#### 21 NCAC 39 .0605 EXTENSION OF TIME

- (a) The Board shall grant an on-site wastewater contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator an extension of time to complete continuing education (CE) requirements during a period of service in the Armed Forces of the United States upon submission of the following to the Board:
  - (1) written request for extension; and
  - (2) documentation that the requestor is serving in the Armed Forces of the United States and is eligible for an extension of time to file a tax return pursuant to G.S. 105-249.2.
- (b) The Board shall grant an on-site wastewater contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator an extension of time to obtain complete CE requirements if he or she has a disability or illness that prevents him or her from complying with CE requirements. In order to receive the waiver, the requestor shall provide the Board with the following:
  - (1) written request for waiver; and
  - documentation a letter from a licensed physician, nurse practitioner (NP), or physician assistant (PA) that describes the requestor's disability or illness and explains how the disability or illness prevents the contractor, point of sale point of sale inspector, private compliance inspector, or evaluator from complying with the Board's CE requirements. Documentation includes a letter from a licensed physician, nurse practitioner (NP), or physician assistant (PA).
- (c) Where on a case-by-case basis the Board determines that due to an undue hardship (such as natural disaster or illness of family member) the contractor, [point of sale] point-of-sale inspector, or private compliance inspector, evaluator could not reasonably be expected to comply with the Board's CE requirements, the contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator shall be granted an extension of time in which to obtain the required CE credits. To be considered for an extension of time, a requestor shall submit the following:
  - (1) written request for extension; and
  - (2) documentation that supports the reason for the extension.
- (d) The Board shall grant a waiver of CE requirements upon submission of documentation that a contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator is in active duty while serving in the Armed Forces and is or has been deployed for at least eight months during the twelve-month period during which CE credits were required.
- (e) An extension granted under Paragraphs (b) or (c) of this Rule shall not exceed one year. Prior to the expiration of the one year extension of time, a contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator may request an additional extension in accordance with this Rule. Except as set out in Paragraph (a) of this Rule, the Board shall grant no more than two consecutive extensions.

Thanks for your prompt responses. The updated rule is good to go. At this point, I anticipate recommending approval of the final revised versions of these rules at the RRC meeting.

I have attached what I believe are the final versions for all 35 rules. Please confirm. If accurate, please email all the submitted rules, as revised, to <a href="mailto:oah.rules@oah.nc.gov">oah.rules@oah.nc.gov</a> for RRC review. Please copy me and alexander.burgos@oah.nc.gov to the email.

Best, Chris

Thank you, Mr. Miller. You are correct that the issuance of restrictions in practice would stem from the Board's receipt of a complaint, which could be submitted to the Board by any member of the public or by Board staff. Upon receipt of the complaint, the Board staff investigates and presents its findings in summary to the full Board, without disclosure of identifying information related to the complainant or the respondent certificate holder, so as to ensure no appearance of bias if the matter later proceeds to a contested case proceeding under Article 3A of Chapter 150B.

A combination of the revised language makes good sense. If you believe that such further revision would alleviate any remaining ambiguity, I'll be happy to revise and resubmit, adding the oxford comma requested below.

Thanks.

Caution! This message was sent from outside your organization.

Thanks for this.

Could you please explain to me the process that the Board uses for issuing restrictions in practice? I want to be sure that the rule text accurately reflects the mechanism/process. For example, who is reviewing the submitted information and evidence and making a finding or determination? Is it the entire Board? Is the restriction used temporarily while a more fulsome investigation is being conducted by the Board into a certificate holder? Or is the restriction an alternative to a revocation or suspension?

I'm wondering if a combination of your two proposals may make more sense. Something along the lines of, "The Board may restrict the certificate of an on-site wastewater contractor, point-of-sale inspector, or evaluator upon receiving a complaint and making a finding that the evidence tends to show that that the certificate holder has violated G.S. 90A-81(a)." Let me know if you have thoughts, but I think we are very close.

Also please add an oxford comma after the word "evaluation" in (c), line 16.

Thank you! Chris

Subject: RE: [External] RE: 21 NCAC 39 - Request for Changes - October 2025

Thanks for the quick response. I still have concerns about **21 NCAC 39.0701**. I spoke with my colleagues, and we all agree that the revised standard set forth for license restrictions in (c), lines 13-14, is still unclear and does not provide the regulated public with an objective standard for how and when the board would exercise this power. Also, we think it would be helpful if you could define or explain the term "restrict" here. The language you provided to me in your October 13<sup>th</sup> responses was helpful. You could consider incorporating some of that. See below for reference.

A restriction limits the ability of the certificate holder, in whole or in part, to supervise or conduct the construction, installation, repair, evaluation or inspection of on-site wastewater systems.

Let me know if you have any questions.

Thanks! Chris

Subject: RE: [External] RE: 21 NCAC 39 - Request for Changes - October 2025

Ms. Lee,

Thanks for your responses. I have reviewed the updates, and I have a few additional questions/comments for you. Please see below.

#### 21 NCAC 39 .0101

• Item (8): Please revise to, "... and is provided as a form as set forth in Rule .1102 of this Chapter."

## 21 NCAC 39 .0201

• List (a)(2): I believe the last three items in this list should still be O, P, and Q. I do not see any deletions in the list that would require re-lettering. Please let me know otherwise.

#### 21 NCAC 39 .0405

Introductory Statement: This should note that the rule is readopted with changes.

## 21 NCAC 39 .0701

- (c): Counsel's response stated, "GS 90A-74 provides that the Board has the power and duty to 'To issue, renew, deny, restrict, suspend, or revoke certifications . . . .' A restriction limits the ability of the certificate holder, in whole or in part, to supervise or conduct the construction, installation, repair, evaluation or inspection of on-site wastewater systems." But how does the Board determine whether to restrict a certificate? Is there a standard or certain factors that are considered (such as the circumstances listed in 90A-81(a))? My concern is that the rule is unclear for regulated parties because it does not clearly state when or why their certificates may be restricted.
- (c), line 22: Is the citation here, to G.S. 150B-38, supposed to be to (b) or (c), instead of (d)? (d) appears to relate to a party's response to a hearing notice.

# 21 NCAC 39 .0703

• Introductory Statement: Please revise to follow the example for "A rule noticed to be amended that is now being repealed" provided on OAH's website (<a href="https://www.oah.nc.gov/rule-format-examples#RuleFormatExamplesforPublicationintheNCAdministrativeCode-6063">https://www.oah.nc.gov/rule-formatexamplesforPublicationintheNCAdministrativeCode-6063</a>).

## 21 NCAC 39 .0801

• (g), (h), (i), and (j): Counsel's response stated, "Revised to include constructions and repairs." Where are these revisions in the document? I do not see any changes highlighted here.

#### 21 NCAC 39 .1101

• (3), line 12: Please revise to, "... has the same definition as that set forth in Rule .0101(8) of this Chapter."

## 21 NCAC 39 .1102

- (1): The last three items in this list should be listed as (l), (m), and (n).
- (2), line 3: I believe the first part of this sentence, "Prepare a signed and sealed statement of special inspections", should not be highlighted. Please correct if so.

## 21 NCAC 39 .1103

• Item (4) should be redesignated as new Item (2) following the deletions of old (2) and old (3).

#### 21 NCAC 39 .1104

• Lines 5 and 6: On line 4, the rule states, "... shall provide the owner with procedures for the final submittal of information to the local health department ..." Lines 5 and 6 then state, "... as well as information on procedures for final submittal to the local health department." How are these two things different from each other? The language is not clear and seems to be redundant.

Please respond by Wednesday, October 22, 2025, at the latest.

Thank you, Chris

Mr. Miller -

Thank you for the opportunity to provide, as counsel for the North Carolina On-Site Wastewater Contractors and Inspectors Certification Board, the attached responses to the RRC staff's request for changes; the revised Rules; and the revised Forms 0400. We appreciate your review of these rules, which we believe are improved in large thanks to your feedback.

Please don't hesitate to reach out to me directly with any question.

Subject: Fwd: 21 NCAC 39 - Request for Changes - October 2025

Caution! This message was sent from outside your organization.

# Request for Changes Pursuant to N.C. Gen. Stat. § 150B-21.10

Staff reviewed these Rules to ensure that each Rule is within the agency's statutory authority, reasonably necessary, clear, and unambiguous, and adopted in accordance with Part 2 of the North Carolina Administrative Procedure Act. Following review, staff has issued this document that may request changes pursuant to G.S. 150B-21.10 from your agency or ask clarifying questions.

Questions contained herein suggest that the rule as written is unclear or there is some ambiguity. If this document includes questions and you do not understand the question, please contact the reviewing attorney to discuss. Failure to respond may result in a staff opinion recommending objection.

Staff may suggest the agency "consider" an idea or language in this document. This is in no way a formal request that the agency adopt the idea or language but rather is offered merely for the agency's consideration which the agency may find preferable and clarifying.

To properly submit rewritten rules, please refer to the following Rules in the NC Administrative Code:

- Rule 26 NCAC 02C .0108 The Rule addresses general formatting.
- Rule 26 NCAC 02C .0404 The Rule addresses changing the introductory statement.
- Rule 26 NCAC 02C .0405 The Rule addresses properly formatting changes made after publication in the NC Register.

## Note the following general instructions:

- 1. You must submit the revised rule via email to <u>oah.rules@oah.nc.gov</u> and copy RRC Counsel. The electronic copy must be saved as the official rule name (XX NCAC XXXX).
- 2. For rules longer than one page, insert a page number.
- 3. Use line numbers; if the rule spans more than one page, have the line numbers reset at one for each page.
- 4. Do not use track changes. Make all changes using manual strikethroughs, underlines and highlighting.
- 5. You cannot change just one part of a word. For example:
  - Wrong: "aAssociation"
  - Right: "association Association"
- 6. Treat punctuation as part of a word. For example:
  - Wrong: "day;; and"
  - Right: "day, day; and"
- 7. Formatting instructions and examples may be found at: www.ncoah.com/rules/examples.html

If you have any questions regarding proper formatting of edits after reviewing the rules and examples, please contact the reviewing attorney.

RULE CITATION: ALL RULE SUBMISSION FORMS

DEADLINE FOR RECEIPT: October 14, 2025

<u>PLEASE NOTE:</u> This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Please resubmit all Forms 0400 – Submission For Permanent Rule. The form version that you used is outdated (from 03/2019). The current version of the form can be found on OAH's website at https://www.oah.nc.gov/rules-form-0400-submission-permanent-rule. The current version of the form includes an APA attestation that is necessary for our review.

Resubmitted Forms 0400 are submitted contemporaneously with this responses to the request for changes.

RULE CITATION: GENERAL COMMENT

DEADLINE FOR RECEIPT: October 14, 2025

<u>PLEASE NOTE</u>: This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Rules .0101, .1101, and .1102 reference a "Notice of Intent" form. In Rule .1102, you specifically require Evaluators to use this form.

It is my understanding that in 2023 amendments to G.S. 130A-336.2, the General Assembly (1) required the Board (rather than DHHS) to develop this NOI form and (2) removed required form information from the statute's language. These changes do not appear to be reflected in the Board's rules.

Further, it appears as if the Board has developed this NOI form (https://ncowcicb.info/wp-content/uploads/2025/02/NCOWCICB-NOI-to-Construct-7-2023.pdf), but I could not locate any rule(s) in Chapter 39 which describe the contents of the form.

G.S. 150B-2 (8a) defines the word "rule." It further sets forth items which do not meet the definition the term, including "A form, the contents or substantive requirements of which are prescribed by rule." In order to require a form, you must specify the form's contents and substantive requirements in a rule. So if the Board wants to continue to require and use its NOI form, you will need to make rule changes accordingly.

Rule .1102 has been revised to include the contents of the "Notice of Intent" Form.

RULE CITATION: 21 NCAC 39 .0101

DEADLINE FOR RECEIPT: October 14, 2025

<u>PLEASE NOTE:</u> This request may extend to several pages. Please be sure you have reached the end of the document.

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

In the Chapter Title, the word "ON" appears before "CHAPTER 39". I assume this is a typo. Please remove.

## Revised accordingly.

Item (2), line 14: "N.C." can be removed before "General Statutes".

#### Revised accordingly.

Item (3), line 16: Consider hyphenating the term "point of sale inspector." The authority statutes use "point-of-sale inspector." If made, the change should be applied in all of the rules under review, where applicable.

#### Revised accordingly.

Also, consider defining this term if it is not already defined elsewhere. It appears as if only "contractor" and "private compliance inspector" are defined in § 90A-71.

## Revised accordingly.

Item (3), line 17: Rule .0603 was repealed in 2021. Please update the reference/citation.

## Revised to correct the citation to Rule .0602.

Item (4), line 20: Add the word "is" between "activities and" and "pre-approved".

## Revised accordingly.

Item (5): Is this part of the rule intended to capture what all needs to be included in an Evaluation and findings? If so, this requirement may be better placed in a different

Rule, and could be written as something like, "Evaluation and findings shall include ..."

Also, based on my review, the terminology "evaluation and findings" does not appear to be used anywhere else in Chapter 39 of your rules. Does it need to be defined at all? If you do want to keep the definition here, please remove "at a minimum" and list out the complete requirements to meet the definition.

The term "Revised to read "evaluation" and includes the information set forth in GS 130A-335.

Item (6): "North Carolina" can be removed before "General Statutes."

# Revised accordingly.

Item (7): A review of GS 130A-336.2(b) indicates that the statute does not specify what information needs to be included on the Notice form. Is there another statute, or rule, that describes the information required in a Notice of Intent form? Please also see my General Comment on page 3 regarding the NOI form.

Revised to reference the substance of the NOI form, as set forth in Rule .1102.

Items (13) and (14): These are out of order. Please incorporate these new definitions into the Rule's list numerically based on alphabetical order.

## Revised accordingly.

Item (13): I believe this term is defined at 90A-71(10), not 90A-71(8). Please update if that's correct.

## Revised accordingly.

Item (14): Insert the word "a" before "class".

## Revised accordingly.

The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

In paragraph (b), does this only apply to point-of-sale inspectors? What about private compliance inspectors? Do they not need to be certified under this rule?

## Revised accordingly.

I don't fully understand the requirement in paragraph (c). Could you please explain this? You point to Evaluator certification under G.S. 130A-336.2, but that statute states that the Board is responsible for developing and administering certification conditions. Do your rules further define these certification standards for Evaluators? What rights does the certification provide to the Evaluator?

Revised to clarify that evaluators certified by the Board shall comply with G.S. 130A-336.2.

The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

In the Section Title, a comma should be inserted after "PRIVATE COMPLIANCE INSPECTORS".

#### Revised accordingly

(a)(1)(I): Update to "contractor or point-of-sale inspector;".

## Revised accordingly

(a)(1)(J): Should this include, "if applicable"? This information would not be necessary if the applicant was a point-of-sale inspector.

#### Revised accordingly

(a)(1)(L): Consider pointing to the Fee Rule here for clarity. This could be written as, "Required certification fee as specified in Rule .0301 of this Chapter;".

#### Revised accordingly

(a)(1)(P): Which experience requirements? The ones set forth in G.S. 90A-77? You may want to reference the statute here so that it is clear.

#### Revised accordingly

(a)(1)(Q): Remove "(ies)" and "(s)". Also, you can just state "12 months" in the rule instead of "twelve (12) months".

#### Revised accordingly

(a)(1)(S): "Applicant signature" is already required under (a)(1)(N). This appears to be redundant. Please delete if you agree.

## Revised accordingly

(a)(2)(I) and (a)(3)(I): Same comment as above regarding specification of fees. Also, in (a)(3)(I), it should be "Required," not "Require."

## Revised accordingly

(a)(2)(J): Remove "(ies)" and "(s)". Also, you can just state "12 months" in the rule instead of "twelve (12) months".

# Revised accordingly

(a)(2)(N): Is this 5-year experience requirement tied to a statutory requirement? I did not see anything in 90A-77 or 130A-336.2 that mentioned this.

GS 130A-336.2(a) provides that evaluators are to be "certified under conditions developed and administered by the [Board]" and one of the conditions developed by the Board is that the applicants have 5-years' experience in on-site wastewater soil science.

(a)(3)(J): Remove "(ies)" and "(s)". Also, you can just state "12 months" in the rule instead of "twelve (12) months".

## Revised accordingly.

(a)(3)(L): What does "verification" mean in this context? How would an applicant verify their experience? Be specific, if possible.

## Revised accordingly

(b)(6): Same comment as above regarding specification of fees.

#### Revised accordingly

(b)(8): What is an "LSS license"?

## Clarified to read "Licensed Soil Scientist"

(d): I would suggest clarifying by stating, "Upon approval of an **initial** application ..." I assume this requirement is not meant to apply to renewal applications.

## Revised accordingly

For (e), when does this apply? Applicants are already required to submit this information as part of the application. Would the Board then ask for this again around the time of examination? It is not clear. Also, what would constitute "verification"?

## This subsection has been removed.

(f): Which "Rules and statutes"? Be specific, if possible.

## Revised to reference GS 90A-77.

(a)(1), line 5: For clarity, I suggest stating "Board certified" rather than just "certified". Also, consider re-writing as "... documentation of supervision by and full-time employment with a ...".

## Revised accordingly

(a)(2): What is a "local health department"? Is this defined or explained elsewhere? Also, what is meant by "integral involvement"? Consider using clearer terminology here.

#### Revised accordingly

(a)(2), line 7: An "s" should be added to the end of "department".

## Revised accordingly

The Rule states that the Board "may" certify someone that satisfies all five of the requirements. Is there any reason why a certification would be denied even if they met the five requirements? If so, you may want to spell out these disqualifying circumstances.

## Revised to change "may" to "shall"

#### Revised to clarify CE must be taken before renewing certification

(c), line 13: You do not need to spell out PDH again here.

#### Revised accordingly

(c): This paragraph seems to repeat .0602(a). Does (c) just mean that a course has to be pre-approved by the Board before PDH is granted? If so, it is redundant and sort of unclear here.

Clarified to provide that only PDH approved pursuant to Rule .0602 shall qualify as CE needed to renew a certification pursuant to GS 90A-78.

(d), sentence 3: How does the provider or representative certify attendance? Be specific, if possible.

# Revised to provide that attendance shall be certified by affidavit or attestation

(f): Can you please explain to me how this works in practice? Based on paragraph (a), I understand that all PDH must be accumulated in the prior year. And, you must also submit your renewal application by November 15. So, why does the PDH need to expire after 15 months? Wouldn't PDH only be usable if it was received within the last 12 months?

Although certificates expire on December 31 of each year, a certificate holder may renew an expired certificate for a period of time up to 24 months

following its expiration. However, only PDH taken in the 15-month period preceding a renewal application are eligible as continuing education needed for renewal pursuant to GS 90A-78.

Paragraph (c), second sentence: Should this state, "The Board shall determine which courses ..." rather than, "The Board shall determine that courses ..."?

Revised accordingly

(c), line 13: Avoid parentheticals when possible and instead incorporate the content directly into the body of the rule. Same goes for (c)(3) and (c)(4).

Revised accordingly

(d): Which email address is used for the Board? You may want to provide that here so Providers know where to send their rosters. Also, the word "the" should be inserted on line 22 before "course."

Revised accordingly

(d) and (e): Numbers 1-10 are spelled out. You can change this to "ten business days".

Revised accordingly

(e) and (f): First lines, "Provider" should be "Providers".

Revised accordingly

(d), (e), and (f): Where is your statutory authority to impose these requirements on education Providers? I could not find anything in § 90A-74 or § 90A-79 that directly

touches on this. These rules seem to go beyond "approval" of education programs and the maintenance of records for "coursework successfully completed."

Also, are these requirements duplicative/unnecessary? In Rule .0604 you already require certificate holders to maintain records related to their PDH and their attendance. And they are required to submit this information to the Board as part of the application process. Do you also need similar info from the Providers as well?

## Para. (d), (e), and (f) removed

The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

(b): What is the difference between "completing" CE and "obtaining" CE? You use two different terms in paragraphs (a) and (b). Should these be the same for consistency?

# Revised to use "complete" for consistency

(b)(2): What else, if anything, would be included in "documentation"?

## Revised for clarity

(c): How does the Board determine whether the applicant could not "reasonably" be expected to comply? Are there factors considered?

#### Revised to remove the term "reasonably"

(e): Are all extensions of time one year in length? Or does it vary based on the information submitted to the Board? If it varies, you should revise the second sentence by removing "one year" before "extension of time".

## Revised accordingly

The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

Rule Name: You can remove the comma after "Revocation".

### Revised accordingly

(a), line 8: "NC" can be removed before "General Statutes."

#### Revised accordingly

(b): Is there a specific timeframe by which the certificate holder has to submit his certificate and statement to the Board? You may want to specify this here in the Rule for clarity.

#### Revised accordingly

(c): What does it mean to "restrict" a certificate? Is this defined or explained anywhere? How does the Board determine whether to restrict a certificate? Is it also done based on the reasons set forth in § 90A-81(a)?

GS 90A-74 provides that the Board has the power and duty to "To issue, renew, deny, restrict, suspend, or revoke certifications . . . ." A restriction limits the ability of the certificate holder, in whole or in part, to supervise or conduct the construction, installation, repair, evaluation or inspection of on-site wastewater systems.

Also, does the Board consider these restrictions to be final agency decisions under 150B-42, or are you just referencing the service provisions of the statute?

Revised to clarify that the Board shall provide the certificate holder with an opportunity for a hearing pursuant to GS 150B-38, if the certificate holder submits a rebuttal to the written notice of restriction.

The last sentence of (c) is passive and unclear. Consider rewriting.

In reviewing this Rule, the staff recommends the following changes be made:

(a): What do you mean by "at least 12 months"? Would they ever have to wait longer than 12 months before applying? You may want to remove "at least." Also, when does the 12-month period start? Be specific if possible.

Revised to remove the term "at least" and to clarify that the 12-month period runs from the date that the certification is revoked or voluntarily surrendered

(c): What do you mean by "an individual approved by the Board to apply for reinstatement"? The only limitation set forth in this section is a waiting period of 12 months before you can apply. Does the Board also take into account other factors for "approval to apply for reinstatement"? If so, what are those factors? Are they listed anywhere else in the Rules or statutes?

### Revised to remove the term "approved by the Board to apply"

(c), line 9: Remove the comma following "reinstatement".

### Revised accordingly

In (d), what do you mean by the procedures in Article 3A? Is the reinstatement denial a final agency decision that has to be appealed to superior court? Or is the reinstatement denial the subject of the administrative hearing?

Revised to clarify that a reinstatement denial is the subject of an administrative hearing

In reviewing this Rule, the staff recommends the following changes be made:

(a), line 7: "private compliance inspector" should be plural.

### Revised accordingly

(b): Professional opinions? Or all types of opinions? Be specific.

#### Revised accordingly

(f), line 21: Remove "or" before "private compliance inspector" and move it in front of "evaluator".

#### Revised accordingly

(g), (h), (i), and (j): Are the conflict rules also meant to cover constructions and repairs of wastewater systems? As written, the rules only explicitly capture installations, evaluations, and inspections.

#### Revised to include constructions and repairs

New (p), (q), and (v): Who is the "contractor of record"? Is this defined or explained anywhere else in your Rules or statutes? Same comment for "evaluator of record" and "private compliance inspector of record."

#### Revised to remove the term "of record"

New (r): A period should be inserted at the end of the sentence.

#### Revised accordingly

New (t): What is the intent of this prohibition? It is not clear to me how this would work in practice. Also, an oxford comma should be used after "inspect".

GS 90A-72(b)(7) provides that Article 5 of Chapter 90A does not apply to "a person employed by the Department, a local health department, or a local health district, when conducting a regulatory inspection of an on-site wastewater system for purposes of determining compliance." The new Para. (t) clarifies that GS 90A-72(b)(7) only applies when said employees when conducting regulatory inspections in the course of their work for the Department, a local health department, or a local health district.

#### 21 NCAC 39 .0605 EXTENSION OF TIME

- (a) The Board shall grant an on-site wastewater contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator an extension of time to complete continuing education (CE) requirements during a period of service in the Armed Forces of the United States upon submission of the following to the Board:
  - (1) written request for extension; and
  - (2) documentation that the requestor is serving in the Armed Forces of the United States and is eligible for an extension of time to file a tax return pursuant to G.S. 105-249.2.
- (b) The Board shall grant an on-site wastewater contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator an extension of time to obtain complete CE requirements if he or she has a disability or illness that prevents him or her from complying with CE requirements. In order to receive the waiver, the requestor shall provide the Board with the following:
  - (1) written request for waiver; and
  - documentation a letter from a licensed physician, nurse practitioner (NP), or physician assistant (PA) that describes the requestor's disability or illness and explains how the disability or illness prevents the contractor, point of sale point of sale inspector, private compliance inspector, or evaluator from complying with the Board's CE requirements. Documentation includes a letter from a licensed physician, nurse practitioner (NP), or physician assistant (PA).
- (c) Where on a case-by-case basis the Board determines that due to an undue hardship (such as natural disaster or illness of family member) the contractor, [point of sale] point-of-sale inspector, or private compliance inspector, evaluator could not reasonably be expected to comply with the Board's CE requirements, the contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator shall be granted an extension of time in which to obtain the required CE credits. To be considered for an extension of time, a requestor shall submit the following:
  - (1) written request for extension; and
  - (2) documentation that supports the reason for the extension.
- (d) The Board shall grant a waiver of CE requirements upon submission of documentation that a contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator is in active duty while serving in the Armed Forces and is or has been deployed for at least eight months during the twelve-month period during which CE credits were required.
- (e) An extension granted under Paragraphs (b) or (c) of this Rule shall not exceed one year. Prior to the expiration of the one year extension of time, a contractor, [point of sale] point-of-sale inspector, private compliance inspector, or evaluator may request an additional extension in accordance with this Rule. Except as set out in Paragraph (a) of this Rule, the Board shall grant no more than two consecutive extensions.

This definition is limited to those wastewater system components not blocked by stored items, furniture, building components or 36 37 landscaping.

1 (15)"Readily visible" means seen by using natural or artificial light without the use of equipment or tools 2 other than a probe, flashlight, or mirror. 3 (16)"Roof drainage systems" means gutters, downspouts, leaders, splash blocks, and similar parts used 4 to carry water off a roof and away from a building. 5 (17)"Shut down" means a condition or conditions wherein a piece of equipment or system cannot be 6 operated by the device or control that a homeowner should normally use to operate it. If its safety 7 switch or circuit breaker is in the "off" position, or its fuse is missing or blown, the inspector is not 8 required to reestablish the circuit for the purpose of operating the equipment or system. 9 (18)"Statement of responsibility" means a signed and dated document, from the contractor to the system 10 owner, that acknowledges the requirements of the onsite wastewater system specified by the 11 evaluator. 12 (19)"Structural component" means a wastewater system component that supports non-variable forces or 13 weights (dead loads) and variable forces or weights (live loads), such as a control panel support, 14 septic tank, D-box, or manifold. 15 Authority G.S. 90A-71; 90A-74: 130A-336.2; 16 History Note: 17 *Eff. # Good afternoon,

I'm the attorney who reviewed the Rules submitted by the Onsite Wastewater Contractors and Inspectors Certification Board for the October 2025 RRC meeting. The RRC will formally review these Rules at its meeting on Thursday, October 30, 2025, at 10:00 a.m. The meeting will be a hybrid of inperson and WebEx attendance, and an evite should be sent to you as we get close to the meeting. If there are any other representatives from your agency who want to attend virtually, let me know prior to the meeting, and we will get evites out to them as well.

Attached is the Request for Changes Pursuant to G.S. 150B-21.10. Please submit your responses, the revised Rules, and forms to me via email, no later than 5 p.m. on October 14, 2025.

Please let me know if you have any questions or concerns.

Thanks,

#### Chris Miller
