

02 NCAC 52B. 0214 is adopted with changes as published in 36:22 NCR 1775-1776 as follows:

02 NCAC 52B .0214 IMPORTATION REQUIREMENTS: RABBITS RABBITS, OR ANY SPECIES IN THE ORDER LAGOMORPHA, INCLUDING HARES AND PIKAS

(a) An import permit from the State Veterinarian is required for the importation of a rabbit rabbit, or any species in the order of Lagomorpha, including hare and pika, into the State of North Carolina originating from:

- (1) any country or state with Rabbit Hemorrhagic Disease Virus-2 (“RHDV-2”) detected; or
- (2) a state or country without RHDV-2 if the rabbit animal makes any intervening stop in a country or state with RHDV-2 detected, if the rabbit animal is commingled or exposed to any other rabbit animal in the order of Lagomorpha not being shipped directly from the point of origin together, or if the imported rabbit is exposed to materials such as cages, beddings, and supplies that have been in contact with another rabbit animal in the order of Lagomorpha not shipped directly from the point of origin together.

(b) The rabbit import permit application shall be accompanied by an official health certificate certifying the rabbit animal to be free from any contagious animal disease, including RHDV-2, as follows:

- (1) If the rabbit animal is shipped directly without any intervening stops, without commingling or exposure to any other rabbit animal in the order of Lagomorpha not being shipped directly from the point of origin together, and without exposure to materials such as cages, beddings, and supplies that have been in contact with another rabbit animal in the order of Lagomorpha not shipped directly from the point of origin together, then the official health certificate shall be obtained within 7 days of the date of importation into North Carolina.
- (2) If the rabbit animal is shipped with intervening stops, with commingling or exposure to another rabbit animal in the order of Lagomorpha not being shipped directly from the point of origin together, or with exposure to materials such as cages, beddings, and supplies that have been in contact with another rabbit animal in the order of Lagomorpha not shipped directly from the point of origin together, then the official health certificate shall be obtained from the location of the last intervening stop, commingling, or exposure, and within 7 days of the date of importation into North Carolina.

(c) No permit is needed ~~for~~ for rabbits, or any species in the order of Lagomorpha, including hare and pika, brought into the State on a temporary basis for the sole purpose of seeking veterinary services by a North Carolina licensed veterinarian, lasting only until the end of the veterinary service visit, and the animal is brought directly to the veterinary clinic and departs from the veterinary clinic to the originating state with no intervening stops.

- [(1) direct shipment of a rabbit [rabbit, or any species in the order of Lagomorpha, including hare and pika], from a country or state without RHDV 2 or if the rabbit [animal] makes intervening stops only in countries or states without RHDV 2, the rabbit [animal] is not commingled or exposed to another rabbit [animal in the order of Lagomorpha] not shipped directly from the point of origin together, and the rabbit [animal] is not exposed to materials such as cages, beddings, and supplies

1 that have been in contact with another rabbit ~~[animal in the order of Lagomorpha]~~ not shipped
2 directly from the point of origin together. ~~[together; or]~~

3 ~~(2)~~ rabbits, or any species in the order of Lagomorpha, including hare and pika, brought into the State
4 on a temporary basis for the sole purpose of seeking veterinary services by a North Carolina licensed
5 veterinarian, lasting only until the end of the veterinary service visit, and the animal is brought
6 directly to the veterinary clinic and departs from the veterinary clinic to the originating state with
7 ~~no intervening stops.~~

8 (d) The application for ~~rabbit~~ a importation shall include the state of origin, health certificate inspection date, the
9 owner's name, address, and phone number at the time of import, the import destination within the State of North
10 Carolina, the name, address, and phone number of the person with control and responsibility over the ~~rabbit~~ animal at
11 the import destination, and any federal licensing, permit, and documentation required for the importation of the ~~rabbit~~
12 animal if imported from outside of the United States of America.

13 (e) A ~~rabbit~~ rabbit, or any species in the order of Lagomorpha, including hare and pika, requiring an import permit
14 that is imported into North Carolina shall be accompanied by an official health certificate with the import permit
15 number and shall be made available for inspection by the State Veterinarian or his or her designee upon request.

16 (f) An intervening stop is defined as a stop in a country or state longer than 24 hours but less than 10 days. The
17 location of any stop for longer than 10 days shall be deemed the new country or state of origin.

18 (g) Health certificates issued outside of the United States shall be issued in English and by a veterinarian with a valid
19 license to practice veterinary medicine in the country of export.

22 *Eff. December 1, 2022.*

02 NCAC 52B .0212 is amended with changes as published in 36:19 NCR 1522-1533 as follows:

02 NCAC 52B .0212 IMPORTATION REQUIREMENTS: WILD ANIMALS

(a) A person shall obtain a permit from the State Veterinarian before importing any of the following animals into this State:

- (1) Skunk;
- (2) Fox;
- (3) Raccoon;
- (4) Ringtail;
- (5) ~~Bobcat (includes Lynx and other~~ North and South American ~~felines as cougars, jaguars, etc.);~~ felines;
- (6) ~~Coyote;~~
- (7) Marten;
- (8)(7) Brushtail Possum (*Trichosurus vulpecula*).

(b) Permits for the importation into this State of any of the animals listed in Paragraph (a) of this Rule shall be issued only if the animal(s) will be used in a research institute, or for exhibition by a USDA licensed exhibitor, or organized entertainment as in zoos or circuses.

~~(c) [Furthermore, permits for the importation of wild animals, as defined in G.S. 113-129, shall be issued only if the applicant shows compliance with applicable North Carolina Wildlife Resources Commission rules in 15A NCAC 10H .1400.] Nothing in the permit requirements for the importation of wild animals, as defined by G.S. 113-129 and as set forth in this Subchapter, shall excuse or exempt the applicant from compliance with applicable North Carolina Wildlife Resource Commission rules in 15A NCAC 10B .0100 or 15A NCAC 10H .1400.~~

~~(e)(d)~~ Camelids, bison, and other bovidae other than domestic cattle may be imported into the State if accompanied by an official health certificate issued by a licensed, accredited veterinarian, as defined in 02 NCAC 52B .0401, which states that:

- (1) all animals six months of age or older have tested negative for brucellosis within 30 days prior to importation; and
- (2) all animals six months of age or older have tested negative for tuberculosis within 60 days prior to importation; and
- (3) the herd of origin has had no brucellosis or tuberculosis diagnosed within the past 12 months.

(e) Additionally, all bison and other bovidae other than domestic cattle may be imported into the State only if officially identified in accordance with 9 CFR 86.1, which shall be incorporated by reference, including any subsequent amendments and editions, and can be obtained free of cost at https://www.ecfr.gov/cgi-bin/text-idx?SID&node=pt9.1.86&rgn=div5#se9.1.86_11. The requirements of this Paragraph shall not apply to camelids, llamas, vicunas, alpacas, and guanacos from other states that are tuberculosis Accredited-Free and brucellosis Certified-Free, when accompanied by an official health certificate.

~~(d)(f)~~ Any species or hybrid of a mammal not otherwise covered in the Administrative Code ~~that is found to exist in the wild or naturally occurs in the wild~~ must be accompanied by a valid certificate of veterinary inspection.

1 ~~(e)~~(g) Imported elephants shall be accompanied by an official health certificate issued by a licensed, accredited
2 ~~veterinarian,~~ veterinarian for the duration of the certificate in North Carolina, as defined in 02 NCAC 52B .0401,
3 which states that “all animals have tested negative for tuberculosis within 365 days prior to importation.”
