9B. Explain: The Department of Health and Human Services was directed to pilot an overnight respite program in facilities that offer adult day care by Senate Bill 512 in Session Law 2011-104 with a repeal date of June 1, 2015. Rules were developed in response to this act by the General Assembly with the establishment of a new Subchapter entitled "Overnight Respite in Certified Adult Day Care Programs." This rule sets the scope of the rules in the Subchapter and identifies the expiration date of the rules, which concurs with the repeal date of the Session Law. The General Assembly rewrote the repeal date of the Session Law 2011-104 by extending it to June 30, 2017 with Senate Bill 291 in Session Law 2015-52. This rule is not current and is unnecessary due to this change, therefore is proposed to be repealed. The website link changed to a new URL due to DHHS website redesign in July 2015.

9B. Explain: Lower Cape Fear River Program staff requested that a section of the Cape Fear River in Brunswick and New Hanover Counties be reclassified. The subject waters are proposed to be reclassified from Class SC to Class SC Sw with a water quality management plan (WQMP). The proposed Sw reclassification would allow, if caused by natural conditions, the pH of the subject waters to reach as low as 4.3 (compared to the currently required 6.8-8.5 range) and the dissolved oxygen to be lower than the currently required 5 mg/l. The proposed WQMP would help implement the current permitting strategy for new individual NPDES wastewater discharges and expansions of existing individual NPDES wastewater discharges to the subject waters. The overall proposal provides a path forward for these discharges & local communities for future planning purposes.
