In adopting rules pursuant to this subsection, the exemption provided by G.S. 150B-1(d)(4) shall not apply, and the Department shall observe the general provisions of Article 2A of Chapter 150B of the General Statutes, except as follows:

- (1) Notwithstanding G.S. 150B-21.2(f), the agency must accept comments on the text of the proposed rules for at least 90 days after the text is published.
- (2) The provisions of G.S. 150B-21.4 do not apply.
- (3) If House Bill 169 of the 2016 Regular Session of the 2015 General Assembly is enacted, the provisions of G.S. 150B-19.4, as enacted by Section 1.1 of House Bill 169 of the 2016 Regular Session of the 2015 General Assembly, do not apply.

SECTION 38.4.(b) In determining whether the rules adopted pursuant to subsection (a) of this section meet the standards for review, the Rules Review Commission shall apply the standards in G.S. 150B-21.9(a) as though the proposed statutory changes in subsection (c) of this section were law. If the Commission approves the rules adopted pursuant to subsection (a) of this section, the Commission shall deliver the approved rules to the Codifier of Rules. The Codifier of Rules shall not enter the rules into the Administrative Code until the General Assembly enacts the proposed statutory changes and directs the Codifier to do so. The rules become effective on the date they are entered in the Administrative Code.

SECTION 38.4.(c) The proposed statutory changes referenced in subsection (a) of this section are as follows:

"§ 105-130.4. Allocation and apportionment of income for corporations.

...
(l) ~~(1) The Sales Factor.~~ – The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its apportionable income but is taxable in another state only because of nonapportionable income, all sales shall be treated as having been made in this State.

Receipts are in this State if the taxpayer's market for the receipts is in this State. If the market for a receipt cannot be determined, the state or states of assignment shall be reasonably approximated. In a case in which a taxpayer cannot ascertain the state or states to which receipts of a sale are to be assigned through the use of a method of reasonable approximation, the receipts must be excluded from the denominator of a taxpayer's sales factor. Except as otherwise provided by this section, a taxpayer's market for receipts is in this State as provided below:

- (1) In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State.
- (2) Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State.
- (3) Other sales are in this State if: In the case of sale of tangible personal property, if and to the extent the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place

at which the goods are ultimately received after all transportation has been completed is considered the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State constitutes delivery to the purchaser in this State.

- ~~a. The receipts are from real or tangible personal property located in this State; or~~
- ~~b. The receipts are from intangible property and are received from sources within this State; or~~
- ~~c. The receipts are from services and the income-producing activities are in this State.~~
- (4) In the case of sale of a service, if and to the extent the service is delivered to a location in this State.
- (5) In the case of intangible property that is rented, leased, or licensed, if and to the extent the property is used in this State. Intangible property utilized in marketing a good or service to a consumer is "used in this State" if that good or service is purchased by a consumer who is in this State.
- (6) In the case of intangible property that is sold, if and to the extent the property is used in this State. A contract right, government license, or similar intangible property that authorized the holder to conduct a business activity in a specific geographic area is "used in this State" if the geographic area includes all or part of this State. Receipts from a sale of intangible property that is contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of the intangible property as provided under subdivision (5) of this subsection. All other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the sales factor.

(11) Banks. – A bank's market for receipts is in this State as provided in G.S. 105-130.4A. For purposes of this section, the term "bank" has the same meaning as defined in G.S. 105-130.4A.

The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor includes only those receipts described herein that are apportionable income for the taxable year. Notwithstanding any other provision under this Part, the receipts from the following are excluded from both the numerator and the denominator of the receipts factor:

- (1) Receipts from a casual sale of property.
- (2) Receipts exempt from taxation.
- (3) The portion of receipts realized from the sale or maturity of securities or other obligations that represents a return of principal.

- (1) Tangible personal property. – Except as provided in subdivision (2) of this subsection, the numerator of the receipts factor includes receipts from the

sale, lease, or rental of tangible personal property owned by the taxpayer if the property is located within this State when it is first placed in service by the lessee.

- (2) Transportation property. – Receipts from the lease or rental of transportation property owned by the taxpayer are included in the numerator of the receipts factor to the extent that the property is used in this State. The extent an aircraft will be deemed to be used in this State and the amount of receipts that is to be included in the numerator of this State's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this State and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this State cannot be determined, then the property will be deemed to be used wholly in the state in which the property has its principal base of operations. If more than fifty percent (50%) of the fair market value of the real property is not located within any one state, then the receipts described in this subsection are included in the numerator of the receipts factor if the borrower is located in this State. The determination of whether the real property securing a loan is located within this State is made as of the time the original agreement was made and any and all subsequent substitutions of collateral are disregarded.

(f) Interest, Fees, and Penalties From Loans Not Secured by Real Property. – The numerator of the receipts factor includes interest, fees, and penalties from loans not secured by real property if the borrower is located in this State.

(g) Net Gains From the Sale of Loans. – The numerator of the receipts factor includes net gains from the sale of loans. Net gains from the sale of loans include income recorded under the coupon stripping rules of section 1286 of the Code. The amount of net gains from the sale of loans that is included in the numerator is determined as follows:

- (1) Secured by real property. – The amount of net gains, but not less than zero, from the sale of loans secured by real property is determined by multiplying the net gains by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to subsection (e) of this section, and the denominator of which is the total amount of interest, fees, and penalties from loans secured by real property.
- (2) Not secured by real property. – The amount of net gains, but not less than zero, from the sale of loans not secured by real property is determined by multiplying the net gains by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to subsection (f) of this section, and the denominator of which is the total amount of interest, fees, and penalties from loans not secured by real property.

(k) Miscellaneous Receipts. – The numerator of the receipts factor includes all of the following:

- (1) Card issuer's reimbursement fees. – Receipts from card issuer's reimbursement fees if the payor is located in this State.
- (2) Receipts from merchant's discount. – Receipts from a merchant discount if the payor is located in this State.
- (3) Loan servicing fees. – Receipts from loan servicing fees if the payor is located in this State.
- (4) Receipts from services. – Receipts from services not otherwise apportioned under this section if the payor is located in this State.

(l) All Other Receipts. – All other receipts not specifically enumerated in this section are included in the numerator of the receipts factor if the payor is located in this State."

Each utility shall calculate the cumulative net effect of the tax changes and file the calculations with proposed rate changes to reflect the net prospective tax changes in utility customer rates within 60 days of the enactment of this section. Any adjustments required to existing tax assets or liabilities reflected in the utility's books and records required by the tax changes shall be deferred and reflected in customer rates in either the utility's next rate case or earlier, if deemed appropriate by the Commission.
