Credit Union Division | 04 NCAC 06C .0302 | Procedures | Public Comment as defined in G.S. 150B-21.3A(a)(5) From: Randy Chambers, Self-Help CU Date: May 3, 2016 Re: Public Comment Subsection (18) states that erasures and eradication for correction of errors in records are prohibited; corrections must be approved by an authorized person, that shall be approved by the Board of Directors" (emphas added). We believe this is a vestige of when member records were kept in manual ledger books, which we believe only one credit union still uses. We are unsure of whether this sentence requires changes be brought to the board or allows the board to designate an authorized person to approve changes. Either way, we assume that virtually no credit union presents changes to its records to its board of directors for approval nor has the board invest this authority in a specific employee. we disagree |
| Credit Union Division | Same | Same | same |

Subsection (23) states that "Upon meeting as a Board of Directors, the secretary or designated member shall make a matter of record in the minutes of the meeting all written communications from the Division." Credit Unions routinely correspond with ncud on member complaints and other regulatory issues that do not merit presentation to the board of directors. Member complaints, for example, are generally the responsibility of a Supervisory Committee. We recommend that nccud clarify which communications, if any, merit being recorded in the minutes of the board of directors. For example, Self-Help Credit Union always presents any correspondence or reports related to its examinations to our Board of Directors. same

Specifically, we believe 04 NCAC 06C.0311(c) and (d) are not reasonably necessary to fulfill NCCUD's duties with respect to fidelity and surety bonds and insurance coverage set forth in G.S. 540109.11(5). These rules are not necessary because minimum fidelity and faithful performance requirements are set forth in G.S. §4.109.11(5) In addition, as the insurer of all North Carolina Credit Unions, the National Credit Union Share Insurance Fund, administered by NCUA, is the primary beneficiary of bonding and insurance. There is no business, nor safety and soundness purpose to nccud regulating deductibles on fidelity and surety bonds and insurance coverage. In particular, NCCUD, unlike NCUA, limits deductibles on faithful performance and fidelity coverage. Finally, maximum deductible limits that may be applied to the required coverage are contained in Part 713.6 of the NCUA Rules and Regulations. To the extent NCCUD can demonstrate a prudent reason why it should retain authority over deductibles, we recommend retaining the last sentence of 04 NCAC 06C .0311 (c) designating exception authority to the Administrator, and making a determination that the remaining language in that rule is unnecessary. Specifically, we believe 04 NCAC 06C.1001(c) is not reasonably necessary to implement or interpret an enactment of the General Assembly, Congress or a regulation of a federal agency. In addition, this rule creates ambiguity as it conflicts with federal guidelines referenced in the following rule, 04 NCAC 06C.1001(d). Pursuant to G.S. 54-109.17(a), a credit union shall maintain all books, records, accounting systems and procedures in with such rules as the Administrator from time to time prescribes. In prescribing such rules, the Administrator shall consider the relative size of a credit union and its reasonable capability of compliance. The current rule states that &quot;the following records shall be retained permanently:...&quot; and not describing 04 NCAC 06C.1001(c) as suggested guidelines, NCCUD has created an unduly burdensome mandate for state-charter credit unions, placing them at a disadvantage relative to FCUs. From conversations with NCCUD, we do not believe it was the agency's intent to create this perpetual records retention requirement and therefore urge NCCUD to delete this regulation. Periodic Review for NC Credit Union Division

Response to Comments Submitted during the Public Comment Period

Comments were submitted by the Carolinas Credit Union League

And Randy Chambers of Self Help Credit Union

Introduction: The powers, duties and functions of the North Carolina Credit Union Division (NCCUD) and the Administrator can be found in Chapter 54, Subchapter III. Specifically, it should be noted that the Administrator has broad authority over all corporations [credit unions] organized under the provisions of Article 14A. See N.C.G.S.§ 54-109.12. The “Administrator of Credit Unions shall have general control, management and supervision over all corporations organized under the provisions of Article 14A. All corporations organized under the provisions of Article 14A shall be subject to the management, control and supervision of the Administrator of Credit Unions as to their conduct, organization, management, business practices and their financial and fiscal matters. The Administrator of Credit Unions may prescribe rules and regulations for the administration of this Article, as well as rules and regulations relating to financial records, business practices and the conduct and management of credit unions, and it shall be the duty of the board of directors and of the various officers of the credit union to put into effect and to carry out such regulations.” (emphasis added). N.C.G.S.§ 54-109.12.

Responses to Comments:

04 NCAC 06B .0402(b) Response of Administrator to Petition. We disagree with the comment that this section should be deleted. We also do not agree that the section is too broad. It reaches the intended public that would be interested in the rules and regulations and organization of credit unions. Further, N.C.G.S. § 150B-4 (a) provides that the agency shall prescribe in its rules the procedure for requesting a declaratory ruling and the circumstances in which rulings shall or shall not be issued. However, the agency agrees with adding “good cause” language.

04 NCAC 06C .0101 Definitions. The comment was to delete definitions 3, 15, 16, & 17; and then add, Federal Insurer, Immediate Family and League. We disagree in part and agree to make some revisions. Relative to deleting 3, 15, 16, & 17, we disagree. It appears that the terms are used by the regulated public and they are in such that the word or phrase is qualified by its context such as Book Value (3) used in section 04 NCAC 06C .0501 Impairment. The three other terms (15) Interest on deposit accounts, (16) Interest on loans, (17) Interest refund, are also used by the regulated public and active in the call report. If it is in the best interest of the regulated public, the Division will revise the list of definitions and delete words that may not be used in the subchapter.
We agree to add a definition for League and replace the term North Carolina Credit Union League, wherever it appears in the rules, with the term League. We do not agree with adding the term Federal Insurer. The National Credit Union Administration (NCUA) is the federal entity that insures the credit unions nationwide including the State of North Carolina, similar to the FDIC which is the insurer for banks. In regards to “Immediate Family”, we have the definition in the proper sections in the rule and in those sections it provides the credit unions with the best understanding and usage of the definition.

04 NCAC 06C .0201 Incorporation of State Charter Credit Unions. We disagree and we do not plan to delete .0201(a) it is not verbatim. The rule provides guidance to the regulated public and it is necessary to serve the public interest. In addition, the agency is vested with the authority to prescribe these rules. See History Note (G.S. 54-109.1; 54-109.2(e); 54-109.3; 54-109.11(3); 54-109.12.)

04 NCAC 06C .0202 Minimum Potential Membership Guidelines. We do not plan to delete. The rule provides guidance to the regulated public and for those interested in starting a credit union; and it is necessary to serve the public interest. In initial meetings with those interested in chartering a credit union, the Division refers to this section and the resource information is correct in the minimum needs to charter a credit union.

04 NCAC 06C .0209 Out of State Facilities. We disagree; we do not plan to strike the phrase to seek the advice of an attorney to comply with that state’s laws and regulations. When opening a branch in another state, the North Carolina Credit Union Division does not have control of the other state’s requirements. We think it is necessary to seek the advice of an attorney. We will add to the History Note. 54-109.7 Conducting business outside of this state.

04 NCAC 06C .0301 General Provisions. At present there continues to be some use of manual procedures, therefore, we will not delete .0301(c). This section also requires the review of contracts which is significant to credit unions. It provides guidance relating to minimum requirements prescribed by the Administrator. Thus, .0301(c) is necessary.

We do not plan to delete .0301(d) due to similarities to 04 NCAC 06B .0300. The intent and breath of each is different and makes both necessary. 04 NCAC 06C .0301(d) provides that the regulated public may request modifications of this section in writing.

04 NCAC 06C .0302 Procedures: 0302(29). We disagree that this section is an outdated practice. The practice continues to be in place in credit unions and it promotes safety and soundness; however, technology has changed, and even though an employee may be on vacation, they may still have access to ledgers. The practice is necessary to serve the public interest. Some of the larger losses have been in those credit unions that were not able to have an employee out for five days consecutively; and that have had access to the ledgers; and without proper internal controls.

04 NCAC 06C .0304 Management Duties. We disagree; we think the rule offers guidance and is necessary to serve the public interest. The rule is also authorized by N.C.G.S. § 54-109.12.
04 NCAC 06C .0306 Display of Financial Statements. We disagree. The credit unions may post on the website but the requirement for the posting in the branch remains the same. There continues to be as many as 14% of the public that either do not have access or do not have the skills to utilize computers to find the information. We do not know the exact percentage of credit union members but considering the demographics of credit union members, we are certain that there are many that would not be able to get to the information without assistance. This will likely put a burden on the credit unions as staff may have to spend time showing or pulling it down from the website.

04 NCAC 06C .0307 Listing of Official and Operating Hours. We do not agree; the Division’s Annual Personnel Data Report is more user friendly. The recommended change creates a concern based on the ability to get the information and the time it may take to get the information. If there is a change in the status of an official at the beginning of the call report period, the Administrator may not be advised for approximately 90 days versus 10 days as the rule requires. Depending on the position and the credit union this may be significant. We can get to the information needed with our Annual Personnel Data Report much sooner and determine if the changes may impact the credit union in a negative way. Therefore, this section is necessary. However, we agree to amend the Annual Personnel Data Report.

04 NCAC 06C .0311 Fidelity and Surety Bond and Insurance Coverage. We do not agree that this section needs to be modified. 04 NCAC 06C .0311(a) is not a repeat of the G S 54-109.11(5) and neither is the first line of .0311(c). The Rule was recently revised to allow more flexibility in the credit union’s decision making process regarding bond companies and deductibles. The changes in the rule became effective March 1, 2016. An analysis was done to determine the actual deductibles at each credit union and the maximum amount they could move to with the changes that were effective March 1, 2016. Each credit union has a significant amount of room to increase their deductibles if they choose to. We have discussed this with several larger credit unions, but we have not seen any increases at this point. Increasing to NCUA’s maximum would allow an increase for our four largest credit unions; however, it could create a safety and soundness issue for some credit unions if they are put in a position where there is a need for the credit union to max out the deductible at NCUA’s maximum level.

04 NCAC 06C. 0312 Insurance and Group Purchasing. We disagree with the comment. We think the rule provides guidance and is necessary to serve the public interest. It also provides clarity.

04 NCAC 06C. 0313 Credit Union Service Organization. We disagree with the comment. We think the rule provides guidance and is necessary to serve the public interest.

04 NCAC 06C. 0401 Delinquent Loans and Loan Losses. We disagree with the comment. However, we agree with revising and updating the rule to reflect current NCUA rules and terminology, and in order to provide consistency.

04 NCAC 06C .0402 Charge offs and Uncollectable loans. We disagree with the comment. The Rule will be revised to make some of the terminology current. The rule speaks to months’ delinquent and current federal rules are based on days’ delinquent. We will make that change. There will also be a revision to provide adequate disclosure and recognition of probable losses and losses in the loan portfolio.
04 NCAC 06C. 0404 Line of Credit Loans. We disagree with deleting this rule. It provides guidance and it is necessary to serve the public interest. The rule does not repeat the statute that grants authority for a line of credit. This applies to liquidity reserves not to regular reserves.

04 NCAC 06C. 0407 Member Business Loans. We disagree with the comment. The Rule will be revised to reference the NCUA Member Business Lending Rule Part 723 and 741.203 and we will modify sections of the current federal rule to insure regulatory oversight by the State’s Administrator.

04 NCAC 06C. 0409 Loan Limitations. The Rule will be revised to be consistent with the changes in 04 NCAC 06C. 0407 and to clarify limitations if taken out of the revised .0407. The Member Business Lending rule will be revised and the sections may not be the same as previously written.

04 NCAC 06C. 0501: Impairment. We disagree with the comment. The rule is necessary to serve the public interest. The State’s Administrator has to ensure the safety and soundness of a credit union. Therefore, the rule will remain to allow the Administrator the opportunity to regulate and oversee safety and soundness.

04 NCAC 06C. 0502 Insolvency. We do not agree with deleting this rule since it is necessary to serve the public interest. The Administrator has regulatory oversight over issues of insolvency. It also provides guidance to the regulated public.

04 NCAC 06C. 0601 Dividends. We disagree with the comment. The statutory authority provided is not applicable.

04 NCAC 06C. 0707 Statement of Accounts. We disagree with the comment. However, we agree with revising this rule to be consistent with Federal Regulations.

04 NCAC 06C. 0801 Financial Statements and Other Information. We disagree with the comment. The rule provides guidance to the regulated public and there does not appear to be any conflict with this rule.

04 NCAC 06C. 0901 Credit Union as Custodian. We do not agree that the words “authorized to act as a custodian” should be deleted. This rule is necessary to serve the public interest. It provides guidance.

04 NCAC 06C. 1001 Permanent Records. We disagree with the comment. The rule was modified to provide consistency with the guidance provided by NCUA. NCUA’s guidance also suggest that they provide for the legal protections of the credit unions. The Rule was recently updated effective March 1, 2016. However, we will commit to researching this further and determine if changes are warranted.

04 NCAC 06C. 1002 Non-Permanent Records. We disagree with the comment. The rule was modified to provide consistency with the guidance provided by NCUA. NCUA’s guidance also suggest that they provide for the legal protection of the credit unions. The Rule was recently updated effective March 1, 2016.

04 NCAC 06C. 1201 Investment Activities. We disagree with the comment. This rule is necessary to serve the public interest. The rule also provides guidance and there does not appear to be any conflict with this rule.
04 NCAC 06C .1204 Federal Funds. We disagree with the comment. This section is not the proper authority. The statutory authority is derived from 2 sections: N.C.G.S. §§ 54-109. 21(8) and 54-109.21(25).

04 NCAC 06C. 1301 Liquidity Reserves. We disagree; the rule should not be deleted. The rule allows regulatory oversight by the Administrator. See Chapter 54 of the North Carolina General Statute. We cannot rely only on the insurer to provide regulatory oversight on state chartered credit unions. The rule is necessary to serve the public interest.

04 NCAC 06C. 1302 Other Reserves. We disagree that .1302 (a) should be deleted. It does give direction to the source for the rule. The Administrator has the authority as in 54-109.12 to prescribe rules and regulations relating to financial records, business practices, organization, financial and fiscal matters. We also disagree that .1302(b) shall be deleted as it references rules that provide requirements for other reserves necessary for delinquent loans and lines of credit.

Questions from Randy Chambers, Self-Help Credit Union

04 NCAC 06C .0302 Procedures. We disagree with comment. See similar response above. Additionally, .0302(18) Erasures and eradication for corrections of errors in records are prohibited; corrections must be approved by an authorized person, that shall be approved by Board of Directors. We agree that was established when there were more manual credit unions. The number of manual credit unions has reduced; however, we must continue to regulate the manual credit unions. However, .0302 may not apply to all credit unions. .0302(23) Minutes; the credit union must use standard business practices in choosing what documents will go to the board if it is not specified by regulation.

04 NCAC 06C .0307 Listing of Official and Operating Hours: See similar response above.

04 NCAC 06C .0311 Fidelity and Surety Bond and Insurance Coverage. See similar response above.

04 NCAC 06C. 0401 Delinquent Loans and Loan Losses. See response above. Further, the rule will be revised to update it with current NCUA rules and terminology to provide consistency.

04 NCAC 06C.0402 Charge offs and Uncollectable loans. See response above. The rule will be revised to convert some of the terminology to current terms. The rule speaks to months’ delinquent and current federal rules are based on days’ delinquent. We will make that change. There will also be a revision to provide adequate disclosure and recognition of probable losses and losses in the loan portfolio.

04 NCAC 06C. 0407 Member Business Loans. See response above. The rule will be revised to reference the NCUA Member Business Lending Rule Part 723 and 741.203 and we will modify sections of the current rule to insure regulatory oversight by the Administrator.

04 NCAC 06C .1001 Permanent Records. See response above. The rule was modified to provide consistency with the guidance provided by NCUA. Their rule provides guidance and they suggest it is for the legal protection of the credit unions. The rule was recently updated effective March 1, 2016. We think it does meet the criteria set out 150B 21.9(a). The rule allows for the records to be put in any digital form, or electronic form that will allow for their retrieval and replication. Mr. Chambers expressed concerns
over maintaining signature cards, journal and cash records. General ledger, loan and shares, subsidiary ledgers, and bank reconciliations and a list of all records. We think that it is a business decision as to whether they wish to invest in the means to maintain the records. The rule does reference 12 C.F.R. Part 749 Appendix A for guidance on retention schedules. We do not feel that there is a conflict with the reference guidance and 04 NCAC 06C .1001.

Tony Knox, Deputy Administrator  
North Carolina Credit Union Division  
205 West Millbrook Road, Suite 105  
Raleigh, NC 27609

Dear Mr. Knox:

In accordance with GS 150B-21.3A(c)(1), attached please find comments gathered by the Carolinas Credit Union League from its North Carolina member institutions regarding the administrative rules of the Division, which are currently subject to review by the Rules Review Commission. We have divided our recommendations into two primary categories – technical and substantive. The technical comments address rules or a section of rules that are considered to be largely unnecessary or redundant and therefore not in accordance in GS 150B-19.1(a)(4). The substantive comments are recommendations for changes to the administrative rules of the Division.

North Carolina law requires all credit unions to be Federally insured. In recent years, as the insurer of accounts, the NCUA has adopted extensive capital and operational rules designed to protect the insurance fund. G.S. 150B-19(4) specifically prohibits a North Carolina agency from adopting a rule that “repeats the contents of federal regulations.” As such, many of the Division’s rules are now merely duplicative of the Federal rules. We respectfully suggest that certain of the Division’s rules be repealed to eliminate this duplication. Since even minor differences are still differences, the confusion it creates for state-chartered credit unions should be addressed.

For presentation purposes, we have provided our comments in a summary chart as well as in a more detailed fashion following each individual rule. As always, we look forward to the opportunity to discuss our comments with you and appreciate this opportunity to continue our dialogue regarding your rules.

Sincerely,

[Signature]

SECTION .0200 - ORGANIZATION OF CREDIT UNIONS

04 NCAC 06C .0201 INCORPORATION OF STATE CHARTERED CREDIT UNIONS
(a) All credit unions desiring a state charter must be organized as a corporation under the General Statutes, Articles 14A to 15 of Subchapter III, Chapter 54. The Credit Union law requires that the responsibility, character, and general fitness of the officers, directors, and committeemen is such to command the confidence of the members and the community, and to warrant belief by the Credit Union administrator that the business of the Credit Union will be operated honestly, fairly, and efficiently. The Administrator shall determine whether the proposed field of membership is favorable to the success of such credit union and such determination will include an evaluation of any overlap in field of membership with existing credit unions, the field of membership requirements, the number of potential members, availability of payroll deductions, data processing, and evaluation of feasibility studies as conducted by North Carolina Credit Union League, the Credit Union Division or others, and other factors involved in its successful operation.
(b) The following fees shall be charged when new credit unions are established:
   (1) five dollars ($5.00)—charter fee; and
   (2) twenty dollars ($20.00)—investigation fee.

Amended Eff. October 1, 1983.

Technical Comments:
.0201(a) should be deleted since it duplicates the requirements of the Credit Union Statute.

04 NCAC 06C .0202 MINIMUM POTENTIAL MEMBERSHIP GUIDELINES
(a) Based on experience, established policy and standards, the Administrator shall determine if the breadth and strength of the proposed field of membership is too broad or too weak to effectively operate as a credit union.
(b) Established minimum potential membership guidelines for chartering credit unions in each of the various types of groups are as follows:

<table>
<thead>
<tr>
<th>TYPE OF GROUPS</th>
<th>MINIMUM POTENTIAL MEMBERSHIP</th>
</tr>
</thead>
</table>

8
Notwithstanding the minimum potential membership numbers, the makeup of the membership group and the level or support is a key indicator for the degree of potential success. Further, determination of the economic advisability of chartering a credit union is based upon such other things as level of group interest, leadership, willingness of management to become involved, local economic factors, and availability of other credit union service. A group which is close to the minimum and has exceptional prospects for successful credit union operation may be considered for a state credit union charter.

04 NCAC 06C .0203 FIELDS OF MEMBERSHIP

(a) Parity, for the purpose of this Section, allows the Administrator to approve fields of membership and permit state chartered credit unions the same latitude with regard to membership limitations and restrictions as is available to federally chartered credit unions, as set forth in 12 C.F.R. Part 701.1.

(b) New charters and expansion requests shall be reviewed and approved in conformity with credit unions organized under G.S. 54-109, Articles 14A to 14L.

(c) In allowing an expansion of the field of membership, any credit union shall be bound by membership limitations or restrictions contained in its charter or bylaws as amended and approved by the, Administrator, based on applicable rules and statutes.

04 NCAC 06C .0204 BYLAWS AND ARTICLES OF INCORPORATION

In addition to submitting the articles of incorporation, all credit unions desiring a state charter must prepare and adopt bylaws for the general government of the Credit Union, consistent with the General Statutes, Articles 14A to 15 of Subchapter III, Chapter 54. The articles of incorporation and bylaws shall be executed in duplicate and filed with the Administrator for approval.
04 NCAC 06C.0205 LOANS TO CREDIT UNION OFFICIALS

(a) Officials. For purposes of this Rule, an "official" is a member of the Board of Directors, credit committee, or supervisory committee; the President, Chief Executive Officer, Chief Financial Officer, Comptroller, General Manager, Treasurer/Manager, or Executive Vice President; and Outside Attorneys and Outside Accountants of the credit union. For the purpose of this Paragraph, the following definitions apply:

(1) "Outside Attorneys" means independent attorneys or law firms that are retained to provide 25 percent or more of the legal services for the credit union, based on the annual legal expense; and

(2) "Outside Accountants" means independent accountants or accounting firms that are retained to provide accounting or audit services for the credit union.

(b) Loans to Officials. A loan or line of credit extended to an official as the borrower, direct obligor, endorser, cosigner, or guarantor with direct or indirect pecuniary interest in the loan shall be reviewed by the Board of Directors or a duly appointed committee thereof, as provided in Paragraph (c) of this Rule, at the next regular meeting following the date of such extension of credit, provided the following computation produces a total amount in excess of fifty thousand dollars ($50,000) including limits of credit cards.

(1) Add:
(A) the loan amount extended for the current loan;
(B) the outstanding balances of loans, including the used portion of an approved line of credit, extended to or endorsed, cosigned or guaranteed by the official; and
(C) the total unused portion of approved lines of credit extended to or endorsed, cosigned, or guaranteed by the official.

(2) Subtract from the above total:
(A) the amount of shares pledged by the official on loans or lines of credit extended to, or endorsed, cosigned, or guaranteed by the official; and
(B) the amount of shares pledged by the official on the current loan or line of credit.

(c) Review of Loans to Officials by Duly Appointed Committee. The Board of Directors may appoint a committee to review and report on loans made to officials. All members of the committee shall be on the Board of Directors. The committee shall meet before the regular monthly board meeting to review all officials' loans that have been approved since the previous meeting. The committee shall make a report to the board that shall consist of at least the official's loan number, his or her title or position, the amount of the loan, purpose of the loan, aggregate amount of indebtedness to the credit union, and a statement regarding compliance with loan policies. Each credit union's Board of Directors shall review this loan approval report on a monthly basis. This review shall be done at the regular monthly board meeting. In the event the board does not meet monthly, a procedure shall be established whereby a written report shall be sent to each director on a monthly basis.

(d) Non preferential treatment. The rates, terms, and conditions on a loan or line of credit made to or endorsed, cosigned, or guaranteed by:

(1) an official;
(2) an immediate family member of an official. For the purpose of this Rule, "immediate family member" means a spouse or other family member living in the same household; or
(3) any individual having a common ownership, investments, or other pecuniary interest in a business enterprise with an official or with an immediate family member of an official, shall not be more favorable than the rates, terms and conditions for comparable loans or lines of credit to other credit union members.

(e) Avoidance of conflicts. No official or any employee of the credit union shall in any manner, directly or indirectly, participate in the deliberation upon or the determination of any question affecting his or her pecuniary interest or the pecuniary interest of any corporation, partnership, or association (other than the credit union) in which he or she is directly or indirectly interested.

(f) Indirect Benefits. It shall be unlawful for an official or employee to:

(1) have any interest or to benefit in any manner in the proceeds of a loan or from the sale by the credit union of any real or personal property unless the official or employee has disclosed to the Board of Directors of the credit union the nature and extent of the benefit that may be received and the loan or sale, regardless of the amount of money involved, has been approved by a vote of at least two thirds of the directors of the credit union; or

(2) have any interest direct or indirect, in the purchase at less than face value of any savings account or evidence of indebtedness issued by a credit union.
(g) Penalty. A violation of the provisions of this Rule shall be sufficient basis for removal of any official or employee by the Administrator, as set forth in G.S. 54-109.19.

04 NCAC 06C .0206 MERGER OF CREDIT UNIONS
Two or more credit unions may merge into a single credit union, provided the Administrator, after an investigation, is satisfied that the proposed merger is favorable to the continued success of the surviving credit union. Credit unions interested in merging should contact and discuss the proposed merger with the Administrator, after which the following must be accomplished to affect such merger:

(1) Secure the Administrator’s tentative approval of such a merger and his authorization to proceed with merger plans;
(2) Have a plan of merger which has been agreed upon and approved by the majority of the Board of directors of each credit union joining in the merger;
(3) The plan of merger must obtain the affirmative vote of a majority of the members of the merging credit union present at the meeting of the members duly called for such purpose;
(4) For the surviving credit union in the merger, only a vote by the majority of the Board of directors of the Credit Union is required;
(5) The present secretary of each credit union shall execute a certificate of merger, which shall set forth the following:
   (a) the time and place of the meeting of the Board of directors at which the plan was agreed upon,
   (b) the vote in favor of adoption of the plan,
   (c) a copy of the resolution or other action by which the plan was agreed upon,
   (d) the time and place of the meeting of the members at which the plan was agreed upon,
   (e) the vote by which the plan was approved by the members of the merging credit union;
(6) Approval of the appropriate regulatory authority if one or more of the merging credit unions is not a North Carolina chartered credit union.
(7) Such certificates and a copy of the plans of merger agreed upon including amended bylaws to reflect changes in field of membership shall be forwarded to the Administrator of Credit Unions, certified by him, and returned to the merged credit union within 30 days.

Upon any such merger so effected, all property, property rights, and interest of the merged credit union shall vest in the surviving credit union without deed, endorsement or other instruments of transfer, and all debts, obligations and liabilities of the merged credit union shall be deemed to have been assumed by the surviving credit union under whose charter the merger was effected.

The charter of the credit union whose identity is lost should then be revoked.
If circumstances warrant and if deemed necessary, the Administrator may waive or modify any of the foregoing procedures to affect a merger to protect the interest of the members of the Credit Unions.

Substantive Comments:
.0307 should be amended to add a subsection (d) that reads:
"The information required by subsections (a) and (b) is not required to be sent to the Administrator in a separate report provided the information is accessible to the Administrator through call report data already provided to the Federal Insurer."

04 NCAC 06C .0308  BORROWING LIMITATIONS
No credit union may borrow funds from any source in excess of 50 percent of its unimpaired capital without the written approval of the Administrator. Nonmember deposit accounts are considered to be borrowed funds.

04 NCAC 06C .0309 OPERATIONAL SYSTEMS
(a) Credit unions, associations of credit unions, and any other parties interested in credit union programs may submit pilot programs relating to electronic funds transfer through remote service units, loan programs, and other operational systems to the Administrator for evaluation and approval.
(b) A program will be designated a pilot program if it is determined that the implementation of the program will provide the Administrator with the information necessary for the establishment of permanent programs which will effectively benefit all credit unions and the parties they serve.
(c) Where a pilot program is deemed appropriate and the submitting party is a state-chartered credit union, such state-chartered credit union will be designated as a credit union to implement the pilot program, provided the Administrator determines that the implementation by such state-chartered credit union would best serve the Administrator's observation and evaluation of the actual operation of the pilot program. If the requesting credit union is deemed unqualified for implementation, or if the submitting party is not a state-chartered credit union, the Administrator may, with the consent of the submitting party, designate an alternate credit union to test the program.
(d) A termination date will be specified for the Credit Union designated to implement a pilot program. If, at the termination date, additional time is needed for complete evaluation, the Administrator may extend the time at the request of the designated credit union. The Administrator reserves the right to terminate or otherwise modify any ongoing pilot program. At the end of the evaluation period or extensions thereof, the Administrator will determine the benefits of the program and may authorize other qualified credit unions to adopt the same program, or a modification thereof, in which case approval by the Administrator will be required.

04 NCAC 06C .0311 FIDELITY AND SURETY BONDS AND INSURANCE COVERAGE
(a) The Board of Directors of a Credit Union shall purchase a blanket fidelity bond as required by G.S. 54-109.44(2). Fidelity bonds shall provide coverage for the fraud and dishonesty of all employees, directors, officials, and supervisory and credit committee members.
(b) Every Credit Union shall maintain the minimum bond and insurance coverage as required by G.S. 54-109.11(5).
(c) No form of surety bond shall be used except as is approved by the Administrator as set forth in G.S. 54-109.11(5).

The approved bond forms shall be Credit Union Blanket Bond 500 Bond Series, plus faithful performance rider, Credit Union Blanket Bond, Standard Form No. 23 of the Surety Association of America, or an equivalent approved Bond Form including a faithful performance rider on a current listing on the Credit Union Division website (www.nccud.org). These bond forms shall be considered the minimum coverages required for the purpose of this section. The approved bond forms in this Paragraph provide faithful performance coverage for all employees and officials. Other forms, or changes in the amount of bond coverage, shall be approved by the Administrator based upon the applicable rules and laws.
(d) Maximum deductible limits may be applied to the required coverage contained in 500 Bond Series, and Standard Form No. 23, as specified in this Paragraph:

Deductibles in excess of those provided in this Paragraph shall be approved by the Administrator based upon the applicable rules and laws.

(e) In considering a request to deviate from the bond coverage and deductible amounts set forth in this Rule, the Administrator shall consider the following factors about the credit union:

1. **Financial strength;**
2. **Net worth;**
3. **Return on assets;**
4. **Quality of assets; and**
5. **Capital, Assets, Management, Earnings, and Liquidity (CAMEL) rating, used by the Division and NCUA to evaluate the soundness of credit unions on a uniform basis.**

(c) The first sentence should be deleted since it duplicates the requirements of the Credit Union Statute.

(d) Should be amended to read “Maximum deductible limits must be as required by the Federal Insurer.” The bond primarily protects the Federal insurance fund and therefore the rules of the Federal Insurer should be the requirement.

04 NCAC 06C .0312 INSURANCE AND GROUP PURCHASING

Credit unions may purchase, or make available, or enter into cooperative marketing arrangements (group purchasing) to facilitate its members' voluntary purchase of insurance and such other goods and services as are in the interest of improving economic and social conditions of its members. Prior to entering into any agreement with a third party to provide goods, services, and/or insurance to its members, the Credit Union board of directors should ensure that the service is professionally researched, is needed and wanted by the members, is accurately communicated, and is carefully monitored and evaluated to ensure that such action will not have an adverse effect on the safety and soundness of the Credit Union.

It may provide, but is not limited to, any or all of the following functions or services:

1. credit union operational functions including but not limited to, credit card and debit card services, ATM services, accounting systems, data processing, management training and support, payment item processing, record retention and storage, locator services, research services, debt collection services, credit analysis and loan servicing, and coin and currency services;

SECTION .0400 - LOANS

04 NCAC 06C .0401 DELINQUENT LOANS AND LOAN LOSSES
(a) Monthly Schedule of Delinquent Loans. Each credit union shall, at the end of each month, prepare and review a schedule of delinquent loans which shall list in columnar form the account number, names of borrowers, date of loan, date of last payment, original amount of loan and outstanding balance of loan at date of schedule, together with space to note current action or status.

The unpaid balance of loans shall be set apart in columns of the schedule of delinquent loans which will indicate the extent of delinquency as determined by the delinquent installments according to the note contract, as follows:

1. Loans on which the delinquent installments are two months but less than six months past due;
2. Loans on which the delinquent installments are six months but less than 12 months past due;
3. Loans on which the delinquent installments are past due 12 months or more.

(b) Allowance for Loan Losses.

1. Each credit union shall establish and maintain such reserves as may be required by the Act or by regulation, or in special cases by the Administrator. All Credit Unions shall establish an Allowance for Loan Losses Account. The Allowance for Loan Losses Account is not an addition to but a part of the Regular Reserve as required by statute.

2. The maintenance of a valuation Allowance for Loan Losses Account shall not eliminate the requirement for transferring a percentage of gross income before the payment of each dividend to the Regular Reserve as required by the Credit Union Laws.

3. As a minimum, adjustments to the valuation Allowance for Loan Losses shall be made prior to the distribution or posting of any dividend to the accounts of all the members so that the valuation allowance established fairly presents the value of loans and anticipated losses.

4. Adjustments to the valuation Allowance for Loan Losses will be recorded in the expense account "Provision for Loan Losses."

5. Dividends shall not exceed the amount available for that purpose after provisions have been made for the statutory transfer to the Regular Reserve Account and the removal of any deficit in the Regular Reserve Account.

Amended Eff. February 1, 1992; October 1, 1983; January 1, 1983; March 1, 1982.

Substantive Comments: 0.401 should be deleted. Rule 06C.0301(b) requires Credit Unions with more than $10 million in assets to follow accounting principles generally accepted in the US (GAAP) and those with less than $10 million in assets to follow the accounting manual of the Federal Insurer. Both of these provide guidance regarding the record keeping and accounting for delinquent loans. These State requirements are somewhat different than GAAP or the Federal Insurer’s manual and therefore create confusion and additional record keeping for Credit Unions. Some Credit Unions commented that the rule is not consistent with actual practices. The NCBC has no similar rule for state chartered banks.

04 NCAC 06C.0402 CHARGE-OFF OF UNCOLLECTIBLE LOANS
(a) All losses resulting from uncollectible loans shall be charged against the Allowance for Loan Losses or any special reserve required by the Administrator.
(b) A record shall be maintained of all loans charged off. Such record shall contain the following information: account number, name, original date, amount of original loan, security, balance at time of charge-off, efforts made to collect, and what if any, recovery has been made on the security. This record shall be kept current and made available to the examiners at each examination.
(c) Any loans delinquent 12 months or more, unless there is a high probability of no loss, will be charged off in accordance with Paragraph (a) of this Rule.
(d) Any recovery of charged-off loans shall be credited to the Allowance for Loan Losses.

04 NCAC 06C.0403 REAL ESTATE LOANS
(a) Loan Limitations. No more than 30 percent of the total dollar amount of shares and deposits shall be made in fixed rate real estate loans with a remaining maturity of more than seven years without the permission of the Administrator, based on the Administrator’s evaluation of the credit union’s management.
(b) Selection of Attorneys. If an attorney's fee is paid by the borrower in connection with any loan, the borrower shall have the right to select an attorney of his choice; provided, the attorney or attorneys are acceptable to the Credit Union. The decision as to the acceptability of the attorney or attorneys must be on a reasonable, nondiscriminatory standard to be determined by the Board of directors of each credit union.

04 NCAC 06C.0404 LINE OF CREDIT LOANS
(a) Limitations. A credit union shall not make a line of credit loan that exceeds the stated sum or specified period of time approved by the Board of directors of that credit union.
(b) Reserves. A credit union shall maintain for a period of one month, beginning on the seventh day of each month, a reserve, which shall consist of cash on hand or legal investments that mature in one year or less, in an amount not less than five percent of the aggregate unused portion of its line of credit loans determined as of the close of the previous month. Not more than 20 percent of the required reserve shall be in direct United States Government obligations. The Credit Union shall keep current records of the aggregate unused portion of its line of credit loans and reserves, and the Administrator may require periodic or special reports based on these records.

04 NCAC 06C .0407  BUSINESS LOANS

(a) Prohibited fees. A North Carolina credit union shall not make any loan or extend any line of credit if, either directly or indirectly, any commission, fee or other compensation is to be received by the Credit Union's directors, committee members, senior management employees, loan officers, or any immediate family members of such individuals, in connection with underwriting, insuring, servicing or collecting the loan or line of credit. However, salary (except commissions) for employees is not prohibited by this Section. For purposes of this Section, "senior management employees" means the Credit Union's chief executive officer (typically this individual holds the title of President or Treasurer/Manager), any assistant chief executive officers (e.g., Assistant President, Vice President or Assistant Treasurer/Manager), and the chief financial officer (Comptroller), and "immediate family member" means a spouse or other family member living in the same household.

(b) Member Business Loans.

(1) Definitions:

(A) Member business loans mean any loan, line of credit, or letter of credit, the proceeds of which will be used for commercial, corporate, business, investment property or venture, or agriculture purpose, except that the following shall not be considered member business loans for purposes of this Section:

(i) A loan or loans fully secured by a lien on a one to four family dwelling that is the member's primary residence.

(ii) A loan that is fully secured by shares in the credit union or deposits in other financial institutions.

(iii) A loan meeting the general definition of member business loans under Part (b)(1)(A) of this Rule, and, made to a borrower or an associated member, which, when added to other such loans to the borrower or associated member, is less than fifty thousand dollars ($50,000).

(iv) A loan, the repayment of which is fully insured or fully guaranteed by, or where there is an advance commitment to purchase in full by, any agency of the federal government or of a state or any of its political subdivisions.
(v) A loan granted by a corporate credit union operating under the provisions of the North Carolina General Statutes to another credit union.

(B) Reserves means reserve fund, undivided earnings, current earnings, and excludes the Allowance for Loan Losses.

(C) Associated Member means any member with a shared ownership, investment or other pecuniary interest in a business or commercial endeavor with the borrower.

(D) Immediate Family Member means a spouse, or other family member living in the same household.

(E) Loan-to-Value (LTV) ratio means the quotient of the aggregate amount of all sums borrowed from all sources on an item of collateral divided by the market value of the collateral used to secure the loan.

(F) Construction or development loan means a financing arrangement for the purpose of acquisition of property or rights to property or rights to property including land or structures with the intent of conversion into income-producing property including residential housing for rental or sale, commercial or industrial use, or a similar use.

(2) Requirements. Member business loans, as defined in Part (b)(1)(A) of this Rule may be made by credit unions only in accordance with the applicable provisions of Rule .0409 and .0205(d) and the following additional requirements:

(A) Written loan policies. The Board of Directors must adopt specific business loan policies and review them at least annually. The policies shall, at a minimum, address the following:

(i) Types of business loans that will be made;

(ii) The credit union's trade area for business loans;

(iii) Maximum amount of credit union assets, in relation to reserves, that will be invested in business loans;

(iv) Maximum amount of credit union assets, in relation to reserves, that will be invested in a given category or type of business loan;

(v) Maximum amount of credit union assets, in relation to reserves, that will be loaned to any one member or group of associated members, subject to Subpart (b)(2)(C)(i) of this Rule;

(vi) Qualifications and experience of personnel involved in making and administering business loans with a minimum of two years direct experience with this type of lending;

(vii) Analysis of the ability of the borrower to repay the loan;

(viii) Documentation supporting each request for an extension of credit or an increase in an existing loan or line of credit shall (except where the Board of Directors finds that such documentation requirements are not generally available for a particular type of business loan and states the reasons for those findings in the credit union's written policies) include the following: balance sheet, cash flow analysis, income statement, tax data, leveraging; comparison with industry averages; receipt and periodic updating of financial statements and other documentation; including tax returns;

(ix) Collateral requirements, including loan-to-value ratios; appraisal, title search and insurance requirements; steps to be taken to secure various types of collateral; and how often the value and marketability of collateral is reevaluated;

(x) Appropriate interest rates and maturities of business loans;

(xi) Loan monitoring, servicing and follow-up procedures, including collection procedures;

(xii) Provision for periodic disclosure to the credit union's members of the number and aggregate dollar amount of member business loans;

(xiii) Identification, by position, of those senior management employees prohibited by Rule .0205(d) of this Chapter from receiving member business loans.

(B) Other policies. The following minimum limits and policies shall also be established in writing and reviewed at least annually for loans granted under this Section:

(i) Loans shall be granted on a fully secured basis by collateral as follows:

(1) Second lien for LTV ratios of up to 70 percent;
(II) First lien for LTV ratios of up to 80 percent;
(III) First lien with a LTV ratio in excess of 80 percent shall be granted only where the value in excess of 80 percent is covered through acquisition of private mortgage, or equivalent type insurance provided by an insurer acceptable to the credit union or insurance or guarantees by or subject to advance commitment to purchase by, an agency of the federal government or of a state or any of its political subdivisions, and in no event shall the LTV ratio exceed 95 percent;

(ii) Loans shall not be granted without the personal liability and guarantees of the principals (natural person members) except where the borrower is a not-for-profit organization as defined by the Internal Revenue Service Code (26 U.S.C. 501);

(iii) All loans to non-natural persons, except to other credit unions, must be secured as required in Chapter 54-109.27 of the North Carolina General Statutes.

(C) Loan Limits.

(i) Unless a greater amount is approved by the Administrator based on the factors set out in Subpart (b)(2)(C)(ii) of this Rule with the concurrence of the Regional Director of the National Credit Union Administration, the aggregate amount of outstanding member business loans to any one member or group of associated members shall not exceed 15 percent of the credit union's reserves (less the Allowance for Loan Losses account), or seventy-five thousand dollars ($75,000) whichever is higher. If any portion of a member business loan is secured by shares in the credit union, or deposits in another financial institution, or fully or partially insured or guaranteed by, or subject to an advance commitment to purchase by, an agency of the federal government or of a state or any of its political subdivisions, such portion shall not be calculated in determining the 15 percent limit.

(ii) Exceptions. Credit unions seeking an exception from the limits of Subpart (b)(2)(C)(i) or Subparagraph (b)(3) of this Rule must present the Administrator of Credit Unions and the Regional Director of the National Credit Union Administration with, at a minimum; the higher limit sought; an explanation of the need by the members to raise the limit and ability of the credit union to manage this activity; an analysis of the credit union's prior experience making member business loans; and a copy of its business lending policy. The analysis of credit union experience in making member business loans shall document the history of loan losses, loan delinquency, volume and cyclical or seasonal patterns, diversification, concentrations of credit to one borrower or group of associated borrowers in excess of 15 percent of reserves (less the Allowance of Loan Losses account), underwriting standards and practices, types of loans grouped by purpose and collateral and qualifications of personnel responsible for underwriting and administering member business loans. The credit union must have written approval of the Administrator of Credit Unions and the Regional Director of the National Credit Union Administration to exceed the limitations contained in this Rule.

(iii) Maturity. Member business loans shall be granted for periods consistent with the purpose, security, creditworthiness of the borrower and sound lending policies.

(iv) Monitoring requirement. Credit unions with member business loans in excess of 100 percent of reserves (less the Allowance for Loan Losses account) shall submit the following information regarding member business loans to the Administrator on a quarterly basis: the aggregate total of loans outstanding; the amount of loans delinquent in excess of 30 days; the balance of the allowance for member business loan losses; the aggregate total of all concentrations of credit to one borrower or group of associated borrowers in excess of 15 percent of reserves (less the Allowance for Loan Losses account); the total number and amount of all construction, development or speculative loans; and any other information pertinent to the safe and sound condition of the member business loan portfolio.

(D) Allowance for loan losses.
(i) The determination whether a member business loan will be classified as substandard, doubtful, or loss, for purposes of the valuation allowance for loan losses, will rely on factors not limited to the delinquency of the loan. Nondelinquent loans may be classified depending on an evaluation of factors, including but not limited to, the adequacy of analysis and documentation.

(ii) Loans classified shall be reserved as follows:

(I) Substandard loans at ten percent of outstanding amount unless other factors (e.g. history of such loans at the Credit Union) indicate a greater or lesser amount is appropriate. Loans classified as substandard loans are inadequately protected by the current sound worth and paying capacity of the obligor or of the collateral pledged, if any. Loans classified must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the Credit Union will sustain some loss if the deficiencies are not corrected. Loss potential, while existing in the aggregate amount of substandard loans, does not have to exist in individual loans classified substandard.

(II) Doubtful loans at 50 percent of outstanding amount. Loans classified as doubtful loans have all the weaknesses inherent in ones classified substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. The possibility of loss is extremely high, but because of certain important and reasonably specific pending factors which may work to the advantage and strengthening of the loan its classification as an estimated loss is deferred until its more exact status is determined. Pending factors include: proposed merger, acquisition, or liquidation actions, capital injection, perfecting liens on additional collateral, and refinancing plans.

(III) Loss loans at 100 percent of outstanding amount. Loans classified as loss loans are considered uncollectible and of such little value that their continuance as loans is not warranted. This classification does not necessarily mean that the loan has absolutely no recovery or salvage value, but rather it is not practical or desirable to defer writing off this basically worthless asset even though partial recovery may occur in the future.

(3) Construction and development lending. Loans granted under this Section to finance the construction or development of commercial or residential property shall be subject to the following additional provisions:

(A) The aggregate of all such loans, excluding any portion of a loan secured by shares in the credit union, or deposits in another financial institution, or fully or partially insured or guaranteed by, or subject to an advance commitment to purchase by, any agency of the Federal Government or of a State or any of its political subdivisions, shall not exceed 15 percent of reserves (less the Allowance for Loan Losses account);

(B) The borrower shall have a minimum of 35 percent equity interest in the project being financed;

(C) Funds for such projects shall be released following on-site inspections by independent credit union personnel, qualified as in Subpart (b)(2)(A)(vi) of this Rule in accordance with a draw schedule preapproved by the credit union.

(4) Prohibitions.

(A) Senior management employees. A credit union may not make member business loans to the following:

(i) Any member of the Board of Directors who is compensated as such;
(ii) The credit union's chief executive officer (typically this individual holds the title of President or Treasurer/Manager);
(iii) Any assistant chief executive officers (e.g. Assistant President, Vice-President or Assistant Treasurer/Manager);
(iv) The chief financial officer (Comptroller);
(v) Any associated member or immediate family member of the senior management employees listed in Subparagraphs (b)(4)(A)(i) thru (iv) of this Rule.

(B) Equity kickers/joint ventures. A credit union shall not grant a member business loan where a portion of the amount of income to be received by the credit union in conjunction with such loan is tied to the profit or sale of the business or commercial endeavor for which the loan is made.

(5) Recordkeeping. All loans, lines of credit, or letters of credit, the proceeds of which will be used for a commercial, corporate, business, investment property or venture, or agriculture purpose, shall be separately identified in the records of the credit union and reported as such in financial and statistical reports required by the Administrator in Subpart (b)(2)(C)(iv) of this Rule or the Regional Director of the National Credit Union Administration.

Substantive Comments:
.0407 should be deleted. The Credit Union Statute requires all Credit Unions to be federally insured. The Federal Insurer has a business lending rule that is very specific and applies to all federally insured institutions. Those rules will be amended in 2016 by a proposal that has been subject to extensive comment. The amended Federal rules are substantively different from .0407. Different state rules will create confusion and require additional record keeping for Credit Unions. They may also restrict business lending in the markets served by Credit Unions that have the qualified staff to meet the requirements of the Federal rules. The Division has the authority to enforce Federal rules. G.S. 150B-19(4) specifically prohibits an agency from adopting a rule that “repeats the contents of federal regulations,” so a state rule regarding business lending is unnecessary.

04 NCAC 06C .0408  SALE OF LOANS
(a) A credit union may sell its loans provided the Board of Directors or designated Committee approves the sale and a written agreement and a schedule of loans covered by the agreement are retained in the credit union office.
(b) A credit union may not sell loans with recourse without the permission of the Administrator of Credit Unions.
(c) A credit union may agree to service any obligation it purchases or sells in whole or in part.

04 NCAC 06C .0409  LOAN LIMITATIONS
(a) No loan or line of credit advance shall be made to an individual member or immediate family member, as defined in Rule .0407(b)(1)(D), if such a loan or line of credit advance would cause that member along with that member's immediate family to be indebted to the credit union in an aggregate amount exceeding 10 percent of the credit union's unimpaired shares and surplus. For purposes of this Section "unimpaired shares" shall mean shares without any assignments or pledges. "Surplus" shall mean undivided earnings and reserves.
(b) In the case of member business loans, additional loan limitations apply as set forth in Rule .0205(d) of this Subchapter and Rule .0407(b)(2)(C)(i) of this Section.

04 NCAC 06C .0410  PROHIBITED FEES
(a) A North Carolina Credit Union shall not make any loan or extend any line of credit if, either directly or indirectly, any commission, fee, or other compensation is to be received by the Credit Union's directors, committee members, senior management employees, loan officers, or any immediate family members of such individuals, in connection with underwriting, insuring, servicing, or collecting the loan or line of credit. For the purposes of this Rule, the following definitions shall apply:

(1) "senior management employees" shall mean the Credit Union's Chief Executive Officer or President, the Treasurer or Manager, the Vice President, the Assistant Vice President, the Assistant Treasurer or Manager, the Chief Financial Officer, and the Comptroller; and

(2) "immediate family member" shall include a spouse or other family member living in the same household.

(b) For purposes of this Rule, "compensation" shall include non-monetary items, except those of nominal value.

(c) For purposes of this Rule, the following shall not be considered a "commission, fee, or other compensation":

(1) the annual salary of an employee;

(2) the payment of an incentive or bonus based on the Credit Union's overall financial performance; and

(3) the payment of an incentive or bonus to an employee other than a senior management employee, made in connection with a loan or loans made by the Credit Union. The Board of Directors of the Credit Union shall establish written policies and internal controls in connection with the payment of incentives or bonuses and shall monitor compliance with the policies and controls at least annually.

SECTION .0500 - IMPAIRMENT AND INSOLVENCY

Substantive Comments:
Section .0500 should be deleted. As noted above, all Credit Unions must be federally insured and the federal Treasury provides funds for the insurance of accounts. The Federal Insurer has extensive capital requirements and enforcement authority. The Federal Insurer will take action under its capital rules before a Credit Union becomes impaired or insolvent. The NCBC has no comparable section in its rules.

04 NCAC 06C .0501 IMPAIRMENT
(a) An impairment of share capital shall be deemed to exist if the Credit Union is unable to provide for Allowance for Loan Losses, or any other reserve required by the Administrator.

(b) In determining the degree of capital impairment which may exist, loans receivable shall be valued at book value less the amount of reserves required. The total of the credit union's assets, valued according to generally accepted accounting principles, including loans receivable, less current and long-term liabilities, shall be considered to be net assets. If share deposit balances exceed net assets so determined, an impairment shall be deemed to exist.

(c) Whenever it is determined that there exists an impairment of capital, the Board of directors shall notify the Administrator. If required by the Administrator, the Board of directors shall disclose to all shareholders the impairment of capital and such other matters regarding the financial condition of the Credit Union as deemed relevant by the Administrator.

04 NCAC 06C .0502 INSOLVENCY
Inability to meet demands of shareholders or creditors shall constitute insolvency.

04 NCAC 06C .0601 DIVIDENDS
(a) The Board of directors of any credit union may declare dividends as its bylaws provide.

**SECTION .0800 - REPORTS TO ADMINISTRATOR**

04 NCAC 06C .0801 FINANCIAL STATEMENTS AND OTHER INFORMATION
Each credit union shall furnish a report of condition due on the same date as designated by the federal insurer in January, April, July, and October. The report shall be submitted to the Administrator on forms supplied by the federal insurer for that purpose. The Administrator shall assess fines and penalties for reports not timely filed, as set forth in G.S. 54-109.13 and G.S. 54-109.15(b).

Technical Comments:

04 NCAC 06C .0802 ADDITIONAL REPORTS
The Administrator may require any additional reports of the status of credit unions as he deems necessary. The additional reports are due within fifteen (15) days of the date specified by the Administrator.

SECTION .0900 - PENSION PLANS

04 NCAC 06C .0901 CREDIT UNION AS CUSTODIAN
A credit union is authorized to act as custodian, and may receive reasonable compensation for so acting, under any written trust instrument or custodial agreement created or organized in the United States and forming part of a pension plan which qualifies or qualified for specific tax treatment under Section 401(d) or 408 of the Internal Revenue Code, for its members or groups or organizations of its members, provided the funds of such plans are invested solely in share accounts of the Credit Union. All funds held in a custodial capacity must be maintained in accordance with applicable laws and rules and regulations as may be promulgated by the Secretary of Labor, the Secretary of the Treasury, or any other authority exercising jurisdiction over such custodial accounts. The Credit Union shall maintain individual records for each participant which show in detail all transactions relating to the funds of each participant or beneficiary.

Technical Comments:
.0901 should delete the words “is authorized to act as a custodian, and” since this language duplicates the authorization given by the Credit Union Statute.

04 NCAC 06C .0902 SUCCESSOR CUSTODIAN
The plan shall provide for the appointment of a successor custodian by a person, committee, corporation or organization other than the Credit Union or any person acting in his capacity as a director, employee or agent of the Credit Union, upon notice from the Credit Union or the Administrator that the Credit Union is unwilling or unable to continue to act as custodian.

SECTION .1000 - RETENTION OF RECORDS

04 NCAC 06C .1001 PERMANENT RECORD
(a) Each Credit Union shall retain its records in a manner consistent with reasonable business practices and applicable state and federal laws, rules, and regulations.
(b) The Credit Union shall permanently retain the original records of the Credit Union's charter, bylaws, and any amendments to those documents.
(c) The following records shall be retained permanently in their original form or in any electronic or digital form that permits their retrieval and replication:

1. the minutes of meetings of members and of the board of directors;
2. audit reports;
3. copies of the examination reports of the Credit Union Division;
4. rulings and opinions from the Credit Union Division;
5. signature cards;
6. journal and cash record;
7. general ledger;
8. loan and shares subsidiary ledgers;
9. bank reconciliations; and
10. a list of all records destroyed.

(d) Credit Unions shall reference 12 C.F.R. Part 749 Appendix A for retention schedule guidelines.

Substantive Comments:
Section .1000 should be deleted. Appendix A of Part 749 of the rules of the Federal Insurer provide extensive guidelines on record retention. Many of the state rules are different from the Federal guidance. Again, different state and Federal rules create confusion. Many of the inquiries received by the staff of the League concerning record retention contain these rule differences. Unless the Division believes that there is a safety and soundness reason for a different set of requirements, it should defer to the Federal rules.

04 NCAC 06C .1002 NONPERMANENT RECORDS

(a) Each Credit Union shall retain nonpermanent records as defined in Paragraph (b) of this Rule, in a manner consistent with reasonable business practices and in accordance with this Section and applicable state and federal laws, rules, and regulations.

(b) Nonpermanent records shall include any Credit Union records not referenced in Rule .1001 of this Section.

(c) Nonpermanent records shall be kept in the original, or any electronic or digital form that permits their retrieval and replication. The Board of Directors of the Credit Union shall determine the length of time that each nonpermanent record is to be retained based upon reasonable business practices and the applicable state and federal laws, rules, and regulations.

SECTION .1200 - INVESTMENTS

04 NCAC 06C .1201 INVESTMENT ACTIVITIES

The North Carolina Credit Union Law, Article 14-I, specifies the investments which credit unions are authorized to make, which includes loans to members and the purchase of securities guaranteed by the U.S. government. Transactions such as agreements or options to buy or sell government securities at a future date, which are merely speculative in nature, are considered unsafe and unsound practices.

04 NCAC 06C .1202 PERMISSIBLE TRANSACTIONS

Credit unions may:

1. purchase or sell securities in accordance with G.S. 54-109.1 et seq. and when the purchase or sale is to be completed within five business days after the agreement is made;
2. buy or sell a future contract only if it is used as a hedging contract incidental to the assembly of a pool of loans for sale in the secondary market;
3. enter into reverse repurchase agreements to meet ordinary and unexpected liquidity needs such as temporary share withdrawal or loan demands, but such agreements represent borrowing and are limited to the borrowing limitations as specified in Rule .0308 of this Subchapter;
4. enter into loan-type repurchase agreements only with their own members, other credit unions, or credit union organizations;
5. enter into investment-type repurchase agreements if the following elements of a sale of security are included:
   a. The Credit Union takes possession of the securities or receives a custodial or safekeeping receipt from a bank or other financial institution evidencing that the securities have been segregated from the general assets of the vendor.
   b. The Credit Union is not required to deliver the identical securities in the event of repurchase.
   c. The Credit Union assumes the risks of market fluctuation in the value of the securities at purchase.
   d. The Credit Union receives the coupons or stated interest rate dividend on the securities purchased for the time period owned.
6. deliver written application to the Administrator to make investments and purchase insurance, mutual funds and fixed or variable annuity products. The Administrator shall promptly grant or deny the application within 60 calendar days following receipt with or without conditions or provisions, upon consideration of the following factors:
   a. The investment or product is for the sole purpose of funding employee benefit, retirement or deferred compensation plans for employees of the Credit Union; and
   b. The investment or purchase is made consistent with G.S. 54-109.12.

04 NCAC 06C .1203  RESTRICTED TRANSACTIONS
Transactions such as options to buy or sell securities for merely speculative purposes are unsafe and unsound practices. 04 NCAC 06C .1205  AUTOMATIC LIENS UPON ALL SHARES TO SECURE ALL DEBTS
In addition to the lien on shares, deposits and accumulated dividends of members as granted by G.S. 54-109.59, a credit union shall also have an automatic lien upon all such shares, deposits and accumulated dividends to secure the full amount of all debts owed to the credit union by its member. This lien shall be equivalent to that lien upon members' shares granted to all federally chartered credit unions by the National Credit Union Act and its regulations.

History Note: Authority G.S. 54-109.21(25);

SECTION .1300 - RESERVES

04 NCAC 06C .1301  LIQUIDITY RESERVES
(a) Credit unions with assets of two million ($2,000,000) or more and credit unions which offer share draft accounts shall maintain a reserve of liquid assets (liquidity reserve) equal to a minimum of five percent (5 percent) of the total dollar value amount of the Credit Union's liability base.
(b) The liability base shall consist of shares, deposits, and notes payable with a maturity of less than one year. Specifically pledged shares or deposits or both are exempted up to the amount of the loans.
(c) The liquidity reserve shall consist of cash, shares and deposits in the National Credit Union Administration Central Liquidity Facility, and investments with a maturity of less than one year as authorized under G.S. 54-109.82(3)(4)(5)(9)(10) and (12) of the North Carolina Credit Union laws. Government securities with a maturity of more than one year may be included provided securities are carried at the lower of cost or market and adjusted monthly on a consistent basis. Documentary evidence must be kept on file supporting the adjustments for a period of 18 months.
(d) The liquidity reserve shall be determined monthly, not later than the tenth day of each month, and shall be based on the Credit Union's liability base as the last day of business of the preceding month.
(e) The liquidity reserve can only be used to satisfy contractual line of credit agreements, share and deposit withdrawals. In the event the liquidity reserve falls below the required amount the Credit Union must immediately notify the Administrator of Credit Unions. The Credit Union will have 60 days to replenish the liquidity reserve.
(f) In any special case, the Administrator shall have the authority to require a liquidity reserve for credit unions with assets of less than two million dollars ($2,000,000) if deemed necessary to meet the liquidity needs of its creditors.

Substantive Comments:
Section .1301 should be deleted. As noted with respect to Section .500, all Credit Unions must be federally insured and the Federal Insurer has extensive capital and liquidity requirements. The calculation in .1301 is outdated and not followed by Credit Unions. A separate state requirement is unnecessary and could create confusion.

04 NCAC 06C .1302 OTHER RESERVES
(a) Regular reserves shall be maintained as set forth in G.S. 54-109.86 of the North Carolina Credit Union laws.
(b) Special reserves for delinquent loans and reserves for line of credit shall be maintained as required in .0401 and .0404(b) of these Rules and Regulations.

Technical Comments:

.1302(b) should be deleted since it only references other Rules.

04 NCAC 06C .1303 CORPORATE CREDIT UNION RESERVES
(a) Definitions.
(1) A "corporate credit union" is a credit union whose primary mission is to serve corporate (credit union) accounts. The membership of a corporate credit union shall be institutional and only credit unions can become members, unless the bylaws otherwise prescribe.
(2) Risk assets of a corporate credit union shall be defined in G.S. 54-109.88.
(b) Corporate Reserve.
(1) Immediately, before the payment of each dividend but more often if the Board of directors so determine, the gross earnings derived from activity with the Credit Union corporate members will be determined. From this amount there shall be transferred to a reserve known as the Corporate Reserve, 2 per centum of specified gross earnings until the Corporate Reserve shall equal one and one half per centum of the corporates total assets.
(2) Whenever the Reserves fall below one and one half per centum of total assets it shall be replenished by regular transfers of 2 per centum of specified gross earnings or by contributions in such amounts as may be needed to maintain the Reserves at one and one half per centum of total assets, whichever is less.
(3) The Administrator may increase or decrease the reserve requirement set forth herein when such action is deemed necessary or desirable.
(4) Charges may be made against the Reserves to offset losses on loans, and investments.

SECTION .1400 - SIGNATURE GUARANTEE SERVICES

04 NCAC 06C .1401 SIGNATURE GUARANTEE
Provided the following conditions are satisfied, a credit union may offer its members signature guarantee services in connection with the transfer of securities, name change on a security certificate, replacement of lost certificates, or erasures on a security certificate:
(1) The credit union obtains a bond endorsement protecting it against any loss or liability resulting from granting an improper signature guarantee.
(2) The credit union participates in a signature guarantee program endorsed by the Securities Transfer Association.
(3) The credit union obtains the prior written approval of the Administrator before commencing its signature guarantee program.

Re: Decennial Rules Review

Dear Mr. Knox,

I am writing on behalf of Self-Help Credit Union to provide you with our comments on the N.C. Credit Union Rules and Regulations, pursuant to the decennial rules review mandated by N.C. General Statutes § 150B-21.3A(c)(1).

With nearly 60,000 members and $738 million in assets, Self-Help Credit Union is the second largest natural-person credit union supervised by the state of North Carolina. As you know, we have long been committed to ensuring that state-chartered credit unions are able to innovate and compete on an even playing field with federal credit unions ("FCUs") while balancing prudent risk management and supervision. Over the last eight years, we have also operated Self-Help Federal Credit Union, which has brought us the unique perspective of seeing the two charters and their relevant regulations side-by-side.

Based on these experiences, we strongly urge the North Carolina Credit Union Division ("NCCUD") to delete the rules governing member business loans and records retention. These rules are not necessary and therefore do not meet the standards of G.S. § 150B-21.9(a). We have additional, less significant, but important recommendations later in this letter. Here are our specific recommendations:

**Delete 04 NCAC 06C .0407 governing business loans.**

We urge NCCUD to recommend to the Rules Review Commission a final determination of “unnecessary” for this rule. 04 NCAC 06C .0407 does not meet all four criteria in G.S. § 150B-21.9(a), which sets forth standards for review by the Commission. Specifically, we believe 04 NCAC 06C .0407 creates ambiguity and is not reasonably necessary to implement or interpret an enactment of the General Assembly, Congress or a regulation of a federal agency.

The rule creates ambiguity because this rule was pre-empted by Congress for both federally- and state-chartered credit unions in 1998 with passage of the Credit Union Membership Access Act. Retention of this rule makes state-chartered credit unions less competitive with FCUs and creates undue confusion over which set of rules to follow for state-chartered credit unions.
In addition, the rule is not reasonably necessary to fulfill a duty delegated to NCCUD by the General Assembly. Removing this rule does not weaken or alter NCCUD’s ability to supervise the business lending practices of credit unions. NCCUD has broad authority to enforce any federal regulation or act that specifically applies to state-chartered credit unions. This authority specifically includes any section of the National Credit Union Administration ("NCUA") rules and regulations and the Federal Credit Union Act that applies to state-chartered credit unions. NCUA’s member business loan rule, under congressional statute, specifically applies to state-chartered credit unions (12 C.F.R. Part 723).

Under that same authority, NCCUD routinely requires credit unions to comply with an almost limitless set of federal rules that have no parallel, nor are spelled out, in state rules or regulation. These include the Bank Secrecy Act, OFAC requirements, Fair and Accurate Credit Transactions Act Red Flag Identity Theft Prevention rules and the Unlawful Internet Gambling Enforcement Act, to name just a few. Therefore, we see no demonstrable need, or authority, for NCCUD to retain a separate regulation governing credit union business loans.

**Delete 04 NCAC 06C .1001(c) governing permanent records.**

We urge NCCUD to recommend to the Rules Review Commission a final determination of “unnecessary” for this rule. 04 NCAC 06C .1001(c) does not meet all four criteria in G.S. § 150B-21.9(a), which sets forth standards for review by the Commission. Specifically, we believe 04 NCAC 06C .1001(c) is not reasonably necessary to implement or interpret an enactment of the General Assembly, Congress or a regulation of a federal agency. In addition, this rule creates ambiguity as it conflicts with federal guidelines referenced in the following rule, 04 NCAC 06C .1001(d).

Pursuant to G.S. § 54-109.17(a), “a credit union shall maintain all books, records, accounting systems and procedures in accordance with such rules as the Administrator from time to time prescribes. In prescribing such rules, the Administrator shall consider the relative size of a credit union and its reasonable capability of compliance.”

The current rule states that “the following records shall be retained permanently...” (emphasis added)

(5) signature cards;
(6) journal and cash record;
(7) general ledger;
(8) loan and share subsidiary ledgers;
(9) bank reconciliations; and
(10) a list of all records destroyed”.

One interpretation of this current regulation is that we have to keep these records in perpetuity, none of which are reasonable documents to retain permanently. For example, if a member closes her $5 share account today, we'd have to keep her signature card forever, even past her death or any other reasonable time frame. Similarly, a credit union would have to retain every teller's daily work forever as cash records, rather than destroying that record after a certain number of years.

In addition to being unduly burdensome, requiring permanent retention of a wide range of financial and transaction records, including a list of *all records* destroyed, is simply not feasible for most credit unions. We are not how to log all records that are destroyed and whether that authority to destroy records conflicts with the list of items that “shall be retained permanently”.
Such a mandate also creates ambiguity as it directly conflicts with the federal guidelines referenced in the NCCUD’s following rule, 04 NCAC 06C .1001(d), which refers credit unions to NCUA regulations, 12 C.F.R. Part 749 Appendix A, for retention schedule guidelines. Appendix A of Part 749 of the NCUA regulations states that certain records “should” be retained permanently, thus entrusting credit unions with the ability to determine how long it is prudent and necessary to keep certain records. NCUA expressly acknowledges in the preamble to Appendix A of Part 749 that it’s standard are guidance, not regulation: "...as an aid to credit unions, [NCUA] is publishing this appendix of suggested guidelines for record retention" (emphasis added). By replacing the word "should" with the word "shall" and not describing 04 NCAC 06C .1001(c) as suggested guidelines, NCCUD has created an unduly burdensome mandate for state-chartered credit unions, placing them at a disadvantage relative to FCUs.

From conversation with NCCUD, we do not believe it was the agency’s intent to create this perpetual records retention requirement and therefore urge NCCUD to delete this regulation.

Additional recommendations
While these two changes are our principal recommendations to NCCUD, we also believe that the following sections of the Rules and Regulations merit amendment because they do not meet the standards of G.S. § 150B-21.9(a) either because they unclear and ambiguous, and/or they are not reasonably necessary to implement or interpret an enactment of the General Assembly, or of Congress, or a regulation of a federal agency. We therefore recommend that you similarly deem them “unnecessary”:

04 NCAC 06C .0302 regulating procedures.
Subsection (18) states that “erasures and eradications for correction of errors in records are prohibited; corrections must be approved by an authorized person, that shall be approved by the Board of Directors” (emphasis added). We believe this is a vestige of when member records were kept in manual ledger books, which we believe only one credit union still uses. We are unsure of whether this sentence requires changes be brought to the board or allows the board to designate an authorized person to approve changes. Either way, we assume that virtually no credit union presents changes to its board of directors for approval nor has the board invest this authority in a specific employee.

Subsection (23) states that "...Upon meeting as a Board of Directors, the secretary or designated member shall make a matter of record in the minutes of the meeting all written communications from the Division." Credit unions routinely correspond with NCCUD on member complaints and other regulatory issues that do not merit presentation to the board of directors. Member complaints, for example, are generally the responsibility of a Supervisory Committee. We recommend that NCCUD clarify which communications, if any, merit being recorded in the minutes of the board of directors. For example, Self-Help Credit Union always presents any correspondence or reports related to its examinations to our Board of Directors.

04 NCAC 06C .0307 regulating listing of officials and operating hours.
We recommend that NCCUD reduce the administrative burden on credit unions and clarify that credit unions can meet the requirements of this section through their on-line reporting of this information to NCUA, which is accessible to NCCUD. Just as NCCUD uses NCUA’s 5300 call reporting system to monitor performance, the separate Annual Personnel, Operations and Data Report is not reasonably necessary to NCCUD, as the same date can be obtained in the credit union’s profile that is filed electronically with NCUA.
04 NCAC 06C.0311(c) and (d) governing fidelity and surety bonds and insurance coverage deductibles. We urge NCCUD to recommend to the Rules Review Commission a final determination of "unnecessary" for these rules. 04 NCAC 06C.0311(c) and (d) do not meet all four criteria in G.S. § 150B-21.9(a), which sets forth standards for review by the Commission. Specifically, we believe 04 NCAC 06C.0311(c) and (d) are not reasonably necessary to fulfill NCCUD’s duties with respect to fidelity and surety bonds and insurance coverage set forth in G.S. 54-109.11(5).

These rules are not necessary because the minimum fidelity and faithful performance requirements are set forth in G.S. 54-109.11(5). In addition, as the insurer of all North Carolina credit unions, the National Credit Union Share Insurance Fund, administered by NCUA, is the primary beneficiary of bonding and insurance. There is no business, nor safety and soundness purpose to NCCUD regulating deductibles on fidelity and surety bonds and insurance coverage. In particular, NCCUD, unlike NCUA, limits deductibles on faithful performance and fidelity coverage. Finally, maximum deductible limits that may be applied to the required coverage are contained in Part 713.6 of the NCUA Rules and Regulations.

To the extent NCCUD can demonstrate a prudent reason why it should retain authority over deductibles, we recommend retaining the last sentence of 04 NCAC 06C.0311(c) designating exception authority to the Administrator, and making a determination that the remaining language in that rule is unnecessary.

04 NCAC 06C.0401 regulating delinquent loans and loan loss reporting. Subsection (a) Monthly Schedule of Delinquent Loans. We believe this sub-section should be deleted. This rule provides very specific formatting definitions that we believe credit unions do not use and is not reasonably necessary to NCCUD. As with other rules, we believe this rule is a vestige of an era of very small credit unions using manual record keeping, and is not easily implemented by credit unions that may have hundreds of delinquent borrowers at the end of any single month.

04 NCAC 06C.0402 regulating loan charge-offs. Subsection (c) States that "any loans delinquent 12 months or more, unless there is a high probability of no loss, will be charged off". While we agree this is an appropriate practice for all non-real estate secured loans, it is possible for a real estate borrower that is 12 months past due to be in a court-approved chapter 13 bankruptcy plan or otherwise paying the credit union. In such a case, there is not a "high probability of no loss". The borrower is in a high level of distress, but there is a reasonable probability of minimal loss and they are paying the credit union monthly. We recommend NCCUD amend this section to add the following language: "unless the loan is secured by real estate and the borrower is demonstrating a reasonable level of repayment, such as performing under the terms of a court-approved bankruptcy plan."
On behalf of our members and board of directors, Self-Help appreciates the opportunity to comment before the North Carolina Credit Union Division and the Rules Review Commission. We recognize, and support, the need to balance prudent supervision and retaining a charter that is competitive for the state of North Carolina and the communities we serve. As always, please do not hesitate to contact me should you have any questions at 919-956-4463 or via e-mail at randy.chambers@self-help.org.
