Good morning Meghan,

I am following up on your latest requests for technical changes to 21 NCAC 53 .0312. For ease of reference, I am repasting your requests here in blue, followed by our responses in red. I have also attached an updated copy of the rule.

1. Authority- In taking a deeper dive into the Authority for this rule I noted serious concerns. G.S. 90-334 gives The Board significant authority including rule making power however it appears to be limited to "this Article" meaning Article 24. For example, (a) The Board shall administer and enforce the ***provisions of this Article***; (c) The Board shall examine and pass on the qualifications of all applicants for licenses ***under this Article***; (h) Subject to the provisions of Chapter 150B of the General Statutes, the Board shall have the power to adopt, amend, or repeal rules to carry out the purposes ***of this Article***.... Nothing in Article 24 was amended to include Article 24A in The Board's authority. In contrast SL 2022-52 set up a "new" Article, Article 24A. I could not find anything in 24A that ties it back to 24 for Authority to The Board. Instead, 24A focuses its rulemaking authority to The Commission in GS 90-349.11, the interstate Commission being formed by the Compact. Clearly, the Compact requires the states to take actions, GS 90-349.3 clearly states that "a member state must currently do all of the following: (1) License and regulate licensed professional counselors" however I have not been able to locate where the General Assembly has granted any rule making power to The Board under 24A for that purpose. As The Board is more familiar with the ins and outs of the Compact can you please provide me with The Board's authority to adopt this rule either under 24 or 24A?

The Board views Article 24A as a subset of Article 24, as the two are inextricably linked and meant to be read together based on the existing licensure framework. Therefore, under G.S. 90-334, the Board is authorized to make rules related to the Compact. In June of this year, the Commission approved 21 NCAC 53 .0505, which establishes the fees and jurisprudence examination requirements for those seeking the privilege to practice in North Carolina under the Compact. We believe the Commission was correct in its determination that there was statutory authority when it approved that rule.

If we can establish the rule making Authority, there are only two other smaller items I noted in the Rule:

2. (a)(17) Page 2, Line 5 the word "and" is located between form and authorizing. I think it may have inadvertently migrated from Line 7 where it used to come after the semicolon. It needs to move back to line 5 and be struck through along with investigation and the semicolon ~~investigation; and~~

We have made this correction.

3. (a)(17) The Forms. I looked at the website address you noted for the forms. The forms listed on the website look to be the forms required for applicants out of state. Are applicants in state required to use the Live Scan system or is it just preferred? The Rule references only the Live Scan forms, if they are the only forms listed in the rule, they will be a requirement. The Live Scan forms are not available on the website. Based on the website they seem to be in an application portal, but I can't access that. Are they the same forms listed on the website, just located in the portal? If so, those are not forms created or controlled by the Board of Licensed Clinical Mental Health Counselors rather they are required by the FBI and SBI for agencies to request background checks and those agencies control what information is required. In that case you do not need to list the contents in the rule. You just need to name the agency and form. For example for the forms on the website you could say, "(17) A signed Federal Bureau of Investigation form FD-258 and a signed North Carolina State Bureau of Investigation form Authority for Release for Criminal Background Check.

We have made revisions to make clear that it is the form from the SBI, and not a Board-controlled form, but that the form can be accessed through the portal on the Board's website.

Thank you very much,

Whitney

Good morning Meghan,

Thanks for taking my calls last week. As you know, I am not rulemaking coordinator, but along with Doug Brocker, serve as counsel for the Board. We are requesting an extension of time to consider the issues you have raised in your requests for technical changes.

Please let us know if there are any formal steps we need to take to request an extension of time so that we can have the rule considered at a later meeting of the Commission.

Thank you,

Whitney

Doug,

I have reviewed the form, the response, and the technical changes proposed. I really appreciate your responsiveness to my questions and suggestions. I have actually noted a more significant concern that I need you to address as well as a couple small clean up items.

1. Authority- In taking a deeper dive into the Authority for this rule I noted serious concerns. G.S. 90-334 gives The Board significant authority including rule making power however it appears to be limited to "this Article" meaning Article 24. For example, (a) The Board shall administer and enforce the ***provisions of this Article***; (c) The Board shall examine and pass on the qualifications of all applicants for licenses ***under this Article***; (h) Subject to the provisions of Chapter 150B of the General Statutes, the Board shall have the power to adopt, amend, or repeal rules to carry out the purposes ***of this Article***.... Nothing in Article 24 was amended to include Article 24A in The Board's authority. In contrast SL 2022-52 set up a "new" Article, Article 24A. I could not find anything in 24A that ties it back to 24 for Authority to The Board. Instead, 24A focuses its rulemaking authority to The Commission in GS 90-349.11, the interstate Commission being formed by the Compact. Clearly, the Compact requires the states to take actions, GS 90-349.3 clearly states that "a member state must currently do all of the following: (1) License and regulate licensed professional counselors" however I have not been able to locate where the General Assembly has granted any rule making power to The Board under 24A for that purpose. As The Board is more familiar with the ins and outs of the Compact can you please provide me with The Board's authority to adopt this rule either under 24 or 24A?

If we can establish the rule making Authority, there are only two other smaller items I noted in the Rule:

2. (a)(17) Page 2, Line 5 the word "and" is located between form and authorizing. I think it may have inadvertently migrated from Line 7 where it used to come after the semicolon. It needs to move back to line 5 and be struck through along with investigation and the semicolon ~~investigation; and~~

3. (a)(17) The Forms. I looked at the website address you noted for the forms. The forms listed on the website look to be the forms required for applicants out of state. Are applicants in state required to use the Live Scan system or is it just preferred? The Rule references only the Live Scan forms, if they are the only forms listed in the rule, they will be a requirement. The Live Scan forms are not available on the website. Based on the website they seem to be in an application portal, but I can't access that. Are they the same forms listed on the website, just located in the portal? For example for the forms on the website you could say, "(17) A signed Federal Bureau of Investigation form

Subject: September RRC Meeting-Request for Changes

Good afternoon,

I'm the attorney who reviewed the rule submitted by the North Carolina Board of Licensed Clinical Mental Health Counselors for the September 2026 RRC meeting. The RRC will formally review this rule at its meeting on Tuesday, September 29, 2026, at 10:00 a.m. The meeting will be a hybrid of in-person and WebEx attendance, and an evite should be sent to you as we get close to the meeting. If there are any other representatives from your agency who want to attend virtually, please let me know prior to the meeting, and we will get evites out to them as well.

Attached is the Request for Changes Pursuant to G.S. 150B-21.10. Please submit the revised rules to me via email, no later than 5 p.m. on September 16, 2026. Let me know if you have any questions.

Thanks,
Meghan
