9B. Explain: This rule contains definition amendments for proposed rules complementary to recently adopted rules by the Division of Public Health (DPH) that established a program for the inspection, testing, remediation, and abatement of asbestos, lead paint, and lead in water hazards in public schools and licensed child care facilities. Session Law 2021-180, Section 9G.8.(a) required that DPH serve as the lead agency for this program, with collaboration by DCDEE and Department of Public Instruction (DPI). The proposed rules apply to asbestos inspections/abatement and inspections for lead in water in licensed child care centers and family child care homes. This rule has also been amended to bring the definition of “North Carolina Early Childhood Credential” in line with recent session law which increased options for early childhood qualifications from DCDEE.

9B. Explain: This rule establishes the scope of application for multi-unit child care center rules to allow for the licensing of an alternative child care facility model as an option available to any interested prospective child care center owner throughout North Carolina. The proposed rules will add an option that allows for independently licensed child care providers to operate within one building. The rules will not require that anyone use this model, rather, the rules will add an option for prospective child care center owners. This set of rules was adopted in response to a petition received from Yadkin County Expansion Team to allow the licensing of an alternative child care facility model. Although the petition was focused on providing solutions to child care barriers within Yadkin County specifically, once adopted, the model will be an option available to any interested party throughout North Carolina.

9B. Explain: On April 1, 2023, 21 NCAC 36 .0228 Clinical Nurse Specialist Practice was published in the Administrative Code. The amended Rule eliminated the portfolio route for new CNS recognition and aligns with the requirements for Certified Registered Nurse Anesthetist, Certified Nurse Midwives and Nurse Practitioners. Following publication to the Administrative Code, staff discovered a typographical error in (g)(3)(C). While this does not change the intent of the Rule, the date requires correction. After consultation with the Codifier of Rules, the Board was advised to proceed through the rulemaking process to correct the error.

9B. Explain: The purpose of this amendment is to indicate how this code relates to buildings that are constructed without required compliance to the NC State Building Codes because use of this code assumes a structure complied with minimum safety requirements of a previous code. The delayed effective date of this Rule is January 1, 2025. The Statutory authority for Rule-making is G. S. 143-136; 143-138.

9B. Explain: The purpose of this amendment is to clarify that an alteration level 2 can be performed without requiring an automatic sprinkler system for Group R-3 occupancy classifications when the building contains a maximum of two dwelling units in a low rise building and is not otherwise required to be sprinklered. This is consistent with the sprinkler requirements for a change use as addressed in NCEBC Section 1011.2.1.2 and Table 1011.2.1 for Group R-3 as well as Section 904.
