10F .0102	District 4	Online	I don't agree with very small boats, using only an electric trolling motor, having to be registered.	Thank you. Agency will consider the response.	Robeson	SWEENEY, JOHN
10F .0102	District 4	Online	I WANT ALL RULES ALLOWING FOR THE LICENSING OR CREATION OF BARBARIC CONTROLLED HUNTING RESERVES TO BE REVOKED.	Thank you.	Cumberland	STOLZ, JIM L
10F .0102	District 7	Online	Boats under 13 feet powered only by electric trolling motor should not be required to have a vessel number. This would include such vessels as (but not limited to): kayaks, "jon" boats, inflatable one-person boats, pirougs, or sailboats.	Thank you. Agency will consider the response.	Forsyth	STITCHER, ROBERT S
10F .0103	District 7	Online	Necessary with substantive public interest.	Thank you.	Forsyth	STITCHER, ROBERT S

10F .0105	District 7	Online	Necessary with substantive public interest.	Thank you.	Forsyth	STITCHER, ROBERT S
10F .0106	District 7	Online	Small inflatable vessels should have the number attached to a frame or other rigid structure and not on the pontoon. Paint and decals can release or deteriorate on the uninflated pontoon.	Thank you. Agency will consider the response.	Forsyth	STITCHER, ROBERT S

10F .0106	District 7	Online	I believe displaying vessel numbers on both sides is unnecessary and an additional cost to boat owners that would not seem to be that beneficial to w r officers	Thank you. Agency will consider the response.	Forsyth	Mcperson, James R
10F .0107	District 7	Online	Obsolete.	Thank you.	Forsyth	STITCHER, ROBERT S
10F .0107	District 7	Online	Decals should be placed on a rigid surface of the structure of the vessel instead of the inflatable pontoon.	Thank you. Agency will consider the response.	Forsyth	STITCHER, ROBERT S

10F .0201	District 7	Online	I do not agree that inflatable life jackets must be worn to be counted as a pfd. I believe they should be counted as long as they are automatic. I also believe it should be mandatory to have them on if you are operating a vessel over 50 mph.	Thank you. Agency will consider the response.	Forsyth	Mcperson, James R

10F .0301	District 3	Online	Personal Watercraft should be allowed to operate (with proper lights) at night. Many people use them for fishing and not being able to leave early or late is difficult. PWC pay the same registration and tax as similar vessels for only partial access to the water. Other states (VA) allow PWC with lights. PWC fishing has become popular for tourism fishing.	Thank you. Agency will consider the response.	Wake	PARKER, TIMOTHY L
10F .0314	District 2	Online	1 when will you do something about quail? the only thing done is talk. 2 \$33.00 per year for my 12' john boat is out of line. even the Coast Guard starts with boats 16' and under. At that price a car tag would be \$500 and trailer \$200. I understand the high price is for inlet work, how much time do you think 12' john boats use inlets into the sea?? IT IS TOO MUCH TAX!!!	Thank you. This rule designates No Wake Zones in New Hanover County, and this comment is addressing quail, taxes and prices instead.	New Hanover	Henry JR, Wes J
10F .0320	District 2	Online	Please do not let the caged hunting bill happen.	Thank you.	Onslow	Hext, Gillian

10F .0331	District 3	Online	<p>15A NCAC 10F .0104 CERTIFICATE OF NUMBER, "The certificate of number shall be carried while operating the vessel and shall be presented for inspection to any law enforcement officer upon request" This statement should be removed because there is a database that law officers can use to link back to the vessel owners first and last name and legality. Just a proof of ones idientiy should be adequate for any US citizen. I don't want patrolling, profiling and fines and this clause gives a reason to do so.</p>	<p>Thank you. This rule designates No Wake Zones in Wake County, and this comment is about law enforcement databases and access to certificate information.</p>	Wake	Barrette, Tom
