9B. Explain: 15A NCAC 07H .1802 describes the procedures for obtaining approval for beach bulldozing activities, and who may authorize them. Under current rules, both the Division of Coastal Management (DCM) and Local Permitting Officers (LPO) have the authority to approve this activity; however, in practice, only the DCM approves this activity before issuance of a General Permit for beach bulldozing. Therefore, the CRC is proposing to remove LPOs as an authorized agent from the rule.
