Mr. Ziko,

I agree with your assessment that this rule does not require a fiscal note. I will send a separate determination email to your team and OAH shortly, for your records.

Regarding 150B 21.4(b), my understanding is that the notification requirements only apply when the fiscal note requirement is triggered. So you would not be required to notify per 21.4(b) for this rule, though no harm in doing so if you choose.

Regards,  
Carrie

Ms. Hollis,

I have attached for your review the final draft of 16 NCAC 06D .0403 PROVIDE INFORMATION ON CHILD ABUSE AND NEGLECT. The rule is short and self-explanatory. It simply requires public school units to provide students in grades 6 through 12 with the information required in SL 2021-132 s.6, codified in GS 115C-12(47) and other

General Statutes that require different types of schools to implement the rule. I have attached a copy of SL 2021-132, s. 6, for your use.

It is my opinion that 16 NCAC 06D .0403 does not require a fiscal note because the rule does nothing more than what the General Assembly has directed State Board of Education to do. Once you have reviewed the rule, please send me your decision. I am also interested in your opinion as to whether GS 150B-21.4(b) applies in this case. That is, does the SBE have an obligation to send a copy of the rule to the Fiscal Research Division of the General Assembly, the North Carolina Association of County Commissioners, and the North Carolina League of Municipalities even if no fiscal note is required? I plan to send the rule and your decision to them in any case but am interested in your opinion and the prevailing practice.

Note, I may change the effective date of the rule to June 1, 2022, if I can meet the OAH January 25 filing deadline.

Thank you for your guidance and attention to this request.

**9B. Explain:**

21 NCAC 32U .0101: Session Law 2021-110 required the Board of Pharmacy and the Medical Board to adopt “a statement of ethics for immunizing pharmacists.” Moreover, Session Law 2021-110 adopted “unprofessional conduct” as a new ground of discipline for pharmacists (and, by extension, pharmacies) in G.S. 90-85.38. The Boards have jointly proposed adoption of the American Pharmacists Association Code of Ethics to define professional conduct, including but not limited to that conduct by immunizing pharmacists. This reflects an approach taken by numerous licensing boards in adopting an established industry set of conduct standards as reflecting appropriate professional practice. Proposed new rule 21 NCAC 46 .1820 would adopt that code of ethics by reference, and the amendments to Rule .2507 would refer to that rule as specifically governing pharmacists’ immunization activities. The Medical Board has proposed amending 21 NCAC 32U .0101 to effectively adopt the amendments to Rule .2507 by reference (and also thereby the application of new Rule .1820 to immunization).

**9B. Explain Reason for Proposed Rule(s):**

21 NCAC 32U .0102: Session Law 2021-3, Section 2.9.(a), permits “immunizing pharmacists” (as defined by statute) to administer long-acting injectable medications to adults pursuant to prescription. The law became effective on October 1, 2021, and the Board of Pharmacy adopted a temporary rule (21 NCAC 46 .2514) to implement the section, as permitted by the statute. Because of the placement of the longacting injectable authority in the “immunizing pharmacist” statute (90-85.15B), a permanent rule governing the administration of these drugs must be approved by both the Board of Pharmacy and the Medical Board. The Board of Pharmacy has proposed adoption of a permanent version of Rule .2514. The proposed rule would put appropriate standards in place for training, recordkeeping and other requirements needed to ensure that the drugs are administered with adequate protection of the public health, safety, and welfare. The requirements in the proposed rule are largely imported from 21 NCAC 46 .2507, which governs immunizing pharmacist administration of vaccines, so that the regulated pharmacists will already be familiar with these requirements. Moreover, the proposed permanent rule does not vary in any substantial way from the temporary rule that has been operating without any known incident since October 1, 2021. The Medical Board has proposed a new rule (21 NCAC 32U .0102) that would adopt proposed permanent Rule .2514 by reference.

# **SUBMISSION FOR PERMANENT RULE**

## **9.B. Explanation:**

Session Law 2021-110 made a number of changes governing the administration of vaccines by pharmacy personnel. Among them, Session Law 2021-110 required the Board of Pharmacy and the Medical Board to adopt “a statement of ethics for immunizing pharmacists.” Moreover, Session Law 2021-110 adopted “unprofessional conduct” as a new ground of discipline for pharmacists (and, by extension, pharmacies) in G.S. 90-85.38. The Board of Pharmacy has adopted of the American Pharmacists Association Code of Ethics to define professional conduct, including but not limited to that conduct by immunizing pharmacists. This reflects an approach taken by numerous licensing boards in adopting an established industry set of conduct standards as reflecting appropriate professional practice. New rule 21 NCAC 46 .1820 adopts that code of ethics by reference, and the accompanying amendments to Rule .2507 refer to that rule as specifically governing pharmacists’ immunization activities. After a coordinated joint rulemaking procedure, the Medical Board has amended 21 NCAC 32U .0101 to adopt the amendments to Rule .2507 by reference (and also thereby the application of new Rule .1820 to immunization).

# **SUBMISSION FOR PERMANENT RULE**

## **9.B. Explanation:**

Session Law 2021-110 made a number of changes governing the administration of vaccines by pharmacy personnel. Among them, Session Law 2021-110 permits pharmacy technicians to administer certain vaccinations under pharmacist supervision. Session Law 2021-110, Section 4.(b) required the Board of Pharmacy and the Medical Board to adopt rules governing pharmacy technician administration of vaccinations. The Board of Pharmacy has adopted amendments to 21 NCAC 46. 2507 to put appropriate standards in place for training, supervision, and other requirements to ensure adequate protection of the public health, safety, and welfare. Note that, by virtue of a Declaration under the Public Readiness and Emergency Preparedness (PREP) Act, since October 20, 2020, the United States Department of Health and Human Services has authorized pharmacy technicians to administer certain vaccines, preempting state law. The amendments to Rule .2507 are based on the guidance that the Board of Pharmacy has previously provided for safe technician administration under the PREP Act, without any known incident for over a year and a half. After a coordinated joint rulemaking procedure, the Medical Board has amended 21 NCAC 32U .0101 to adopt the amendments to Rule .2507 by reference.

# **SUBMISSION FOR PERMANENT RULE**

## **9.B. Explanation:**

Session Law 2021-3, Section 2.9.(a), permits “immunizing pharmacists” to administer long-acting injectable medications to adults pursuant to prescription. The law became effective on October 1, 2021, and the Board of Pharmacy adopted a temporary rule (21 NCAC 46 .2514) to implement the section, as permitted by the statute. Because of the placement of the long-acting injectable authority in the “immunizing pharmacist” statute (90-85.15B), a permanent rule governing the administration of these drugs had to be approved by both the Board of Pharmacy and the Medical Board. The Board of Pharmacy has adopted the attached permanent version of Rule .2514. The rule puts appropriate standards in place for training, recordkeeping, and other requirements needed to ensure that the drugs are administered with adequate protection of the public health, safety, and welfare. The requirements in the rule are largely imported from 21 NCAC 46 .2507, which governs immunizing pharmacist administration of vaccines, so that the regulated pharmacists are already familiar with these requirements. Moreover, the permanent rule does not vary in any substantial way from the temporary rule that has been operating without any known incident since October 1, 2021. After a coordinated joint rulemaking procedure, the Medical Board has adopted a new rule (21 NCAC 32U .0102) that adopts permanent Rule .2514 by reference.
