Explain:</b> <i>On April 23, 2024, Duke University Health System and Atrium Health ("Petitioners") filed two petitions requesting the Board proceed with permanent rulemaking pursuant to 21 NCAC 36 .0121(a). Both petitions meet all foundational requirements of this Rule detailing the reasoning for the request. Petitioners also filed a proposed amendment in 21 NCAC 36 .0810(2)(c), which relates to NP practice, with the NC Medical Board for their consideration. The proposed language for adoption and amendment were also attached with each petition. NC General Statutes specify that a physician may issue a portable do not resuscitate ("DNR") order and determine a person's death. See NCGS §90-21.17(b) and §90-323. However, practice and other statutory provisions imply that these two medical tasks may be performed under the supervision of or delegated by a physician. The effect of both rules would be to clarify that these acts may be delegated to NPs and licensed nurses to promote and improve access to end-of-life care. On May 23, 2024, Petitioner's request and proposed rule language were presented to the Board. In 21 NCAC 36 .0810(c)(2), the Board voted to amend the language of this Rule to clarify the NP's authority to issue DNR orders and pronounce death pursuant to the terms of a Collaborative Practice Agreement ("CPA"). The additional language in the proposed amendment specifies that DNR orders and pronouncement of death may be performed by an NP under the supervision of a physician by way of a CPA. The Board also voted to proceed with rulemaking of a new rule, 21 NCAC 36 .0229 Determination and Pronouncement of Death, for specific language that expressly permits physicians to delegate this act to RNs and LPNs. The language of this new rule is consistent with the Board's position statement on Death and Resuscitation and would provide legal authority for this medical act to be delegated to RNs and LPNs as a responsibility that the nurse can safely accept.</i></p>
