**9B. Explain:**

In 2018 the North Carolina Dietetics/Nutrition Practice Act was modernized via Session Law 2018-91. Pursuant to G.S. § 150B-21.3A(d)(2), select rules were readopted in 2019 to implement some of the changes instigated by the 2018 statutory changes. With the current proposed adoptions, amendments, and repeals, the North Carolina Board of Dietetics/Nutrition (hereinafter "the Board") seeks to align all of its rules with the statutory authority provided in Article 25, Chapter 90, ensure clarity, streamline the application process, and ensure its ability to continue operations. In consultation with the Board for Certification of Nutrition Specialists and the Academy of Nutrition and Dietetics, the North Carolina Board of Dietetics/Nutrition has spent almost three years working to draft these rule changes. The Board is satisfied that these adoptions, amendments, and repeals are necessary, will provide clarity, and will ensure consistency and objectivity in the licensure process, better enabling the Board to achieve its mission.

<b>9B. Explain:</b> In 2018 the North Carolina Dietetics/Nutrition Practice Act was modernized via Session Law 2018-91. Pursuant to G.S. § 150B-21.3A(d)(2), select rules were readopted in 2019 to implement some of the changes instigated by the 2018 statutory changes. With the current proposed adoptions, amendments, and repeals, the North Carolina Board of Dietetics/Nutrition (hereinafter "the Board") seeks to align all of its rules with the statutory authority provided in Article 25, Chapter 90, ensure clarity, streamline the application process, and ensure its ability to continue operations. In consultation with the Board for Certification of Nutrition Specialists and the Academy of Nutrition and Dietetics, the North Carolina Board of Dietetics/Nutrition has spent almost three years working to draft these rule changes. The Board is satisfied that these adoptions, amendments, and repeals are necessary, will provide clarity, and will ensure consistency and objectivity in the licensure process, better enabling the Board to achieve its mission.

<b>9B. Explain:</b> <small>In 2018 the North Carolina Dietetics/Nutrition Practice Act was modernized via Session Law 2018-91. Pursuant to G.S. § 150B-21.3A(d)(2), select rules were readopted in 2019 to implement some of the changes instigated by the 2018 statutory changes. With the current proposed adoptions, amendments, and repeals, the North Carolina Board of Dietetics/Nutrition (hereinafter "the Board") seeks to align all of its rules with the statutory authority provided in Article 25, Chapter 90, ensure clarity, streamline the application process, and ensure its ability to continue operations. In consultation with the Board for Certification of Nutrition Specialists and the Academy of Nutrition and Dietetics, the North Carolina Board of Dietetics/Nutrition has spent almost three years working to draft these rule changes. The Board is satisfied that these adoptions, amendments, and repeals are necessary, will provide clarity, and will ensure consistency and objectivity in the licensure process, better enabling the Board to achieve its mission.</small>

<b>9B. Explain:</b> The proposed rules are being repealed, amended, or adopted in order to align the investigation and complaint rules with current processes. Rule 21 NCAC 17 .0116, which is proposed for repeal, addressed investigations, complaints, and hearings all in one rule. It has not been updated since 2010. The proposed Rule 21 NCAC 17 .0516 is aimed at allowing the Board to recover the costs attributable to Board action related to licensees or licensure applicants who have been found to be in violation of the Dietetics/Nutrition Practice Act or its corresponding rules. Most of the provisions in this new rule are already provided for in current rule 21 NCAC 17 .0116. The proposed addition in 21 NCAC 17 .0516 addresses attorney fees, which historically have represented the most significant costs the Board has occurred related to licensee disciplinary action.

<b>9B. Explain:</b> Clarification and simplification of application of the NCRC and NCBC to multiple dwellings on a single parcel of land. This change will help keep designers and contractors in one book instead of relying on cross references between the NCBC and the NCRC. Because the use of the NCRC for construction of multiple dwellings on a single lot can currently be achieved by use of an alternate method there is no added cost or savings for this amendment. The delayed effective date of this Rule is January 1, 2025. The Statutory authority for Rule-making is G. S. 143-136; 143-138.
