9B. Explain: The new rules under Subchapters 22Q and 22R will effectuate the directive from the General Assembly for the Department to create rules to implement G.S. 143C-9-9 ("Hospital Uncompensated Care Fund"). The purpose of these rules is to establish the sequence of allocations of federal disproportionate share adjustment receipts arising from certified public expenditures, define the hospitals eligible for participation in the distribution of these funds, and codify formulas for calculating the distributions using outpatient cost metrics. Most supplemental payments are not permitted in managed care, which launched on July 1, 2021. The process for certifying DSH and calculating distribution of those funds to qualifying hospitals is essential for ensuring maximum receipt of federal Medicaid funds. This package is being submitted ahead of similar temporary rules that will expire in a few months.

9B. Explain: The new rules under Subchapters 22Q and 22R will effectuate the directive from the General Assembly for the Department to create rules to implement G.S. 143C-9-9 ("Hospital Uncompensated Care Fund"). The purpose of these rules is to establish the sequence of allocations of federal disproportionate share adjustment receipts arising from certified public expenditures, define the hospitals eligible for participation in the distribution of these funds, and codify formulas for calculating the distributions using outpatient cost metrics. Most supplemental payments are not permitted in managed care, which launched on July 1, 2021. The process for certifying DSH and calculating distribution of those funds to qualifying hospitals is essential for ensuring maximum receipt of federal Medicaid funds. 9B. Explain: Detention Officers seeking certification with the Sheriffs' Commission must comply with basic training requirements set forth by the Commission. One such requirement is mandated by 12 NCAC 10B .0704. This rule requires that the Detention Officer Certification Course (DOCC) must be taught in consecutive weeks. However, continuing a course when there is an outbreak of COVID-19, any of its variants, or any other unforeseen public emergency poses a threat to the safety, health and well-being for the students and staff. Likewise a delay in a detention officer receiving this important training, as well as the understaffing of a jail facility when officers are away attending training, may also threaten the safety of both officers and inmates. These courses are delivered various locations across the state. The Commission is proposing this rule change so that the Division Director may waive this requirement under certain circumstances in the event of a lawfully declared State of Emergency.
