Re: 08 NCAC 22 .0105 PETITION CIRCULATORS, 08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY

Members of the Commission:

I request that the above rule(s) be reviewed in the upcoming legislative session as set out in N.C.G.S. 150B-21.3. I further request that the rule(s) be subject to a delayed effective date as set out in that same provision.

I am objecting to:

08 NCAC 22 .0104 (C). This goes far and above current law and it will take much longer to petition. The intent of all political parties is understood to be to run and elect candidates to office and influence law.

08 NCAC 22 .0105 PETITION CIRCULATORS. This is a violation of an individual's First Amendment rights, and it also places a new party at a disadvantage by making public a list of its volunteers. In addition, it will make it much more difficult to circulate a petition, as multiple individuals won't be able to circulate the same petition sheet. This creates a particular challenge when working a multi-person event where multiple counties attend.

08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY. This rule is confusing and sets up a situation where members of the two major parties can choose to keep a small party from ever satisfying this requirement. The state board is very vague with this rule as to what it will accept and not accept. further, the state board has extreme power to arbitrarily determine if it agrees with what the party has done or said to meet the requirement of general purpose and intent. This part of NC law is old and outdated and was meant to stop the spread of the Communist party and communism in America as I understand its history.

Furthermore, Multiple Parties have begun their petition drives and changing the rules in the middle of their drives is unfair to those parties.

Thank you for your consideration.

Re: [08 NCAC 22 .0105 PETITION CIRCULATORS,
08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY,
and all new rules relation to petition proposed.]

Members of the Commission:

I request that the above rules be reviewed in the upcoming legislative session as set out in N.C.G.S. 150B-21.3. I further request that the rules be subject to a delayed effective date as set out in that same provision.

The State Board of Elections is currently considering new election rules related to petitions in the state. These rules are, essentially, codifications of the extra-legal maneuverings that the previous State Board tried to implement to keep new Parties off the ballot in 2022 and 2024.

These rules include requiring the identification and registration of all volunteers working on the petition, overbearing micromanagement of the petition process, and a "sufficiency" check. These rules don't do anything to protect elections or voters, they merely allow the State Board of Elections to reject political parties after they have complied with the laws, but may have missed a technicality or judgment call according to the politicized board.

The State Board of Elections is creating these rules, far outside the scope of the law, and should refrain from micromanaging the petition process. We must respect privacy and allow for greater election participation in the state.

Thank you for your consideration.

08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY)

Dear Commission Members:

I request that the above rule(s) be reviewed in the upcoming legislative session as set out in N.C.G.S. 150B-21.3. I further request that the rule(s) be subject to a delayed effective date as set out in that same provision.

I am objecting to the following:

08 NCAC 22 .0104 (C). This goes far beyond current law and will require much more time to petition. The intent of *all* political parties is to run and elect candidates to office, and to influence law.

08 NCAC 22 .0105 PETITION CIRCULATORS. This is a violation of an individual's First Amendment rights; and it also places a new party at a disadvantage by making public a list of its volunteers. It will make it less likely that volunteers will assist with petitioning efforts. In addition, it will make it much more difficult to circulate a petition as multiple individuals won't be able to use the same petition sheet. This is also impractical at larger events where attendees come from multiple counties.

08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY. This rule is confusing. It would allow members of the two major parties to choose to keep a small party from ever satisfying this requirement. The state board is very vague with this rule as to what it will accept and not accept. What if the state board does not agree with what the party has done or said to meet the requirement of general purpose and intent?

Furthermore, various political parties have begun their petition drives. Changing the rules in the middle of their drives is unfair to those parties.

For the above reasons, I am requesting a formal legislative review and a delayed effective date.

Thank you for your consideration.

Re: Procedure for Subjecting a Proposed Rule to Legislative Review

Dear Members of the Commission:

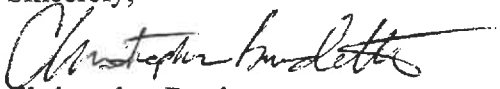

I request that the rule(s) below be reviewed in the upcoming legislative session as set out in N.C.G.S. 150B-21.3. I further request that the rule(s) be subject to a delayed effective date as set out in that same provision.

I am objecting to:
08 NCAC 22 .0104 PETITION SIGNATURE SHEETS - These requirements, such as b(3) and c, are an unnecessary burden on the party as it is already a difficult task to collect petition signatures and adding additional information to be filled out is likely to frustrate potential signers, thus impeding the party's petition drive.
08 NCAC 22 .0105 PETITION CIRCULATORS - This is a violation of an individual's First amendment rights, and it also places a new party at a disadvantage by making public a list of its volunteers. In addition, it will make it much more difficult to petition as multiple individuals won't be able to circulate the same petition sheet. This will severely handicap the petition drive when working a large event where voters from multiple counties attend.
08 NCAC 22 .0305 GENERAL PURPOSE AND INTENT OF THE NEW PARTY
This rule is confusing and enables members of the two major parties to keep a small party from ever satisfying this requirement. The state board is very vague with this rule as to what it will accept and not accept and what happens if the state board does not agree with what the party has done or said to meet the requirement of general purpose and intent.

Furthermore, multiple minor parties have already begun their petition drives and changing the rules in the middle of their drives is unfair to those parties.

It is with the above reasons and others that I am requesting a formal legislative review and delayed effective date should the rules review commission pass the rules as written.
Thank you for your consideration.

Sincerely,

Christopher Burdette
