Dr. Croft,

I'm meeting with RRC Chair Parker this afternoon in preparation for the meeting on Thursday. On line 10, "indicated" through "Act" seems redundant. For clarity, we're requesting that your agency strike through "indicated" through "Act" on line 10. Will you strike through that language and send us the final revised Rule?

Please reply to this email at your earliest convenience. Thank you.

Travis,

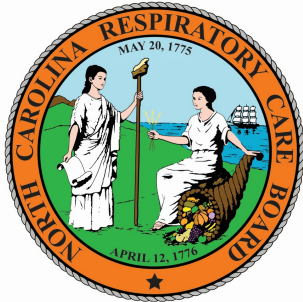

In the first line of the technical change request, two questions are asked. I assume you need a memo supporting our view on the need for paragraph (a). Let me know if this memo is sufficient. I have begun working on the other technical changes for resubmission. I must complete this no later than December 4, 2025, since I am leaving for a week-long conference. Is there any time next Wednesday for me to speak to you before I submit these changes?

Good afternoon,

I'm the attorney who reviewed the rules submitted by the Respiratory Care Board for the December 2025 RRC meeting. The RRC will formally review these rules at its meeting on Thursday, December 18, 2025, at 10:00 a.m. The meeting will be a hybrid of in-person and WebEx attendance, and an invite should be sent to you as we get close to the meeting. If there are any other representatives from your agency who want to attend virtually, please let me know prior to the meeting, and we will get invites out to them as well.

Attached is the Request for Changes Pursuant to G.S. 150B-21.10. Please submit the revised rules to me via email, no later than 5 p.m. on December 10, 2025. Let me know if you have any questions.

Thanks,
