Check all that apply: ☒ Agency ☐ Court order / cite: ☐ Federal statute / cite: ☐ Federal regulation / cite: ☐ Legislation enacted by the General Assembly Cite Session Law: ☐ Petition for rule-making ☐ Other: 9B. Explain: Proposed amendments broaden the definition of "educational institution" to better align with the original purpose of the Scientific and Educational Activity Permit and Coastal Recreational Fishing License Exemption Permit. Additional proposed amendments add a definition of "quota monitoring log" in support of requirements for dealer permits for monitoring fisheries under a quota or allocation, and a definition of "permittee" to address the ubiquitous and interchangeable use of "permittee" and "permit holder" (which is already defined) throughout N.C. Marine Fisheries Commission rules. Additionally, proposed amendments clarify the existing definition of "holder" to align occurrences of "franchise holder" throughout N.C. Marine Fisheries Commission rules with shellfish franchises recognized pursuant to N.C.G.S. § 113-206.

9. REASON FOR ACTION 9A. What prompted this action? Check all that apply: ☒ Agency ☐ Court order / cite: ☐ Federal statute / cite: ☐ Federal regulation / cite: ☒ Legislation enacted by the General Assembly Cite Session Law: S.L. 2019-37, s. 3, as amended by S.L. 2024-32, s. 5.(a) ☐ Petition for rule-making ☐ Other: 9B. Explain: Proposed amendments include the removal of franchises from all shellfish production requirements, as the production requirements are grounds for termination of a leasehold only. Shellfish franchises recognized under N.C.G.S. § 113-206 are perpetual. The N.C. Division of Marine Fisheries has understood that because franchises are perpetual, the Division does not have the authority to terminate franchises and thus subjecting a franchise to production requirements would have no consequence. The N.C. General Assembly codified this understanding with the passage of Session Law 2024-32, Section 5.(a), which removed franchises from the production requirements of Session Law 2019-37, Section 3. The N.C. Marine Fisheries Commission's authority over private and protected deeded rights of a shellfish franchise is limited to subjects such as proper marking requirements and permitting of the aquaculture activities occurring on a franchise. Additional amendments in paragraphs (d) through (g) clarify production requirements for shellfish leases based on the date a shellfish lease was granted or last renewed. Additional amendments to paragraphs (a) and (i) clarify who determines eligibility for additional shellfish lease acreage, the time at which the determination of eligibility for additional acreage occurs, what is considered additional shellfish lease acreage, and what is considered acres under a shellfish lease.

Check all that apply: ☒ Agency ☐ Court order / cite: ☐ Federal statute / cite: ☐ Federal regulation / cite: ☐ Legislation enacted by the General Assembly Cite Session Law: ☐ Petition for rule-making ☐ Other: 9B. Explain: Proposed amendments address seven items. First, proposed amendments relocate four existing permits from proclamation into rule: Estuarine Gill Net Permit, Estuarine Flounder Dealer Permit, Shellfish Lease Restoration Permit, and Shellfish Relocation Permit to aid in the clarity of existing requirements for the public. Relocating the permit requirements in rule has no real impact on holders of the permits as the application process, permit conditions, and reporting requirements would not change. Second, proposed amendments require any seafood dealer that reports trip tickets electronically be required to report quota monitoring logs electronically, improving the timeliness and accuracy of reporting. Third, proposed amendments include email as a way to satisfy the call-in requirements for Scientific and Educational Activity Permits and Permits for Weekend Trawling for Live Shrimp, making it easier for regulated stakeholders to forward required information to the N.C. Division of Marine Fisheries and improving the tracking of activity by the Division. Fourth, proposed amendments clarify requirements for a Coastal Recreational Fishing License Exemption Permit to reflect proposed changes to another rule that broadens the definition of "educational institution", to better align with the original purpose of the permit. Fifth, proposed amendments add a link to the N.C. Division of Marine Fisheries website to access information about which Division offices issue striped bass tags for permitted dealers. Sixth, management for horseshoe crabs falls under the Atlantic States Marine Fisheries Commission Interstate Fishery Management Plan for Horseshoe Crab, which establishes state-by-state quotas in all Atlantic states for horseshoe crabs harvested for bait and the requirement to collect information on use of horseshoe crabs for biomedical purposes. The Horseshoe Crab Biomedical Use Permit was designed to collect that information but is proposed for repeal because the industry has not shown the anticipated growth since its inception over 25 years ago. Eliminating the permit would not disallow use of horseshoe crabs for biomedical purposes in North Carolina, but access to horseshoe crabs would be limited to the open commercial bait harvest season and counted towards the annual bait quota to maintain compliance with the Interstate Fishery Management Plan. Lastly, proposed amendments add nongovernmental conservation organizations as entities eligible for a Scientific or Educational Activity Permit that exempts the holder from N.C. license, rule, proclamation, or statutory requirements for approved scientific, educational, or conservation activities, pursuant to S.L. 2015-241, s. 14.10A.

Check all that apply: ☒ Agency ☐ Court order / cite: ☐ Federal statute / cite: ☐ Federal regulation / cite: ☐ Legislation enacted by the General Assembly Cite Session Law: ☐ Petition for rule-making ☐ Other: 9B. Explain: § 90-659, Suspension, revocation, and refusal to renew a license, states: (b) Denial, refusal to renew, suspension, or revocation of a license, or imposition of probationary conditions upon a licensee may be ordered by the Board after a hearing held in accordance with Article 3A of Chapter 150B of the General Statutes and rules adopted pursuant to this Article. An application may be made to the Board for reinstatement of a revoked license if the revocation has been in effect for at least one year. (2000-162, s. 1.) This new rule describes the process for a license to be reissued after revocation. It clarifies the process for the applicant, licensee, and public. There were no public comments received. The Board approved final adoption on November 11, 2025.
