Explain: The Town of Sunset Beach in Brunswick County has requested temporary rulemaking by the Wildlife Resources Commission to establish a no-wake zone in part of South Jinks Creek. Dredging is planned to begin in November 2022 to remove a large drifting sandbar that causes part of the creek to be less than two feet deep at mean low tide. The channel near the peninsula at the eastern end of North Shore Drive is very narrow as well, creating navigation hazards.

7. Why is adherence to notice and hearing requirements contrary to the public interest and the immediate adoption of the rule is required?

Permanent rulemaking is contrary to public interest, as changes need to be in place of a temporary no-wake zone until the dredging is completed to mitigate hazards to boater safety and navigation. Dredging is set to begin in November.

8. Rule establishes or increases a fee? (See G.S. 12-3.1)
