compliance actions pending, provided that the
4	licensee has continued to comply with the captive cervid regulations.
5	This date may be retroactive but may extend back no earlier than the date Wildlife Resources Commission and
6	Department of Agriculture and Consumer Services personnel documented that the licensee came into compliance
7	with all captivity rules and statutes related to holding cervids in captivity, including tagging of all cervids.
8	(c) Herd status shall be as defined in 9 CFR 55.24(a). Loss or suspension of herd status shall be as defined in 9 CFR
9	55.24 (b). [(b)] 9 CFR 55.24 (a)&(b) is hereby incorporated by reference, shall include any later amendments and
10	editions of the incorporated material, and may be accessed free of cost [available] at http://www.ecfr.gov/cgi-
11	bin/text-idx?SID=18c86a6244f627571204af3e86bf01fc&node=se9.1.55_124&rgn=div8
12	(e) Certified herd. When a herd is enrolled in the Captive Cervid Herd Certification Program, it shall be placed in
13	First Year status. If the herd continues to meet the requirements of the Captive Cervid Herd Certification Program,
14	each year on the anniversary of the enrollment date the herd status shall be upgraded by one year. One year from the
15	date a herd is placed in Fifth Year status, the herd status shall be changed to Certified, and the herd shall remain in
16	Certified status as long as it is enrolled in the Captive Cervid Herd Certification Program, provided its status is not
17	lost or suspended without reinstatement as described in Paragraph (f).
18	(f) Herd status
19	(1) A Certified Herd or any herd enrolled in the program shall have its status suspended or reduced if:
20	(A) the licensee fails to comply with any of the ongoing requirements for captive cervid
21	licenses as identified in 15A NCAC 10H .0301;
22	(B) the licensee violates any other North Carolina law or rule related to captive cervids;
23	(C) an animal in the herd exhibits clinical signs of CWD;
24	(D) an animal in the herd can be traced back to a herd with an animal exhibiting clinical signs
25	of CWD; or
26	(E) the herd is quarantined by the State Veterinarian.
27	(2) A Certified Herd or any herd enrolled in the program shall lose its status if:
28	(A) an animal in the herd can be traced back to a herd in which CWD has been detected;
29	(B) CWD is detected in an animal in the herd; or
30	(C) the licensee loses his or her license.
31	The Wildlife Resources Commission shall review cases of suspended status upon request. A Certified Herd with
32	suspended status may regain its status if the licensee corrects within 30 days the deficiency under which the status
33	was suspended or, in the case of suspected CWD, the disease was not detected in the suspect animal.
34	(g)(d) Inspection. If an inspection of the captive cervids is needed as a part of certification, including reinstating a
35	suspended status, the licensee shall be is responsible for assembling, handling, handling and restraining the captive
36	cervids and all costs incurred to present the animals for inspection.

History Note: Authority G.S. 106-549.97(b); 113-134; 113-272.5; 113-272.6; 113-274; 113-292;
 Eff. May 1, 2010.

February 16, 2015

1 15A NCAC 10I .0102 Protection of endangered /threatened /special concern is amended with changes under

- 2 temporary procedures as follows:
- 3 4

15A NCAC 10I.0102 PROTECTION OF ENDANGERED/THREATENED/SPECIAL CONCERN

(a) No Open Season. There is no open season for taking any of the species listed as endangered in Rule .0103, or
threatened in Rule .0104 of this Section, except for the American alligator (*Alligator mississipiensis*) as set forth in

7 the rules of this Chapter. Unless otherwise provided in North Carolina General Statutes or the rules of this Chapter,

8 there is no open season for taking any of the species listed as special concern in Rule .0105 of this Section. Except

- as provided in Paragraphs (b), (c) and (e) of this Rule, it is unlawful to take or possess any <u>animal listed in Rules</u>
 .0103, .0104, or .0105 of this section of such species at any time.
- (b) Permits. The executive director may issue permits to take or possess an endangered, threatened, or specialconcern species:
- (1) to To an individual or institution with experience and training in handling, and caring for the
 wildlife and in conducting a scientific study, for the purpose of scientific investigation relevant to
 perpetuation or restoration of said species or as a part of a scientifically valid study or restoration
 effort:
- 17 (2) to To a public or private educator or exhibitor who demonstrates that he or she has lawfully
 18 obtained the specimen or specimens in his or her possession, possesses the requisite equipment
 19 and expertise to care for such specimen or specimens, specimens and abides by the caging
 20 requirements for the species set forth in 15A NCAC 10H .0302;
- (3) to To a person who lawfully possessed any such species for more than 90 days immediately prior
 to the date that such species was listed and who abides by the caging requirements for the species
 set forth in 15A NCAC 10H .0302, provided however, that no permit shall be issued more than 90
 ninety days after the effective date of the initial listing for that species; or
- (4) <u>to To</u> a person with demonstrable depredation from a Special Concern Species, or the American
 alligator (*Alligator mississipiensis*).

27 (c) Taking Without a Permit:

28	(1)	An individual may take an endangered, threatened, or special concern species in defense of his
29		own life or the lives of others.

- 30 (2) A state or federal conservation officer or employee who is designated by his agency to do so may,
 31 when acting in the course of his official duties, take, possess, and transport endangered,
 32 threatened, or special concern species if the action is necessary to:
 - (A) aid a sick, injured, <u>diseased</u>, diseased or orphaned specimen;
- 34 (B) dispose of a dead specimen;
- 35 (C) salvage a dead specimen that may be useful for scientific study; or
- 36 (D) remove specimens that constitute a demonstrable but nonimmediate threat to human
 37 safety, provided the taking is done in a humane and noninjurious manner. The taking

1		may involve injuring or killing endangered, threatened, or special concern species only if
2		it is not reasonably possible to eliminate the threat by live-capturing and releasing the
3		specimen unharmed, in a habitat that is suitable for the survival of that species.
4	(d) Reporting. A	Any taking or possession of an endangered, threatened, or special concern species under Paragraphs
5	(b) and (c) of this	s Rule is subject to applicable reporting requirements of federal law and regulations, regulations and
6	the reporting requ	uirements of the permit issued by the Executive Director or of 15A NCAC 10B .0106(e).
7	(e) Exceptions.	
8	(1)	Notwithstanding any other provisions of this Rule, processed meat and other parts of American
9		alligators alligators, that have been lawfully taken in a state in which there is an open season for
10		harvesting alligators alligators, may be possessed, bought, bought and sold when such products are
11		marketed in packages or containers that are labeled to indicate the state in which they were taken
12		and the identity, address, and lawful authority of the processor or distributor.
13	(2)	Raptors listed as special concern species in Rule .0105 of this Section may be taken from the wild
14		for falconry purposes and for falconry propagation, provided that a valid North Carolina
15		endangered species permit has been obtained as required in Paragraph (b) of this Rule.
16	(3)	Captive-bred raptors listed as special concern species may be bought, sold, bartered, bartered or
17		traded as provided in 50 C.F.R. 21.30 when marked as required under those regulations. 50 C.F.R.
18		21.30 is hereby incorporated by reference, shall include any later amendments and editions of the
19		incorporated material, and may be accessed free of cost at http://www.ecfr.gov/cgi-bin/text-
20		idx?SID=1bc046c08a9f0f17cb904604d98ab748&node=se50.9.21_130&rgn=div8.
21	(4)	Red Wolves (Canis rufus) listed as threatened in Rule .0104 in this Section may be taken or
22		harassed pursuant to the conditions provided in 50 C.F.R. 17.84(c). 50 C.F.R. 17.84(c) is hereby
23		incorporated by reference, shall include any later amendments and editions of the incorporated
24		material, and may be accessed free of cost at http://www.ecfr.gov/cgi-bin/text-
25		<u>idx?rgn=div8&node=50:2.0.1.1.1.8.1.5.</u>
26	(4) <u>(5)</u>	Importation, possession, sales, transportation, transportation and exportation of species listed as
27		special concern species in Rule .0105 of this Section shall be is allowed under permit by retail and
28		wholesale establishments whose primary function is providing scientific supplies for research.
29		research provided that:
30		(A) the specimens were lawfully obtained from captive or wild populations outside of North
31		Carolina;
32		(B) they are possessed in indoor facilities;
33		(C) all transportation of specimens provides safeguards adequate to prevent accidental
34		escape; and
35		(D) importation, <u>possession</u> , <u>possession</u> and sale or transfer is permitted only as listed in Parts

1	(f) A written app	plication to the Commission shall be is required for a permit to authorize importation, and			
2	possession for the purpose of retail or wholesale sale. The application shall identify the source of the specimens				
3	specimens, and provide documentation of lawful acquisition. Applications for permits shall include plans for				
4	holding, transportation, advertisement, and sale in such detail as to allow a determination of the safeguards provided				
5	against accidental escape and sales to unauthorized individuals.				
6	(g) Purchase, importation, and possession of special concern species within North Carolina is allowed under permit				
7	to state and federal governmental agencies, corporate research entities, and research institutions, institutions				
8	provided that:				
9	(1)	sales are permitted to out of state consumers;			
10	(2)	the specimens will be possessed in indoor facilities and safeguards adequate to prevent accidental			
11		escape are provided during all transportation transporation of the specimens;			
12	(3)	the agency's or institution's Animal Use and Care Committee has approved the research protocol			
13		for this species; and			
14	(4)	no specimens may be stocked or released in the public or private waters or lands of North Carolina			
15		and specimens may not be transferred to any private individual.

1	15A NCAC 10I	.0104 Th	reatened species listed is amended with changes under temporary procedures as follows:
2			
3	15A NCAC 10I	.0104	THREATENED SPECIES LISTED
4	(a) The following	ng specie	s of resident wildlife are designated as federally-listed threatened species:
5	(1)	Amphil	pians: None Listed At This Time.
6	(2)	Birds:	Piping plover (Charadrius melodus melodus).
7	(3)	Crustac	ea: None Listed At This Time.
8	(4)	Fish:	
9		(A)	Spotfin chub (Cyprinella monacha); and
10		(B)	Waccamaw silverside (Menidia extensa).
11	(5)	Mamm	als: None Listed At This Time.
12	(6)	Mollus	ks: Noonday globe (Patera clarki nantahala).
13	(7)	Reptile	s:
14		(A)	Bog turtle (Glyptemys muhlenbergii);
15		(B)	American alligator (Alligator mississipiensis);
16		(C)	Green seaturtle (Chelonia mydas); and
17		(D)	Loggerhead seaturtle (Caretta caretta).
18	(b) The following	ng specie	s of resident wildlife are designated as state-listed threatened species:
19	(1)	Amphil	pians:
20		(A)	Carolina gopher frog (Rana capito capito);
21		(B)	Eastern tiger salamander (Ambystoma tigrinum tigrinum);
22		(C)	Junaluska salamander (Eurycea junaluska); <mark>and</mark>
23		(D)	Wehrle's salamander (Plethodon wehrlei).
24	(2)	Birds:	
25		(A)	Bald eagle (Haliaeetus <u>leucocephalus); leucocephalus)</u>
26		(B)	Gull-billed tern (Sterna nilotica aranea); and
27		(C)	Northern saw-whet owl (Aegolius acadicus).
28	(3)	Crustac	ea: None Listed At This Time.
29	(4)	Fish:	
30		(A)	American brook lamprey (Lampetra appendix);
31		(B)	Banded sculpin (Cottus carolinae);
32		(C)	Bigeye jumprock (Scartomyzon ariommus);
33		(D)	Blackbanded darter (Percina nigrofasciata);
34		(E)	Carolina madtom (Noturus furiosus);
35		(F)	Carolina pygmy sunfish (Elassoma boehlkei);
36		(G)	Carolina redhorse (Moxostoma sp.) (Pee Dee River and its tributaries and Cape Fear
37			River and its tributaries);

1		(H)	Least brook lamprey (Lampetra aepyptera);
2		(I)	Logperch (Percina caprodes);
3		(J)	Rosyface chub (Hybopsis rubrifrons);
4		(K)	Sharphead darter (Etheostoma acuticeps);
5		(L)	Sicklefin redhorse (Moxostoma sp.) (Hiwassee River and its tributaries and Little
6			Tennessee River and its tributaries);
7		(M)	Turquoise darter (Etheostoma inscriptum); and
8		(N)	Waccamaw darter (Etheostoma perlongum).
9	(5)	Mammals:	
10		(A)	Eastern woodrat (Neotoma floridana floridana);
11		(B)	Rafinesque's big-eared bat (Corynorhinus rafinesquii rafinesquii). rafinesquii); and
12		<u>(C)</u>	Red wolf (Canis rufus).
13	(6)	Mollu	sks:
14		(A)	Alewife floater (Anodonta implicata);
15		(B)	Big-tooth covert (Fumonelix jonesiana);
16		(C)	Cape Fear threetooth (Triodopsis soelneri);
17		(D)	Carolina fatmucket (Lampsilis radiata conspicua);
18		(E)	Clingman covert (Fumonelix wheatleyi clingmanicus);
19		(F)	Eastern lampmussel (Lampsilis radiata radiata);
20		(G)	Eastern pondmussel (Ligumia nasuta);
21		(H)	Engraved covert (Fumonelix orestes);
22		(I)	Mountain creekshell (Villosa vanuxemensis);
23		(J)	Roan supercoil (Paravitrea varidens);
24		(K)	Roanoke slabshell (Elliptio roanokensis);
25		(L)	Sculpted supercoil (Paravitrea ternaria);
26		(M)	Seep mudalia (Leptoxis dilatata);
27		(N)	Smoky Mountain covert (Inflectarius ferrissi);
28		(0)	Squawfoot (Strophitus undulatus);
29		(P)	Tidewater mucket (Leptodea ochracea);
30		(Q)	Triangle floater (Alasmidonta undulata);
31		(R)	Waccamaw ambersnail (Catinella waccamawensis);
32		(S)	Waccamaw fatmucket (Lampsilis fullerkati);
33		(T)	Waccamaw spike (Elliptio waccamawensis).
34	(7)	Reptil	es: None Listed At This Time.
