Subject: RE: State Fire Marshal: Rules for RRC Review

Good afternoon, Chris,

Thank you so much for your work reviewing the amendments to 11 NCAC 05A .0900. Attached please find OSFM's response to your Requests for Changes, along with revised versions of the rules reflecting the requested changes and related revisions discussed in the attached response document.

Please let me know if you have any questions or if any additional revisions or clarifications would be helpful. I would be happy to discuss any remaining concerns by phone or email. As I mentioned when we spoke earlier today, I am glad to have had the opportunity to work with you on this set of rules and look forward to working with you again.

Thank you,
Kyle

2

3 **11 NCAC 05A .0902 PURPOSE**

4 (a) This Section establishes standards for insurance public protection classifications for fire districts
5 throughout the State.

6 (b) Fire districts **in all rural areas of the State** and **in** cities with populations of 100,000 or fewer
7 according to the most recent annual population estimates certified by the State Budget Officer shall be inspected by
8 ~~the Department~~ OSFM in accordance with the requirements of this Section. All other fire districts in the State shall
9 be inspected by the Insurance Services Office (~~"ISO"~~) in accordance with this Section.

10 (c) A "PPC 1" is the best rating, and a "PPC 10" indicates that the fire district does not meet the
11 minimum protection requirements.

12 (d) A fire district that meets the certification requirements set forth in this Section shall be given a
13 public protection classification of "PPC 9S."

14 (e) A fire district that meets the certification requirements set forth in this Section, but contains
15 properties within its jurisdictional limits that are more than five but within six road miles from a responding fire
16 station, shall be given a public protection classification rating of "PPC 9E."

17 (f) If a fire district contains some properties within its jurisdictional limits that meet the requirements
18 of a certain PPC rating, and some properties within its jurisdictional limits that meet the requirements of another
19 PPC rating, the fire district may receive a split rating.

20 (g) To receive a public protection classification better than a "PPC 9S," a fire district must meet the
21 requirements of this Section and the North Carolina Fire Suppression Rating ~~Schedule~~ ("NCFRSR"). Schedule.

3 **11 NCAC 05A .0912 NON-COMPLIANCE**

4 (a) Upon completion of an inspection, the OSFM ~~inspector~~ representative will review the inspection results with the
5 fire chief or the chief's designee. Any fire department that fails to meet any of the standards set forth in this Section
6 shall be considered non-compliant for the purpose of determining Fire Insurance District Rating Classifications.

7 (b) A non-compliant fire department shall have a period of ~~30~~ 15 days from the date of the inspection to submit a
8 written corrective action plan to OSFM. The corrective action plan shall address each deficiency found in the
9 inspection and the corrective action the fire department will take in response to the deficiency. If a non-compliant fire
10 department fails to provide a written corrective action plan to OSFM within 15 days from the date of the inspection,
11 OSFM shall consult with the governing body that contracts for the fire district and place the fire department on
12 probation until the fire department provides the written corrective action plan to OSFM, for a period not to exceed
13 three months. If the fire department fails to provide the written corrective action plan to OSFM by the end of the
14 three-month probation period, OSFM shall designate the fire department as "PPC10" (non-certified). ~~Upon receipt of~~
15 approval of the corrective action plan from OSFM, the fire department shall have six months to become compliant. If
16 the fire department remains non-compliant after the expiration of the six-month corrective action period, OSFM shall
17 consult with the entity that operates the fire district and place the fire department on probation until the fire department
18 becomes compliant, for a period not to exceed six months. If the fire department remains non-compliant, OSFM shall
19 designate the fire department as a "PPC10" (non-certified).

20 (c) Upon receipt of approval of the corrective action plan from OSFM, the fire department shall have three months to
21 become compliant. If the fire department remains non-compliant after the expiration of the three-month corrective
22 action period, OSFM shall consult with the governing body that contracts for the fire district and place the fire
23 department on probation until the fire department becomes compliant, for a period not to exceed six months. Upon
24 completion of the probationary period, OSFM shall re-inspect the fire department for compliance. If the fire
25 department remains non-compliant, OSFM shall designate the fire department as a "PPC10" (non-certified).

26 (d) Notwithstanding the provisions of Paragraph (c) of this Rule, a non-compliant fire department that is determined
27 to be non-compliant based on its failure to ensure four eligible firefighters respond to all structure fires shall have a
28 period of 15 days from the date of inspection to submit a written action plan to OSFM and six months from the date
29 of providing the written corrective action plan to OSFM to become compliant. If no structure fires occur in the fire
30 department's fire district within the six-month period following submission of a written corrective action plan to
31 OSFM, OSFM shall re-inspect the fire department for compliance after an additional six months.

N.C. Gen. Stat. § 150B-21.10**

Staff reviewed these Rules to ensure that each Rule is within the agency’s statutory authority, reasonably necessary, clear, and unambiguous, and adopted in accordance with Part 2 of the North Carolina Administrative Procedure Act. Following review, staff has issued this document that may request changes pursuant to G.S. 150B-21.10 from your agency or ask clarifying questions.

Questions contained herein suggest that the rule as written is unclear or there is some ambiguity. If this document includes questions and you do not understand the question, please contact the reviewing attorney to discuss. Failure to respond may result in a staff opinion recommending objection.

Staff may suggest the agency “consider” an idea or language in this document. This is in no way a formal request that the agency adopt the idea or language but rather is offered merely for the agency’s consideration which the agency may find preferable and clarifying.

To properly submit rewritten rules, please refer to the following Rules in the NC Administrative Code:

- Rule 26 NCAC 02C .0108 – The Rule addresses general formatting.
- Rule 26 NCAC 02C .0404 – The Rule addresses changing the introductory statement.
- Rule 26 NCAC 02C .0405 – The Rule addresses properly formatting changes made after publication in the NC Register.

Note the following general instructions:

1. You must submit the revised rule via email to oah.rules@oah.nc.gov and copy RRC Counsel. The electronic copy must be saved as the official rule name (XX NCAC XXXX).
2. For rules longer than one page, insert a page number.
3. Use line numbers; if the rule spans more than one page, have the line numbers reset at one for each page.
4. Do not use track changes. Make all changes using manual strikethroughs, underlines and highlighting.
5. You cannot change just one part of a word. For example:
 - Wrong: “~~a~~Association”
 - Right: “~~association~~ Association”
6. Treat punctuation as part of a word. For example:
 - Wrong: “day~~;~~ and”
 - Right: “~~day,~~ day; and”
7. Formatting instructions and examples may be found at:

In reviewing this Rule, the staff recommends the following changes be made:

(a)(3): For consistency with the rest of the rule, I would suggest changing the added text to: “(e.g., the president of the board of directors of the fire district, county manager, or city manager);” The added text in subparagraph (a)(3) was structured to comply with 26 NCAC 02C .0110, which provides that an agency may include material in the text of a rule which is an illustration of something in the rule provided that the material is preceded by the word “Note:”. See 26 NCAC 02C .0110. Accordingly, the agency has revised the examples set forth in subparagraph (a)(2) to similarly comply with 26 NCAC 02C .0110 to ensure consistency with the amendment to subparagraph (a)(3). If Rules Review Commission staff requests that subparagraphs (a)(2) and (a)(3) both instead include an explanatory parenthetical beginning with “e.g.,” the agency will revise subparagraph (a)(3) as requested here.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

(a): Is "apparatus" defined anywhere? In statute or rule? "Apparatus" is not separately defined in statute or rule; however, it is a commonly used and well-understood term within the fire service to refer to fire department emergency response vehicles. The term is also used in both the North Carolina General Statutes and NFPA standards in that manner. See, e.g., N.C. Gen. Stat. § 20-157(b) ("It shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than one block or to drive into or park such vehicle within one block of where fire apparatus has stopped in an answer to a fire alarm."). Accordingly, the agency believes the term "apparatus" is used in its commonly understood technical sense within the fire service and is sufficiently clear as used in this rule.

History Note, line 11: "June" should also be italicized. Done.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Fiscal Impacts: § 150B-21.4(b) states: "Before an agency publishes in the North Carolina Register the proposed text of a permanent rule change that would affect a unit of local government, it must submit the text of the proposed rule change and a fiscal note on the proposed rule change ..." In this rule, you are changing equipment requirements for fire stations, which I assume could be owned/operated by local government units. Why does your rule not require a fiscal note? Does it not potentially "increase or decrease the direct or indirect expenditures or revenues of a unit of local government"?

The agency determined that a fiscal note was not required because the proposed amendments do not create any new substantive equipment or operational requirements that would increase or decrease local government expenditures or revenues within the meaning of G.S. 150B-21.4(b).

The amendment relocating the annual fire pump performance test requirement from former paragraph (f) into the new subparagraph (a)(2) governing engines is organizational only and does not impose any new requirement. Pursuant to the existing paragraph (f), fire departments are already required to perform annual fire pump performance testing in accordance with NFPA 1911. The change was made to improve the clarity of the rule by conveniently locating all the rule's requirements for engines within paragraph (a).

In addition, the amendment to Subparagraph (b)(4) provides an additional compliance option regarding traffic vests and therefore increases flexibility for fire departments rather than imposing any additional requirement. Finally, the requirement that apparatus be registered (with the North Carolina Division of Motor Vehicles) and insured reflects obligations that already exist under North Carolina law and does not create a new substantive requirement unique to this rule.

Christopher S. Miller
Commission Counsel

Date submitted to agency: April 30, 2026

(d): Again, is the term “apparatus” defined? Do you just mean all of the equipment required under paragraphs (a), (b), and (c)? Something else? Consider clarifying. Also, “registered” with who?

The agency uses the term “apparatus” in its commonly understood technical sense within the fire service to refer to fire department emergency response vehicles, such as engines and tankers. The term is also used in that manner in the North Carolina General Statutes. See, e.g., N.C. Gen. Stat. § 20-157(b) (“It shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than one block...”). The agency does not intend the term “apparatus” to refer to all equipment identified in Paragraphs (a), (b), and (c), but rather to the fire department vehicles addressed by the rule.

With respect to the term “registered,” the agency intends that apparatus be registered with the North Carolina Division of Motor Vehicles, consistent with applicable State motor vehicle laws. To improve the clarity of the rule, the agency has revised paragraph (d) to state: “Fire departments shall ensure that all apparatus are registered “with the North Carolina Division of Motor Vehicles” and insured.

*History Note, line 21: “June” should also be italicized. **Done.***

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Fiscal Impacts: § 150B-21.4(b) states: "Before an agency publishes in the North Carolina Register the proposed text of a permanent rule change that would affect a unit of local government, it must submit the text of the proposed rule change and a fiscal note on the proposed rule change ..." In this rule, you are changing staffing requirements for fire departments, which I assume could be owned/operated by local government units. Why does your rule not require a fiscal note? Does it not potentially "increase or decrease the direct or indirect expenditures or revenues of a unit of local government"?

The agency determined that a fiscal note was not required because the proposed amendments do not change staffing requirements for fire departments that would increase or decrease local government expenditures or revenues within the meaning of G.S. 150B-21.4(b).

Specifically, new Subparagraph (a)(2) does not impose any additional staffing requirement, but instead provides fire departments with an additional compliance option and greater operational flexibility by permitting departments with fewer than 15 eligible firefighters on their roster to remain compliant if they satisfy the response requirements set forth in 11 NCAC 05A .0909(a) and (b).

Likewise, the amendment to Paragraph (b) removes the requirement that fire departments maintain four additional personnel for each additional station and instead requires that firefighters operating at each additional station respond within the station's rated five- or six-mile radius. The amendment therefore increases flexibility for fire departments and does not impose additional personnel or staffing obligations. The agency does not anticipate that any fire department will incur additional costs as a result of the proposed amendments.

Christopher S. Miller
Commission Counsel

Date submitted to agency: April 30, 2026

Accordingly, the agency concluded that the proposed amendments do not increase or decrease the direct or indirect expenditures or revenues of units of local government so as to require preparation of a fiscal note under G.S. 150B-21.4(b).

(a)(3): “Provide” this roster to who? Please clarify. OSFM. The rule has been clarified by adding “to OSFM” after “roster.”

(a)(4): Same comment as (a)(3). OSFM. The rule has been clarified by adding “to OSFM” after “certifications.”

(a), line 5: Could you please provide me a link to the NCFRSRS? I could not find it on your website, and so I couldn't check the reference you're using here to Section 107 D.

The agency confirmed that the citation to "NCFRSRS Section 107 D" in Paragraph (a) is correct. As reflected in 11 NCAC 05A .0101, "NCFRSRS" refers to the Fire Suppression Rating Schedule published by the Insurance Services Office, Inc. (ISO), which is incorporated by reference in the Rules. Due to copyright restrictions applicable to the ISO materials, the agency is unable to distribute copies of the publication, but the incorporated material is available for inspection at the agency.

RULE CITATION: 11 NCAC 05A .0909

DEADLINE FOR RECEIPT: May 13, 2026

PLEASE NOTE: This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Fiscal Impacts: § 150B-21.4(b) states: "Before an agency publishes in the North Carolina Register the proposed text of a permanent rule change that would affect a unit of local government, it must submit the text of the proposed rule change and a fiscal note on the proposed rule change ..." In this rule, you are adding report maintenance requirements for fire departments, which I assume could be owned/operated by local government units. Why does your rule not require a fiscal note? Does it not potentially "increase or decrease the direct or indirect expenditures or revenues of a unit of local government"?

The agency determined that a fiscal note was not required because the proposed amendments do not create any new substantive operational or recordkeeping requirements that would increase or decrease local government expenditures or revenues within the meaning of G.S. 150B-21.4(b).

Specifically, the new paragraph (d) requires fire departments to retain incident reports related to structure fire responses for a minimum of five years. Existing 11 NCAC 05A .0910 already requires fire departments to keep records on dates, times, and locations of fires using software compliant with the current version of NFIRS. The amendment does not require fire departments to create new categories of reports or implement a new reporting system, but instead addresses retention of records that departments already generate and maintain in the ordinary course of operations.

In addition, the rule does not require records to be maintained in any particular format or medium, such as physical storage or electronic storage, and therefore does not require fire departments to purchase or implement any new storage system, software, or equipment.

Accordingly, the agency concluded that the proposed amendments do not increase or decrease the direct or indirect expenditures or revenues of units of local government so as to require preparation of a fiscal note under G.S. 150B-21.4(b).

AGENCY: Office of the State Fire Marshal

RULE CITATION: 11 NCAC 05A .0910

DEADLINE FOR RECEIPT: May 13, 2026

PLEASE NOTE: *This request may extend to several pages. Please be sure you have reached the end of the document.*

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

(b): How is this different than the requirement set forth in (a)? Is it not redundant? Are the records different than the incident reports? The agency agrees that revised Paragraphs (a) and (b) are potentially duplicative. To address the concern and improve clarity, the agency has deleted revised paragraph (a) and retained paragraph (b). The agency has also redesignated the subsequent paragraphs accordingly to conform to this change.

(c), line 14: Consider adding "incident" before "reports". Done.

(c), line 14: Consider changing "In no event shall" to "Reports shall not". Done.

(e), line 21: Are you able to provide a more direct link to the reporting portal, rather than just to your website's home page? This would be more clear. Yes, the link has been substituted with a more direct link to the reporting portal.

History Note: This does not match up with the History Note in the current version of the Code. Please check this. For example, it looks like you are missing a note for, "Amended Eff. June 1, 2023." The history note has been corrected.

History Note, line 54: "June" should also be italicized. Done.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

REQUEST FOR CHANGES PURSUANT TO G.S. 150B-21.10

AGENCY: Office of the State Fire Marshal

RULE CITATION: 11 NCAC 05A .0911

DEADLINE FOR RECEIPT: May 13, 2026

PLEASE NOTE: This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Fiscal Impacts: § 150B-21.4(b) states: "Before an agency publishes in the North Carolina Register the proposed text of a permanent rule change that would affect a unit of local government, it must submit the text of the proposed rule change and a fiscal note on the proposed rule change ..." In this rule, you are expanding recordkeeping requirements for fire departments, which I assume could be owned/operated by local government units. Why does your rule not require a fiscal note? Does it not potentially "increase or decrease the direct or indirect expenditures or revenues of a unit of local government"?

The agency determined that a fiscal note was not required because the proposed amendments do not create any new substantive operational or recordkeeping requirements that would increase or decrease local government expenditures or revenues within the meaning of G.S. 150B-21.4(b).

The amendments to 11 NCAC 05A .0911 reorganize or clarify existing recordkeeping obligations already required elsewhere in the rules. For example, the Rule already required maintenance of records relating to apparatus maintenance (see existing 11 NCAC 05A .0905(e)), fire pump performance testing (see existing 11 NCAC 05A .0905(f)), firefighter training (see existing 11 NCAC 05A .0907 and 11 NCAC 05A .0911(4)), AFFF inventory and usage (see existing 11 NCAC 05A .0910 and .0911(5)), and SCBA (see existing 11 NCAC 05A .0905(a)(2)(F)). The amendments primarily clarify the contents of those records or cross-reference existing requirements contained in other rules.

In addition, the new provisions regarding records evidencing completion of criminal history record checks relate to activities already required by existing law or operational practice. See, e.g., N.C. Gen. Stat. § 153A-234(b); see also N.C. Gen. Stat. § 143B-1209.24. The amendments do not require fire departments to purchase or implement any particular records management system, software, storage medium, or equipment.

Finally, paragraph (b)'s requirements regarding retention of incident reports related to structure fire responses are consistent with existing incident reporting requirements contained elsewhere in the Rules and do not require the creation of new categories of reports.

Accordingly, the agency concluded that the proposed amendments do not increase or decrease the direct or indirect expenditures or revenues of units of local government so as to require preparation of a fiscal note under G.S. 150B-21.4(b).

(a)(1), line 6: Is "A fire station" correct here? Or should this instead say, "A fire department"? "A fire department." Revision made.

(a)(2), line 13: I believe this should reference "Part (a)(3)(A)" based on your amendments to Rule .0905. Correct. The citation has been corrected.

(a)(3), line 15: Please clean up the spacing between "in" and "attendance". Done.

(a)(5): What is "SCBA"? SCBA" refers to self-contained breathing apparatus. To address staff counsel's concern and improve clarity, the agency will revise Subparagraph (a)(5) to state: "Records evidencing monthly functional testing of the components of the fire department's self-contained breathing apparatus (SCBA)."

(b), line 21: Do you mean rule "11 NCAC 05A .0910"? .0907 relates to training. Yes. Correction made.

History Note, line 26: "June 1, 2026" should be inserted **before** "June 1, 2023". Also, please italicize "June". Done.

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.

Subject: State Fire Marshal: Rules for RRC Review

Hello,

I'm the staff attorney who reviewed the rules submitted by the Office of the State Fire Marshal for the May 2026 RRC meeting. The RRC will formally review these rules at its meeting on Thursday, May 28, 2026, at 10:00 a.m. The meeting will be a hybrid of in-person and WebEx attendance, and an evite should be sent to you as we get close to the meeting. If there are any other representatives from your agency who want to attend virtually, please let me know prior to the meeting, and we will get evites out to them as well.

Attached is my Request for Changes pursuant to G.S. 150B-21.10. Please submit the responses and revised rules to me via email, no later than **5 p.m. on May 13, 2026.**

Let me know if you have any questions.

Best,
Chris
