The intent of this Act is to improve transparency in the cost of health care provided by hospitals and ambulatory surgical facilities by disclosing the prices for the most frequently reported DRG's, CPT codes and HCPCs codes. Due to the session law's revision of statute 131E-214.13, reporting of the data is required annually. Temporary rules for these changes became effective 3/31/16. These proposed amendments will make the temporary rules permanent and will also require annual data to be submitted to the Department of Health and Human Services uniformly so the public can obtain information on health care pricing and make better informed health care decisions.

9B. Explain: The Emergency Medical Services and Trauma Rules were reviewed by the agency and found to be in need of updating. Following stakeholder involvement and statewide public hearing input, the EMS Advisory Committee recommended to initiate rulemaking for proposed rule revisions and proposed rule adoptions. This rule is proposed to be adopted to replace the outdated national USDOT NHTSA curricula. The set of criteria for course approval is consistent with previous standards but will allow the educational institutions more flexibility in how they construct and deliver the course.

It is to the benefit of all trauma centers to align designation criteria with the national ACS standard for the purposes of best practice.

9B. Explain: The Emergency Medical Services and Trauma Rules were reviewed by the agency and found to be in need of updating. Following stakeholder involvement and statewide public hearing input, the EMS Advisory Committee recommended to initiate rulemaking for the proposed rule revisions. This rule is proposed to be amended to provide clarification to hospitals regarding affiliation with a Regional Advisory Committee (RAC) based on the majority of patient referrals. Notification of patient referrals is currently required, but OEMS routinely receives inquiries about what criteria qualifies to change RAC affiliation, therefore this rule amendment will provide additional clarity.
