Importance: High

Brian,

Great.

Since you have confirmed that the amendment language was approved previously in the entire 2024 NCPC to satisfy the objection, I wish to withdraw this permanent rule.

Thank you for the clarification and the confirmation.

Have a great day

David,

I understand, but the language you're proposing to amend the 2024 Plumbing Code to add is already in the 2024 Plumbing Code and was approved by the RRC at the February special meeting. You can't make an amendment to add language that is already there.

Brian

Brian,

The approval of the 2024 NCPC was contingent upon the this petition by the NCBCC and approved by the RRC. To complete the process without any confusion, I would prefer to keep this on the agenda. Let me know if you have any questions. Thank you for your work on this.

Subject: RE: NC Building Code Council - NC Building Code Approved Rules (Code Amendment): 2024 NC Plumbing Code

Hi David,

I just looked at this amendment, and these provisions are already in the 2024 Plumbing Code. If you recall, the BCC made the changes in response to a comment in opposition to the Code.

Obviously, there's no need to proceed with the amendment under those circumstances, so do you want to withdraw this?

Thanks,
Brian

Subject: NC Building Code Council - NC Building Code Approved Rules (Code Amendment): 2024 NC Plumbing Code
Importance: High

Good morning RRC,

Attached is a NC Building Code Council code amendment that was adopted on March 19, 2024 for the 2024 NC Plumbing Code

I have attached a separate pdf and MS Word copy of the amendment to be considered by the RRC as permanent rules.

It is my understanding that these rules will be included in the 4/30/24 RRC agenda
Let me know if you have any questions or comments.

Thank you for your work on this.
Have a great day.
