Explain:</b> On July 26, 2024, Stericycle, the owners of the only incinerator in North Carolina that is capable of destroying controlled substances to the point that they are non-retrievable, notified long-term care pharmacies in North Carolina that they will no longer accept bookings for witnessed destruction of controlled substances. Stericycle's business decision to no longer provide long-term care pharmacies the option of destruction of unused controlled substances from nursing homes by an incinerator within the State was not foreseen by the Department. Rule 10A NCAC 26E .0406 is proposed for emergency, and simultaneously, temporary procedures to provide immediate clarity regarding the use of federally recognized options for disposing of and destroying unused controlled substances from nursing homes, including outsourcing the destruction to reverse distributors, in order to help ensure safe, secure, and timely disposal and destruction of unused controlled substances in North Carolina. The proposed emergency and temporary rules are in the public's best interest to avoid the threat of unused controlled substances accumulating at nursing homes or long-term care pharmacies, and the related diversion risks.

Explain:</b> Rule 01I .2103 applies to local government employees who are subject to the State Human Resources Act. These are employees of local social services departments; county or district health departments; local emergency management agencies that receive federal grant-in-aid funds; and area mental health, developmental disabilities, and substance abuse authorities. The Office of State Human Resources included a provision on this subject in Section 7 of the OSHR agency bill, House Bill 223. The bill was signed by the Governor on June 28, 2024. An Administrative Code change is required to give local government employers the same trainee salary flexibility as state agencies.
