Explain: The proposed amendments to Section .1400, Tanning Facilities, of the Radiation Protection rules, are being made to improve the safety of individuals using tanning equipment, as well as making technical changes in the rules. The Food and Drug Administration (FDA) modified their health and safety requirements for the labeling of sunlamp products. Session Law 2015-21 was signed on May 21, 2015 prohibiting persons under the age of 18 from using tanning equipment. These rules are being revised to conform to the FDA requirements for labels on tanning equipment that state contraindications regarding age as well as to conform to the statute for under the age of 18 tanning equipment use prohibition. This definition rule updates the name of the Radiation Protection Section due to transfer from the Department of Environment and Natural Resources to the Department of Health and Human Services.</p> | |

Explain: The Board proposes to refund the examination fee if the applicant does not qualify to take the exam, but retain the application fee. The Board also proposes to reduce the waiting period for persons to retake a failed examination. On renewal of license after a period of lapse, the Board proposes to reduce the amount of required experience and eliminate and education component separate from the usual continuing education requirements. Finally, the Board seeks to clarify the process by which qualified individuals may move from one firm to another. The purpose of these changes is to reduce impediments to licenses due to a growing shortage of electrical contractors, particularly younger people. | |
