Taylor, the only request for changes that I have is to remove 131E-153 from the history notes. That is a purpose statute and in my view, and the Commission's view in the past, does not give rulemaking authority.

Provided that change is made, given that I've already reviewed the identical language of these rules and that you made all the changes I requested back in October, I will recommend approval of the temp rules at tomorrow's meeting.

OK, thanks. I think we will be able to take these up at tomorrow's meeting. I will have a few minor requests for changes coming your way, so stay tuned.

Hi Brian,

I hope you are well. Yes, the language of the rules is the same and incorporates all the requests for changes made back in October.

Subject: 10A NCAC 13S Temp Rules - MCC

Hi Taylor,

I have had the opportunity to very briefly look at these temporary rules, and it appears, although I'm not sure, that the language of these rules mirrors the final versions of the DHHS rules that we worked on last October. Can you confirm that the language of these rules is the same, and incorporates all the requests for changes that I made back in October?

Thanks,
Brian
