NOTE WELL: This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. In reviewing these rules, the staff determined that the following technical changes need to be made:

Please include the Link to Agency Notice on all Forms.

Of course, this will also require conforming changes to the attached copies of the rule. Please check to see that this paperwork is in order and is returned along with the revised rule.

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

In (a)(1), where can the content of the application be found? Is this set forth in another rule? Forms do not have to be in rule provided that the contents are found in rule or law. I don't see this information contained in another rule nor law. Also, please provide your website.

In (a)(2), please delete "Rule" and "of this Chapter."

Session Law 2014-67 amended G.S. 93B-15.1 to add (c)(1). I have attached the amended statute for reference.

Given the amendment to G.S. 93B-15.1, do you need (a)(3)(A) through (a)(3)(C)? If so, please delete or define "substantially" in (a)(3)(A) and (a)(3)(B) and "active" in (a)(3)(C).

- (1) Has been awarded a military occupational specialty and has done all of the following at a level that is substantially equivalent to or exceeds the requirements for licensure, certification, or registration of the occupational licensing board from which the applicant is seeking licensure, certification, or registration in this State: completed a military program of training, completed testing or equivalent training and experience, and performed in the occupational specialty.

(5) Pays any fees required by the occupational licensing board for which the applicant is seeking licensure, certification, or registration in this State.

The information required by this subsection shall be published on the occupational licensing board's Web site and the Web site of the North Carolina Division of Veterans Affairs.

(e) Nothing in this section shall be construed to apply to the practice of law as regulated under Chapter 84 of the General Statutes.

(f) An occupational licensing board may issue a temporary practice permit to a military-trained applicant or military spouse licensed, certified, or registered in another jurisdiction while the military-trained applicant or military spouse is satisfying the requirements for licensure under subsection (a) or (b) of this section if that jurisdiction has licensure, certification, or registration standards substantially equivalent to the standards for licensure, certification, or registration of an occupational licensing board in this State. The military-trained applicant or military spouse may practice under the temporary permit until a license, certification, or registration is granted or until a notice to deny a license, certification, or registration is issued in accordance with rules adopted by the occupational licensing board.

RULE CITATION: 21 NCAC 01 .0603

DEADLINE FOR RECEIPT: Friday, March 13, 2015

NOTE WELL: This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

In (a), delete or define "requisite." Please delete or define "competent."

In (b), what do you mean by "personal knowledge"? Delete or define "personal." In (b), what is considered "unethical" or "unprofessional"? By whom is this determined? Do you mean "An acupuncturist who has personal knowledge of violations of these Rules by an acupuncturist shall report the conduct or practice to the Board?"

In (c), please indicate what the professional competency is based on. Is it based on the acupuncturist's education, skill, training, and experience?

In (d), please delete or define "appropriate."

In (d), how would an acupuncturist get the supervision and training to treat a patient who needs something outside his or her skill, training, or experience?

In (e), what does "in a manner that supports the patient's treatment and welfare" mean? Is there a cross-reference to a rule or statute that you can provide?

In (f), what do you mean by impairment? Is this a statement that is included in the application form or otherwise provided by the Board? Where can the Board approved providers be found and how does one go about being Board approved? How does the Board determine an acupuncturist has an impairment? What are the factors? It seems as though this Paragraph doesn't fit here.

In your history note, why have you included 90-457?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

REQUEST FOR TECHNICAL CHANGE

AGENCY: NC Acupuncture Licensing Board

RULE CITATION: 21 NCAC 01 .0604

DEADLINE FOR RECEIPT: Friday, March 13, 2015

NOTE WELL: This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

On line 5, did you mean Class A-1 misdemeanor?

With regard to felonies and Class A-1 misdemeanors, are you using G.S. 90-455(6) and G.S. 90-456(6) as your specific authority for this? Further, are you indicating that these are the only crimes that may not be considered "of good moral character" and that demonstrate "an unfitness to practice acupuncture"?

In your history note, why have you included 90-457?

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Of course, this will also require conforming changes to the attached copies of the rule. Please check to see that this paperwork is in order and is returned along with the revised rule.

The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

When would this Rule apply? The title and (b) make it seem as though this is limited to continuing education. Why is this necessary given G.S. 90-456?

In (a)(1) through (a)(10), please begin with lower-case.

In (b), what do you mean by "oral or written source"?
