Rule approved by RRC as a permanent rule [See G.S. 150B-21.3(b2)]: n/a
6. Reason for Temporary Action. Attach a copy of any cited law, regulation, or document necessary for the review. <input checked="" type="checkbox"/> A serious and unforeseen threat to the public health, safety or welfare. <input checked="" type="checkbox"/> The effective date of a recent act of the General Assembly or of the U.S. Congress. Effective date of change: <input type="checkbox"/> A recent federal regulation. Cite: Effective date: <input type="checkbox"/> A recent court order. Cite order: <input type="checkbox"/> State Medical Facilities Plan. <input type="checkbox"/> Other: Explain: On May 16, 2023, Senate Bill 20 became law as S.L. 2023-14. This new law entitled “An Act to Make Various Changes to Health Care Laws and to Appropriate Funds for Health Care Programs” made revisions to various state laws governing abortions in North Carolina. Effective October 1, 2023, the North Carolina Medical Care Commission was authorized to “adopt, amend, and repeal all rules necessary for the implementation” of Part II of S.L. 2023-14 and as a result adopted emergency rules effective November 14, 2023. The adoption of temporary rules will ensure continuity of care for patients, will resolve any uncertainty about the rules applicable to impacted providers from October 1st until the Medical Care Commission is able to promulgate permanent rules, and will protect the health and safety of people obtaining reproductive health care. Therefore, the Medical Care Commission seeks to adopt Subchapter 13S of Title 10A under temporary procedures.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? Current rules governing the certification of abortion clinics are found in Subchapter 13S and Subchapter 14E of Title 10A of the Administrative Code. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.

Effective date of change: <input type="checkbox"/> A recent federal regulation. Cite: Effective date: <input type="checkbox"/> A recent court order. Cite order: <input type="checkbox"/> State Medical Facilities Plan. <input type="checkbox"/> Other: Explain: On May 16, 2023, Senate Bill 20 became law as S.L. 2023-14. This new law entitled “An Act to Make Various Changes to Health Care Laws and to Appropriate Funds for Health Care Programs” made revisions to various state laws governing abortions in North Carolina. Effective October 1, 2023, the North Carolina Medical Care Commission was authorized to “adopt, amend, and repeal all rules necessary for the implementation” of Part II of S.L. 2023-14 and as a result adopted emergency rules effective November 14, 2023. The adoption of temporary rules will ensure continuity of care for patients, will resolve any uncertainty about the rules applicable to impacted providers from October 1st until the Medical Care Commission is able to promulgate permanent rules, and will protect the health and safety of people obtaining reproductive health care. Therefore, the Medical Care Commission seeks to adopt Subchapter 13S of Title 10A under temporary procedures.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? Current rules governing the certification of abortion clinics are found in Subchapter 13S and Subchapter 14E of Title 10A of the Administrative Code. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.

Cite order: <input type="checkbox"/> State Medical Facilities Plan. <input type="checkbox"/> Other: Explain: On May 16, 2023, Senate Bill 20 became law as S.L. 2023-14. This new law entitled “An Act to Make Various Changes to Health Care Laws and to Appropriate Funds for Health Care Programs” made revisions to various state laws governing abortions in North Carolina. Effective October 1, 2023, the North Carolina Medical Care Commission was authorized to “adopt, amend, and repeal all rules necessary for the implementation” of Part II of S.L. 2023-14 and as a result adopted emergency rules effective November 14, 2023. The adoption of temporary rules will ensure continuity of care for patients, will resolve any uncertainty about the rules applicable to impacted providers from October 1st until the Medical Care Commission is able to promulgate permanent rules, and will protect the health and safety of people obtaining reproductive health care. Therefore, the Medical Care Commission seeks to adopt Subchapter 13S of Title 10A under temporary procedures.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? Current rules governing the certification of abortion clinics are found in Subchapter 13S and Subchapter 14E of Title 10A of the Administrative Code. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.

The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? Current rules governing the certification of abortion clinics are found in Subchapter 13S and Subchapter 14E of Title 10A of the Administrative Code. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.

Effective date of change: <input type="checkbox"/> A recent federal regulation. Cite: Effective date: <input type="checkbox"/> A recent court order. Cite order: <input type="checkbox"/> State Medical Facilities Plan. <input type="checkbox"/> Other: Explain: On May 16, 2023, Senate Bill 20 became law as S.L. 2023-14. This new law entitled “An Act to Make Various Changes to Health Care Laws and to Appropriate Funds for Health Care Programs” made revisions to various state laws governing abortions in North Carolina. Effective October 1, 2023, the North Carolina Medical Care Commission was authorized to “adopt, amend, and repeal all rules necessary for the implementation” of Part II of S.L. 2023-14 and as a result adopted emergency rules effective November 14, 2023. The adoption of temporary rules will ensure continuity of care for patients, will resolve any uncertainty about the rules applicable to impacted providers from October 1st until the Medical Care Commission is able to promulgate permanent rules, and will protect the health and safety of people obtaining reproductive health care. Therefore, the Medical Care Commission seeks to adopt Subchapter 13S of Title 10A under temporary procedures.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required? Current rules governing the certification of abortion clinics are found in Subchapter 13S and Subchapter 14E of Title 10A of the Administrative Code. The Rules Review Commission has objected to the continuing presence of these rules. S.L. 2023-14, Part II clearly gives authority to the Medical Care Commission to “adopt, amend, and repeal all rules necessary for the implementation” of the Part. The adoption of temporary rules will ensure continuity of care for patients, resolve any uncertainty about the rules applicable to impacted providers until the Medical Care Commission is able to promulgate permanent rules, and critically, will protect the health and safety of women in obtaining lawful abortions in a clinic regulated by the Medical Care Commission. Adherence to notice and hearing requirements is contrary to the public interest for the immediate and critical near term because it is not possible to complete notice and comment rulemaking before the expiration of current rules. However, temporary rulemaking in conjunction with the established emergency rule will adhere to notice and hearing requirements.
