9A. What prompted this action? Check all that apply: <input checked="" type="checkbox"/> Agency <input type="checkbox"/> Court order / cite: <input type="checkbox"/> Federal statute / cite: <input type="checkbox"/> Federal regulation / cite: <input type="checkbox"/> Legislation enacted by the General Assembly Cite Session Law: <input type="checkbox"/> Petition for rule-making <input type="checkbox"/> Other:	
9B. Explain: The amendments to (b) were made for clarification and to be consistent with similar language added to (c) of this rule per S.L. 2021-153 (submitted concurrently under a separate form). It is a clarification because requests for landfill expansion are site-specific, and the Department does not have the authority to issue a permit that is not compliant with the regulations under G.S. 130A and 15A NCAC 13B or licensed professional practices under G.S. 89E and 89F. In the absence of this rule change, the Department would still be required to request additional site-specific information if compliance with the regulations or professional practices could not be determined based on the submitted documentation.

9B. Explain: <i>NCDOT is proposing to amend 19A NCAC 02D .0803 to reflect a process change on the requirements to bid on federal and state funded highway/bridge construction projects. Historically, the Department has required prospective bidders who wish to bid on highway/bridge construction projects to purchase specific documents for a fee of \$25 for proposals, \$40 for half size project plans, or \$100 for full size plans. The Department is enhancing the technology used in the bidding process and is eliminating or reducing the current expenses associated with bidding on NCDOT highway/bridge construction projects while maintaining the same level of communication and customer service. This necessitates a change to 19A NCAC 02D .0803.</i> <i>In the future, prime contractors and subcontractors will be able to bid on projects without being required to purchase plans or proposals. This process change will reduce a financial burden on the regulated public and its financial impact to the Department is not substantial. The agency's overall yearly budget is \$6 billion. Any loss in revenue will, in turn, be a reduction in paper, toner, and wear and tear on equipment due to reduced printing requirements. The Department will break even in any reduction in purchasing of bid documents due to purchases being processed at cost. The Department does not expect the revenue to move from an average of \$121,416 to \$0 as there will continue to be an option for contractors to purchase proposals and plans through NCDOT.</i>
