***PLEASE NOTE: This request may extend to several pages. Please be sure you have reached the end of the document.***

The Rules Review Commission staff has completed its review of this Rule prior to the Commission's next meeting. The Commission has not yet reviewed this Rule and therefore there has not been a determination as to whether the Rule will be approved. You may email the reviewing attorney to inquire concerning the staff recommendation.

In reviewing this Rule, the staff recommends the following changes be made:

*As written, these would be standards that would apply to all child care centers, and not just those qualifying for "enhanced space requirements". You cannot rely on the title to communicate that this is a standard for enhanced space requirements. It needs to be in the text of the rule itself.*

*For example, you could add introductory language: "In order for a child care center to meet enhanced space requirements:" If you go this route, you would need an and at the end of line 5. There are other ways to rewrite to address this issue.*

Please retype the rule accordingly and resubmit it to our office at 1711 New Hope Church Road, Raleigh, North Carolina 27609.
