AGENCY: NC Building Code Council

RULE CITATION: All Codes and Amendments Submitted

**DEADLINE FOR RECEIPT: Wednesday, August 9, 2017**

***NOTE: This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.***

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

*Please confirm compliance with G.S. 143-136(c) and (d) where applicable.*

*Wherever terms are italicized in text of the Rule, please confirm that means it is a term defined elsewhere within the Code.*

*On all Submission for Permanent Rule forms, the date the rules were published was February 15, 2017. Please update this on Box 6.*

*For the adoptions to update the Codes to 2015 International Code editions, this isn't a petition for rulemaking, is it? Instead, isn't it based upon G.S. 143-138(d)? If so, please change the answer to Box 9B of the Form.*

*Wherever you are deleting parts of a list, please confirm that when you publish, the remaining items will be renumbered. If they will not, is that because you need to keep cross-references intact?*

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

RULE CITATION: NC Fire Prevention Code

**DEADLINE FOR RECEIPT: Tuesday, August 8, 2017**

**NOTE:** *This request when viewed on computer extends several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

*So that I'm clear – what will be the official year for this Code? 2019, 2018, 2015, or 2011? I ask because while the packet of NC amendments (hereinafter "packet") refers to the "2019 Acknowledgments," it also states in 101.1 that the Code was adopted by the Council on September 14, 2010 to be effective September 2011.*

*Further, I note that "code" is not capitalized throughout this Code. So, I take it that it should remain lowercase everywhere is used as such?*

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina

RULE CITATION: NC Fire Prevention Code, 101.2.1

**DEADLINE FOR RECEIPT: Tuesday, August 8, 2017**

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. In reviewing these rules, the staff determined that the following technical changes need to be made:

*Is the intent of this to apply G.S. 143-138(e)?*

*Assuming it is, what does the Exception mean? Is it that Appendix H may be enforced by all local jurisdictions without approval by the Council? If so, should it be stated like that? After all, aren't many other Appendices adopted as well?*

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina

## REQUEST FOR TECHNICAL CHANGE

AGENCY: NC Building Code Council

RULE CITATION: NC Fire Prevention Code, 102.13 and Chapter 2

**DEADLINE FOR RECEIPT: Tuesday, August 8, 2017**

The Rules Review Commission staff has completed its review of this rule prior to the Commission's next meeting. The Commission has not yet reviewed this rule and therefore there has not been a determination as to whether the rule will be approved. You may call this office to inquire concerning the staff recommendation.

In reviewing these rules, the staff determined that the following technical changes need to be made:

*102.3: In Item (2), you are underlining and striking the same language. I believe this is to show that while the language was proposed to be adopted in the Code, it is being taken out by this amendment, correct? So the intent is to not adopt this?*

*Please confirm that Exception 2 conforms to the definition of farm building in G.S. 143-138(b4)(1), as amended by SL 2017-108.*

*In Item (2)a, consider replacing the comma after "purposes" with a semicolon.*

*In (2)b., do you mean Tables 5003.1.1(1) and 5003.1.1(2), on Pages 318 through 322 of the 2015 Code book?*

*In (4), I recommend inserting a comma after "towers"*

*In (5), are you going to keep "North Carolina"? You don't delete it here, but you do in the packet on page 3. I suggest you delete it.*

*In (5), G.S. 95-173 says the title is "Hazardous Chemicals Right to Know Act." So, if you are trying to say that the "The storage and handling of substances governed by the Hazardous Chemicals Right to Know Act" state that.*

*Also in (5), state "N.C.G.S." to be consistent with (6).*

*Chapter 2: You state that the building cannot be accessed by the general public. However, G.S. 143-138(b4) states:*

(b4) Exclusion for Certain Farm Buildings. - Building rules do not apply to (i) farm buildings that are located outside the building-rules jurisdiction of any municipality, (ii) farm buildings that are located inside the building-rules jurisdiction of any municipality if the farm buildings are greenhouses, (iii) a primitive camp, or (iv) a primitive farm building. For the purposes of this subsection:

(1) A "farm building" shall include:

Amanda J. Reeder  
Commission Counsel  
Date submitted to agency: July 25, 2017

b. Any structure used for the display and sale of produce, no more than 1,000 square feet in size, **open to the public** for no more than 180 days per year, and certified by the Department of Agriculture and Consumer Services as a Certified Roadside Farm Market.

(1a) A "farm building" shall not lose its status as a farm building because it is used for **public or private events**, including, but not limited to, weddings, receptions, meetings, demonstrations of farm activities, meals, and other events that are taking place on the farm because of its farm or rural setting.

*I understand that the intention is to exempt some buildings from the Fire Prevention Code. Is the interpretation that the exemption in G.S. 143-138(b4) only excludes these buildings from the Building Code, not the other codes? If not, then I do not see how the Council can narrow the definition of farm building in this Rule.*

*Please confirm that this definition conforms to the definition of farm building in G.S. 143-138(b4)(1), as amended by SL 2017-108.*

*On the second line, delete "but is not limited to"*

*On the third line, I recommend inserting a comma after "storage"*

*On the fourth line, I recommend inserting a comma after "poultry"*

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina

*Do you not also need to define "bed and breakfast inn," again based upon G.S. 143-138 and other parts of this Code.*

*It does not appear that "Electrical Circuit Protective System" is defined at all in the IFC. Shouldn't all of this be underlined and highlighted, as it appears to be North Carolina specific?*

*For "Exit Access Stairway," this definition is the one in the IFC, but some of the terms aren't italicized here. Will they be when published?*

*For "Fire Hazard," replace "which" with "that" both places. And what is "customarily recognized by normal by persons in the public service regularly engaged..."?*

*For "Fireworks, 1.4G," I know you are reciting G.S. 14-414 here. Do you need to do so for the convenience of your regulated public, or would pointing them to the statute be sufficient?*

*Assuming you need to retain it, replace "which" with "that"*

*And in 4, the statute has "noisemakers" as one word. Is the use of "noise makers" correct?*

*For "ladder," the specific cited CFR is for scaffolding and rope descent systems. What is the correct citation?*

*In the definition of "Night Club" replace "and/or" with "or" and delete the "and" at the end of 1.*

*In "Open Air Camp Cabin," I recommend inserting an "and" after "cooling system,"*

*For the definition of "Respite Care Facility" please confirm this complies with the statutory definition.*

Amanda J. Reeder
