Explain:</b> Rule amended to require imported elephants to be accompanied by a health certificate and that the animals are negative for tuberculosis within 365 days of import in order to prevent the introduction and spread of disease. Additionally, upon discussions with the Wildlife Resources Commission, the rule is being amended to remove coyotes as the animal is banned from import by other law. The amended rule specifies that wild animals falling under the jurisdiction of WRC need to also comply with WRC regulations.

<b>9B. Explain:</b> <p>In December 2021, the North Carolina Libertarian Party wrote to the State Board requesting access to source codes and other proprietary and confidential information pertaining to voting systems in use in the state, invoking the authority to review such material under G.S. § 163-165.7. The law permits each political party to designate persons to review and examine the materials a voting system vendor places in escrow as a condition of becoming a certified voting system. Although this access provision has been law since 2005, this is the first time (that the agency is aware of) that any party has invoked this provision to gain access to a voting system's proprietary information. Given the sensitivity of the information and the need to protect the State's (and nation's) critical infrastructure, this rule would provide safeguards on this process. G.S. 163-165.7(f)(9) authorizes the State Board to promulgate such rules.</p>

Explain:</b> Pursuant to GS 150B-21.3A, Periodic Review and Expiration of Existing Rules, all rules are reviewed at least every 10 years, or they shall expire. As a result of the periodic review of Chapter 10A NCAC 15, Radiation Protection, these rules were determined as “Necessary With Substantive Public Interest,” requiring readoption. With input from a stakeholder workgroup, these rules are readopted as a repeal due to rule requirement redundancy with another rule in this Chapter. Substantive changes being made in readoption Rule 10A NCAC 15 .1301 refer to the CFR with the same requirements addressed in these rules; therefore, these rules are not necessary.

<b>9B. Explain:</b> 10A NCAC 41A .0107 governs the reporting of COVID-19 diagnostic test results by laboratories and healthcare providers to public health officials. Since the permanent adoption of this rule, the COVID-19 pandemic has continued to evolve. The Commission for Public Health adopted this amendment to align reporting requirements with recent updates to federal guidance and current best practices.

<b>9A. What prompted this action? Check all that apply:</b> <div style="display: flex; justify-content: space-between;"> <div style="width: 45%;"> <input checked="" type="checkbox"/> Agency  <input type="checkbox"/> Court order / cite:  <input type="checkbox"/> Federal statute / cite:  <input type="checkbox"/> Federal regulation / cite:         </div> <div style="width: 45%;"> <input type="checkbox"/> Legislation enacted by the General Assembly              Cite Session Law:  <input type="checkbox"/> Petition for rule-making  <input type="checkbox"/> Other:         </div> </div>	
<b>9B. Explain:</b> Discussions with the NC Department of Agriculture and Consumer Services (NCDACS) identified discrepancies between the WRC importation rule and the NCDACS rule on entry of avian species to North Carolina. The NCDACS defines poultry as any bird and WRC rules need to reflect appropriate importation requirements for these species.

## **SUBMISSION FOR PERMANENT RULE**

### **9.B. Explanation:**

The Board of Pharmacy amended its definition section to reflect a change in terminology announced by the Accreditation Council for Pharmacy Education (“ACPE”). The Board has different processes for graduates of pharmacy schools who are regulated by the U.S. Department of Education (which ACPE previously referred to as “accredited”) and for graduates of foreign pharmacy schools (which ACPE previously referred to as “certified”). ACPE has announced that, beginning January 1, 2023, it will refer to foreign pharmacy schools as “international-accredited.” There is no pertinent change in either the ACPE process or the Board’s process for either type of school -- merely a terminology change. The previous rule defined an “approved school or college of pharmacy” as one “accredited by the American Council on Pharmaceutical Education.” The Board amended the rule to avoid any potential confusion that might be caused by ACPE’s change in terminology. The former and current rules cover the same set of schools and students. In addition, the rule was amended to reflect a change in ACPE’s name from “American Council on Pharmaceutical Education” to “Accreditation Council for Pharmacy Education.” The actual organization has not changed.

The rule describes in detail when an employee may be separated when unable to perform their position's essential duties listed in the job description or designated work schedule and the employee and agency are unable to reach agreement on a return to work arrangement that meets the needs of the agency and employee's condition in either of the following situations: 1. Due to medical condition or vagueness of medical prognosis; 2. Due to court order, loss of required credentials, loss of other required certification, or other extenuating circumstances; or 3. Due to work-related injury if employee has reached maximum medical improvement and agency is unable to accommodate the employee's permanent work restrictions related to such injury or 12 months after the date of the employee's work-related injury.
