Thanks Wes.

I do not anticipate any issues with these rules but obviously the Commissioners may see something which I did not.

Bill,

I will attend Thursday's meeting via WebEx in case there are any questions from the commissioners. I have a flight from RDU at 11:15 that morning, but given how quickly RRC usually goes through its agenda, there should be plenty of time.

You would be surprised at the number of times rule makers would fail to do what you have done under similar circumstances. Thank you for being proactive.

Thank you, William. I was hoping this one would sail through after our work on its engineering counterpart this past month.
